CHURCH NOTES.

As announced in the NEWS last week the consecration of the Church of the Incarnation, New York; Rev. John G. Bacchus rector, was a notable event. In the interesting sketch of this Church we clip the following:

"In the latter part of the year 1873, Dr. Brewer left the church to go to Westerly, Rhode Island, where he afterward died, and Rev. John G. Bacchus came to take charge of the parish. Dr. Bacchus was then a young man who had but lately left the seminary, and was not yet ordained. From that time until today the story of Dr. Bacchus' ministry and that of the Church of the Incarnation are inextricably interwoven.

Dr. Bacchus was born in Kent County, Maryland, and spent his boyhood in that neighborhood, graduating later from Kenyon College, Gambia, Ohio, a college whose alumni included President Hayes, Edwin Stanton, Henry W. Davis, Stanely Matthews, and Bishop Greer. His theological course was taken at the Episcopal College at Cambridge, Massachusetts, and he received his degree of Doctor of Divinity from the University of North Carolina.

Coming directly from the seminary, Dr. Bacchus was ordained in the Church of the Incarnation at the festival of the Conversion of St. Paul, January twenty-fifth, 1874. Several years afterward he married Miss Josephine Maria Stockbridge in the same church, and in it his children were baptized, confirmed and one of them married."

"The career of Dr. Bacchus in the Diocese has grown as the church grew. He has held the highest official position, that of a member of the standing committee, since 1898. He has been three times chosen as deputy to General Conventions of the Episcopal Church at San Francisco in 1901; at Boston in 1904, and at Richmond in 1907. He has been twice an ordination preacher, and is a life member of the Long Island Historical Society, as well as a member of the Alpha Kappa and the New York Clerical Clubs. To quote the words of Bishop Littlejohn, of Long Island, written upon the occasion of the twenty fifth anniversary of the rectorate of Dr. Bacchus:

"He has been sound and faithful as a teacher of the faith once and forever delivered; eloquent, scholary and influental in the pulpit: affectionate, sympathetic and vigilant in the discharge of every pastoral duty; always ready to serve to the best of his ability every member of his large flock, wise in counsel, persuasive and attuned to the Church's spirit, and a life without stain or reproach lived openly among you for for a quarter of a century; with a most enviable record of earnest and devoted service during that period, and now at last grown into a veteran in the Master's Kingdom, with manifold evidence everywhere about him of the rich and enduring fruits of his labors."

The refusal of the Chancellor to grant a preliminary injunction in the Dover Wesley Church case was a decision as to a method of procedure rather than as to the issues involved in the cause. He decided that in this State the Court of Chancery cannot, upon motion, grant a mandatory preliminary injunction in such a case. Under existing circumstances no relief by way of injunction can now be granted until after hearing on the application for final degree. This, of course, means that pending further proceedings the trustees of the local church, or a majority of them, can keep the church doors closed to the Conference appointed. Chancery proceedings take time, and some months may be required for the final decision on the matter of a permanent injunction. No matter who may be in the right and who in the wrong, the situation is unfortunate.

Miss Maud Duyer lead the Christian Workers' service at Christ Church Sunday. The services at this church Sunday were specially interesting and enjoyed by extra large congregations. Beautiful solos were sung by Mrs. J. H. Shuster and Miss Chapel.

Chestertown M. E. Church: Rev. Louis E. Barrett, D. D., Pastor—Services next Sunday May 30th as follows 10.30 a. m. preaching by the Pastor—Subject: "Another Great Question; 2.15 p. m. Sabbath School and Pastor's Bible Class; 6 p. m. Junior League; 6.45 p. m. Senior League; 7.30 p. m. preaching by Rev. R. K. Stephenson, District Superintendent.

The new pastor at Kennedyville M. P. Church is meeting with success. He is a fine preacher and a good pastor.

Revs. D. L. Greenfield, W. R Graham and J. M. Gill have been invited to participate in the memorial day services to be held in Christ M. P. Church June 20th.

FAIRFIELD'S

The digestive organs of our domestic animals differ as greatly as their use and purposes; for this reason no Conditioner can be so compounded as to have much value if fed to more than one kind of animal. Any preparation professing to be equally well suited to two or more kinds of animals must, for its own safety, omit from its formula some ingredients that would greatly benefit one kind of animal but injure another. This renders the "Cure all" Conditioner of little or no value to any kind of animal. The FAIRFIELD way of compounding A SEPARATE PREPARATION FOR EACH KIND OF ANIMAL is the ONLY way to INSURE positive results.

MR. CHARLES S. SMITH writes: "It gives me pleasure to inform you that I am now using your Egg Producer and am thoroughly satisfied with the results. I find that it is a good investment and heartily recommend it."

MR. WILBUR ELIASON tells us that his hogs would always become infected with cholera whenever it would appear in the neighborhood. Last fall cholera was on all sides of his farm and he did not have one hog taken sick while in former years he would lose all. He attributes this great fortune to the regular feeding of FAIRFIELD'S BLOOD TONIC FOR HOGS ONLY.

MR. C. C. BROWN, of Pomona, says that he tried for fourteen years to raise ducks, but they always died at the "feathering age." For the past two years he has used FAIRFIELD'S TONIC FOR POULTRY ONLY and raised every duck after he had started feeding this wonderful preparation.

MR. D. B. McMENAMIN, who has tested the merits of FAIRFIELD'S BLOOD TONIC FOR HORSES ONLY says beyond a doubt it is the best preparation of the kind he has ever used. There are scores of others in this county that endorse these meritorious preparations. They are compounded scientifically to meet the peculiar requirements of each animal. You do not run the slightest risk in purchasing these Tonics for if they do not do all that is claimed for them we cheerfully refund your money.
