NEW BOOKS.

"THE LIGHT IN THE EAST," is the title of a very valuable religious work just published by the National Publishing Co., of Philadelphia. It is issued by them for the purpose of meeting the want, so often expressed in all parts of the country, of a popular and comprehensive religious work, suited to the masses as well as the learned, and free from sectarian bias. This want they have well supplied in the book before us, which consists of a handsome octavo volume of 850 pages, illustrated with over 200 fine engravings, by the best artists of England and America. Starting out with the Life of Christ, which is the work of the Rev. Jno. Fleetwood, the book covers an extent of ground and a range of subjects which make it an admirable library in itself, of the history of Christianity, from the earliest times. We have it in the lives of the Patriarchs of the old dispensation, and of the Apostles, the Holy Men and Women, and the Martyrs of the early Church, and the Reformers. Then follows an excellent history of the Jews from the earliest times down to the beginning of the present century; a comprehensive account of the various religious sects of ancient and modern times; and a chronological table, showing the principal events in Jewish and contemporary history.

We are sure that the work will win its way into many Christian families, where its great usefulness will make it an indispensable adjunct to a thorough religious training. It will be found especially valuable to parents and others wishing to instruct the young in the truths of religion, and in this age of skepticism and materialism, it is a fortunate circumstance that a book so popular in its character, and evidently destined to a marked success, should be so thoroughly devoted to the plain, old-fashioned truths of Christianity.

The low price at which the work is issued brings it within the reach of all classes. It is sold by subscription only, and Mr. A. J. GAILEY, who is the authorized agent for this section, is now canvassing for it.

A VERY VALUABLE WORK.

The great and growing interest which has been manifested of late years in the study of the Sacred Scriptures, by persons of all religious denominations, has led to the preparation of a number of volumes to facilitate such a course of study. The best of these is *The Illustrated History of the Bible*, by Dr. William Smith, of England, which has just been issued by the National Publishing Co., of Philadelphia.

No one who has tried to study the Sacred Narrative can fail to be aware that his greatest need is a clear, and comprehensive explanation of the historical portion of the Bible. As a matter of course, such an explanation should proceed only from one whose acknowledged abilities as a writer, and whose profound knowledge of the ancient languages and history, entitle his statements and opinions to unqualified belief. Such a man is Dr. Wm. Smith; the fame of whose learning and intimate knowledge of sacred and classical history is world-wide. There is, perhaps, no more profound Biblical and Oriental scholar now living, and in addition to this distinction he enjoys the rare honor of possessing the perfect confidence of all religious denominations, by all of whom he is regarded as a thoroughly reliable, conscientious and impartial writer. His "Dictionary of the Bible" reached the enormous sale of over 250,000 copies in the United States alone.

The work before us bears abundant evidence of the genius of its author. It is written in a clear, forcible and brilliant style, and abounds in that particular kind of information which the great mass of Bible readers most need. Few, even constant readers of the Bible, know what a world of romance, beauty, stirring interest and profound dramatic action there is in the Holy Book. This history fully develops these, and carries us from the creation of the world to the death of St. John the Evangelist, with an interest that never flags.

One of the great merits of this work is, that it comprises in one large volume that which is usually spread through a good many books, and it will be found especially valuable to parents and others wishing to instruct the young in the truths of religion.

The work is comprised in one large, handsome octavo volume, of 1105 pages, and illustrated with over 250 fine engravings, maps, etc. It is the most valuable religious work of the day, and must of necessity meet with a very large sale. It is emphatically a *great* book, and should be in every household. The price is very low, considering its size and value. It is for sale by subscription only, and Mr. S. GEORGE NEAL, who is the authorized agent for this section, is now convassing for it.

THE BALTIMORE GAZETTE.—In the number of this journal of Saturday last the retirement of Mr. Henry Taylor as one of its publishers is announced, the pressing care, it is stated, of a large business with which his name has been connected for over thirty years having warned him that he could not give proper attention to the Gazette. Mr. Charles J. Baker, well known in business circles in this city as a merchant and manufacturer of integrity and enterprise, succeeds to Mr. Taylor's interests in the paper, and the firm now consists of Messrs. Wm. H. Welsh, Chas. J. Baker and Wm. H. Carpenter, under the style and title of Welsh, Baker & Co. The publishers announce a programme for the future which indicates a determination to keep abreast with the spirit of the day in journalism. On the 19th instant the paper is to be slightly enlarged and changed to the quarto form of eight pages. As regards its general course, it is declared that the Gazette "will consistently advocate democratic principles"—as heretofore—but "it will be under the control of no cliques. It will not admit the right of any one to dictate its policy. It will utter its own opinions. It will denounce wrong," &c., "withholding scandal as well as exposing public vices." The policy thus declared is independent, as it should be, and must in its general results, when carried out, inure to the highest benefit to the community, and render the Gazette worthy of all success, which we sincerely hope it will ever enjoy.—*Balt. Sun.*

A CURIOSITY.—Last Saturday Mr. Richard Marshall of Pea Neck, left at our office two eggs which were marked in a peculiar manner. On one of the eggs was the word "Army" in very distinct characters; on the other were several figures which we could not understand. The engraving, or whatever it may be called, is inside as well as outside the shell, and by holding them in the sun they look clear and many curious things can be seen.—Mr. M. has several eggs of the same kind, he keeps to look at.—*St. Michael's Comet.*

WHO ARE ENTITLED TO PENSIONS.—Among the provisions of the new pension act are the following:

"All persons who have lost a leg above the knee, and are so disabled thereby that they cannot use an artificial limb, shall be rated in the second class, and receive twenty-four dollars per month. All persons having lost the hearing of both ears, to receive thirteen dollars per month. Section five provides that the rate of eighteen dollars per month may be proportionately decided for any degree of disability established for which the second section makes no provisions. The new law also adds two years to the limitations under which claims may be established.

IT will be remembered that the same law which gave each Senator and Representative $5,000 extra, gave also the President $100,000. If it was wrong for Congressmen to vote themselves pay for services never rendered, how much more guilty was the President to sign a bill which gave him $25,000 extra, annually, for the next four years. Many of the Republican journals denounce the act as an outrage, but are quite silent in regard to the act of the President, who had it in his power to veto the bill, which evidently would not have received a two-third vote in either branch of Congress.

STILL ANOTHER RAILROAD PROJECT THAT IS PROMISED "SURE."—The Delaware Legislature granted a charter for the "*Baltimore, Chesapeake, & Delaware Bay Road.*" This road is to succeed the old Harrington and Queenstown road, and commencing at Harrington run across the Peninsula to Kent Island, twenty-five miles from Baltimore. The route from Harrington to its western terminus on Kent Island is forty miles, and twenty-five thence to Baltimore by steamer, making the whole distance from Harrington to Baltimore sixty-five miles or three and one-half hours. This brings Baltimore as near to Harrington as to Wilmington, and Harrington as near to Baltimore as Wilmington is. This road, the Milford *News* is assured by capitalists interested, will be speedily constructed, as the capital stock necessary to its organization is already subscribed and the meeting of stockholders for organization was held in Baltimore on last week. When this road is completed a well known New York steamship company, the *News* says, have already agreed to put on a daily line of firstclass steamers, specially adapted to transportation of fruit and such other freights as these lines will supply.

AN APRIL SNOW STORM.—According to a dispatch from Lincoln, Nebraska, the recent snow storm in that State was "the most severe ever known," even there, and caused loss of human life. Men were frozen within two rods of their houses, while trying to reach their stock to feed them. During the terrible three days of the storm people kept in their beds, or sought refuge in the cellars. Many houses were blown down, or partly demolished and filled with snow. There was great destruction of cattle and horses, some farmers losing all they possessed. One farmer lost a heard of seventy-five cattle.—On the railroads "the gullies were filled with snow as hard as ice," and "snow plows were useless."

OYSTER POLICE FORCE.—Captain Timmons, Commander of the Oyster Police, in his last monthly report states that eighty-eight boats were fined in the last two months for violating the oyster laws of the State, amounting to $4,734.65.—There were five other boats arrested, but were found not guilty. He further complains that, "with the large number of places to guard, and only three boats to do the guarding, it is next to an impossibility to keep six hundred and twenty dredging vessels in their proper places; and while many violate the laws intentionally, others do it ignorantly. The lines for the points and shores of the bay that are exempted by law from being dredged are very indefinite, to say the least of it, and partially imaginary."

A CARD

To my Fellow-Citizens of Kent County:

I am induced by many considerations to announce myself to you as an INDEPENDENT CANDIDATE FOR THE HOUSE OF DELEGATES of Maryland. There is no reason why labor should not be represented in the State Legislature by one of her own sons and not always by a gentleman of property.—I am not ashamed to be the poor man's candidate. I am opposed to all cliques, rings and conventions, by means of which the few rule the many, taking care to provide office and emolument for themselves to the exclusion of the rank and file. I am against all party machinery and trickery, and am not a caucus candidate, but simply ask and hope for the support of all independent men.

I am your ob't servant,

BALTIMORE, Dec. 10th, 1872.

Mr. C. P. KNIGHT—Dear Sir:—It affords me much pleasure to say to you that the Bradley's Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe, in durability.

More than twelve months since I painted the roof of my Hotel (Mansion House) with the Bradley's Patent Enamel Paint, and I was so well pleased with it I determined to paint the outside of the Hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I will say if this testimonial will be any advantage to you, you are at liberty to use it. Yours, most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, corner Fayette and St. Paul streets, Baltimore.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than any other paint and is freer from disagreeable odor. Yours, respectfully,

JOHN WETHERED.

THE PLAINS, Fauquier County, Va., February 6th, 1873.

C. P. KNIGHT—Dear Sir:—The Paint came safely to hand, as ordered, two kegs, five gallons each, and three buckets, one gallon each. As practice was slack I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five ($65) dollars by the operation, which is an item just now with Southern people." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people in excellency of material, in beauty of color, and the fact of its being "Ready Mixed," that I give you free permission (if it is desirable to you,) to make what use you think proper of this letter.

Very truly, S. McGILL, M. D.

Pleasantville, Harford Co., Md.

C. P. Knight—Dear Sir:—I am happy to inform you that your Patent Enamel Paint has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other. Very respectfully,

R. DICKEY, M. D.

Belair, March 3d, 1873.

Mr. C. P. Knight—Dear Sir:—I have been using, since last Spring, Bradley's Patent Enamel Paint, and am happy to say that it gives entire satisfaction wherever I have used it, and to parties to whom I have furnished it for other painters to use. Mr. John I. Street, who I furnished with the paint last Fall, says if his name is of any use you can use it with pleasure in recommending so good a paint. S. H. Montague, Painter, agrees with me as to the durability of your most excellent Paint. I hope that those who have painting to do, will look to their advantage and apply Bradley's Patent Enamel Paint, which is the most durable Paint now in use. It holds its gloss longer than any other Paint that I have ever used.

Yours truly, E. C. GARRETTSON,
Belair, Harford county, Md.

Baltimore, Sept. 30th, 1872.

C. P. KNIGHT, Esq.—Dear Sir:—I have had the Bradley's Patent Enamel Paint, which I purchased from you, used inside and outside both at my dwelling and store for two seasons. It gives me great pleasure to be able to say it comes fully up to your recommendations in facility of use, economy, durability and beauty.

Yours, truly, THOS. J. IRVING,
of T. J. Irving & Co.,
158 West Baltimore St.

Baltimore, December 27th, 1871.

C. P. Knight, Esq.,
Ag't for Bradley's Patent Enamel Paint:

Dear Sir:—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering quality is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.

Very respectfully,
EMMART & QUARTLEY,
216 W. Baltimore st., House, Sign and Fresco Painters.

Chambersburg, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:

The paints we received from you have been applied to several of our own buildings, and to those of our friends, and have given satisfaction in covering qualities, in gloss and in adaptability to all kinds of surface or material, and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties or painters to mix and furnish materials, wherein we have found the most deception.

Yours, truly,
JACOB STOUFFER & SON.

The Thoroughbred Stallion LEGATEE

HAS commenced his Spring season. All breeders agree in the superiority of thorough-bred males over those which are not.

"LEGATEE" is a blood bay, six years old, very compactly built, gentle and kind everywhere, having been driven in various ways, powerfully strong, healthy and sound, and as pretty as a picture: very much resembling his sire, the renowned LEXINGTON, whose character and form none dared to criticise, and whose performances are without a parallel in the annals of the turf.

"Legatee" was got by LEXINGTON, he by BOSTON out of ALICE CARNEAL by IMPORTED SARPEDON. "Legatee's" dam was LEVITY (RURIC'S DAM) by IMPORTED TRUSTEE. The rest of his pedigree is traced in an unbroken line through the most notables in the country, to CULLEN'S ARABIAN, imported by General Spotswood.

He has one of the richest pedigrees in the country. To say nothing of Legatee's ancestry on his sire's side, such world renowned horses as LEXINGTON, BOSTON and SARPEDON, his dam's family is one of the most prized in the U. S., having produced such celebrated horses as RURIC, VANDAL, his brother ALERIC, and the present famous horses owned by Mr. Sanford of New York. MONARCHIST and SALINA, both of whom are by LEGATEE'S sire out of HALF SISTERS TO LEGATEE, who were by IMPORTED GLENCO out of LEVITY, LEGATEE'S DAM!!

Legatee has run and won several four mile heats and repeat, among which was the CELEBRATED RESTORATION STAKES, (purse $5,000.00) at Long Branch, easily beating TWENTY ENTRIES, and among them several celebrated and frequent winners upon other occasions.

The *Turf, Field and Farm*, in its issue of January, 1872, spoke of "Legatee" in the highest terms of praise and regarded him as one of the VERY BEST HORSES IN AMERICA.

He has proved himself to be a sure foal getter, and has attracted attention and admiration wherever he has gone.

Ex-Governor Bowie and General Howard, of the Western Shore, and John Cochran of Delaware, have bred their best mares to 'Legatee,' and in our own county, Dr. Whaland, Dr. Price, R. Hynson, Esq., John Brice, Col. Geo. W. Spencer, Capt. J. T. Skirven, Alex. Kennedy, James Hurtt, and other acknowledged horsemen and *owners of good Stallions*, have bred and are breeding to him.

MANHOOD:

HOW LOST, HOW RESTORED!

JUST PUBLISHED

A NEW EDITION OF

Dr. Culverwell's Celebrated Essay

on the *radical cure* (without medicine) of Spermatorhoea, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cts.

The celebrated author, in this admirable essay, clearly demonstrates from thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

THIS LECTURE should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid on receipt of six cents, or two postage stamps.

Also, Dr. Culverwell's "Marriage Guide," price 50 cents.

THE

Howe Machine COMPANY

Are now able from their increased facilities for manufacture to offer their

IMPROVED SEWING MACHINES,

ON THE MOST ADVANTAGEOUS TERMS.

They are now manufacturing

SIX HUNDRED DAILY.

During the past six years they have manufactured and sold

400,000

which attests the great popularity of this unequalled machine. Until the year 1865

ELIAS HOWE, Jr.

THE ORIGINAL INVENTOR OF

SEWING MACHINES,

Did not compete with Companies who were paying him royalty for the use of his patents. At that time he commenced manufacturing and put the genius which invented the Sewing Machine, the experience learned from the failures of other manufacturers, and the experience of a long life as a practical mechanic into the

HOWE MACHINE.

It is a noticeable fact that the

Howe Machine Co.

HAS

FOUR HUNDRED THOUSAND

of their Machines in use, although having existed but SIX YEARS, while the Company which claims to have the most in use, has only about twice that number, though having existed for TWENTY YEARS.

A. M. GUDGEN,

CHESTERTOWN,

Will sell on credit or lease on Monthly Payments, and offers such easy terms that every one can afford to have a

HOWE SEWING MACHINE.

He will spare neither pains nor expense to give his customers complete satisfaction.

☞ *He sells at New York prices and does not charge Fifteen Dollars in advance as some rival agents are doing.*

Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*

Ayer's

Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, fallen hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning grey or falling
