MALYLAND FISHERIES.—The following petition to the Legislature is in circulation in several counties of Maryland:

"The undersigned, citizens of——county, impressed with the importance of improving our fisheries and the fisheries of the whole State, beg leave to call your attention to the magnitude of the industry. We have not less than one hundred and sixty-four fisheries or locations in the State, which from time to time have been fished, but now only about one-third of this number are fished, and they doing a precarious business. Besides the above number we have room for as many more—164 fisheries at $20,000 each, $3,240,000. Double the fisheries and would double these last figures and carry up our real estate to $6,480,000. That, with the gilling interest, worth in stock at least, $800,000, would, when fully in operation, put afloat annually in the State one million of dollars. To do this, say in from eight to twelve years, would require an appropriation of from $3,000 to $4,000 per year—a small sum enough for such an enterprise. We would suggest a law forbidding the putting of fish of pray in our waters and providing for shad and herrings only. No salary to the commissioners, only their expenses paid."

THE CASE OF THOS. B. KEMP.—The January term of the Circuit Court for Caroline county was held on the 11th inst. In the case of Thomas H. Kemp, charged with the forgery of the name of James Denny to a Trustee's bond, Mr. Denny appeared in Court under an attachment. The Court stated to Mr. Denny that he had been only summoned; that failing to attend an attachment was issued, and that the Sheriff returned that he had been unable to serve it because he (Mr. Denny) had evaded it, and asked what explanation he had to make of his conduct. Mr. Denney replied that his sister and others had excited his sympathies, and that, he had been informed by Thos. H Kemp, (the party charged,) that he would not be wanted, and if he was he would be notified by him. The Court in consideration of Mr. Denney's high character, and the peculiar circumstances of the case, and a letter of apology, which he had previously sent to the Judges, after much deliberation, decided to discharge the attachment on payment of a fine of $25 and costs, and with the admonition that if he again failed to attend, he would be sent to jail for at least sixty days. Mr. Denny was immediately summoned to the grand jury and promised to be present, without fail.—*Denton Journal.*

A BIRD DIES FROM SMALL POX.—A few weeks ago a gentleman of Baltimore wished to obtain a live red bird, and hearing that one was in the possession of a gentleman in this city visited the latter and purchased the bird. While the sale was being made the bird's owner, who had recently recovered from an attack of variola, took the bird from its cage, when it pecked at his finger. The purchaser took the bird to Baltimore, and, as it was a very handsome one, took great pride in it. He was therefore much pained to see it, a few days after reaching its new home, begin to droop as if ill. In a day or two more a rash appeared on its body, displacing the feathers, and the next day its head became swolen and covered with scab, and it died. At a loss to know what these peculiar symptoms meant, the gentleman called in his medical adviser, a prominent physician of Baltimore, who, after examining the dead bird, pronounced that it had died of small-pox! Then the bereaved owner recalled the fact that the bird had pecked at its first owner's hand, as stated above, and it was concluded that it had contracted variola at that moment.—*Cumberland Daily News.*

THE WAY THEY REFORM.—In the Senate of Maryland a Republican Reformer introduced a resolution to allow each Senator forty dollars worth of postage stamps. It passed.

In the house of Delegates Dr. Lancaster (R. R.) introduced a similar resolution, when Mr. Whitelock, (another R R.) moved to make it twenty dollars worth to each member. That was all the Reforming he wanted in that direction, but Mr. Fenton (Democrat, sometimes called Ring) said he was opposed to giving stamps to members, let them buy their own stamps, as the expenditures of the House must be kept down. And thus the Democrats (sometimes called Ring) voted down the proposition to take about $3,600 out of the State Treasury for stamps, to the great disgust of the so-called Reformers, who wanted to do this little bit of stealing and blame it on the Democratic party. Thirty-six hundred dollars! Why it would support three preachers in Hagerstown.—(*American* and *Mail* please copy.)—*Twice-A-Week.*

IF any evidence were needed to show the unfitness of the Republican party and the republican leaders to hold power and conduct the affairs of the country it could be found in their tactics and policy as they are now in process of development at Washington. Their course in the amnesty debate last week shows that notwithstanding all their hypocritical professions in favor of peace and good will and a restoration of fraternal feeling between all sections of the Union their real purpose is to stir up strife and animosity, and keep alive as long as possible the feelings and ideas which led to the formation of the late confederacy. They do not want peace. What they desire is war, and we may be certain just now nothing would please them better than a secession speech from Jefferson Davis or some other leading ex-confederate. To this statesmanship has the Republican party come in the effort to retain the control of the country it has robbed and plundered during so many years.—*Balto. Gazette.*

A PLUCKY GIRL.—On Saturday evening James Stroup, residing near Wilmington, Del., heard a noise in his hen-house, and going out found there was a man inside, whereupon he fastened the man in, got his gun, and with his daughter returned to the hen-house. His daughter unfastened the door while Stroup stood ready to shoot, but the man burst out, and with a brickbat felled the farmer to the ground, fracturing his skull, and then ran. Miss Stroup seized the gun and fired, but he escaped. Stroupe has lain unconscious since, and his injuries are dangerous, if not fatal. A negro named William Johnson has been arrested on suspicion of being the robber and probable murderer.

JAMES GORDON BENNETT, proprietor of the New York *Herald*, is about to get married, and it is understood in Washington circles that the bride is to be Miss Ida May, the second daughter of Dr. Frederick May, late a resident of this city. Miss Ida, like her eldest sister, Edith, is a young lady of great personal attractions and a brilliant mind. Bennett met her at Newport last summer, and surrendered at once to her charms.—*Washington Star, Jan. 19.*

BURNING OF FARM BUILDINGS IN DELAWARE—*Fatal Casualties.*—A special dispatch to the Baltimore *Sun* from Wilmington, Del., dated January 16, says:

A large fire occurred at Middletown yesterday. All the outbuildings but the granary on the farm of Mr. Sherach F. Shallcross, about two miles from town, were destroyed. His whole stock of implements and hay and some stock were in the buildings, and were totally lost. The fire was caused by some boys who were shooting at pigeons on the building. Mr. Shallcross is one of our most extensive farmers on the peninsula, and his peach orchards exceed in extent those of any other grower. His barns and outbuildings were probably as extensive and valuable as any on the peninsula, and the loss will be very heavy. There is some insurance on the buildings, but how much is not known. The total loss will be between $10,000 and $15,000, it is estimated.

THE CASE OF DR. HELMBOLD.—Dr. Helmbold's case, on a writ for his release from Kirkbride's Insane Asylum, was continued on Tuesday, a number of witnesses being examined for and against the relator. While a number believed him sane a number testified to the contrary. All the doctor's previous troubles were gone over, his arrest at Long Branch for debt, subsequent incarceration and release at the Bloomingdale Asylum, &c.

The doctor himself was placed on the stand. He testified that he had considerable money when he went to Europe—about $60,000; that his wife spent the whole of it; that $50,000 a year was not too much for her to spend, and that he intended she should spend that amount when he got matters fixed.

BOLD AND SUCCESSFUL SILK ROBBERY—$4,000 *to* $6,000 *in Silks Stolen.*—The dry goods store of A. G. Broadbent, No. 12 North Charles street, was entered by burglars some time on Wednesday night and robbed of costly silks, estimated in value, as far as can be ascertained, from $4,000 to $6,000. On opening the store yesterday morning the robbery was discovered and the police authorities were notified, and investigation disclosed the fact that the burglary had been perpetrated by entering the house next door, in the way the store of J. Edward Bird & Co., 213 West Baltimore street, was entered and robbed of silks several months since, and as different silk robberies have been committed in other cities.—*Sun*, 14th.

Mr. Joseph Shroud was thrown from his carriage and instantly killed near Smyrna on Saturday.

NOTICE.

FINDING it impossible to continue the practice of Medicine in this county under the present mode of doing business, and not wishing to take my patrons by surprise, I take this plan to notify them that, after this date, I shall be compelled to issue my accounts half-yearly, at least until I pay my indebtedness; and if not settled satisfactorily in thirty days after presentation, to place them in the hands of a collector for settlement. I have been driven to this by the many losses I have sustained by allowing accounts to remain over from year to year for thirty years or more; and it is also a duty I owe to my creditors, my family and friends. Being dunned for money which I am unable to pay renders me unfit and unable to discharge my professional duty, as I am unable to procure the proper instruments necessary in so extensive a practice. I hope I shall not offend any of my old friends or deter any one from employing me, but I am determined to adhere to this plan until further notice. Wishing all a happy New Year, I remain

GORDON'S Food for Horses and Cattle.

The great economical Food for Stock.

Cost two cents for each horse per feed.

Reduces the quantity of grain required both for Cattle and Horses one fourth. Being a perfectly nutritious, health giving preparation from the seeds of grasses and herbs in combination with tonic and invigorating root barks we claim it to be the one thing needful to make a perfect feed. Horses are improved in **Flesh, Wind and Endurance.** The principle of the action of the Food, is that **Perfect Digestion** produces **Pure Blood**, and upon this depends **health** and **often Life itself.** Cattle intended for the knife fatten more rapidly and the flesh is more solid. **Cows increase their Milk** yield at least **one-fourth** in both **richness and quality,** the final result being **much more Butter.** Send to **GERALD GORDON & CO,** for descriptive pamphlet of full particulars.

MANHOOD: HOW LOST, How Restored.

JUST published a new edition of Dr. CULVERWELL'S Celebrated Essay on the *radical cure* (without medicine) of SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits; induced by Self-indulgence or sexual extravagance, &c.

Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates from a thirty years' successful practice that the alarming consequences of Self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth in the land.

Sent, under seal, in a plain envelope, to any address, postpaid on receipt of six cents, or two postage stamps.
