CHESTERTOWN, MD.

FOR CONGRESS:
COL. SAMUEL HAMBLETON,
OF TALBOT COUNTY.

THE MEETING ON TUESDAY.

The announcement that Col. Hambleton, the Democratic Conservative candidate for Congress, would address the people of Kent at the Court House on Tuesday last, drew together a large audience. The court room was densely packed, and many were unable to gain admission.—Hon. George Vickers was called to the chair, and Dr. C. H. B. Massey appointed secretary. The chairman returned thanks for the honor conferred upon him, and spoke briefly of the political issues of the day, particularly of the fraudulent and illegal means by which the fifteenth amendment was forced upon the States. Col. Hambleton was then introduced, and began his address by expressing the high gratification which it afforded him to meet the people of Kent and speak to them upon the issues of the day. He proceeded to draw a comparison between the financial management of the Government now and during former administrations, and showed from official figures that the annual expenditures in 1860 were sixty-five millions, while now they reach the enormous amount of *three hundred and thirty-three millions!* The speaker also referred to the wasteful extravagance in every department of the Government, and spoke of the millions annually stolen by revenue collectors and others who handled the public money. Indeed, so common had this become, that honesty, he said, was the exception, and peculation the rule. He discussed the laboring, agricultural and commercial interests of the country, and showed how they were suffering under radical misrule. The Colonel depicted the inconsistencies of the radical party upon the question of suffrage, and stated that while they pretended to be the advocates of a free ballot, they at the same time disfranchised a large portion of the white men of the country, and held the Southern States as mere machines, to be used or not, according as their purposes might be best subserved. The naturalization laws were referred to, and it was shown that whilst odious and unjust restrictions and humiliations were imposed upon white foreigners, and the Japanese and Indians excluded from the ballot altogether, that the subjects of the King of Dahomy, the blackest and most degraded people upon earth, were admitted to all the rights of citizenship by the party in power.

The speaker alluded to certain bills now pending in Congress, (some extracts from one of which, Mr. Sumner's, are given in another column,) intended to abolish all social distinctions between the races, and open the public schools, churches, hotels and other places to negroes and whites alike, and imposing heavy penalties of fine and imprisonment upon any person who attempts to resist its operations. He called upon his hearers to unite as one man in opposing this palpable abrogation of their rights, which could only be done by defeating the radical candidates for Congress. The object of the leaders of the radical party, he said, was to obliterate the last vestige of the rights of the States, which had been wisely reserved by the fathers of the republic, and to erect a great centralized despotism to rule the people with a rod of iron.

The above is but an outline of Colonel Hambleton's remarks. He spoke about an hour and a-half, and was frequently interrupted by applause. His argument throughout was able, forcible and unanswerable, and could but carry conviction to every candid hearer.

Col. H. was followed by Albert Constable, Esq., of Cecil, who delivered a very spirited address, touching principally upon subjects which had been discussed by his predecessor.

THE OCTOBER ELECTIONS.—State elections were held last week in Pennsylvania, Ohio, Indiana, Iowa and Nebraska. The Democrats have gained eight Members of Congress, notwithstanding the negro vote, and have carried the legislature of Indiana, which will elect a United States Senator. We have gained five members of Congress in Pennsylvania although the Radicals colonized negroes by thousands from Maryland, Virginia, West Virginia, Delaware and Kentucky. Every Democrat in Maryland will be gratified to learn that General Schenck of the third District of Ohio, has been defeated by Hon. Lewis D. Campbell. Mr. Campbell is a man of great talents, and will be a thorn in the side of the Republicans in the next Congress.

THE SPIRIT OF WHITE MEN.—"I wish to give all my children a good education," said a highly respectable and intelligent white man, the other day, "but rather than submit to the humiliation and degradation of being compelled to send them into our Public Schools to become the companions and playmates of negroes, I would suffer them to grow up in ignorance of everything except the dislike their father entertained for civil and social equality with the negro."

This is the spirit animated by hundreds white of men throughout Kent county.

"Tampering with the Registry Lists."

The Baltimore *American* gives publicity to the statement, from very bad authority, that the names of over two hundred colored men had been dropped from the registry lists in this county. We are surprised that a paper making pretensions to respectability should reiterate so grave a charge against honorable men, sworn to discharge their duty, and can account for it only on the ground of its ignorance of the character of its author—it having emanated from a journal whose editor has built up such a character for falsehood, slander and indecency, that the respectable portion of his own party are ashamed of him. The Registers of this county have done their duty faithfully and impartially; and we defy any one to point out a single instance of intentional fraud on their part, or unlawful tampering with the lists. A few names were accidentally omitted in copying the lists for publication, but they are on the registry *book* and the parties consequently are entitled to vote. If any colored man in Kent county, legally qualified, is not registered, it will be no fault of the officers of registration.

The object in raising this hue and cry about dropping names is well understood, and the Registers will not be intimidated by it. The Radical party of the district despair of electing their candidate by fair means, and are endeavoring to prepare the minds of the people for submission to an arbitrary usurpation on the part of a corrupt Congress. There is little doubt that if Torbert can arrange his *case* he will contest the seat of Col. Hambleton, however great the majority of the latter may be, and expect by scheming and fraud, similar to that by which his nomination was secured, to obtain a seat which he could never secure by honorable means. Indeed, we are informed by a gentleman that he heard Torbert say, before the meeting of the Cambridge Convention, that *all he wanted was the nomination*, and that if he only got a small vote he would contest the seat and stand a good chance to get it! The voice of the people to him is a matter of secondary consideration. Can honest people support such a man?

POLITICAL ARRESTS.

The unprincipled tools of Torbert and Creswell, in this county, having tried every means in their power to brow-beat and intimidate the Registers in the discharge of their duty, so that there might be an indiscriminate registration of blacks without regard to qualification, are now turning their attention to the arrest of peaceable and inoffensive citizens. On Thursday night last the U. S. Marshal for Maryland, or some person with authority from him, visited this county and arrested Col. George Gale, Lewin Usilton and Capt. James Cohee, three of our most respectable citizens, on the pretext of interfering with the registration. They left Chestertown yesterday morning by way of Buck Neck for Baltimore. The arrests were made, we understand, at the instigation of such men as Bob Beck, Jim Bowers, R. C. Crawford and others—a beautiful set, truly! We shall not be surprised to see them back to-day, as the charges against them are of the most flimsy character, and the arrests being instigated only for the purpose of intimidating the Registers and others in the discharge of their duties. But we predict the object had in view will utterly fail. The people of Kent have had a trial of this thing before, and are not to be frightened into submission to radical rascality by any such bugaboo! They know their duties and privileges quite as well as their opponents, and knowing, will maintain them.

Court.—The October Term of the Circuit Court for Kent county was commenced on Monday last. The charge to the Grand Jury was delivered by Judge Wickes. Chief Judge Robinson and Judge Stump arrived at a later period in the day. State's Attorney, James A. Pearce; Sheriff, R. W. Calder. The following cases have been disposed of:

State vs. Dr. E. J. Power—presented for trespassing on the public street in Millington. Not guilty. Vickers for def.

John F. Newnam vs. John S. Hurlock—appeal case on a store account. Judgm't affirmed with costs. Hynson for plaintiff; Vickers & Slay for def.

B. B. Boyd vs. Isaac J. Bull—appeal case.—Judgment reversed with costs above and below. Hynson and Pearce for plaintiff.

State vs. John R. Poor—presentment for selling liquor without license. Guilty. Fined $20 and costs. Hynson for def.

State vs. W. T. Smith—for assault and battery on John Edwards, col'd. Guilty—fined $5 and costs. Vickers for def.

State vs. Arthur J. Wallis—for trespassing on public road by setting out a fence. Guilty—fined $1 and costs. Vickers for def.

State vs. Jos. Davis—for selling liquor without license. Not guilty. Hynson for def.

Barnard Wharf Co. vs. Alex. R. Parks—action to recover subscription to build wharf. Verdict for plaintiff for $71.13. Hynson for plaintiff. Vickers for def.

State vs. Richard Robinson, col'd—assault and battery on M. Turkheimer. Guilty—fined $1 and cost. Hynson for def.

The Grand Jury is still in session, and it is likely that Court will continue the whole of next week.

LARGE YIELD.—Mr. J. W. Crew has left at our office a lot of sweet potatoes, comprising the product of five vines, one of which has upon it thirty-two potatoes, weighing eight pounds, most of them of good size. The yield of the other four hills is nearly as numerous and heavy. This is the largest yield of sweet potatoes for the number of hills that we have ever seen. Who can beat it?

SOCIAL EQUALITY—WHITE MEN READ!

The Negro in the Hotels, the Schools, and the Jury Box!

Some persons do not profess to believe that it is the purpose of the Republican leaders to break down the distinctions of color that exist in our public schools and other public institutions of learning. For the benefit of such we give below some extracts from Mr. Sumner's bill, now pending in the Senate of the United States, and which will no doubt be pressed to a vote during the approaching session of Congress. It will be seen that it is proposed by an illegal act of Congress to usurp the control of the public schools of the States, opening them all to the blacks, and compelling white parents either to send their timid and delicate daughters to sit beside and be the companions of buck negro boys, or keep them at home to go without an education. Let poor white men, who are relying exclusively upon the public schools for the education of their children, reflect upon this subject, and ask themselves if they can support a party that is striving for the accomplishment of such ends. Such parents, however, as desire this state of things to come to pass, may safely vote for Torbert, the radical candidate for Congress in this district, which will find in him a ready advocate and supporter. But here is the bill. It speaks in language which cannot be misunderstood:

SECTION 1. *Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled*, That all citizens of the United States, without distinction of race, color or previous condition of servitude, are entitled to the equal and impartial enjoyment of any accommodation, advantage, facility or privilege furnished by common carriers, whether on land or water, by inn-keepers, by licensed owners, managers or lessees of theatres or other places of public amusement, by trustees, commissioners, superintendents or other officers of COMMON SCHOOLS AND OTHER PUBLIC INSTITUTIONS of LEARNING, the same being supported or authorized by law, by *trustees or officers of church organizations, cemetery associations and benevolent institutions*, incorporated by National or State authority; and this shall not be denied or abridged on any pretence of race, color or previous condition of servitude.

The second section provides heavy penalties for violating any of the foregoing provisions "*or inciting opposition thereto*"—the penalties being a fine of from five hundred to one thousand dollars, and *imprisonment* from thirty days, to one year!

The third section provides for the introduction of a number of Government *spies and informers*, whose duty it is to hunt up, and present all violations for trial in the *United States Courts*. The act is then concluded as follows:

SECTION 4. *And be it further enacted*, That no person shall be disqualified for service as JUROR IN ANY COURT, National or State, by reason of race, color or previous condition of servitude, provided that such person possesses all other qualifications which are by law prescribed, and any officer or other person, charged with any duty in the selection or summoning of jurors who shall *exclude or fail to summon* any person for the reason above named, shall, on conviction thereof, be deemed guilty of a misdemeanor *and be fined not less than one thousand nor more than five thousand dollars*.

SECTION 5. *And be it further enacted*, That every LAW, STATUTE, ORDINANCE, ORGANIZATION OR CUSTOM, whether National or State, inconsistent with this act, or making ANY DISCRIMINATIONS *against any persons on account of color* by the use of the word "WHITE" is hereby repealed and annulled.

WHITE MEN, ARE YOU REGISTERED?—On Monday and Tuesday next the officers of registration sit for the correction of the list of voters. If there are any young white men or any who have come to our county from adjoining counties, who will be entitled to vote in Nov., they should attend to registration on Monday and Tuesday next. Remember, that the law does not require you to be 21 *now*, but that you *will be* 21 by the 8th of November. Let every Democratic Conservative look to it that there are none left off the registry whose names ought to be there, and let us also see to it, that every voter is at the polls on the election day with his ballot ready for the polls to open to receive it. We must beat the sinister schemes of the Radicals this year or no one knows where the end of their lawlessness will be. Turn out, one and all, on election day and vote early, and see that your neighbors do so too.

WORKING MEN AND LABORERS, you have a deep interest in the election this fall.—The negroes are now an element of political strength, and as such can command place and position from the Radicals.—They will not interfere with the wealthy men of the Radical party; men who ride in their private carriages, and send their children to private schools and colleges. But the negroes will lie in the pathway of working men and laborers, and put their offspring in the same school. White working men and laborers who vote the Radical ticket this fall vote in favor of placing themselves on the low level of negro equality.

SEDUCTION AND HOMICIDE.—Lieut. Col. W. W. McKaig, a prominent citizen of Alleghany county in this State, and son of Hon. Thos. J. Mckaig, was shot and killed by Mr. H. C. Black of Cumberland on Monday last. McKaig was charged by Black with the seduction of his sister.

LAND SALE.—Mr. Joel Slaughter has sold his farm, containing 158 Acres of Land, with Dwelling, Saw Mill, Canning House and Steamboat Wharf, adjoining Crumpton on Kent side, to Mr. William Bowker of Philadelphia, for the sum of $22,000.

Call and See Him.—We take pleasure in calling the attention of all in want of CLOTHING to the fact that Mr. Jos. A. CATLIN has just opened a very large stock, embracing all the latest styles for Men and Boy's wear. Mr. Catlin has earned for himself a reputation for *reliability* and *honest dealing* which should secure him the confidence and a large share of the patronage of the community. His goods are from the very finest and best quality to the lower grades, and his prices low. Call and see him. *
