CONVICTION OF A MURDERER.—*A Full Confession.*—Frank Rounds, the negro recently arrested in Baltimore as one of the murderers of Captain Johnson and mate, of the schooner Brave, of Somerset county, Md., and taken to that county for trial, has been convicted of murder in the first degree, and sentenced to be hung The *Commercial* says:

After sentence Rounds confessed that the boat's crew consisted of the captain and mate, Rounds, the two colored men under sentence of death, and Bailey, not yet caught. The boat was lying at anchor, some twelve miles from Smith's Island. The captain and the mate had gone to another boat, some few hundred yards off. Rounds and Bailey concocted the plan for the murder of the captain and the mate, stating that they had $400 aboard the boat. All four acquiesced.—The captain and mate came aboard, and the wind blowing quite fresh, the captain ordered the kedge anchor to be dropped, and upon proceeding forward to see if the chains were clear, was struck on the skull by Rounds with a large club, prepared for the purpose, which crushed his skull in, and his body was knocked overboard.—Rounds and Bailey requested one of the colored men to go down and kill the mate. The latter was in a stooping position in the act of making a fire, when the boy struck him from behind with a large billet of wood, and being frightened, dropped the wood and came on deck. Rounds and Bailey then ordered the other colored man to go down and finish the mate. He also went and crushed in his skull as he lay insensible upon the floor of the cabin. They all went to sleep, and in the morning Rounds went into the cabin and dragged the mate up on deck, and threw him overboard, though he was still living despite of his fearful injuries. They then rifled the boat and found only about $12. They took up anchors, hoisted sail and started for Virginia, but the boat running aground they took the small boat and went to Smith's Island, and there hired a colored man to take them to Accomac county, Virginia. They went inland to the town of Onancock and separated.

Rounds came to Baltimore and proceeded to Anne Arundel county, where he worked, and came to this city the very day he was captured by officer Ward.—Baily has not since been heard from. The two others were captured in Accomac county, and are under sentence of death. They have made confessions which agree with the above.

LETTER FROM THE PRESIDENT.—President Johnson has filed a bill of indictment against the Radicals in the shape of a letter to General Ewing. He exposes the Radical system of extorting money from the people under the power to lay taxes, and then squandering it in useless and extravagant appropriations. The enormous expenditures which that party are making to keep up a standing army in violation of the Constitution and in detriment to the public liberties, are forcibly set forth by the President.

Mr. Johnson sets forth in this letter that by a wise economy the taxation which now impoverishes the people only to enrich the partisans of the Radical party and their "bloated bondholders," the burdens now weighing upon the industry of the people might be reduced, and a revenue yet remain ample to meet the proper expenditures of the Government and its just liabilities. The President expresses himself very strongly against the debt being permitted to become a permanent weight upon the industry of the people—for by so doing the people would virtually become the slaves to the bondholders and tax gatherers.

White or Black Rule.

The white people of this country can never be governed by negroes, unless they are false to themselves. And yet they are very much nearer that sort of rule than they are, probably, aware of. The whites are, politically, very evenly divided.—There is but a very little difference of votes between them. In the last Presidential election General George B. McClellan, the Democratic candidate for the Presidency, was defeated but by four hundred thousand votes. The negro vote in the South is more than that. Hence the question is, can the *white voters* in the North overcome the four hundred thousand negro ballots in the South? Let the white men in this section of the country settle that question for themselves. They will decide against the white race if they vote the Radical ticket, which is the negro ticket. The most vital question of this present Presidential canvass is, whether this country shall be ruled by negroes or by white people; whether, in the nice division of white votes, the votes of three or four thousand blacks in the Southern States shall not only determine the contest, but, what is far more interesting, as a question of social economy, whether several thousand of ignorant negroes in the Southern States, under the control of Radical Republicans, shall practically nullify the votes of thirty-odd millions of white voters in the whole country? This is the issue, and as the white men here cast their ballots, so will the problem be solved.—*Phila. Mercuey.*

WHAT GRANT'S ELECTION MEANS.—Wendell Phillips, the great Radical leader, says that "*Grant's election melts the millions into one indivisible whole*, calling us to stamp on it what legend we will." In other words, Grant's election makes negro equality universal throughout the United States, abolishes all distinctions on account of color, opens to white and blacks alike, without discrimination, the common schools, hotels, restaurants, places of amusement, and establishes the negroes as a part of the lawmaking and governing [illegible] ment of the country. We may stamp [illegible] that fusion of the millions of whites and [illegible] into one indivisible whole "Amal- [illegible] M[illegible]" "Mongrelism," or whatever [illegible] will, so the fact of fusion is ONE PA[illegible] [illegible]vitable. And that is really [illegible] of the Radical reconstruc- [illegible] sep19-tf. Wendell Phillips under- [illegible]

WHEN a Radical asks you to vote the Republican ticket, make him tell you what has become of the millions upon millions of dollars that have been paid into the public treasury since the introduction of his party into power—that there is no account of now.

Make him tell you why it is that with all the taxes and tariffs that are wrung from the people annually, the public debt is still increasing at the rate of *ten millions of dollars per month!*

Make him tell you why his party makes negro voters in all the States of the South, and then denies being in favor of negro suffrage here in the North.

Make him tell you what justice there is in the Radical doctrine of taxation—which exempts the rich from all taxes and places them upon the shoulders of the poor.

Make him tell you how it is that three years after the war has ceased, the Union, for which we were told it was waged, is further from being restored than it was in the beginning.

Make him tell you why the bloated bondholder, who robbed the government and invested the money he stole in exempted bonds, should receive gold for his interest, while you are compelled to take greenbacks for your work.

Make him tell you why the laboring men of the North should toil and sweat day after day, to feed a lot of negroes and fatten a pack of lousy Bureau officials, who yearly take from the public treasury over *forty million dollars!*

Make him tell you what good will arise from voting for Grant; how much it will lessen your taxes—lower the prices of the necessaries of life, and how soon it will restore the Union, and make our Government a government of white men, established by white men, for the benefit of white men.

HOW TO BECOME LOYAL.—Gov. Vance, of North Carolina, in a recent speech, among other good things got off the following:

Just go for Grant, and—lo!!—you are loyal. I could make a loyal man out of myself in a few seconds, by simply telegraphing that I would support the Grant and Colfax ticket. My sins would be forgiven and they would tell me to "depart in peace"—like a Buncombe magistrate of my town the other day. A couple presented themselves before him to be married. He was a pompous sort of ignoramus and was smartly bothered "how to do it," as a crowd of town boys had collected to see the fun. After he had battlewhanged them through and tied them as man and wife there was a kind of the way of increased wages for labor, what class is it that really pays the taxes? Does it all come out of the manufacturers and producers? If so, why not levy the tax directly upon them, and save the trouble and great expense of sifting them through the consumers?

The truth is the laboring men of the country are paying nearly all the taxes, and accumulated property is exempt, and it is only for the purpose of deceiving, that Radical demagogues assert to the contrary.

THE New York *Times* has been detected committing a very mean and contemptible forgery of a letter purporting to have been written by Chief Justice Chase to Mr. Alex Lowe, of Cincinnati, expressing a willingness to be a candidate for the Presidency if Gov. Seymour was withdrawn. The falsehood and misrepresentation which have characterized the Republican press in this canvass has been unsurpassed in any canvass in the history of the nation; and now a mean forgery is perpetrated by the leading New York Radical newspaper. What confidence can the people repose in a party whose leading organs are guilty of these mean and contemptible crimes merely to manufacture capital for election purposes? They who lie, will steal, and this they have been doing for years past; and yet this party seeks to control this government for four years longer.

DIOCESAN CONVENTION.—In pursuance of the canons of the Protestant Episcopal Church, Bishop Whittingham has called a convention of the clergy and laymen of the new diocese, composed of the counties of the Eastern Shore, to meet at Easton, on the 19th of November, to consider the affairs of the diocese. The choice of a bishop and the fixing of his residence, we presume, will be the chief subjects that will engage the deliberations of the convention.—*Easton (Md.) Star.*

RAILROAD AFFAIRS.—The work on Queen Anne's Railroad is still progressing rapidly, and the whole road graded, except about eight miles. As soon as the Delaware branch is built from Townsend to Massey's cross Roads the contractor, Mr. Stearns, will commence laying the track. We understand that Mr. G. A. Parker will commence delivering iron at Townsend this week for the branch road. One hundred tons will be sent down in a few days.—*Crumptonian.*

The November term of the Circuit Court for Queen Anne's county commences on Monday next.

It is calculated that the popular vote at the forthcoming presidential election will approach 5,000,000.

Two ladies suffering with the "Grecian Bend" were recently hooted from the streets of Montreal.

John C Breckinridge was one of the invited guests at a recent agricultural fair in Canada.

The Grecian bend has come to grief in Mobile. Two young ladies who ventured out with it recently were so mercilessly ridiculed that they had to take refuge in a shop.

GOOD TEMPLARS.—The *Crumptonian* says a lodge of Good Templars has been formed in that town, and are making preparations to build a hall for their meetings.

When the Pacific railroad is opened to San Francisco, it is proposed to put upon the line a "honeymoon car," for the express use of bridal parties.

Wolves of a very ravenous nature are said to be numerous in Hampshire county, Virginia.

SEWING MACHINES.

It is now generally admitted that a good Sewing Machine is a valuable aid in a family. Few men would decline purchasing a machine of any kind that would enable them to perform their labor in half the time required by other means, and we think the Ladies have as much claim to be relieved from their toil. It has been demonstrated that a GROVER & BAKER SEWING MACHINE will save more than half the time and labour and do the work better. This is the best family sewing machine, because it is simple, and Ladies have no trouble to manage them.

If a sewing machine is too complicated to be used, except by experienced operators, it has very little value as a family machine. We never knew a Lady who had any difficulty in using a Grover & Baker Machine.

B. B. PERKINS & SON,

Are the Agents for this machine, and supply them at the city prices.

Persons prefering to select a machine in the city will be supplied with an order to the Baltimore agency. Machines will be delivered in any part of the county.

PIANO-FORTES.

WAREROOMS—350 West Balt. St., near Eutaw, BALTIMORE, MD.

THESE instruments have been before the public for nearly thirty years, and upon their excellence alone attained *an unpurchased pre-eminence* which pronounces them unequaled.

Their TONE combines great power, sweetness and fine singing quality, as well as great purity of intonation, and evenness throughout the entire scale.

Their TOUCH is pliant and elastic, and entirely free from the stiffness found in so many Pianos. In WORKMANSHIP they are unexcelled, using none but the very best seasoned material, the large capital employed in our business enabling us to keep continually an immense stock of lumber, etc., on hand.

All our Square Pianos have our new improved Overstrung scale and the Agraffe Treble.

We would call special attention to our late improvements in Grand Pianos and Square Grands, patented August 16, 1866, which bring the Piano nearer perfection than has yet been attained.
