National Democratic Ticket.

For President:

HON. HORATIO SEYMOUR,

OF NEW YORK.

For Vice-President:

GEN. FRANK P. BLAIR,

OF MISSOURI.

Maryland State Democratic Convention.

The State Democratic Convention, composed of delegates from the various counties and the city of Baltimore, assembled at Democratic headquarters, South street, Baltimore, on Wednesday morning last. The Convention was called to order by the Hon. Joshua Vansant, chairman of the State Central Committee, who stated the object of the meeting to be the selection of a State Electoral ticket. Colonel John F. Dent, of St. Mary's county, was elected chairman, and General Wm. H. Neilson, of Baltimore city, was appointed secretary. On the call of the counties it was found that all of the counties and the city of Baltimore were fully represented. On motion of Col. George Gale, of Kent, the Convention proceeded to the selection of two electors for the State at large, one for the Eastern and one for the Western Shore. Hon. R. B Carmichael, of Queen Anne's county, was nominated as the elector for the Eastern Shore, and there being no other name mentioned, he was unanimously elected. The selection of an elector at large for the Western Shore was then proceeded with. The following gentlemen were put in nomination: Albert S. Ritchie, of Baltimore city; Robert C. Barry, of Baltimore county, and John Thompson Mason, of Anne Arundel county. A ballot was had with the following result: For Mason 72, for Ritchie 24, for Barry 15. Hon. John Thompson Mason having received a majority of all the votes cast, was declared the unanimous choice as elector at large for the Western Shore.

The chairman of the different congressional district delegations reported the following gentlemen as the district electors for President and Vice President of the United States: First district, Albert Constable, of Cecil county; second district, Dr. Walter T. Allander, of Baltimore county; third district, H. Clay Dallam, of Baltimore city; fourth district, Chas. G. Roberts, of Carroll county; fifth district, George Peter, of Montgomery county.

The following resolution was unanimously adopted:

Resolved, That this Convention re-affirm and adopt the principles and platform of the National Democratic Convention, which met in New York on the 4th day of July, 1868, and nominated Seymour and Blair for President and Vice President of the United States, and pledge themselves to use all fair and honorable means to secure their election.

A LETTER FROM F. P. BLAIR.—Colonel R. A. Alston recently wrote to General Blair, enclosing a copy of the Atlanta (Ga.) New Era, and referred the General to the lines at the head of that paper, in which it quotes General Grant as saying "Let us have peace," and General Blair as saying "Let us have war." He received the following letter in reply:

Col. R. A. Alston, Atlanta, Ga: Dear Sir: Your note in regard to the misrepresentations of the carpet-bag editor at Atlanta is received. This is the business for which he is paid and by which he gets his living. I would not advise you or any other gentleman to notice him in any manner, except to correct, through the press, any falsehood which you may consider injurious to our cause. I have never made any such statement as he attributes to me. On the contrary, I am for that policy which alone can give peace to the country; and although Gen. Grant says "let us have peace," he seeks to achieve it only through the military power and actual war on the principles of the government. Yours, truly, F. P. BLAIR.

"MEN and brethren! We must carry Connecticut, New York, New Jersey and Pennsylvania for Grant and Colfax.—With these—or even half of them—there can be no mistake as to the result. Without at least two of them, all is doubt."

Thus speaks *Greeley*, and Greeley is honest enough to speak the truth. How inspiriting such an appeal must be to the Radicals generally! How comforting and faith-inspiring! Greeley knows as well as he knows that he wears a white hat and coat that the Radicals have no more chance of carrying either of the States named than they have of succeeding in Kentucky or Maryland, and, therefore, Mr. Greeley virtually "gives it up."—No wonder Grant talks of withdrawing. Let us have peace.—*Age.*

THE election of Grant and Colfax would mean the perpetuation of Negro Government at the South, of military supremacy over the civil power, the endorsement of all the cruel measures of the 39th and 40th Congress, and the approval of all those measures of discord and despotism which have brought on sorrow and disappointment upon the country. There can be no peace, no successful business, no hopeful future for the country short of a change in the national administration.

THE Radical method of guaranteeing a "Republican form of government" to the States of the Union, consist in taking the ballot out of the hands of white men and putting it into the hands of negroes, and keeping a standing army to crush out complaint.

THE LATE MURDER IN QUEEN ANNE'S.—*Further Particulars.*—The facts concerning the murder of Mr. Reamy Gilmoret and the brutal assault upon his wife are still involved in mystery. The negro woman, Mitchell, first arrested, has told several contradictory stories in regard to the affair, the last of which is that she did the whole thing herself. She states that she first made the assault upon Mrs. R., and left her for dead; that she then called Mr. R. and sent him up stairs to see his wife; that she secreted herself behind the stair door, and as he descended the steps she struck him with an axe, when a fierce struggle ensued between them, but she finally overcame him, and struck him with the axe twice afterwards. We confess that this story looks very improbable to us, but it may possibly be true.

The negro man, Mitchell Bell, who was the first party implicated by the negro woman, was arrested at the Wye camp meeting on Sunday last and lodged in jail at Centreville. He, together with two other negro men who had been arrested on her representation of complicity in the murder, had a hearing at Centreville on Thursday and were released, it having been proven that they were elsewhere at the time the fatal deed was perpetrated.

A negro man named Henry Coleden was arrested near Cecilton on Saturday last, under suspicious circumstances, and lodged in jail at Elkton. He has not yet had a hearing, and it remains to be seen whether or not he was concerned in the murder.

The funeral of Mr. Gilmoret took place on Sunday last, with Masonic honors.—His remains were interred in Chester Cemetery, and were followed to their last resting place by Chester Lodge, of this town, and representatives from neighboring Lodges.

It affords us great pleasure to announce that Mrs. Gilmoret is improving, with strong hopes of her ultimate recovery.

THE CAMP MEETING of the Methodist Protestant Church, held near this town, closed on Monday morning last after a continuance of ten days. Good order prevailed and the weather was most favorable. The preaching combined spiritual fervor and intellectual force. The number of conversions could not be definitely ascertained, but is supposed to be about fifty. The good results of the meeting are, however, but partially measured by the open professions of conversion; much of its influence is as bread cast upon the waters, which will be seen after many days. Altogether this was a delightful and successful camp meeting.

LAND SALES.—J. Evan Thomas has sold at private sale to Rev. S. W. Thomas his farm, containing 110 acres, for $7,000.

R. Hynson, attorney, has sold at private sale the farm of R. S. Thomas, Jr., containing 202 acres, to Wm. T. Baker, at $90 per acre.

FATAL ACCIDENT.—We learn that Mrs Jane Hendrix, residing at Crumpton, fell down stairs about three o'clock on Thursday morning last and broke her neck.—The deceased was the widow of the late John Hendrix, of Queen Anne's county, and aged about fifty years.

REAL ESTATE FOR SALE.—Public attention is called to the valuable real estate advertised to be sold at the Voshell House in Chestertown on Thursday next.

OLD LINE WHIGS.—Geo. D. Prentice says: If there be a solitary human being within our reach, who, by some whimsical hook or crook of heart or brain, has got on the wrong side of the line of battle—particularly if he has been an old whig or Union man, and considers it a sort of duty to go against the Democrats—we entreat him to pause and reflect upon what he is about to do. Why should he go with the Radicals: and what reason can he offer for not going with the Democrats? All the issues over which we used to fight are dead. The Democratic party itself is reorganized after a division which completely destroyed and recreated it. In 1860, it fought within itself as resolutely as we ever fought against it. Times have changed; men have changed; issues have changed. Clay, if he were living now, would be a Democrat. Webster could be nothing else. All the reputable old line Whigs that remain are Democrats, from Fillmore to John Bell; and God knows, if these can afford it, there is no one of their followers in the bygone times who has any excuse to hold back.

A SOLDIER ON GRANT.—The Danbury (Connecticut) *Times*, whose editor was a Union soldier, has this item in regard to the "General of the army and Radical candidate for the Presidency"—General Grant:

"Where has his name won a single victory? Not in New Hampshire nor in Connecticut. His name never caused any enthusiasm in the army until the army's work was done, and the prospect of being led into another slaughter pen was obliterated, and his name in politics has not won one convert to the cause he has seen fit to shoulder. Strategy is his statesmanship—obstinacy is his firmness—deceit his patriotism, and horses his ability.—He has lived in smoke and will end in smoke."

PEACHES.—The Middletown *Transcript* says that Edw. C. Fennimore, on Appoquiminik creek, Del., has an orchard of 100 acres which has averaged him a yield of $20,000 a year during the last eight years, and this year, when the peach crop is a general failure, he gets between six and ten thousand baskets, which bring him from $4 to $10 per basket.

MAJOR BENJ. T. BIGGS, of New Castle county, was nominated last week as the Democratic candidate for Congress in Delaware.

Correspondence of the Kent News.

WASHINGTON, Sept. 3, 1868.

Messrs. Editors:—In our last communication we briefly explained the schemes of the Radicals by which they designed to secure all the Southern electoral votes for Grant and Colfax. Subsequent developments verify what we then wrote, though fortuitous circumstances may perhaps prevent the consummation of all their plans.

Florida is yet the only State which has finally resolved to *rob* her citizens of their constitutional right to participate in the coming Presidential election. The Legislature of Alabama passed a similar bill, for a like object, but it was deemed so infamous by her Governor that he promptly vetoed it, and so unanswerable were his arguments that the Legislature adjourned without attempting to pass it over his veto. So we presume that the people of Alabama, nominally and to a limited extent, will be permitted to have a voice in the November election.

The Radicals here are in a great dilemma. The Southern carpet-baggers still remain among us, trying to induce their northern allies to reassemble Congress in September. They pretendingly receive frequent communications from their respective States, which exhibit the necessity of a prompt intervention by Congress to sustain the loyal population of the South, now threatened to be swallowed, head, neck and shoulders, by the Rebel element. These malicious dispatches, after being received and magnified by their recipients here, are forwarded broadcast over the land as electioneering documents, and to effect the reassembling of Congress in September. Facts warrant the belief that if Congress does not then meet and impose additional outrages upon the people of the South, the majority of the miscalled reconstructed States will cast their electoral votes for Seymour and Blair. In this opinion the carpet-baggers themselves concur; hence their anxiety that Congress should at once provide a remedy to prevent this result. No class of men in the country morg dread the election of Seymour and Blair than the carpet-baggers. They have just reason to believe, in that event, that the whole question of reconstruction would soon be judicially settled adverse to its constitutionality. Othello's occupation would then be gone. These misrepresentatives, by force of public opinion and the fear of merited punishment for their wrongs against their now helpless and disfranchised constituents, would be obliged to seek again their old Yankee homes, and resume their former and more humble occupations. Then the shackles of white slavery would be sundered forever in this country. Then, the negro would be subordinated to his proper level, tho' he would be kindly treated and fully protected in the enjoyment of all his civil rights. Then, Freedmen's Bureaus, now absorbing millions annually of the people's money, would be abolished. Then, our large standing army, now employed in crushing out liberty and eating up the substance of the people, costing as it does now annually to sustain it more than it did until recently to carry on the whole machinery of the Government—will be at once reduced to a peace footing. Then, economy, retrenchment, and equal and impartial taxation will be substituted for extravagance, corruption and the interest of the privileged bondholder—then peace, plenty, prosperity and reunion established upon a constitutional basis will be vouchsafed to our now oppressed and downtrodden countrymen.

The tocsin of war is now being sounded. Our enemies are marshalling their forces for the coming conflict. Their advantages are confessedly great and numerous. The purse strings of the nation are at their command, while a large force of official retainers, scattered throughout the land, are endeavoring to enlist recruits. Beside, they have for their leader one whose military reputation we fully appreciate and acknowledge, and if the contest was for the bestowment of some martial honor, title or emolument, we would be the last to withhold it from the hero of Vicksburg. In the coming contest, other and graver questions are to be decided. It involves imperilled liberty, constitutional freedom, negro domination in ten States of the Union, and the entombment of civil law forever by a now overshadowing military despotism. Will the people awake from their lethargy before it is too late?

The advices from every section of the country are highly encouraging, and justify the opinion that Seymour and Blair will be triumphantly elected in November next. To the people of Maryland, we would say, organize! and let every dollar which can be raised be forwarded to the National Executive Committee for the purchase and distribution of campaign documents, for the benefit of the doubtful States. We learn from authentic sources that the demand from abroad for documents of this character is unprecedented, and far beyond the pecuniary ability of the committee to furnish. ***

THE WEST.—Radicalism in the West seems ready to collapse. Many prominent men and some papers heretofore acting with that party, will now support Seymour and Blair. The Ripton (Wis) *Representative* has hauled down the Radical flag, and now fights under the banner of the Union. It says:

From this day henceforth and forever, to the time when we are planted beneath the sod under which all republicans and democrats must sooner or later lie, we shall advocate, in our feeble way, the principles of democracy. Henceforth we are a democrat. We want it distinctly understood, as we wish to receive all the cursing from republicans as soon as convenient. There are many causes that have led to this decided change in the politics of this paper. The prime cause is the total failure of the party to do a single thing toward the reconstruction of the country. The leaders appear to us not to care a continental what happens to a State, if she don't cast a republican vote. The government supports niggers in idleness, because they vote the republican ticket, and starves white men because they do not. This white men cannot allow. They will not allow it.

IN the South Carolina Legislature the other day a member ventured to use the term "white men," when he was interrupted by a negro member thus: "I call de gemman to order, dares no stinction ob color in dis 'sembly."

SCHOOL NOTICE.

MISS REDUE will resume the duties of her School on Monday, the 14th of September.

It is recommended to parents and guardians to be punctual in sending their children on the very day of the opening of School as all the quarter bills will be dated from the same day, an arrangement in force in most schools, but which is only now adopted by Miss Redue.

Her former custom of dating the quarters from the day of entrance, led to so much irregularity of attendance, and to so many other inconveniences, that she is compelled to adopt the strict custom in vogue in other schools, of making no allowance for absence, except in cases of prolonged spells of sickness.

The terms of tuition are very moderate, varying from four to seven dollars, according to the studies. In the Fall quarter there is an extra charge of $1. sep5-3t.
