Mrs. Fluster—"Dear me, I haven't a quarter to put in the slot of my gas range, and here is my washing half done and no way to heat water nor boil the clothes."

Anty Drudge—"Well, I can't help you out with any change, because I haven't any. But I'll help you in a better way. Here's a cake of Fels-Naptha Soap. Now let's see how soon you can get through with this half of your washing. I guess you've got a surprise in store for you if you haven't used Fels-Naptha Soap."

Fels-Naptha Soap saves the expense of coal or gas to heat water or boil clothes. It saves your strength, and leaves you feeling strong and well, instead of tired to death, after a big washing or a spell of house-cleaning, It does your work in half the time it used to take, in cool or lukewarm water, without boiling, hard-rubbing or scrubbing.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the box or carton.

425,000 TO PAY NEW TAX

$82,298,000 Expected To Be Raised Yearly From Income—First Payment March 1, 1914.

Washington, Sept. 27.—According to estimates completed today by Treasury experts, 425,000 American citizens must keep such accurate account of their incomes this year that they will be able to report to the income tax collector next spring exactly how much they owe the Government under the new Income Tax Law.

So far as the taxable American is concerned, the income tax law is now practically in force against him. While the Tariff bill, in which the law is embodied, will not be signed until next week, the first returns do not have to be made to the internal revenue collectors before March 1, 1914. But when the returns are made they will cover the income of citizens from March 1, 1913, to December 31, and the first payment of the tax will be for money received during this period.

Every single person (citizen or foreign resident) whose annual income exceeds $3,000 and every married person with an income above $4,000 is expected to report his or her receipts in detail to the Government agents by March 1 of each year. The estimate completed today indicates that the income tax will produce $82,298,000 from the 425,000 persons taxed. To this will be added the $35,000,000 or more produced by the present corporation tax, which is continued as part of the law.

President Wilson, the Federal judges of the Supreme and inferior courts now holding office and employes "of a State or any political subdivision thereof" are the only persons specifically exempted from the tax by the new law. The President and judges now in office were made exempt to escape any questions of the constitutionality of the law, and their successors in office will be compelled to pay the tax.

List of Exemptions.

In figuring up his net income for the taxpayer, the American business man, after deducting $3,000 for himself or $4,000 if married, will have the right to claim the following additional exemptions:

Necessary expenses of carrying on business, not including personal, living or family expenses.

Interest paid out on indebtedness.

National, State, county, school or municipal taxes paid within the year.

Trade losses, or storm or fire losses, not covered by insurance.

Worthless debts charged off during the year.

A reasonable allowance for the depreciation of property.

Dividend from companies whose income has already been taxed.

Interest from State, municipal or Government bonds.

Must Report Full Income.

It is a clear provision of the law, however, that the taxable person must make returns to the internal revenue collector for his entire "net income," all exemptions, claimed under the law, must be submitted to the Federal officers for them to determine upon their reasonableness or legality.

The amount of the income tax as finally agreed upon follows:

From $3,000 to $20,000, 1 per cent.; $20,000 to $50,000, 2 per cent; $50,000 to $75,000, 3 per cent.; $75,000 to $100,000, 4 per cent.; $100,000 to $250,000, 5 per cent.; $250,000 to $500,000, 6 per cent., and above $500,000, 7 per cent.

A single man, with an income of $25,000, for example, would pay 1 per cent. on $17,000 and 2 per cent. on $5,000, a total of $270. If married, the first tax of 1 per cent. would apply only to $16,000 of the income.

DATES OF REGISTRATION.

The dates for the intermediate registration this year are as follows:

Tuesday, October 7.

Tuesday, October 14, for revision only.

No names can be added to the registration books on the last date.

Every voter should prepare himself to vote this fall. If a voter has changed his residence since last election from one election district to another he should go on the first day and get his transfer from his old registration or voting precinct and take it to the place or district where he is now living and get registered.

Young men, who will be of age by election day should get registered on one of the above dates and prepare himself to take an active part in the politics of his country.

If you have moved out of the district where you voted last year and fail to be transferred to your new district, your name may be struck from the registry list on the second day of registration, and you will lose your vote on election day.

Once Upon a Time

ONCE there was really no way out of it for the farmer. Plodding home from the field with his team at close of day, he saw before him the waiting small jobs about the house, barn, and yard, jobs that took time and labor, and never seemed to end. There was water to be pumped, wood to be sawed, various machines to be run by hand. It was a dreary prospect—but that was once upon a time. Today he lets the engine do it.

Buy from the I H C engine line. I H C engines are built right and consistently all through, to work efficiently for years. Whether you want it for sawing, pumping, spraying, electric light plant, for running separator, or repair shop, or for all sorts of tiresome energy-wasting small farm jobs, you have need of an

I H C Oil and Gas Engine

An I H C engine will develop from ten to thirty per cent more than its rated capacity. Perfect combustion makes it economical in fuel consumption. Its simplicity makes it practically trouble-proof.

I H C engines are built in vertical, horizontal, stationary, portable; skidded, air-cooled and water-cooled styles. The line includes sawing, pumping and spraying outfits. Sizes from 1 to 50-horse power. They operate on gas, gasoline, kerosene, naphtha, distillate and alcohol. I H C oil tractors range in size from 6-12 to 30-60-horse power, for plowing, threshing, etc.

Have the I H C local dealer demonstrate the engine to you and explain its various points. Get catalogues from him, or write the

Words of Praise
For *Mayr's* Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your Wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. T. A. Neall, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of *Mayr's Wonderful Stomach Remedy.* Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal accretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. *Mayr's Wonderful Stomach Remedy* painlessly removes these accretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about *Mayr's Wonderful Stomach Remedy* or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

The Kent Building and Loan Company
desires to call the public's attention to the VERY BEST method whereby they can save money.

For Fourteen years this Company has continued with marked success and has paid its shareholders on an average of 5½ per cent. on their savings. In view of this liberal policy, it is hardly necessary to advance an argument why you should deposit a small sum weekly, monthly or quarterly with this company. Dues received weekly every Monday evening at the Court House in Chestertown, between 7.30 and 8.30 P. M., or by mail at any time. The last statement of the company showed assets of over $80,000. Three years ago the assets were about $50,000. Shares are 25 cents per week, and we have some leading business men who have over 100 shares and have held shares in this company from the date of its organization. The company operates for the advantage of all its shareholders—not merely for a few—and this policy has resulted in a 5½ per cent. investment which must appeal to any one with any sagacity. Its books are regularly audited and it is managed by a capable and strong body of directors, who give it their constant attention. The condition of the company's business is open at any time to the public. $1 paid weekly earns approximately at the end of 6 years and 6 months from $390 to $400. $1.50 paid weekly means about ½ more.
