THIS ADVERTISING is a sort of mutual affair, which has a tendency to strengthen the confidence which must exist between the seller and the buyer. Little profits and judicious advertising is the foundation upon which a successful business can be built. We call the KENT NEWS readers attention to our special sale of MEN'S AND BOYS' CLOTHING. A summer suit at reduced prices right in the height of the season is somewhat of an innovation, yet a call for these goods will convince you that they are extra values at our reduced prices. Then our SHOE BUSINESS is a hobby of ours. We try to keep the Shoe to please each and every patron. This necessitates us to carry a very large stock of shoes, and from this stock the most fastidious can be suited.

We carry a full stock of MEN'S HATS, LADIES' AND GENTS' FURNISHINGS, DRY GOODS OF EVERY DESCRIPTION, CARPETS, MATTINGS AND OIL CLOTHS. A nice line of GENERAL MERCHANDISE.

We hope to receive a liberal share of your patronage in the future.

We are yours for business,
M. KRAMER, - ROCK HALL, MD.

White Men, Remember.

If you voted in 1869 or prior to that you will only have to swear to that fact to register and vote next year.

If your father was a voter in 1869 or prior, you will only have to establish that fact to be able to register and vote in 1906.

If your grandfather was a voter in 1869 or a prior, it will be only necessary to establish the fact in order to register and vote next year.

There will be no change in registering and voting this year.

The adoption of the amendment will not affect white men. Under its provisions negroes will have to be able to read a section of the constitution and give a reasonable explanation of its meaning, or be able to explain it when read to them

Negroes were not given the voting privilege until 1870, therefore they cannot register and vote under the ancestor clause, as white men can.

Read the amendment. It will be found on another page. It is in plain language. Anybody can understand it.

DEATH'S HARVEST.

MRS. REBECCA COPPAGE.

Mrs. Rebecca Coppage, widow of the late John Coppage, of Queen Anne's county, Md, and daughter of Samuel M. Taylor and Annie Howard, of Kent county, Delaware, died on Friday, Aug., 11th, at her home, Church Hill, aged 80 years. She was a devoted wife and a loving mother and her entire life work was given up to the welfare of her family. She struggled long and patiently against the dread disease which had so long afflicted, her but resigned to her fate, passed away in the full hope of the life beyond the grave and with the consolation of a life well spent for those she loved. She is survived by one son and four daughters—Mr. Enoch G. Coppage, Mrs. Annie Downes, Mrs. Martha Hall, Mrs. D. T. Hurlock and Miss Margaret Coppage. Funeral services was held at her late residence Sunday, August 13th, at 2 oclock, Rev. W. C. Poole officiating. Interment at Sudlersville cemetery. The pallbearers were her grandsons—James Hall, Wm. Hall, Edgar Hurlock, Hiram Dudley, Eden Coppage and Jas. Coppage. J. K. Brown had charge of funeral arrangements.

MRS. ALEXANDER BOGAN.

Mrs. Alexander Bogan, formerly Miss Nettie Rasin, daughter of the late Mr. and Mrs. J. O. Rasin, for many years residents of Centreville, died at Major Carrington's in the Larrention Mountains, Providence of Quebec, Canada, Wednesday, August 30th, 1905, of cerebral hemorrhages, aged 30 years. The deceased a short time before her death had an operation performed and went into the mountains of Canada to recuperate and died from the effects of the operation. As Mrs. Bogan died so far away from home it is difficult to get particulars about when and where interment will take place. Mrs. Bogan, was an accomplished, lovable woman and a devout christian, having been a member of church from her girlhood. The remains reached Washington, D. C., Friday and the burial took place from the residence of Dr. Bogan, the father of her husband, Sunday afternoon.

A NEGRO in Massachusetts was recently sentenced to four years confinement in the State prison, for assaulting a little white girl. Think of it! Only four years imprisonment for such a crime. Here we propose to make the punishment for such heinous offense death, legally if possible, but death certainly. And we propose also to pass the proposed Amendment and put a check upon the negro's insolence and his political activity and importance.

Conceded by Russia:
Protectorate over Korea, with all that this implies.
Evacuation of Manchuria, leaving Japan and China a clear field.
Cession to China and Japan a section of the Eastern Chinese railroad, beginning at Quanchoutze Station.
Cession to Japan of Port Arthur and Dalny.
Cession to Japan of rights in Liaotung peninsula.
Fishing rights on the Siberian coast;
Commercial and military entrance in the mainland of Asia.

Conceded by Japan:
Its demand for the Interned Russian warships.
Its demand that Russia hereafter limit its naval strength on the Pacific seaboard.

What Peace Means to the United States:
By the terms of the agreement it is said at the State Department at Washington that this country will get an open door in Manchuria and Korea, and everything else contended for by the late Secretary Hay.
The treaty will be known as "The Treaty of Portsmouth," and preliminary steps have been taken to arrange an armistice.
The news of Japan's unexpected concessions reached President Roosevelt as a complete surprise. Awaiting Japan's final answer, he had determined to seek the aid of Emperor William of Germany, when word of the denouement came by telephone. Mr. Roosevelt did not conceal his profound gratitude.
In all European capitals the opinion was expressed that the successful termination of the negotiations was due to President Roosevelt's persistency and statesmanship.

Wedding Invitations Issued.—Invitations have been issued for the marriage of Emma Mason Attix, daughter of Mr. and Mrs. Thomas Attix, of near Kenton, to Rev. Thomas George Baxter, in the M. E. Church at Kenton, on Wednesday afternoon, September 9, at 2 o'clock. Rev. Mr. Baxter is a Presbyterian minister located in Northern Pennsylvania, and attended Washington College.

ARMOUR'S
Royal Ammoniated or Bone
FERTILIZER
HIRAM M. BROWN, - - Sole Agent
Kent and Queen Anne's, Vicinity of Chestertown.

WE, FOR THE 60TH SEASON PRESENT
...Our Fertilizers...

TRADE MARK

TO THE FARMERS AND PLANTERS OF KENT and adjoining counties. With pride we say that we are better equipped than ever, this year to give you your money's worth.

Many cannot understand why, after so many years doing business here, that Wilbur W. Hubbard's Fertilizers are more extensively used year after year. But the mystery is solved by a visit to our factory, which is always open for inspection to the public, and those who go down to our works marvel at the pains taken in manufacturing the goods.

First the bone is shoveled in the crusher with a scoop shovel and prepared for the Denmead mill, then it is dissolved, and after getting in good mechanical condition, if making a dissolved bone goods, so many pounds of bone is put in the mixer. The nitrate of soda, fish and high grade potash are added, the whole thoroughly mixed, passed through a phosphate mill and screened and thrown up in bulk, to remain until it is shipped, and then it is bagged in new treated acid proof bags and sent out in splendid shape. We are often asked, "why don't you run the goods when first mixed, right in the bags, and not go to the expense of treating the bags, as do other manufacturers?"

We are often asked if this is not a needless extreme, but we reply—it pays to make the best.

Whilst there is some loss by evaporation by bulking, an additional expense in rebagging and an expense to treat the bags, when we remember that a farmer appreciates a good goods, and in first class mechanical condition it pays to go to extremes as it is impossible to make a first class fertilizer otherwise, and by treating our customers right in their purchases, making the time of payment of the bill to suit them, we have gotten a personal hold upon our trade.

The Fertilizers for 1905 are the best we have ever put out. Each year has its experiences. We learned something in 1904—the users of Wilbur Hubbard's Fertilizers will get the benefit of it. A poor article may sell rapidly for a time if it is pushed energetically, but a record of steady gain over a period of 60 seasons among the same people, can only be achieved by a good, reliable article. You can only judge the future by the past. If you have used Wilbur Hubbard's Fertilizers in the past you may be assured they will give you satisfaction in the future. If you have not tried them, we ask you if a record of Thirty (30) successful years with the farmers of the Middle States is not a sufficient guarantee to justify you in using the goods.

Soliciting your patronage, and thanking all our friends for their substantial support in the past, we remain
Very truly yours,

Wilbur W. Hubbard,
Manufacturer of Standard Bone Fertilizers,
July 15, 1905. CHESTERTOWN, MD.
