THRILLING SCENE ON THE NANTICOKE.—As a Capt. John T. Bennett, of Riverton, accompanied by his wife and two small children, were, a few days since, returning in the sloop, "Shooting Star," from Deal's Island to their home at Riverton, they were made participants in a very thrilling adventure. Mrs. Bennett and her children were on deck—the mother watching the romping children, and the father, assisted by a green negro boy, was managing the boat, when suddenly one of the children fell overboard. Mrs. Bennett quickly gave the alarm, and Captain Bennett, although he could not swim, plunged in the water and made frantic efforts to save his child. Mrs. B. comprehending the perilous situation of her husband and child ran to the helm, put it hard down and brought the boat up into the wind. She then put the negro boy in the yawl boat with instructions to go to her husband, who was struggling in the water a few yards away. The boy succeeded in reaching the Captain before he went down the second time, and assisted him into the boat. The Captain then looked for his child and saw its little hand for an instant above the water—with one stroke of the oar he sent the boat flying to the spot and snatched his child from the water. It was nearly dead, and for a long time they despaired of its life, but finally their own, and the efforts of a physician who had been summonad, were rewarded, and the little sufferer was restored to life and parents.—*Salisbury Advertiser.*

A RICH MAN BURIED AS A PAUPER.—The Ohio *Statesman* has an account of the proceedings before the Probate Court of Franklin county, on an application to admit to probate the will of Joseph Caldwell: "Joseph Caldwell was an eccentric bachelor, who owned a large amount of real estate in Franklin and Belmont counties, besides other property, the whole valued at $150,000 or more. Two years ago he received a sun-stroke, which affected his mind, and application was made to the Court to appoint a guardian for him, but the physicians refused to make the necessary certificate. He afterward went to Missouri on business, and thence wandered to New Orleans, where he was without means. It appears that while in New Orleans he made efforts to procure funds from Columbus with which to return home, but from some unaccountable reason failed. He was arrested in New Orleans as a vagrant, and taken before Recorder Houghton, who ordered him to be sent to the hospital. The hospital authorities refused to receive him because he was deranged, and he was removed to an insane asylum, where he died, and was buried at the expense of the city of New Orleans."

A COLLISION.—Two peach trains collided at New Castle on Thursday evening of last week, breaking up four cars and spoiling a locomotive. It appears that both trains were running within ten minutes of each other, and had directions to make Wilmington at a certain time if they could. The first train, on reaching New Castle, finding it could not get through in time, was running back on the siding to make way for the down passenger train, when the other freight trains, with orders to run through without stopping at New Castle, came up the road and round the curve at full speed and cut the first train in two at the switch. Fortunately no person was hurt. The locomotive of the advancing train is badly wrecked and four cars of the other reduced to splinters.

SNOW STORM IN NEW YORK STATE.—The Dunkirk (Chautauqua county, New York,) Journal is the source of the following item:

"We have, on credible authority, the statement that snow fell in the southern portion of the Casadaga valley, in this county, on the night of the 21st of July, 1871, to the depth of six inches or more. We are told that the crops in the vicinity of Levant have been thereby greatly damaged, and some of them entirely destroyed. Captain Smith, of the D., W. and P. railroad, reported snow in the Casadaga valley at 7 o'clock on Saturday morning, 22d, at an inch or more. The snow fell in the village of Forestville on the morning of the 21st so generously that the boys in the streets snow-balled with each other for full fifteen minutes."

COMMUNISTS VS. INDIANS.—The scheme for the transportation of Paris Communist prisoners to Arizona is really to be carried out. At first we were opposed to it, says the New York *Commercial Advertiser*, but now we ain't. These bloodthirsty Frenchmen will serve an excellent purpose in Arizona. Some time or other they will get acquainted with the Apaches. A common instinct will make them friends till "ye gentle savage" taking advantage thereof, surprises and butchers a few hundred of them, when the Reds will rise and go for ye dusky children of Arizona, and that will be the last of the Apaches. We are not quite certain, however, that the process might not be reversed. These gentlemen of the Paris gutters did not show such extraordinary fighting qualities as to insure their whipping the Indians.

THE PROSPECT OF REVENUE REFORM.—A correspondent of the New York Journal of Commerce asks that paper what chance there is for a change in the tariff at the next session of Congress. The same question is frequently asked in business circles. The Journal's answer to its correspondent is "that the revenue reformers are pledged to agitate, but of themselves they cannot carry any measure without aid. The republicans will talk on both sides, but a majority will defeat any practical measure that may be presented."

THE TAX AND MANUFACTURE OF MATCHES.—The revenue derived from the sale of stamps for matches amounted to over $2,600,000 last year. Those who manufacture matches on a small scale have not been able to retain their credit, owing to their failure last year to reduce the tax, and failures in business are frequent. The leading men engaged in this branch of industry are opposed to any reduction, as it is said that it creates a monopoly for them, and consequently they will work against every effort of the small dealers in their attempts to reduce the tax.

THE Taxes collected in Texas for the support of the State government in 1860 are given as $454,804. In 1867, under the Andy Johnson restoration of civil government, they were $344,208. For this year, 1871, the assessments are $5,837,953! In 1860 the tax rate was 12½ cents per $100; in 1867 it was 15 cents, and now it is $2 25. This exhibit moves a paper published in the region afflicted to observe: "The patience of the Southern people is a marvel in the history of oppression."

THE people of Rhode Island are happy in consequence of the appearance in their waters of that excellent fish, the bonita. This fish is esteemed superior to the Spanish mackerel, and nearly equal in flavor to the salmon. It has not been known in Rhode Island waters until recently; now it is so plentiful that it is sold in the Providence fish markets at twenty cents per pound.

THE BATTLE MONTH.—One year has brought us round again to the time when the war began which determined the destinies of France and the Bonapartes, and August will always be remembered as one of the most eventful months in their history. On the 28th of July, a year ago, Eugenie was regent of France; Napoleon and his army were marching for the Rhine, flushed with anticipated victory. Less than a week later, says the *Commercial Advertiser*, the battle of Saarbruck opened the campaign, and "baptized Louis with fire." Two days more, and the Prussians invaded France. Another day, and Weissembourg was fought. The day after the great battle at Woerth. And now the Germans, who, with a million voices, had been chanting their resolve to "watch by the Rhine," found there was no need, for the Rhine no longer needed watching. Three days later they had laid siege to Strasburg, and were marching through Alsace. Then came the battle near Longneville. Then the bloody struggle around Thionville, and then the three days' fighting before the impassable ramparts of Metz. Then the Prussian Uhlans spread like devouring locusts over the fertile valleys of Lorraine. Eight days more, and they swarmed in the vineyards of Champagne, and crushed the French with new defeats at Vitry and Verdun. Two days later, at Beaumont. The next day, fresh disasters at Bazeilles and Courcelles closed the record of August. On the first of September came the memorable battle of Sedan. Another day, and the Emperor was a prisoner, and McMahon's army surrendered. The night of the day following the Empress was in flight from Paris. The dawn of the next morning ushered in the Republic. Seldom, even in the "Hundred Days," of the First Napoleon, have historic events followed each other in such rapid sequence as in this memorable month.

THE remains of Major HENRY C. Wharton, son of Mrs. E. G. Wharton, now confined in the Baltimore City Jail on the charge of poisoning, were disinterred at Norristown, Pa., on Saturday, by direction of the authorities of Baltimore.—The stomach and intestines were removed, and brought to Baltimore to be analyzed by Professor Aiken.

SOCIAL philosophers in England are becoming alarmed over the growing excess of females over males in the population. Ten years ago the overplus of women amounted to half a million, while according to the census, lately completed, there are nearly a million more women than men in the country.

THE British Government has appointed Mr. Russell Guerney arbitrator under the Treoty of Washington. Judge Frazier, of Indiana, is the representative of the United States, and a third member of the Board is yet to be appointed conjointly.

A DETROIT merchant received a check for $9,000 from a penitent deaulter.—The amount due being only $8,050, he gratefully made change with a check for the balance, and indulged in profane swearing when he found the next day that the original check was worthless.

Debility and Emaciation

Both result from the lack of ability to convert the food into nutriment. How necessary, then, for those suffering from these alarming symptoms to immediately resort to a remedy that will strengthen the stomach and digestive organs. For, as soon as this desirable object has been accomplished the health improves, and the patient resumes his usual personal appearance. Hostetter's Stomach Bitters have attained a world-wide popularity in such cases, and have been proven the best and safest means of removing constipation, toning the stomach, giving energy to the liver, and relieving every symptom of nervousness and depression of spirits. Its cheering and beneficial effects are highly spoken of by thousands, who owe to it their restoration to health. No restorative in the annals of medicine has attained the same popularity in the short space of time it has been before the public, or has won the high endorsements accorded to this excellent tonic. Many other preparations, purporting to be correctives and restoratives, have been introduced, and have perished one by one, while the popularity of Hostetter's Stomach Bitters continues to increase, and is now recognized as a standard household medicine. The success which attends the use of the Bitters evinces at once its virtues in all cases of debility and disease of the stomach. Certificates, almost without number, have been published, attesting its truly miraculous power in removing those painful and fearful diseases. And at this time it seems idle to do more than call attention to the great remedy of the age, in order to awaken public attention to its excellence. It is the only preparation of the kind that is reliable in all cases, and it is therefore worthy of the consideration of the afflicted.

VINEGAR BITTERS

J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists and Gen. Ag'ts, San Francisco, Cal., and 32 & 34 Commerce St. N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile **Fancy Drink,** Made of **Poor Rum, Whiskey, Proof Spirits and Refuse Liquors,** doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the Tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these **Bitters** have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequaled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Sold by all Druggists and Dealers.

Cultivator Teeth! Cultivator Teeth!

WE offer to the Farmers of Kent and the adjoining counties our well-known

Cultivator Teeth.

which have been used for some years with entire satisfaction. They have stood the test, and are considered far superior to the old three-cornered teeth. The old teeth always wear round and blunt, and have no point, while our tooth wears to a point. Their regular crook from the frame to the point makes them draw to the ground and run deep, while they run close to the plant without covering it up.

They are Made of the Best Steel,

and can be bought as cheap here as elsewhere, having reduced the price on them as on the rest of our work.

OUR CULTIVATORS

are of greater length, which makes them run steadier than other Cultivators.

BLACKSMITHING, &c.

We do Blacksmithing in all its branches—Carriage and Machine Smithing—Repairing Reapers and Machines of all kinds.

WHEELWRIGHTING done at reduced prices, with seasoned lumber. Farm, Peach and Express Wagons and Dearborns made to order. Everything needful for the farm.

Orders by mail promptly attended to.

A CARD
To the Farmers of Kent Co.

THE subscriber takes this method to inform all persons interested, that he intends to locate himself in the city of

PHILADELPHIA

for the purpose of opening a

General Produce Commission House

for the sale of Farm Produce and other Merchandise. He hopes to receive the patronage of the Farmers of Kent by making it their interest to send him their produce to sell.

Special attention will be given to the sale of

FRUIT IN ALL ITS VARIETIES.

As a ground for confidence that an honest and just return will be made to the owner, of all proceeds from sales of Produce sent to him, he refers to his past life among you.
