Temperance in Caroline County.

[From the Denton Journal.]

We shall exceedingly regret if in the performance of what we believe to be our duty, we shall say anything that will admit of an unfriendly construction to the temperance cause. Our space will allow us to say but very little, but we feel called upon to warn our readers who have this noble and great cause at heart, from thoughtlessly and foolishly placing themselves in a wrong and false position. The Temperance Convention that met in the M. E. Church, in this place, on Tuesday last, among other resolutions, passed the following, viz:

"*Resolved*, That the temperance cause demands that a committee be appointed to ascertain how many voters there are in the county that will pledge themselves to lay aside all political prejudices and vote only for candidates for office pledged to local option."

A committee of three, consisting of J. H. Emerson, Colonel R. C. Carter and Henry Blackiston, were selected to appoint sub-committes in each School District in the county to carry out the object of the above resolution. Whether or not the committee intends to serve and carry out the programme, as laid down, we are not advised. Be that as it may, we feel called upon to declare, in our opinion, the above resolution to be wrong in letter and in spirit, and to deny that the "temperance cause demands" any such an enrollment act or slavish pledges. The proposition, viewed in proper light, if made seriously to any respectable, intelligent man, is not far from insulting. When its best and most zealous friends, not only in this State, but throughout the country, are divided as regards the best mode of bringing about the desired reform—some in favor of one thing and some of another, and many opposed to all political intermeddling at all, the voters of Caroline county are to be visited by some committee or a member of a committee, and are to be asked and begged to pledge themselves to vote for any candidates pledged to secure local option, regardless of past or present political differences, and also regardless of the veracity, fitness, condition, color, merit or qualifications of the candidates, and regardless of any change that may thereafter take place in their minds. After this pledge, remember you are not to have the benefit of any future light, information or knowledge, for you have solemnly pledged, in the sight of high Heaven and man, to these enrolling masters that, whether right or wrong, you will do what you promised and pledged to do. That is what it amounts to. Does any man of self-respect and ordinary intelligence propose to place himself by a solemn pledge in this embarrassing and slavish position? We hope not, and believe not. We do not wish to wound the feelings of any one, or to injure in any way the temperance cause. We have no doubt that these gentlemen mean well, and that in their zeal they have taken this mistaken step. We hope that the temperance cause may not be injured by such indiscreet friends, who seem, we think, more wedded to a certain political movement in this matter than to the important and momentous question of *temperance reform*.

THE Denton *American Union* says the Grand Jury of Caroline county has entered fully into the investigation of the subject of drinking houses violating the license laws of the State, by selling liquor to minors, and at hours when forbidden by law, and on the Sabbath day, and by either selling or giving it away on the days of election, and a presentment has been found against nearly all of them.—We give the Grand Jury great credit for the faithful discharge of their duties, and they should receive the encouragement and assistance of every good and virtuous citizen of the county, for having the courage and the boldness to do what former Grand Jurors should have done years ago.

THE following extract from a letter to the *Easton Star* is as full of meaning to us as to the citizens of Talbot:

MR. EDITOR.—In the great seclusion of my country home my thoughts often recur to subjects and matters of public or political character in which I feel at all times a very deep and absorbing interest, and more especially am I always solicitous in regard to those which more directly affect our own domestic and local affairs.—I address you therefore upon this occasion with a desire of calling your attention and that of my fellow citizens of the Democratic party throughout the county, to a few brief, but vitally important facts and considerations which in my humble judgment are now of paramount necesity, and can not possibly be longer slighted or neglected without seriously imperiling the character as well as the very existance of the good old party to which we both belong, and which I now regard as the sole and only guardian of the rights and liberties, the prosperity and happiness of the good people of this community.

I can not imagine a greater or more appalling calamity that could possibly befall or afflict our people, than the triumph of the Radical Republican party in the local elections which are to occur next fall, when all of our county offices are to be filled and our representatives in both branches of the Legislature are to be chosen. A party originating in sectional hatred and animosity, which has grown and strengthened upon the blood and plunder of its countrymen, which ignores all law and overrides all constitutional barriers, when in the way of its selfish and tyrannical purposes and which now stands out before the country and the world steeped in villainy and wreaking in corruption, is not the party to be entrusted with the governmental functions of a free people either in their national or municipal affairs, and its accession to place and power, as too many of our sister States and communities have discovered to their sorrow, can not be otherwis regarded than as a public evil and misfortune. Would it not be right and proper, sir, the part of sound wisdom as well as true patriotism, to do everything in our power to ensure, as far as possible, our escape from so great a misfortune and to secure the administration of our local affairs in the hands of our tried and true old party with whom the love of liberty is an inherent principal and the protection of human rights and popular freedom the aim and object of its existance.

THE VANDERBILT METHODIST UNIVERSITY.—A good deal of rivalry has been displayed in Tennessee in regard to the location of the Methodist University, so liberally endowed by Commodore Vanderbilt, which has been quieted by the official announcement that Mr. Vanderbilt desires it to be located at Nashville. The only questions to be settled now are whether it shall be erected in the city, on the edge of the city, or a mile from the city. It is expected that the city will purchase the ground for its erection, which will cost about $75,000. It is also stated that the university when completed will accomodate at least 1,000 pupils.

EXCITEMENT AMONG THE OYSTER DREDGERS.—Since the publication of the letter of Comptroller Woolford, giving the opinion that the informer is entitled to one-half the fine imposed on dredgers for violating the Fishery law, the business of presenting offenders has been very lively in and about St. Michael's. It is alleged that notwithstanding the Eastern Bay and Miles River are forbiden grounds, during the past winter the dredgers have worked the oyster beds in those waters as thoroughly as they have upon those open to them in the Chesepeake bay. The result is that within the last few weeks, some sixty or seventy of them have been presented for violating the law.

Many of the vessels that have been presented have not yet been captured, but a notice has been served on the owners to appear and answer. Last Thursday was the day appointed for a hearing of about sixty of these cases at St. Micheal's, before Justice Haddaway. The owners of the vessles had retained James A. L. McClur, Esq., of Baltimore Bar, and A. A. Townsend, Esq., of the Easton Bar, to defend them. Mr. McClur is Mr. Townsend's partner in all of his Baltimore business. Mr. Gibson appears for the State. The attorneys appeared before Justice Haddaway on Thursday, but the cases not being ready for trial were postpond until next Friday.

It having been reported that a party of roughs from Baltimore was to be in St. Michaels on Thursday, Sheriff Sparks sumoned a posse to preserve order; but the report proved false, and the military was ordered to attack a big oyster dinner instead of the expected enemy. We understand the breastworks were carried in handsome style, the gallant Captain bringing up the rear. After the postponement Justice Seth tried two or three St. Micheal's cases, finding the parties an aggregate of $600. Several Somerset cases were tried on Sasurday, Messrs. McClure and Townsend, and Hon. Wm. S. Waters, of Baltimore, appearing for the accused, the State's Attorney prosecuting. Some were acquitted, some fined, and some took an appeal.

We have not the names of the parties or the numbers of the vessles, except 519, which was acquitted. The cases were tried before Justice Haddaway and Warren. Mr. McClure's speech before the Justice is reported as a very able and exhaustive argument on his side of the questions at issue. As the parties will all be at St. Michaels at the time appointed, next Friday will be a regular field day in that town. Captain Tiunmons, with the Fishery Police boat, was presen, and an examination was made in the steamer on Thursday to ascertain if the alleged violations of the law were committed within the bounds of Talbot county. There will be a number of very nice points of law raised in the trial of the cases on Friday.—*Easton Star.*

HOW A GYMNAST SAVED HIS NECK.—At a Louisville break-neck performance, by the Leslie brothers, the other day, one of them had a very narrow escape. The three brothers were 40 or 50 feet above the floor on the trapeze, one of them hanging by his feet to the bar, and holding the hand of another brother, who hung suspended by them. The latter was to turn a sumersalt in the air, while in this position, throwing his feet upward, which his brother in turn was to sieze, and a most extraordinary feat would have been accomplished. But Lew Leslie, the one in question, miscalculated the distance, or the other brother missed his hold, and only one foot was caught. Unable to hold by one hand alone, the brother next to the trapeze was obliged to relinquished his grasp, and young Leslie fell headlong almost to the floor but not quite—for when within less than a dozen feet of the hard flooring, by an almost superhuman effort, he turned a sumersalt in the air and reached the floor on both feet, unharmed. The audiance had held its breath in dreadful suspense, and rose almost as one man to greet the successful issue of the dangerous fall with rapturous cheering, after which "Lew" continued the performance.

CONVICTED AND SENTENCED.—Jos. Burton, alias Green, who committed a rape recently upon Miss Hannah M. Lake, not yet fourteen years of age, was tried at Georgetown, Del., on the 19th inst., convicted and sentenced to be hung on the 28th of June.

A Fragrant Breath and Pearly Teeth are easily attained, and those who fail to avail themselves of the means, should not complain when accused of gross neglect. The SOZODONT will speedily eradicate the cause of a foul breath, beautifying and preserving the teeth to the oldest age.

The Thoroughbred Stallion LEGATEE

HAS commenced his Spring season. All breeders agree in the superiority of thoroughbred males over those which are not.

"LEGATEE" is a blood bay, six years old, very compactly built, gentle and kind everywhere, having been driven in various ways, powerfully strong, healthy and sound, and as pretty as a picture; very much resembling his sire, the renowned LEXINGTON, whose character and form none dared to criticise, and whose performances are without a parallel in the annals of the turf.

"Legatee" was got by LEXINGTON, he by BOSTON out of ALICE CARNEAL by IMPORTED SARPEDON. "Legatee's" dam was LEVITY (RURIC'S DAM) by IMPORTED TRUSTEE. The rest of his pedigree is traced in an unbroken line through the most notables in the country, to CULLEN'S ARABIAN, imported by General Spotswood.

He has one of the richest pedigrees in the country. To say nothing of Legatee's ancestry on his sire's side, such world renowned horses as LEXINGTON, BOSTON and SARPEDON, his dam's family is one of the most prized in the U. S., having produced such celebrated horses as RURIC, VANDAL, his brother ALERIC, and the present famous horses owned by Mr. Sanford of New York. MONARCHIST and SALINA, both of whom are by LEGATEE'S sire out of HALF SISTERS TO LEGATEE, who were by IMPORTED GLENCO out of LEVITY, LEGATEE'S DAM!!

Legatee has run and won several four mile heats and repeat, among which was the CELEBRATED RESTORATION STAKES, (purse $5,000.00) at Long Branch, easily beating TWENTY ENTRIES, and among them several celebrated and frequent winners upon other occasions.

The *Turf, Field and Farm*, in its issue of January, 1872, spoke of "Legatee" in the highest terms of praise and regarded him as one of the VERY BEST HORSES IN AMERICA.

He has proved himself to be a sure foal getter, and has attracted attention and admiration wherever he has gone.

Ex-Governor Bowie and General Howard, of the Western Shore, and John Cochran of Delaware, have bred their best mares to 'Legatee,' and in our own county, Dr. Whaland, Dr. Price, R. Hynson, Esq., John Brice, Col. Geo. W. Spencer, Capt. J. T. Skirven, Alex. Kennedy, James Hurtt, and other acknowledged horsemen and *owners of good Stallions*, have bred and are breeding to him.

Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*

THE
Howe Machine
COMPANY

Are now able from their increased facilities for manufacture to offer their

IMPROVED SEWING MACHINES,
ON THE MOST ADVANTAGEOUS TERMS.

They are now manufacturing
SIX HUNDRED DAILY.
During the past six years they have manufactured and sold
400,000
which attests the great popularity of this unequalled machine. Until the year 1865

ELIAS HOWE, Jr.
THE ORIGINAL INVENTOR OF
SEWING MACHINES,

Did not compete with Companies who were paying him royalty for the use of his patents. At that time he commenced manufacturing and put the genius which invented the Sewing Machine, the experience learned from the failures of other manufacturers, and the experience of a long life as a practical mechanic into the

HOWE MACHINE.

It is a noticeable fact that the
Howe Machine Co.
HAS
FOUR HUNDRED THOUSAND
of their Machines in use, although having existed but SIX YEARS, while the Company which claims to have the most in use, has only about twice that number, though having existed for TWENTY YEARS.

A. M. GUDGEN,
CHESTERTOWN,
Will sell on credit or lease on Monthly Payments, and offers such easy terms that every one can afford to have a
HOWE
SEWING MACHINE.

He will spare neither pains nor expense to give his customers complete satisfaction.

He sells at New York prices and does not charge Fifteen Dollars in advance as some rival agents are doing.
