Mrs. Tourist — "Dear Anty Drudge, how glad I am to see you, and how often I have thought of you while traveling! I met women all over Europe who were using Fels-Naptha Soap. I was really more than surprised."

Anty Drudge—"That should not surprise you, Mrs. Tourist. Foreign women are just as progressive as Americans. Fels-Naptha is used all over the civilized world."

Women everywhere are very much alike. They want to do their work well, but they also want to do it in the easiest way. And nearly everybody knows that Fels-Naptha is the easy-way soap.

It works best in cool or lukewarm water; it takes out stains—even stubborn blood stains; it cleans, freshens and brightens everything it touches. It does the hard part of your work.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the box or carton.

MARYLAND WEEK will be observed at the Fifth Regiment Armory in Baltimore November 18 to 22, when the State Horticultural Society and its affiliated bodies will hold their annual meetings and exhibit the products of the farm. There will be many features of the exhibition that will make it worth while for the farmer to see. There will also be a social side, for the visiting farmers will be guests of the Baltimore Board of Trade at a luncheon, an automobile tour of the city and a boat ride around the harbor. Maryland Week is largely educational, with exhibits from the experimental station of the Maryland Agricultural College and with speakers of national importance. Every man who can possibly spare the time should go. Scientific farming means larger and better crops and the results of scientific farming is shown during Maryland Week.
