END OF THE WHARTON-VAN NESS POISON CASE—*Abandonment of the Prosecution, &c.*—A letter from Annapolis to the Baltimore *Sun*, dated April 26, says:

In the Circuit Court for Anne Arundel county this morning, the series of celebrated Wharton poison trials came to a quiet and unobtrusive end by a "stet," entered at the instance of the prosecution, in the case charging Mrs. Wharton with attempting to murder Mr. Eugene Van Ness, of Baltimore, by poison. This action on the part of the State was anticipated at the time of the disagreement of the jury. It was known definitely a week or so ago that this would be the course of the State in this case, and therefore the announcement created no surprise to the very few who were present, when the State's attorney practically abandoned the prosecution. The proceedings were as follows:

Mr. Revel, State's attorney for Anne Arundel county, said: "In the case of the State vs. Elizabeth Wharton, indicted for an attempt to poison Eugene Van Ness, I propose, with the permission of your honors, to enter a stet, and inasmuch as the case has gained great notoriety in this State and elsewhere, and been regarded with much interest, I desire to briefly state the reasons which have impelled this course. As is well known, Mrs. Wharton was tried at the October term, 1871, of this court, for the murder of Gen. Ketchum, and, after a most protracted and exhaustive trial, lasting nearly two months, the prisoner was acquitted by a jury of her country, the trial entailing great cost to the city of Baltimore, and bankruptcy, as I am credibly informed, to the accused. Again she was tried for the attempt on Mr. Van Ness's life, and the jury, after another long trial, failed to agree, and were discharged. The case is therefore to be tried over, continued, removed or stetted. If tried in this county, I very much doubt whether any other result will be attained than at the last trial; if continued, no good could result; if removed, the State's officers would be required, under the act of 1868, to make affidavit that justice cannot be done the same in Anne Arundel county, an affidavit which I am not prepared to make. I have, therefore, concluded, under all the circumstances, after deliberation and counsel, to enter a stet, which is done with the knowledge and assent of the State's officers for the city of Baltimore, and also of the honorable attorney-general."

The Court said: "Mr. Clerk, enter the stet."

There were few in the court-room at the time of Mr. Revel's remarks, and there were no remarks or excitement of any kind. Mrs. Wharton is in Philadelphia, and has been duly informed of the "stet."

A MAN SHOT AND KILLED—*A Distressing Occurrence.*—On Saturday morning, about 8 o'clock, a man man named Andrew J. Crow was accidentally shot and killed at Henry Crey's saloon, East Madison street, by Mr. Crey's barkeeper, a young man aged twenty-two, named Jno. Bell. It seems that Bell playfully pointed the gun at Crow, thinking it would not go off as it had no cap on it, and saying jocosely, "Crow, I am going to shoot you," fired, the shot striking Crow in the left eye. After being shot Crow never moved from his seat nor spoke. Bell immediately thereafter, upon the advice of Mr. Crey, repaired to the middle district police station house, and gave himself into the hands of Capt. Mitchell. He had always been on the very best terms with Crow, who has lived at Mr. Crey's for the last three or four months, and who has been almost constantly engaged in teaching Bell to read and write. Bell, though 22 years of age, is very illiterate. Crow was a man of about fifty years of age, and was a native of Cecil county. Bell seems to be very much distressed at the sad occurrence, and says he felt sure that the gun was not loaded, from the fact that he had snapped it two or three times on the day before at pigeons flying over the Falls, without its going off. An inquest was held, and the jury returned a verdict of accidental shooting, and Bell was discharged from custody. The body was taken in charge by Mr. Crow's brother, who came down from Elkton on Saturday.—*Balto. Sun.*

ANOTHER BANK FAILURE.—The Atlantic National Bank, of New York, has gone by the board, on account of the defalcation of Taintor, its Cashier. Taintor, in fact, seems to have been the bank. Erom the time that he first entered it he had complete control of its affairs. According to the story he tells, with an admirable coolness, he took its money and went with it into the street in the hope of bettering its condition by lucky speculations. It had not been a prosperous concern, and he expected to revive it through Wall street ventures. But his luck was on the wrong side of the balance sheet, and so he went deeper and deeper into stock gambling, expecting to retrieve his losses, until an intended examination of the affairs of the bank threatened him with exposure, and then he confessed all. When the shock came he acted with remarkable audacity. He is certainly net an ordinary criminal. He simply owned up to everything, told his story as smoothly as if it was a matter that did not affect him at all, and then sat down to wait until he should be arrested. He rather prides himself in not having "run off like a coward." The community also consider that such an exhibition of virtue is somewhat astonishing. But the sufferers can't be brought to see that it is any compensation for their losses. The amount is about $600,000. Depositors may be reimbuased if the stockholders can stand the pressure, which they are not likely to do.

CONVENTION OF THE KNIGHTS OF PYTHIAS.—A large number of delegates to the Supreme Lodge of the World, of the Knights of Pythias, attended the convention at Richmond, Va. The report of the Supreme Chancelior, H. C. Berry, of Chicago, shows that there are 39 grand lodges in existence, having jurisdiction in 44 States, districts and Territories, with 1,200 subordinate lodges, comprising a membership of 125,000 persons. The order was instituted in the city of Washington on the 19th day of February, 1864, and this year is, therefore, the tenth of the Pythian period. The lodges are classified as to numbers as follows: District of Columbia, 19; Peunsylvania, 395; N. Jersey, 81; Maryland, 81; Delaware, 16; New York, 76; Virginia, 27; Connecticut, 29; West Virginia, 13; Ohio, 47; Kentucky, 22; California, 21; Nebraska, 13; Indiana, 24; Massachusetts, 46; Illinois, 32; Iowa, 13; New Hampshire 15 Rhode Island, 14; Georgia, 8; Louisiana, 7; Wiscousin 11; Missouri, 28; Minnesota, 8; North Carolina, 7; South Carolina, 6; Tennessee, 12; Ontario, Canada, 10; Alabama, 8; Maine, 5; Kansas, 9; Michigan, 7. The membership in Pennsylvania is 45,000; in New Jersey, 5,610; in Maryland, 6,435; in New York, 4,101; in Ohio, 3,505; in Massachusetts, 3,517; Virginia, 2,527.

The Pith of the Matter.

The pith of the Louisiana trouble is this;—A drunken Judge, (Durell,) of a U. S. District Court, took it upon himself to decide which of two claimants to the Gubernatorial office was the rightful one—a question with which he had no more to do than the Kahn of Tartary, as it should have been decided, if judicially, by a State Court. Attorney General Williams and President Grant, in a purely partizan spirit, supported Durell and his creature Gov. Kellogg, who represents a minority of the people of Louisiana and is obnoxious to a large majority of her citizens. Gov. McEnery and his followers refused obedience to Grant's bayonet Governor, whose minions, chiefly negroes, terrorized the people of Colfax, inducted themselves into the offices, and by threats and violence drove many of the white citizens away from the parish, who fled for safety to other parts of the State. Then it was, that the citizens of adjoining parishes, hearing what had been done by the negroes at Colfax, rallied to recover the town from the possession of the negroes. A fight ensued, 150 white men against 400 negroes entrenched around and within the Court House. The beseiged blacks hung out a flag of truce, and when the white besiegers approached, under that flag of truce, the negroes treacherously fired upon them. Then came the deadly struggle in which 100 negroes are said to have been killed.

And this is termed a "massaere" by every negropholist in the land. It was no massacre to fire upon the unexpecting white men, after a flag of truce had been displayed, but when the retaliatory vengence of the whites had been provoked by such treachery, then it was "massacre." This shows how little the Kellogg government represents the people of Louisiana, a telegram from New Orleans, says:

"The impression is gaining ground that the presence of the United States troops will be required in every parish of the State to enforce obedience to the Kellogg government."

No doubt this is true, and yet President Grant will undertake, by bayonets, to foist this obnoxious government upon the people of that State.

THE LAVA BEDS.—The hundred odd square miles of territory in Northern California known as the Lava Beds, in which the Modoc Indians have entrenched themselves, is thus described by a writer in an Oregon paper: "If you can imagine a smooth, solid sheet of granite ten miles square and 500 feet thick, covering resistless mines of gunpowder, scattered at irregular intervals under it; that these mines are exploded simultaneously, rending the whole field into rectangular masses from the size of a matchbox to that of a church, heaping these masses high in some places and leaving deep chasms in others. Following the explosion, the whole thing is placed in one of Vulcan's crucibles and heated up to a point when the whole begins to fuse and run together, and the suffered to cool. The roughness of the upper surface remains as the explosion left it, while all below is honey-combed by the cracks and crevices caused by the cooling of the melted rock. From the top of one of these stone pryamids an Indian can shoot a man without even exposing a square inch of himself. He can, with due haste, load and shoot a common muzzle-loading rifle ten times before a man can climb over the rocks and chasms between the slain and the slayer. If at this terrible expense of life a force dislodges him from his cover, he has only to drop into and follow some subterranean passage with which he is familiar to gain another ambush, from whence it will cost ten more lives to dislodge him; and so on."

IMPORTANT TEMPERANCE MOVEMENT.—A correspondent of the Baltimore *Sun*, under date of Rockville, Md., April 26, says:

The proprietors of the stores at Sunshine, Unity and Laytonsville, Montgomery county, and the store at Roxbury, in Howard county, have, by mutual and voluntary agreement, determined on and after the 1st of May to discontinue the sale of ardent spirits. The names of the gentlemen who have thus made this personal sacrifice are Frederick O. Gaither, Sunshine postoffice; Charles and Hugh Townsend, Unity; George W. Moberley, Laytonsville, and Jas. E. Dorsey, Roxbury. By this action, taking Sunshine as the centre, the sale of intoxicating liquors is banished from a district of country 15 by 18 miles, including the villages of Brookeville, Mechanicsville, Sandy Spring, Brighton and Triadelphia, Montgomery county, and Roxbury and Mathew's store, in Howard county. The people of Montgomery have petitioned the court to grant no further license in the neighborhood.

SUICIDE OF A BRIDEGROOM.—Philadelphia, April 30.--Richard Pettit, attorney, residing on Eight street, near Spruce, committed suicide last evening by shooting himself thorugh the head. He was to have have been married at noon to-day to a Miss Staley. The affair causes much excitement among the friends of the parties. Pettit had been engaged to Miss Staley for nearly ten years. She had lately received a handsome estate by the will of the late Robert Baldclaugh, and everything was prepared for the marriage at At St. Mark's Church. They designed a European tour. Deceased was a son of the late Judge Pettit, and nephew of United States Naval Paymaster Richard Pettit. The lady is English, and a cousin to Bishop Staley, late of Honolulu.

SUICIDE AND LIFE INSURANCE.—The United States Supreme Court on Tuesday decided the case of the Mutual Life Insurance Company vs. Terry—a case of suicide by poison. The court holds that the facts show the reason of the deceased to have been so impaired by insanity that his suicide was not his voluntary, intelligent act. On these facts it is held that the company is liable, although the policy provided against suicide. This decision is in accord with some of the State courts, and shows that if corporations are sometimes exacting, the courts know how to decide against them, even in a case of doubt.

PROSPECTS OF A LARGE PEACH CROP.—The peach crop, which some time ago was believed to be seriously injured by the severe cold of the winter, now promises to be the largest that has been grown for several years. In the central and lower portions of the peninsula the trees have blossomed, and are literally covered with rose-tinted blossoms. The crop, however, is not beyond possible injury, for it is attended with enemies even up to maturity. Still the indications are that the crop will be an unusually large one in the districts named.--*Wilmington (Del.) Commercial.*

TALL WHEAT.—Mr. Charles H. Rider brought into our office, last Saturday, an handful of wheat, grown this year, over 35 inches tall. This wheat was raised by his father, Wm. P. Rider, on a ten acre lot on his farm in Wicomico county, and he says that the ten acres are almost level at this height. This is the tallest wheat that we have seen this season.—*Princess Anne True Marylander.*

The Thoroughbred Stallion LEGATEE

HAS commenced his Spring season. All breeders agree in the superiority of thorough-bred males over those which are not.

"LEGATEE" is a blood bay, six years old, very compactly built, gentle and kind everywhere, having been driven in various ways, powerfully strong, healthy and sound, and as pretty as a picture; very much resembling his sire, the renowned LEXINGTON, whose character and form none dared to criticise, and whose performances are without a parallel in the annals of the turf.

"Legatee" was got by LEXINGTON, he by BOSTON out of ALICE CARNEAL by IMPORTED SARPEDON. "Legatee's" dam was LEVITY (RUBIC'S DAM) by IMPORTED TRUSTEE. The rest of his pedigree is traced in an unbroken line through the most notables in the country, to CULLEN'S ARABIAN, imported by General Spotswood.

He has one of the richest pedigrees in the country. To say nothing of Legatee's ancestry on his sire's side, such world renowned horses as LEXINGTON, BOSTON and SARPEDON, his dam's family is one of the most prized in the U. S., having produced such celebrated horses as RURIC, VANDAL, his brother ALERIC, and the present famous horses owned by Mr. Sanford of New York. MONARCHIST and SALINA, both of whom are by LEGATEE'S sire out of HALF SISTERS TO LEGATEE, who were by IMPORTED GLENCO out of LEVITY, LEGATEE'S DAM!!

Legatee has run and won several four mile heats and repeat, among which was the CELEBRATED RESTORATION STAKES, (purse $5,000.00) at Long Branch, easily beating TWENTY ENTRIES, and among them several celebrated and frequent winners upon other occasions.

The *Turf, Field and Farm*, in its issue of January, 1872, spoke of "Legatee" in the highest terms of praise and regarded him as one of the VERY BEST HORSES IN AMERICA.

He has proved himself to be a sure foal getter, and has attracted attention and admiration wherever he has gone.

Ex-Governor Bowie and General Howard, of the Western Shore, and John Cochran of Delaware, have bred their best mares to 'Legatee,' and in our own county, Dr. Whaland, Dr. Price, R Hynson, Esq., John Brice, Col. Geo. W. Spencer, Capt. J. T. Skirven, Alex. Kennedy, James Hurtt, and other acknowledged horsemen and *owners of good Stallions*, have bred and are breeding to him.

A NEW EDITION OF
Dr. Culverwell's Celebrated Essay
on the *radical cure* (without medicine) of Spermatorhoea, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cts.

The celebrated author, in this admirable essay, clearly demonstrates from thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

THIS LECTURE should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid on receipt of six cents, or two postage stamps.

Also, Dr. Culverwell's "Marriage Guide," price 50 cents.

WISTAR'S BALSAM OF WILD CHERRY

THE GREAT REMEDY FOR
CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

PREPARED BY
SETH W. FOWLE & SONS, Boston, Mass.,
And sold by Druggists and Dealers generally.

THE
Howe Machine
COMPANY

Are now able from their increased facilities for manufacture to offer their

IMPROVED SEWING MACHINES,

ON THE MOST ADVANTAGEOUS TERMS.

They are now manufacturing

SIX HUNDRED DAILY.

During the past six years they have manufactured and sold

400,000

which attests the great popularity of this unequalled machine. Until the year 1865

ELIAS HOWE, Jr.
THE ORIGINAL INVENTOR OF
SEWING MACHINES,

Did not compete with Companies who were paying him royalty for the use of his patents. At that time he commenced manufacturing and put the genius which invented the Sewing Machine, the experience learned from the failures of other manufacturers, and the experience of a long life as a practical mechanic into the

HOWE MACHINE.

It is a noticeable fact that the

Howe Machine Co.
HAS
FOUR HUNDRED THOUSAND

of their Machines in use, although having existed but SIX YEARS, while the Company which claims to have the most in use, has only about twice that number, though having existed for TWENTY YEARS.

A. M. GUDGEN,
CHESTERTOWN,

Will sell on credit or lease on Monthly Payments, and offers such easy terms that every one can afford to have a

HOWE
SEWING MACHINE.

He will spare neither pains nor expense to give his customers complete satisfaction.

☞ *He sells at New York prices and does not charge Fifteen Dollars in advance as some rival agents are doing.*
