THE best medicine known to man for incipient CONSUMPTION, Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Shortness of Breath, pain and weakness in the side, breast, &c. and all other diseases of the Pulmonary Organs.

A very important disease over which this "Balsam" exerts a very powerful influence, is that of a "Diseased Liver." In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and even when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action, and in many instances effected permanent cures after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned, we also find it a very effectual remedy in Asthma, a complaint in which it has been extensively used with decided success even in cases of years standing.

NATURE'S OWN PRESCRIPTION.

A compound Balsamic preparation of the Prunus Virginia, or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

The universal celebrity which this medicine is rapidly gaining in every section of the country, and the many astonishing cures it has effected, have now established its efficacy beyond all doubt; but it should be remembered, that in diseases of the Lungs or Liver, as in all other chronic affections, a little time is always necessary to effect a cure. Although in most cases the Balsam will afford a most immediate relief, and often effect great changes in a few days, it cannot reasonably be expected to produce the same salutary effect in every case in so short a time; yet, from the high celebrity it has acquired, we find many persons are apt to expect too much at the commencement, while others expect a *single bottle* to afford them greater relief than all the medicine they had taken for months past.

We will not assert that this Balsam will cure consumption in its *worst form*, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the Wild Cherry was destined by Nature to be our Panacea for the ravaging diseases of this latitude. Let not the desparing invalid waste his money and lose time, to him so all important, in *experimenting* with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it *always* relieves. "There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one *can* doubt, fully establishes this fact.

In presenting this highly useful and valuable medicine to public notice as a remedy for Consumption and Pulmonary diseases in general, the proprietor has been actuated solely by the great success attending its use in his practice and a desire to benefit the afflicted, and would therefore wish particularly to impress upon the public mind, that it is entirely different from the nostrums daily ushered into notice by *boasting quacks*, as it not only emanates from a regular *Physician*, but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery or in any way deceive the public by overrating its virtues; on the contrary I shall simply endeavour to give a brief statement of its usefulness, and flatter myself that its intrinsic efficacy will enable me to furnish proofs of its virtues as will satisfy the most incredulous that CONSUMPTION "CAN BE CURED," if [illegible] resorted to in time.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine, are, in every respect, true.

BEWARE OF COUNTERFEITS AND IMITATIONS.—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended—curing many cases after the skill of the best physicians was unavailing—has effected a large and [illegible] demand for it. This fact has [illegible] several unprincipled counterfeitors [illegible] off spurious mixtures [illegible] and appearance, for the [illegible]

Bh car [illegible] genuine Dr. Wistar's Balsam of Wild Cherry. None genuine unless signed by I. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

GROSS FRAUDS UPON THE PUBLIC

THE LIVES OF THE PEOPLE IN DANGER!!!

BEWARE OF POISON!!!

HISTORY OF SMITH'S MEDICAL CAREER, COUNTERFEITING, &c.

In the spring of 1843, this would be Dr. Smith commenced his career in the healing art. Being entirely destitute of any visible means of support, he applied to one T. W. Dyott, of Philadelphia, to assist him, or advance to him an assortment of patent medicines to be sold on commission; this being complied with, said Smith took a small store on Broadway, New York, for the sale of the said medicines, and this, in connection with his assisting his mother-in-law to make poultices for the hospital, where she was then a servant, enabled them, conjointly, to procure a scanty livelihood. The fertility of his brain produced a scheme which required all his talant to mature.—Having been assistant poultice and plaster maker, he assumed to himself the title of M. D. to add importance to the design which he shortly carried into effect. Said Smith issued forth to the world a Corn-Plaster which he denominated Sir Astley Cooper's Corn-Salve. If departed spirits were permitted to know the things of this world, Sir Astley would have laughed at this villian's ingenuity. This fraud took all the money received on account of sales for said Dyott, to procure the ingredients and manufacture this astonishing Corn Salve. The publishing its wonderful properties to the world, added to other expenses, far exceeded his income. The wonder working power was justly suspected, and said Dyott concluding the extracting properties of the Corn-Plaster was derived from the use of his property, he, therefore, closed the concern, which left said Smith in a very unenviable condition, his coat and character worn threadbare.

Lost to all moral restraint, he next determined to enter into the business of counterfeiting, for which purpose he obtained the use of a cellar on Northmore street, New York. He here commenced operations, in this second scheme, by villainously counterfeiting all medicines of known celebrity, regardless of their deleterious effects on the human system, by which thousands, no doubt, were hurried prematurely to their grave. His first effort was at counterfeiting Wright's Indian Vegetable Pills, this fraud was soon discovered, and Smith punished. He next turned his attention to Sand's Sarsaparilla, and for a short time counterfeited this article; a prompt exposure on the part of the Messrs. Sands, soon put a stop to this second imposition. He then commenced counterfeiting Sherman's Lozenges, and, in this instance, said Smith barely escaped the *penitentiary*, where he would have received the reward for his villiany, which he had so long and justly merited, but for his tears and supplications to Dr. Sherman, who forgave him his offence, on condition that he would give up all the counterfeit Lozenges, plates, labels, &c.. and make oath before Gen. Sanford that he would discontinue his poisonous practices and sin no more; this chance he readily but mournfully embraced. As a proof of that assertion, I refer to the affidavit in question, made before General Sanford, which can be seen at his office, No. 12 Warren street, New York. I will also refer to Dr. Sherman's letter of Dec. 2, 1843, which is as follows.

NEW YORK, December 2, 1843.

DEAR SIR: Yours of yesterday is at hand. I sent the box of Lozenges to Freehold, but not as soon as ordered. I have got from G. B. Smith, and his mother-in-law Mrs. Gould, about 1,900 boxes of counterfeit Lozenges, 600 or 800 pounds do., a lot of boxes, plates, labels, &c. I am following these counterfeiters up, and will break up their whole business.

Yours, &c.

Personal Discharge.

Kent County, Sct.

On the application of Cornelius Vansant of Kent county, by petition in writing to me, George S. Hollyday, chief justice of the Orphans' Court of Kent County, stating that he was in confinement for debts which he was unable to pay, and praying me to grant to him the benefit of the insolvent laws of this State, a schedule of his property, estate, and effects and a list of his creditors and debtors, on oath, as far as he can ascertain them, being annexed to his petition, and the said Cornelius Vansant having satisfied me by competent testimony that he has resided two years next preceding the time of his application, within the State of Maryland, and I having appointed Wm. Vansant a Trustee for the benefit of the creditors of the said Cornelius Vansant and the said Trustee having given bond with security approved by me, for the faithful performance of his said trust, and the said Trustee being in possession of all the property, estate and effects of the said insolvent Debtor, (the necessary wearing apparel and bedding of himself and family excepted) for the benefit of his creditors, I, the said Geo. S. Hollyday, chief justice of the Orphans' Court of Kent co., do hereby grant a personal discharge to the said Cornelius Vansant, and I do hereby appoint and fix the first Wednesday in the next March Term of Kent county Court for the appearance of the said Cornelius Vansant to answer such interrogatories as may be propounded by any of his creditors, and do also appoint and fix the first Wednesday in the next March Term of the said Court, for the final hearing of the said application, and do also order that the said Cornelius Vansant, by causing a copy of this Notice and Order to be inserted in one of the newspapers printed on the Eastern Shore of the State of Maryland, once a week for three successive months, before the first Wednesday in the next March Term of said Court give notice to his creditors to appear before the said Kent county Court, on the first Wednesday in the next March Term of the said Court, to shew cause if any they have, why the said Cornelius Vansant, should not have the benefit of the Insolvent Laws as prayed.

NO CURE NO PAY.

WHY then will you suffer? *Ague and Fever or Chills and Fever,* Positively cured in forty eight hours, without any return whatever, it matters not of how long standing, by the use of Dr. GRAHAM'S VEGETABLE SPECIFIC PILLS, the only certain remedy yet discovered. No mercury, quinine or arsenic enters into the composition of these pills.—This loathsome disease, which has heretofore baffled the efforts of the most skillful and scientific physicians, for generations prey upon your constitutions until they become so shattered that you are subject to almost every disease incident to the human frame. Yes, Liver Disease, Jaundice, Dropsy, Enlargement of the Melt, Palpitation of the Heart, slow Fevers, general debility, and a hacking Cough, and finally eventuates in Consumption, and consigns thousands to untimely tombs. Go search amid the malaria districts of our country, on the records of human ruin, you shall find that many thousands of the brave and the beautiful; the graceful and the gifted, have fallen victims from the many causes produced by letting this great destroyer of health prey upon the system. These pills act like a charm on the organs of digestion, and have a special effect in correcting the bile and gall bladder, removing all obstruction to a healthy secretion of bile, and imparting cheerfulness to the mind as well as tone and vigor to the whole constitution. All we ask is, give them a trial.

IMPURITY OF BLOOD CAUSES PAIN, AND OCCASIONS disease upon that part of the body which from any cause may be weakest. Thus, in persons whose blood is impure, should they have a cold, the impure matter would settle upon their lungs, and consumption be the trouble; so with other affections. All trouble is saved by using the Brandereth's Pills which cannot injure, and which cannot be overdone. Only use them in the commencement of any disease, use them in full doses, and you will be up and well, while those who are too wise to take such a simple medicine, are bed ridden, or prematurely end their days. The Brandereth Pills are only beginning to be appreciated; they are found never to deceive; they are the only internal medicine required in this climate. Be careful of pretended universal purgatives, which cannot be used without injury to the body as Brandreth's Pills can What are they? Are they not imitations of the Brandreth Pills recommended in advertisements stolen from Dr. Brandreth? Were they not originally counterfeit pills purporting to be the genuine Brandreth Pills? But in consequence of the new labels on the Brandreth pill boxes, are they not obliged to come out under other colors equally false? Observe the makers and travelling agents! Are they not men whom Dr. Brandreth has cast off,—not for good conduct, truly? Is not this true as applicable to the pretended "Indian" and, in fact, to nearly all the advertised pills of the day? Shall the public trust their lives in the hands of these unprincipled men? Surely not. The Brandreth Pills give strength for weakness; they are liked best by those who have taken the most of them. Dr. Brandreth can give personal reference to thousands who have been restored from a bed of sickness by their use, when every other means had proved entirely unavailing. These cases are continually occurring in this city, and in every part of the Union. Get Brandreth's Pills if you are not perfectly healthy, and they will restore you, if medicine can do it; because they expel those humors which are the cause of impurity of the blood, and, at the same time, the body is strengthened by the opeation of this most excellent medicine. Dr. Brandreth's Principle Office, 241 Broadway, New York, with English, French, German, Spanish and Portuguese directions, and by one agent in every place of importance throughout the world, each agent having a certificate of agency from Dr. Brandreth, having fac-similes of labels on the Brandreth Pill boxes engraved thereon.

"SUGAR COATED" PILLS.

Beware! Caution!!

The increasing popularity of Dr. G. Benj. Smith's improved Indian Vegetable Sugar Coated Pills, has induced a number of persons to make something they call Pills and coat them with sugar, in order to sell them for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance to the original, Dr. Smith's Pills. In short, they are an intended fraud upon the community.—A minister who at first had an interest in an imitation Sugar Coated Pill, manufactured in Albany N. Y., has given them up, as he says, on account of the miserable dishonest parties concerned in manufacturing them. The same party are now industriously circulating reports calculated to injure Dr. Smith and to affect the reputation of his valuable pills; but rather than notice them in public, Dr. Smith s about to institute legal proceeding against them for their slanders, as he has in another case against a similar party, in which he recovered a large amount of damages. These miserable imitators have to resort to the most abominably means to palm off ther counterfeit pills, as the public know that Dr. Smith's are the original and genuine. Several instances have come to public notice in which life has been endangered by the unfortunate use of the counterfeits. It is *Dr Smith's* Pills that are doing so much good in the country— as the following plainly show,

More Ministers

Use and Recommend Dr. Smith's Pills than all others.

This is to certify that I have used the Sugar Coated Pills, manufactured by G. Benjamin Smith, of New York, for some time, and believe them to be a good medicine; and also, from inquiry in that city, I am persuaded that he is the original inventor, and therefore is entitled to the benefit of the invention.

S. WILLIAMS,
Pastor 1st Baptist Church, Pittsburgh.

From the Blue Hen's Chicken, (Del.)

We call the attention of our readers to the certificate of Rev. S. Williams, Pastor of 1st Baptist Church, Pittsburgh, in relation to Dr. Smith's Pills. We can ourselves bear testimony to the excellence of these Pills, one of us having used them and experienced great relief from them.

The above is the best paper in the State of Delaware.

The "Improved Indian Vegetable Pills," (Sugar Coated,) are certainly doing much good in the whole country, and are highly esteemed, if one half is true that people write and say about them. They are so easy in their operation that all like them. The editor of the Northern State Journal, (one of the largest and best papers in the Stat of N. Y.,) writes as follows:

Watertown, May 31, 1846.

Dr G. Benj. Smith—

Dear Sir: I was laid up with a bad cold some time since my return from from N. Y, and during my my illness i made trial of your pills and I must say I found them excellent. They are the best medicine for the purposes they are intended, that I have yet seen, I seldom take pills, but I found yours entirely free from the objections to which other pills are liable I hope they will continue to be a source of profit to you as I doubt not they will be a means of relief to be afflicted on a lage scale.

Yours truly,
J. GREEN.

Tonawanda, Pa, Sept. 18, 1846.

Dr. G. Benj. Smith—

Dear Sir: Your agent left with me a lot of your Sugar Coated Pills, and I have but a few boxes left. Every box I have sold has given entire satisfaction. I have taken them myself and I consider them the best pills I have ever used; and I am not afraid to recommend them to the public. I wish a further supply at once.

Yours respectfully,
JACOB KIBLER, P. M.

Huntington, Ind., June 21, 1846.

Dr Smith—

Dear sir: I am most out of your "Indian Vegetable Sugar Coated Pills," and find them selling so fast that I think you had better send me two gross immediately — They give such general satisfaction that people come at least twenty miles for them and as it is generally known I am agent for them, I would be very sorry to get out.

Yours respectfully,
SAML MOORE & CO.

HEMSLEY'S WORM DESTROYING SYRUP,

Prepared by R. F. Hemsley, Pharmaceutist, Easton, Md. and by Hemsley & Bros. 47 Ann street, New York.

Various remedial agents have been resorted to from time immemorial for the expulsion of worms. Among the most popular of the present era, and one we may add, without ostentation, destined to stand unrivalled in the class of anthelmintic remedies, is that offered to the public under the title of "*Hemsley's Worm Destroying Syrup.*" Its qualities have already stood the test of years, and innumerable evidences of the most striking success in its administration have been from time to time furnished. The ingredients are at once safe and efficient, and the composition prepared upon strict chemical principles. The united testimony of eminent medical gentlemen, to whom it has been submitted, is a strong proof of its claim upon general patronage. But a stronger proof of its merits is the fact, that it has never, in a single instance, when properly administered, failed to produce a cure; and whenever it has been introduced, it has become with Physicians, as well as with all others, the only medicine prescribed for worms.

RECOMMENDATIONS.

We, the undersigned, having prescribed "*Hemsley's Worm Destroying Syrup,*" frequently in our practice, and witnessed its uniform success, can confidently recommend it to be a safe and certain remedy for worms, and believe it to be superior to any thing ever used in such cases.

Trist Thomas, MD	Chris. C. Cox, MD
J. A. Muse, MD	Jas. Dawson, MD
W. H. Thomas, MD	H. R. Pitts, MD

I have tried in a desperate case of worms "*Mr. Wm. Hemsley's Worm Destroying Syrup,*" and it proved immediately efficacious This case had baffled the skill of a Physician previously, and the disease must have killed the servant. I feel it my duty to give this certificate in favour of this valuable medicine.

SAM'L HAMBLETON, Jr.
Attorney at Law.

Easton, March 30th, '44.

Having freely used "Hemsley's Worm Destroying Syrup" in my family for more than two years past, I unhesitatingly recommend it as a safe and effectual vermifuge, and decidedly prefer it to any other worm medicine I have ever used.

Dr. H. F. Peery's

Vermifuge, or "Dead Shot," for Worms. A highly concentrated and chemically combined preparation, capable, from the promtitude of its action, of clearing the system in a few hours of every worm.

The exceeding small quantity of this medicine required to test the existence of worms or to remove every one from the system, its operating in a few hours, together with its great certainty of effect, constitute it one of the most brilliant discoveries of the age. It seldom needs to be repeated, and never to be followed by any other purge; therefore in urgent cases, as those of fits, spasms or convulsions, caused by worms, its unrivalled superiority is manifest. Few medicines are better calculated to improve the health of children even where no worms exist; as it removes those masses of crudities that line and closely adhere to the stomach and bowels, giving rise to symptoms that counterfeit every variety of worm-disease. Though prompt and certain in its operation, it is perfectly safe and adapted to the tenderest age. Price 25 cents per vial.

THE HOME JOURNAL.

BY MORRIS & WILLIS.

The first number of a new series of the National Press, remodelled and improved, will be issued on Saturday, the 21st ult., under the title of The Home Journal. The necessity of constantly correcting an impression that the National Press' is a political paper, has induced the undersigned editors to express its character more distinctly by putting forward the name which has hitherto been only secondary in its title. The general design of the Home Journal will be to furnish entertaining reading, to make a brief and complete chronicle of passing events, to give the cream of new books, to keep a watchful look out for Genius in Literature, Music and Art; and, in short, to furnish a paper by which families may keep up with the times. This plan will be added to and varied whenever ingenuity and resources can find new and valuable attractions; but our main purpose will be constantly kept in view, viz: to issue a periodical which, by its scope and comprehensive contents, shall suffice for families that wish to take but one paper.—At the small price of two dollars per annum, so important and improving a luxury is luxury is within the means of all.

The Home Journal will be published every Saturday at $2 per annum, invariably in advance. Three copies will be sent to one any part of the United States, or the British Provinces, done up in strong wrappers, for five dollars in advance.

Post Masters are requested to act as agents, receive subscriptions and make remittances

New subscribers, if immediate application be made, will be supplied with the first number of the new series.
