ROCK HALL, MD.

THIS ADVERTISING is a sort of mutual affair, which has a tendency to strengthen the confidence which must exist between the seller and the buyer. Little profits and judicious advertising is the foundation upon which a successful business can be built. We call the KENT NEWS readers attention to our special sale of MEN'S AND BOYS' CLOTHING. A summer suit at reduced prices right in the height of the season is somewhat of an innovation, yet a call for these goods will convince you that they are extra values at our reduced prices. Then our SHOE BUSINESS is a hobby of ours. We try to keep the Shoe to please each and every patron. This necessitates us to carry a very large stock of shoes, and from this stock the most fastidious can be suited.

We carry a full stock of MEN'S HATS, LADIES' AND GENTS' FURNISHINGS, DRY GOODS OF EVERY DESCRIPTION, CARPETS, MATTINGS AND OIL CLOTHS. A nice line of GENERAL MERCHANDISE.

We hope to receive a liberal share of your patronage in the future.

We are yours for business,

M. KRAMER, - ROCK HALL, MD.

Now For Your Feet

When you want a shoe for any occasion you want one that is "Just Right" not "nearly so" nothing but "just right" suits and nothing but giving satisfaction suits us, that's why we take pleasure in offering you our new spring styles, made on custom shaped lasts with the "Just Right" details that make them a winner. We have all kinds and grades in great variety in Pat Colt, White Canvass and Russett in Oxfords and high cuts. The only place in town where you can buy the celebrated W. L. Douglass Shoes for men and boys. White Canvass, Tan Shoes and Oxfords are the "right thing" this season. My stock in these is all new, every pair of them.

EVERY WHITE MAN MAY VOTE

No proposition ever brought before the people of this state has met with more unmerited censure than the constitutional amendment, drafted by John P. Poe, passed by a Democratic legislature in response to an overwhelming vote of confidence that elected the delegates thereto and now submitted to the citizen of Maryland for their approbation or disapproval this fall.

From beginning to end there is a sentiment in every line that is extremely palpable to every man. It is a feeling that Maryland must be governed by the white man; that his supremacy is in peril; that his welfare is jeopardized—that it would rescue him from this impending evil and place him on a footing where he will be free from the effects of that terrible curse inflicted upon the American people when the negro race was given the right of franchise.

It is a white man's measure in its entirety. Drafted by a white man, passed by the white man, for the protection of the white man in all time to come. And best of all, under its equitable conditions *every white man may vote.*

He may be able to render an oration or produce a refined essay—its fair conditions cover his disabilities with a cloak of charity; *every white man may vote.*

No matter whether he is not acquainted with the Greek alphabet or cannot so much as lay down in legible characters his own name. Under the wise provisions of this bill *every white man may vote.*

In the equity of things, there are clauses that protect the white man under all circumstances and in all conditions. *Every white man may vote.*

This measure is not as a few renegade Democrats and a host of Republicans would have it, the product of a machine and drafted in its own interest. It is for the welfare of all white men and all alike will enjoy the blessings it guarantees them.

But its most impressive feature is that every precaution has been taken to insure the white man the right of franchise. No matter whether his worldly goods are limited to his wearing apparel or if he has not had the opportunity to so much as attend a kindergarten, *every white man may vote.*

The amendment's avowed purpose is to take away from the negro that which was never lawfully given him—a vote. In the nature of things it will make him a better laborer, better man and better citizen. It will remove the bitter prejudice against him, now as strong in his own party at times as in the Democratic ranks. His personage will carry with it more friends and better friends. For the negro's own sake the amendment is a good thing.

But upon one thing we insist most, and appeal to every white man's better nature upon this very ground—the proposed amendment is for the best interest of the white men in the State, should be supported by the better element of them, and if it is enacted,

EVERY WHITE MAN MAY VOTE.

Farmers Tricked The Gamblers

A small band of farmers in the Bad River Valley, the centre of the Northwestern grain belt, has the laugh no certain traders in the Minneapolis wheat pit. A few days ago they sent orders to their brokers at Minneapolis to buy large quantities of wheat. The orders were duly executed.

Dire reports from the Red River Valley the next morning were augmented by samples of rust-in fected wheat. As the day advanced more reports of bullish nature came in from the same quarter. The Red River Valley is considered by many the barometer of the Northwestern crops. Prices went up rapidly. Then came orders from the farmers to sell. That night checks aggregating several thousand dollars were sent to the rustic speculators, enough to make the season profitable for them, no matter how much rust gets into their fields.

But investigation has proven that their crops are pretty good after all, and that the farmers had met at Comstock, Minn., and decided to turn the pit gamblers' trick against them.

Caroline Wheat Crop.—The wheat crop in Caroline has proved a sad disappointment. The average is only 15 bushels. The largest yield was George Nichols, 17½ bushels to the acre.

ARMOUR'S

Royal Ammoniated or Bone

FERTILIZER

HIRAM M. BROWN, - - Sole Agent

Kent and Queen Anne's, Vicinity of Chestertown.

WE, FOR THE 60TH SEASON PRESENT

...Our Fertilizers...

TRADE MARK

TO THE FARMERS AND PLANTERS OF KENT and adjoining counties. With pride we say that we are better equipped than ever, this year to give you your money's worth.

Many cannot understand why, after so many years doing business here, that Wilbur W. Hubbard's Fertilizers are more extensively used year after year. But the mystery is solved by a visit to our factory, which is always open for inspection to the public, and those who go down to our works marvel at the pains taken in manufacturing the goods.

First the bone is shoveled in the crusher with a scoop shovel and prepared for the Denmead mill, then it is dissolved, and after getting in good mechanical condition, it making a dissolved bone goods, so many pounds of bone is put in the mixer. The nitrate of soda, fish and high grade potash are added, the whole thoroughly mixed, passed through a phosphate mill and screened and thrown up in bulk, to remain until it is shipped, and then it is bagged in new treated acid proof bags and sent out in splendid shape. We are often asked, "why don't you run the goods when first mixed, right in the bags, and not go to the expense of treating the bags, as do other manufacturers?"

We are often asked if this is not a needless extreme, but we reply—it pays to make the best.

Whilst there is some loss by evaporation by bulking, an additional expense in rebagging and an expense to treat the bags, when we remember that a farmer appreciates a good goods, and in first class mechanical condition it pays to go to extremes as it is impossible to make a first class fertilizer otherwise, and by treating our customers right in their purchases, making the time of payment of the bill to suit them, we have gotten a personal hold upon our trade.

The Fertilizers for 1905 are the best we have ever put out. Each year has its experiences. We learned something in 1904—the users of Wilbur Hubbard's Fertilizers will get the benefit of it. A poor article may sell rapidly for a time if it is pushed energetically, but a record of steady gain over a period of 60 seasons among the same people, can only be achieved by a good, reliable article. You can only judge the future by the past. If you have used Wilbur Hubbard's Fertilizers in the past you may be assured they will give you satisfaction in the future. If you have not tried them, we ask you if a record of Thirty (30) successful years with the farmers of the Middle States is not a sufficient guarantee to justify you in using the goods.

Soliciting your patronage, and thanking all our friends for their substantial support in the past, we remain

Very truly yours,

Wilbur W. Hubbard,

Manufacturer of Standard Bone Fertilizers,

July 15, 1905. CHESTERTOWN, MD.

GRATITUDE

Is the sweetest flower that blooms in the human heart, that may be true and it may not, however, I am very gratified to the farmers and public generally for their liberal patronage during the spring trade. I am now ready to serve your wants for the fall work.

JUST RECEIVED A CAR LOAD OF THE

Superior Grain Drills

And DISC HARROWS, on wheels. Also the EVANS DISC HARROWS, none better SPRING TOOTH and SPIKE TOOTH HARROWS. I can furnish you with a Hoe Drill, single or double disc, in any size. I am also agent for the Light Draft Ontario Drill. Come and see it.

Corn Harvesters

If you need a Corn Harvester, don't forget that the McCormick is the best in more ways than one, it is the strongest, lightest, will pick up down corn better and carry more corn than any other Harvester made. It is not necessary to bind the corn to carry it 40 hills before dumping. A large line of repairs on hand, though few needed.

Fertilizers

Piedmont Mt. Airy Guano Co.'s goods are sold by me at very close prices. Some of the best farmers are using these goods with very satisfactory results. I ask a trial.
