HINTS FOR FALL OUTFITS

Late Summer Novelties Show Fall Models—Girlish Outfits.

Very smartly dressed is the crowd that alighting from swift motor cars, flits constantly by, if one is enconsed cosily on the hotel veranda that overlooks both beach and boardwalk. Perhaps because of its nearness to the great city, one sees here those novel touches in lines and trimmings sure to appear late in the Summer, the precursors of Fall modes.

TURKISH TROUSER DRAPINGS.

A reminiscence of the Turkish Trouser that Paris tried hard to foist on the fashionable, is seen in the draperies gathered at the bottom and turned up forming a puffy edge like the Turkish garment. The skirt below is narrow and plain, and at the waist gathers of the soft clinging charmeuse or similar weave, add not a whit to the bulk of the hips. In many cases these turned under draperies appear only at the sides back or front of the gown. The back panel that has taken so many forms is newest slightly gathered at the top, where it is adjusted at a high waistline, and turned under at the bottom and caught to the skirt about twelve inches from the foot. Loose at the sides this billows in the breeze as do all the other drapes.

THE LATEST PANNIERS.

The latest panniers are fashioned of scarfs that run up on the waist, forming draperies there, and passing below the

belt fall in long pannier scallops that leave the skirt material bare at the hips, front and bottom.

SELF COLORED DRAPERIES.

Very fashionable are such drapings in thin, gauzy materials exactly matching the silk or satin underdress, that is narrow and smooth fitting everywhere. Evening frocks of soft brocaded satins made after this mode are draped with chiffon, voile or lace.

THE LATEST NECK DRESSING.

Every well turned out woman these days has a supply of gamps and "Dickeys with high, well-fitted collars, which can be worn with collarless waists transforming them in a moment into the fashionable high stock effects.

THE UBIQUITOUS OVERCOAT.

Whether one walks or motors, owns a machine or rides in other people's a stylish top coat that slips on easily and will answer for many uses is a necessity. Raglan cuts, the sleeve running up to the collar, are newest and pockets and buttons add not only to practical comfort but to the style of these garments. Rough materials are first favorites and the smartest coats show a good deal of the skirt and are not buttoned over as far as last year's coats were. White coats are favorites with the girls and these often have collars of blue, pink, or yellow. Since they clean perfectly these are not so extravagant as they appear while they have the advantage of going with any dress, almost anywhere for they are very dressy in appearance even when made of some of the Turkish towelling materials that are first favorites for extra coats.

Mail orders given prompt and careful attention.

32 POTATOES FILLED A BASKET.

Mr. R. C. Manlove, who resides on the Craven farm, on the road leading from Middletown to Odessa, brought to town on Thursday morning a prize basket of white potatoes. It only required 32 of his growing to fill a basket, and the large tubers attracted the attention of many of our farmers. They were of the Cobler variety. Mr. Manlove has unquestionably grown the champion potatoes this season.

Can't Fool Anty Drudge.

Glib Soap Canvasser—"I'm representing a new naphtha soap. Let me leave you a cake for trial. It's the best laundry soap you can try, and far ahead of what you're using."

Anty Drudge—"Is that so! See here young fellow. There are no substitutes for Fels-Naptha soap, no more'n there is for an honest dollar. You can't bunco me with a worthless imitation of the genuine Fels-Naptha."

Four million hours at least of hard disagreeable work are saved the women of this nation every week by Fels-Naptha soap. That is 208 million hours, or 26 million working days of 8 hours each every year.

Isn't that a record for Fels-Naptha to be proud of? Then there's the saving in health, in the wear of clothes, and in lots of other ways as well. More than a million women are using Fels-Naptha every wash-day.

It takes Fels-Naptha in cold or lukewarm water about half the time it would take by the old-fashioned hot-water way. Try it next wash-day yourself. Soap your white clothes with Fels-Naptha, roll them and let them soak for 30 minutes. Then give a light rub, rinse thoroughly, and hang on the line.

No hot fire to blister your face, no steaming suds to scald your hands, no nauseating smell about the house, no back-breaking work over the washboard. Isn't it worth trying?

Directions for washing all kinds of clothes, and many other uses of Fels-Naptha, on inside of the red and green wrapper. Follow them carefully.
