The Kent News.

SATURDAY - - - - JUNE 7, 1873.

WHY COAL OIL LAMPS EXPLODE.—A correspondent of the Wilmington *Commercial*, writing from Port Penn, Del., contains the following suggestions in regard to the explosion of coal oil lamps:—

"When lamps are filled they cannot explode; but when partially filled, if not screwed tight the space inside the lamp over the oil is filled with what is called "fire damp" in coal mines, viz., air and vapor of coaloil and its gas.

"It is very remarkable that accidents with the *best* coal oil do not *more* frequently occur especially when the flames is blown *down* the chimney in extinguishing a lamp which has been burning all night and particularly if during the evening it burned *freely* and created a vacuum or space above the oil which was heated and subsequntly cooled during the night when the lamp was turned down, and left to burn with a very small flame. It is manifest that the high-priced oil is more apt to explode *under these circumstances*.

"The burner should be screwed down perfectly tight, and wick should fill the tube; moreover be trimmed *every* day, lowered before the lamp is blown out. Another fuel, upon throwing sand or dust on top of a fire when *freely* burning, so that the gas or product of combination be forced into the ash-pit. Every one is familiar with the illustration in what are called "airtight stoves," and no anxiety is necessary in using these or coal oil lamps, if we recognize the cause of accident, and do not depend on a false security in the use of what are called non-explosive."

THE PRESIDENT'S VIEWS ON THE MCKENZIE RAID.—A Washington dispatch to the New York Herald says that the President expressed himself freely to an intimate friend on the subject of McKenzie's raid into Mexico. He thought it was useless to complain when a neighbor's pigs invaded a corn field; the only remedy was to build a fence. The river (Rio Grande) has been diplomatically the dividing line. The British government, in the Fenian raid, argued that England and the United States, having friendly relations, the pursuit of an enemy to both governments across the boundary line could not constitute a cause for misunderstanding, and if true with Great Britain, why not with Mexico. The army was not sufficient to guard our frontier then, nor is it now, but that is no reason why bandits should not be pursued, whether they cross the Texan or Canadian line. The President expressed his determination to protect citizens on the Rio Grand equally with those of the interior, and that Col. McKenzie had already received orders to exterminate the Kickapoosand the Lipons. If Mexico is an asylum for highway robbers the United States will not sanction it, and if the Mexican government complains, the President says this administration is resolved to treat the accessory as guilty as the principal.

AN EXTRAORDINARY REVELATION.—A remarkable story is told in the London *Record* by a clergyman who signs his name and vouches for the truth of what he says. It seems that the minister of a certain parish died a year or so ago, appointing as his executors two friends, both of whom were admirals in the British Navy. Among his effects was a bulky package sealed up carefully and endorsed, "Inviolably sacred; to be destroyed." After mature deliberation, the executors decided that, as faithful trustees of what their friend had left behind him, they could not destroy anything without at least first knowing what they were destroying. So they opened the envelope and found therein two documents, one of which was a dispensation from the Pope, permitting the deceased to retain his position as a clergyman of the Church of England, though actually a priest of the Church of Rome; the other document contained a list of clergyman in the same diocese or its vicinity who were in possession of similar dispensations, and consequently to be relied on for symphathy and co-operation in case of necessity. If this statement was not made by a well-known and respectable clergyman, it would be set down as an obvious attempt at imposition.

THE NEW SILVER TRADE DOLLAR.—The Secretary of the Treasury has fix upon the devices for the new silver trade dollar authorized by the coinage act of 1873. It has for its obverse a female figure, seated on a bale of cotton and extending the right hand, grasping an olive branch, towards the open sea. In the left hand is a scroll bearing the word "Liberty" and at the base of the device is the motto, "In God we trust." The date of the coinage (1873) appears upon the obverse, together with the halo of thirteen stars. The reverse is the figure of an eagle with the inscription "United States of America," and the motto "E Pluribus Unum." The weight and fineness, with the words "Trade Dollar," are also inscribed on the reverse. The working dies will be commenced immediately at the Philadelphia mint, and the coins are expected to be ready about the middle of this month.

NEW YORK LIQUOR SALOONS.—During last week the police force of New York city was engaged in taking the census of the liquor saloons in their precincts at the request of the Commissioners of Excise, who wished to know exactly how many such places existed in the city. The census shows that there are 8,403 paces where liquor is sold in the city, which is at the rate of one liquor store to every 100 persons, including men, women and children. Deduct from these 100 persons those who do not drink liquor at all, which will, no doubt, be nearly one-half, and the ratio is one store to every 50 persons who support them.

SUMMER HOME TRAVEL is likely to be lively this season, notwithstanding the crowds speeding away to Europe. When one has the time on hand and money, too, its all right, but Susan Coolidge says, in Scribner's Monthly, that California tourist must make up his mind to be well fleeced—almost as well as if he had gone to Vienna. She estimates the general expenses of the tour to California, including two months' travel, to vary from $700 to $800 in gold. This does not include the larger excursions—South California, Columbia river and Puget sound.

IN Missippi the negro barbers are in a quandary. If they shave their negro brethern they loose their white customers, and yet if they refuse to shave them they are brought before a negro justice and fined. So in his desperation the other day one of them shampooned a negro with corbonic acid, and in consequence his stock in trade fell a sacrifice to the wrath of the indignant negro.

THE New Orleans *Herald* starts in with this: For the benefit of our distant exchanges, who seem to be a little wild in their geography, we may say that the whole of Louisiana is at present a mere Grant parish."

ALASKA.—Prof. Harrington, who has recently been to Alaska, thinks that it has paid the United States to buy that territory. He brings back a most glowing account of its resources. The value of the annual seal and otter catch is estimated at $425,000 per annum. Cod and salmon are very abundant, and Alaska will probably furnish the whole Pacific coast with its cod-fish. Ice is exported in large quantities to San Francisco. Silver and copper are found in considerable quantities, amber and precious stones in small quantities. There is plenty of bituminous coal for the use of steamers.—There is a large supply of timber, and the land is arable, but better adapted to grazing than agriculture.

ADVANTAGE OF TRAVEL.—Mark Twain well says that "travel is fatal to prejudice, bigotry and narrow-mindedness; and many of our people need it sorely on this account." This is true of every locality.—Fanaticism and prejudice spring from minds contracted by circumscribed knowledge of men and the world. Generally when people travel and mix and compare opinions with others, their ideas become enlarged and liberalized.

GEO. MACDONNELL, the Bank of England forger, was taken from Fort Columbus, N. Y., Wednesday, and put on board the steamship Minesota, which sailed at noon for England. He is in the charge of two London police officers. Of the £100,000 obtained through forgeries on the Bank of England, as alleged, by Macdonnell and his associates, all but £20,000 have been recovered.

A CHEESE factory at Rising Sun, in Cecil co., is now using 1,500 lbs. of milk daily and making 160 lbs. of cheese.—Ex-Sheriff Reynolds has 9 cows that pay $3 per day.

GIRLS scarcely ten years of age work in the Lawrence Mills, Mass., from half past six in the morning till ten o'clock at night.

$250 was paid last week for the crop of strawberries grown on one-third of an acre, near Cambridge.

Excitement at Drug Stores.—There has been a general rush the last month at the Drug stores in Kent county for Dr. A Boschee's German Syrup. It has been lately introduced in this country from Germany, and for any person suffering with a severe cough or heavy cold settled on the breast, consumption or any disease of the throat and lungs it has no equal in the world. Our regular size bottles are 75 cts. Two doses will relieve any case. Try it. Sample bottles free of charge. L. M. Green & Son, Proprietor, Woodbury, N. J. A CARD

To my Fellow-Citizens of Kent County:

I am induced by many considerations to announce myself to you as an INDEPENDENT CANDIDATE FOR THE HOUSE OF DELEGATES of Maryland. There is no reason why labor should not be represented in the State Legislature by one of her own sons and not always by a gentleman of property.—I am not ashamed to be the poor man's candidate. I am opposed to all cliques, rings and conventions, by means of which the few rule the many, taking care to provide office and emolument for themselves to the exclusion of the rank and file. I am against all party machinery and trickery, and am not a caucus candidate, but simply ask and hope for the support of all independent men.

I am your ob't servant,
ap12-6m* JAMES M. AYRES.

Road Examiners' Notice.

THE undersigned, examiners appointed by the County Commissioners for Kent Co., to examine and determine whether the public convenience requires the opening of a Public Road, commencing at the N. W. corner of Andrew Price's farm, and running through the lands of Robert Wilson and others to the road leading from Still Pond Cross Road to Lynch's Corner, at or near the mouth of the private road of J. Z. Clark, hereby give notice, that they will meet on

THURSDAY, the 19th of June, 1873,

at 10 o'clock, A. M., at Price's Corner, to discharge the duties devolving upon them by said appointment and commission.

ISAAC PARSONS,
SAMUEL BECK,
ROBERT NICHOLSON,
May 17, 1873—tm. Examiners.

Public Road Notice.

NOTICE is hereby given to all interested, that the undersigned citizens intend to petition the County Commissioners at their first meeting held thirty days after the date of this notice, to open and lay down a public road beginning at Black's Station, and running through the lands of Miss Sallie Sutton, and Mrs. J. C. Groome, to the public road leading from Black's Cross Roads to the old Presbyterian Meeting House.

TO FARMERS!

"EXCELSIOR."
1873 1873

Composed of 800 lbs. of No. 1 Peruvian Guano, and 1200 pounds of Soluble Phosphate of Lime, (bones dissolved in sulphuric acid,) Potash and Soda,

Forming the most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones. Excelsior is in fine, dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre; and it is the opinion of many close calculating farmers, after FOURTEEN years experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of Excelsior is equal to from 200 to 300 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

☞Look out for imitations and counterfeits. The popularity of Excelsior has induced *unscrupulous* parties in this and other cities to copy our trade mark, and resort to other dishonorable means to sell their *worthless* compounds.

☞*Farmers should see that every Bag is branded as above, with ANALYSIS and OUR NAME in RED LETTERS. All others are counterfeits.*

ORDER OF PUBLICATION.

William T. Dove and others,
versus
C. G. Wood, Hyson Dill and others.

On the Equity Side of the Circuit Court for Kent County.

MAY 3rd, 1873.

THE object of this suit is to procure a Decree for the sale of certain Real Estate situate and lying in Kent county, Maryland. The Bill states that heretofore a certain Philip Drugan, late of Kent County, deceased, was, in his life time seized and possessed of certain Real Estate, lying and being in said Kent county, consisting of a lot or tract of land at Belair, called and known as part of "St Tanton's," containing two acres of land, more or less, it being the same lot of land which was conveyed to the said Philip Drugan by a certain Philip B. Travilla, late Collector, by Deed dated July 5th, 1839, duly recorded among the Land Records for Kent county, aforesaid, in Liber J. N. G., No. 6, folio 388, and being so thereof seized and possessed sometime in the year 1871, departed this life intestate, leaving Wm. T. Dove, Sarah J. Ford, Mary M. Entwisle, Martha Deale, and Sarah Ayers, and a certain Catharine Wood, formerly Catherine Lesenberry, his only heirs at law, and the Bill further states that since the death of the said Philip Drugan, the said Catharine Wood departed this life intestate, leaving Edmond Dill, Anna Araminta Wood, Fostina Dill, Mary Evelyn Wood, Ida Eugenia Wood, and Jane Catharine Wood, her only children and heirs at law; that Wm. T. Dove, Sarah J. Ford, Mary M. Entwisle, Martha Deal, and Sarah Ayers, are entitled to five undivided sixth parts of the Real Estate hereinbefore mentioned, and that the heirs at law of Catharine Wood, aforesaid, are entitled to the remaining one-sixth part thereof, and the Bill further states that your orators, the complainants in the within entitled cause, submit whether Charles Gilbert Wood, the husband of the said Catharine Wood, deceased, and father of the said Emma Dill, Anna Araminta Wood, Fostina Dill, Mary Evelyn Wood, Ida Eugenie Wood, and Jane Catharine Wood, heirs at law of the said Catharine Wood, dec'd, is entitled as tenant by the curtesy, to one-sixth part of the said Real Estate, and your orators charge that the said Real Estate is not susceptible of partition amongst the parties aforesaid, and that it would be to the advantage of all the parties aforesaid to have the said Real Estate sold, and the proceeds distributed amongst the parties in proportion to their respective interests; and your orators are informed that all the Defendants reside in the State of Maryland except Geo. Dill, who, your orators are advised, resides in the State of Delaware, and further your orators are advised that the said Anna Araminta Wood, Fostina Dill, Mary Evelyn Wood, Ida Eugenie Wood and Jane Catharine Wood, are infants under the age of twenty-one years.

It is thereupon adjudged and ordered, that the complainants, by causing a copy of this order to be inserted in some newspaper published in Kent county for one month prior to the 12th day of June next, give notice to the said absent Defendant of the object and substance of this bill, and warn him to appear in this Court in person or by solicitor, on or before the 12th day of August next, to answer the premises, and show cause if any he has why a Decree ought not to pass as prayed.

Linseed Oil
and Zinc,

CHEMICALLY COMBINED.

Mixed Ready for Use,

CAN BE APPLIED BY ANY ONE.

One Gallon covers 20 Square Yards, Two Coats.

SPECIMENS of different colors may be seen at the Store of Messrs. Stam & Bro.

Read the following Testimonials:

CHESTERTOWN, May 12, 1873.
Mr. C. P. Knight, Baltimore, Md.—I bought your Bradley's Patent Enamel Paint of Messrs. C. F. Stam & Bro., Chestertown, and found it to be all you recommend.
Respectfully, CHAS. G. RICAUD,
School Examiner, Kent Co., Md.

BALTIMORE, Dec. 10th, 1872.
Mr. C. P. KNIGHT—Dear Sir:—It affords me much pleasure to say to you that the Bradley's Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe, in durability.
More than twelve months since I painted the roof of my Hotel (Mansion House) with the Bradley's Patent Enamel Paint, and I was so well pleased with it I determined to paint the outside of the Hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I will say if this testimonial will be any advantage to you, you are at liberty to use it. Yours, most respectfully,
ISAAC ALBERTSON,
Mansion House Hotel, corner Fayette and St. Paul streets, Baltimore.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than any other paint and is freer from disagreeable odor. Yours, respectfully,
JOHN WETHERED.

THE PLAINS, Fauquier County, Va., February 6th, 1873.
C. P. KNIGHT—Dear Sir:—The Paint came safely to hand, as ordered, two kegs, five gallons each, and three buckets, one gallon each. As practice was slack I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five ($65) dollars by the operation, which is an item just now with Southern people." It should be generally adopted in this State; any country bed can apply it. I have never dabbled in such stock as Testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people in excellency of material, in beauty of color, and the fact of its being "Ready Mixed," that I give you free permission (if it is desirable to you,) to make what use you think proper of this letter.
Very truly, S. McGILL, M. D.

Pleasantville, Harford Co., Md.
C. P. Knight—Dear Sir:—I am happy to inform you that your Patent Enamel Paint has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other. Very respectfully,
R. DICKEY, M. D.

Belair, March 3d, 1873.
Mr. C. P. Knight—Dear Sir:—I have been using, since last Spring, Bradley's Patent Enamel Paint, and am happy to say that it gives entire satisfaction wherever I have used it, and to parties to whom I have furnished it for other painters to use. Mr. John I. Street, who I furnished with the paint last Fall, says if his name is of any use you can use it with pleasure in recommending so good a paint. S. H. Montague, Painter, agrees with me as to the durability of your most excellent Paint. I hope that those who have painting to do, will look to their advantage and apply Bradley's Patent Enamel Paint, which is the most durable Paint now in use. It holds its gloss longer than any other Paint that I have ever used.
Yours truly, E. C. GARRETTSON,
Belair, Harford county, Md.

Baltimore, Sept. 30th, 1872.
C. P. KNIGHT, Esq.—Dear Sir:—I have had the Bradley's Patent Enamel Paint, which I purchased from you, used inside and outside both at my dwelling and store for two seasons. It gives me great pleasure to be able to say it comes fully up to your recommendations in facility of use, economy, durability and beauty.
Yours, truly, THOS. J. IRVING,
of T. J. Irving & Co.,
58 West Baltimore St.

Chambersburg, December 10th, 1872.
Mr. C. P. Knight—Dear Sir:
The paints we received from you have been applied to several of our own buildings, and to those of our friends, and have given satisfaction in covering qualities, in gloss and in adaptability to all kinds of surface or material, and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties or painters to mix and furnish materials, wherein we have found the most deception.
Yours, truly,
JACOB STOUFFER & SON.

Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*

Pamphlets Free.

THE
Howe Machine
COMPANY

Are now able from their increased facilities for manufacture to offer their

IMPROVED SEWING MACHINES,

ON THE MOST ADVANTAGEOUS TERMS.

They are now manufacturing

SIX HUNDRED DAILY.

During the past six years they have manufactured and sold

400,000

which attests the great popularity of this unequalled machine. Until the year 1865

ELIAS HOWE, Jr.
THE ORIGINAL INVENTOR OF
SEWING MACHINES,

Did not compete with Companies who were paying him royalty for the use of his patents. At that time he commenced manufacturing and put the genius which invented the Sewing Machine, the experience learned from the failures of other manufacturers, and the experience of a long life as a practical mechanic into the

HOWE MACHINE.

It is a noticeable fact that the

Howe Machine Co.
HAS
FOUR HUNDRED THOUSAND

of their Machines in use, although having existed but SIX YEARS, while the Company which claims to have the most in use, has only about twice that number, though having existed for TWENTY YEARS.

A. M. GUDGEN,
CHESTERTOWN,

Will sell on credit or lease on Monthly Payments, and offers such easy terms that every one can afford to have a

HOWE SEWING MACHINE.

He will spare neither pains nor expense to give his customers complete satisfaction.

☞*He sells at New York prices and does not charge Fifteen Dollars in advance as some rival agents are doing.*

Nov. 9, 1872—tf.

TAKE NOTICE!

WE will sell the balance of our stock of WINTER BOOTS and SHOES AT COST.

The stock is all new and of good quality.

SPECIAL INDUCEMENTS in the GROCERY LINE:
Light Brown Sugar at 10 cts. a pound.
White Sugar at 12½ cts. a pound.
Respectfully,
J. B. SAPPINGTON, Chestertown.
Store on Cross street, opposite G. E. Lambert's Carriage Factory. mh15-2m.

LOCAL OPTION.

Now is the Time to form your Clubs.

FINE OLD RYE WHISKY,
Fully Four Years Old,
$4 per gallon. Or, in large bottles, securely packed in cases, 11.00 per dozen.
