ROCK HALL ITEMS

The Baltimore Jubilee and the hot spell each being decidely detrimental to our oystering interests last week having become things of the past, this week opened up with a big boom to the oystermen. Buyers on Monday were red hot to load all of them going out on bleak Swan Point Point bar to take in what they could buy paving 50 and 55 cents a bushel. Our merchants as a rule found the past closed season one of the most encouraging for years, but since September set in and its heat and the departure of most of the summer boarders for their homes, trade had become extremely dull, therefore, this spurt in the oyster trade means much to them and many others. Chester river oysters sold in the city on Monday for $1.20 cents a bushel and Swan Points sold $1, but our buyers through their timidity in buying on Friday or Saturday did not receive such fine prices. Tuesday was another dull day with the catchers as there were no buyers. On Wednesday the prices here dropped to 40 cents. A number of the tongmen are running their catch to the city markets where they get good prices but there is lots of unpleasantness about the work.

The Red Men's Jubilee and parade which was scheduled to take place last Saturday did not come off owing to the inclemency of the weather, the affair will take place today. The children of this place are in high glee and the "injens" are resolved to give the young folks the event of the year. They hope the weather man will be magnanimous in dispensing fine weather so that the occasion will be all that is intended by the J. O. R. M. of Sitting Bull Tribe.

Butcher Casey did a rush on Saturday last in his line. The Clayton butchery was knocked out owing to the obstinacy of a cow he had purchased on the Island. The cow was wild as a deer and got into the woods and wouldn't be coraled so Mr. Clayton had to give her up, as a consequence, he and his customers were much disappointed in having no beef. This week a number of watermen promised to assist in bringing the cow to terms if they have to butcher her in the woods and the butchering business will not be one sided today.

Owing to sickness of Mr. John Jeffres, sexton of the M. E. Church, Rev. Mr. Burr has been acting sexton for two weeks or more. The Parson is hoping for the speedy recovery of Mr. Jeffres as he has to hustle in his capacity of "chief cook and bottle washer."

Mr. Clarence Thompson and Harvey Kilburn have returned from a pleasant trip to Philadelphia, New York and Atlantic City.

Miss Elsie Legg after a week's stay the guest of her cousin, Miss Nannie Ryan, returded to her home in Quaker Neck on Sunday.

Mr. Charles Brown spent Sunday with his former friends in this town. Mrs. Brown is in feeble health and will stay here for a while to recuperate.

Master Trew Durding, son of Mr. and Mrs T. B Durding who is about to enter Washington College as a student, tendered his resignation as secretary of Rock Hall Sunday School which he has held with great efficiency for some time and many regret the severing of his connection with the school and his departure from our midst but all wish him Godspeed in his future progress.

An able bodied man struck this place on Monday morning having tramped from Chestertown in search of work. He stated that he had found but one place where work could be had and the wages offered was 50 cents per day. The outcry of the scarcity of labor for a long time past makes such a report this man made seem strange indeed.

Mrs. B. J. Wilkins has been repairing and otherwise improving her dwelling with a view of comfort while next winters blizzard's rage.

Mr. M. L. Maslin is the early bird in corn husking. He has men employed husking by the barrel and is delivering his corn by the cartload through the neighborhood to pork raisers.

TWICE A YEAR almost every retail establishment has a grand Clearance Sale, in which all odds and ends of a six months' accumulation of business must be swept away by the mighty brooms of little prices for dependable goods.
