Let all the world know that Sellers' Vermifuge is the best in use! Here is the proof.

LICKING STATION, Ky. Dec 17th, 1846.

Mr. R. E. Sellers:—I have the pleasure to inform you that I have used in my practice your celebrated Vermifuge with the most happy results I have formerly used Fahnestock's but being persuaded to try yours, I have found it far superior in every respect, and can say without the fear of contradiction, that your Vermifuge possesses more virtue than any I ever used, and most cordially recommend it to the attention of the public. I will state a case where I gave one vial of your Vermifuge: My brother's child was *pining and wasting to a mere skeleton;* in 30 hours after I gave the Vermifuge, the enormous quantity of *upwards of six hundred worms* were passed. The child that was given up as lost, is now well and as hearty as any in the neighborhood

THE HOME JOURNAL.

BY MORRIS & WILLIS.

The first number of a new series of the National Press, remodelled and improved, will be issued on Saturday, the 21st ult., under the title of The Home Journal. The necessity of constantly correcting an impression that the National Press' is a political paper, has induced the undersigned editors to express its character more distinctly by putting forward the name which has hitherto been only secondary in its title. The general design of the Home Journal will be to furnish entertaining reading, to make a brief and complete chronicle of passing events, to give the cream of new books, to keep a watchful look out for Genius in Literature, Music and Art; and, in short, to furnish a paper by which families may keep up with the times. This plan will be added to and varied whenever ingenuity and resources can find new and valuable attractions; but our main purpose will be constantly kept in view, viz.: to issue a periodical which, by its scope and comprehensive contents, shall suffice for families that wish to take but one paper.—At the small price of two dollars per annum, so important and improving a luxury is luxury is within the means of all.

The Home Journal will be published every Saturday at $2 per annum, invariably in advance. Three copies will be sent to one any part of the United States, or the British Provinces, done up in strong wrappers, for five dollars in advance.

Post Masters are requested to act as agents, receive subscriptions and make remittances.

New subscribers, if immediate application be made, will be supplied with the first number of the new series.

All communication to be addressed (post paid) to the undersigned, at 107 Fulton st., New York.

NO CURE NO PAY.

WHY then will you suffer? *Ague and Fever or Chills and Fever,* Positively cured in forty eight hours, without any return whatever, it matters not of how long standing, by the use of Dr. GRAHAM'S VEGETABLE SPECIFIC PILLS, the only certain remedy yet discovered. No mercury, quinine or arsenic enters into the composition of these pills.—This loathsome disease, which has heretofore baffled the efforts of the most skillful and scientific physicians, for generations prey upon your constitutions until they become so shattered that you are subject to almost every disease incident to the human frame. Yes, Liver Disease, Jaundice, Dropsy, Enlargement of the Melt, Palpitation of the Heart, slow Fevers general debility, and a hacking Cough, and finally eventuates in Consumption, and consigns thousands to untimely tombs. Go search amid the malaria districts of our country, on the records of human ruin, you shall find that many thousands of the brave and the beautiful; the graceful and the gifted, have fallen victims from the many causes produced by letting this great destroyer of health prey upon the system. These pills act like a charm on the organs of digestion, and have a special effect in correcting the bile and gall bladder, removing all obstruction to a healthy secretion of bile, and imparting cheerfulness to the mind as well as tone and vigor to the whole constitution. All we ask is, give them a trial.

Sheriff, & Collector's NOTICE.

THE undersigned, respectfully informs the public, that his Books have been completed, and he is now ready and waiting, to receive, public dues.

The late period at which he was enabled to complete his books and the present advanced stage of the season, will make it absolutely necessary, that he should hasten his collections, to meet the urgent demands of the State, for money to discharge the accruing interest of her public debt.

The State Government has adopted and prosecutes, a rigid system of accountability and collection, from public officers, and a failure to pay promptly, is visited with suits upon their Bonds, with a denial of continuance, and an award of Judgment and Execution at the first term. No excuse can stay the power of the State or alter her determination. It can not therefore be expected that the collector will incur such heavy and serious responsibilities and expenses, and wait from month to month, for the convenience of those who may be indebted. The expenses of the county are considerable and requires speedy payment, and the collector's duty, to the State and county—to his securities and himself, forbids delay.

The Sheriff and Collector, therefore, with a pressing earnestness, calls upon all persons indebted for

TAXES AND FEES,

to call at his office and liquidate their accounts,—not in *part*, but in *full*. His anxious desire, is to avoid, everything unpleasant in the execution of his office, but he cannot, under *any circumstances*, suffer himself and securities to be sued, and therefore invokes every one indebted, to make immediate payment.
