Suffrage, Naturalization and Specie Payments.

These are the subjects which have thrust themselves into the foreground at the opening of Congress. The political leaders especially exhibit considerable eagerness to get at the suffrage subject. Mr. Sumner, true to his instinct of the all-sufficient power of Congress to do anything and everything, introduces a bill the general scope of which is to provide by act of Congress for universal suffrage in all the States, or rather that no one shall be deprived of the elective franchise by reason of race, color, or previous condition, and this without regard to the reserved rights of the States on the subject or consultation with the States about it. Mr. Cragin, not having so exalted a view of the powers of Congress, proposed an amendment to the constitution, to be submitted to the States, embracing the same object, and providing that any State may exact of citizens a specific term of residence in order to exercise the right of suffrage therein, the condition being the same for all classes.—Mr. Pomeroy also offered a joint resolution proposing an amendment to the constitution substantially the same with that of Mr. Cragin. In the House, the suffrage subject seemed to have a like irrepressible quality, resolutions bubbling up at once providing for universal suffrage, some by legislation and some by amendment of the constitution. Out of all these it is presumable something will be ultimately evolved suitable to the purposes of the dominant party as a finality—most probably a constitutional amendment; for though Mr. Sumner pretends to deduce his proposition from the late amendments to the constitution abolishing slavery, guaranteeing the immunities of citizens, &c., it is hardly probable that he will be sustained in his present ideas or mode of procedure. The next thing in favor as a pet measure with the politicians seems to be amendments to the laws relating to the naturalization of aliens, one of them having for its object a reduction of the restrictions now existing, while the others generally would limit or hinder and confine naturalizations to United States courts, and throw new guards about the whole matter—all very proper as far as really necessary to prevent fraud. The matter of the making of voters, however, or to provide that they are not too surely secured for one party, it is fair to infer, has much more to do with these movements than anything else.

Those, however, who would wish to meet and be in accord with the rising and earnest sentiment of the people in a matter of practical and vital importance to the whole country, turned aside from mere party schemes to give attention to the popular demand for a resumption of specie payments, as evidenced in various propositions made to that end. In this connection it may be remarked that the report of the Secretary of the Treasury, an abstract of which was published yesterday, shows a steady devotion on his part to the same object. The report opens with an argument against the legal-tender acts, and a reiterated adherence in the secretary's frequently expressed opinion "that a reduction of the paper circulation of the country until it appreciated to the specie standard was the true solution of our financial problem;" but Congress having emphatically condemned this policy, and it being now, in the secretary's opinion, too late to return to it, he recommends the legalization of specific contracts to be executed in coin, and the declaration "that after the first of January, 1870, United States notes shall cease to be a legal-tender in payment of all private debts subsequently contracted; and that, after the first of January, 1871, they shall cease to be a legal-tender on any contract, or for any purpose whatsoever except government dues, for which they are now receivable." The period before they would cease to be a legal tender is believed to be sufficient to enable the people and the banks to prepare for the contemplated change. The whole subject of resumption, it is known, was discussed in the late National Board of Trade, sitting at Cincinnati, and of all the propositions there made, one of the most reasonable, as a preliminary step, seems to have been a resolution that the gold interest received by banks on the United States bonds deposited with the government should be kept until it shall amount to as much as the revenue they are required by law to keep in both coin and greenbacks. This is a subject in which all interests, and the people of all sections and all classes in the country, not less than the government itself, have a vital stake, and, it is to be hoped, will receive priority in the attention of Congress over abstractions which can be deferred, without injury, till the pressing, practical necessities of the country are relieved.—*Balt. SEWING MACHINES.

It is now generally admitted that a good Sewing Machine is a valuable aid in a family. Few men would decline purchasing a machine of any kind that would enable them to perform their labor in half the time required by other means, and we think the Ladies have as much claim to be relieved from their toil. It has been demonstrated that a GROVER & BAKER Sewing Machine will save more than half the time and labour and do the work better. This is the best family sewing machine, because it is simple and Ladies have no trouble to manage them.

If a sewing machine is too complicated to be used, except by experienced operators, it has very little value as a family machine. We never knew a Lady who had any difficulty in using a Grover & Baker Machine.

B. B. PERKINS & SON,

Are the Agents for this machine, and supply them at the city prices.

Persons preferring to select a machine in the city will be supplied with one direct from the Baltimore agency. Machines will be delivered in any part of the county.

YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,

DYSPEPSIA,

Nervous Debility,

JAUNDICE,

Diseases of the Kidneys,

ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, Stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with pure Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, they being scientific preparations of medicinal extracts while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,

GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*

Yours, very respectfully,

J. H. KENNARD.

Eighth, below Coates street.

CAUTION.

Hoofland's German Remedies are counterfeited. The genuine have the signature of C. M. Jackson on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.

Price of the Bitters, $1 00 per bottle; Or, a half dozen for $5 00.
Price of the Tonic, $1 50 per bottle; Or, a half dozen for $7 50.

The tonic is put up in quart bottles.

Recollect that it is Dr. Hoofland's German Remedies that are so universally used and so highly recommended; and do not allow the Druggists to induce you to take anything else that he may say is just as good, because he makes more profit on it. These Remedies will be sent by express to any locality upon application to the
