SATURDAY - - - - MAY 19, 1877.

DEMOCRATIC DOCTRINE VINDICATED.—When Mr. Randall, as the embodiment of the democratic idea of reform, insisted upon reducing the annual appropriations, and actually did reduce them, there was a howl from the republicans. We heard, with inexpressible grief, says the Baltimore *Gazette*, that the public service would be "crippled," that we were saving at the spigot and leaking out at the bung, and that altogether the machine couldn't be run on that basis. The long, loud wails of protest and dismal prophecy would have been touching, if they had not been ridiculous. The doctrine of the democrats was that the public expenditure should be whittled down to the lowest point consistent to the public good. To this was opposed the republican doctrine of practice, that the public expenditure should strain the public patience to the last point of toleration. The Republican party mistook a patient for an indifferent people and the tension became so great that the cord snapped. Then the "tidal wave" of 1874 rolled over the land, and placed the democracy where it controlled the purse strings. Everybody knows what followed. In the face of republican opposition the estimates were reduced by $39,000,000 the first year, and the lopping off has gone steadily on. With sublime indifference to radical prophecy, the government has also gone on, without detriment to our interests, at home or abroad. On the contrary, we are gradually approaching a sound, healthy condition. Only the noble army of office-holders has been hurt. If the democratic policy needed any vindication it would be found in the heavy reduction of force in the departments. In cutting the help down to a "business basis" the present administration has confessed that it inherited from its predecessor a civil service loaded down with sinecures and incompetents. This is what the democrats claimed and the republicans denied under Grant's administration. The democrats proved their proposition by withholding the means to support party pensioners at the public expense. Still the world revolves, still the business of the government is transacted, the only difference being that it costs less to transact it well than it did to shamefully botch it.

AN INTERESTING AND POPULAR BOOK.—A new book will soon be issued from the press entitled "Moody: his Words, Work and Workers." It will comprise his bible portraits; his outlines of doctrine as given in his most popular and effective sermons, bible readings, and addresses in various cities; also, sketches of his co-workers, Messrs. Sankey, Bliss, Whittle, Sawyer, and others; and an account of the gospel temperance revival, with thrilling experiences of converted inebriates. Embellished with portraits and illustrations.—This will be one of the most interesting and popular books published for many years, and will furnish choice reading for both old and young. It will be sold by subscription only. Mr. J. M. Vandyke, of Chestertown, has received the agency for this county, and will commence canvassing for the work at an early day.

Public Improvements.

ROCK HALL, May 16, 1877.

Messrs. Editors:—In your last issue I noticed an article headed "Reduction of Taxes," the writer of which seems to be suffering from an attack of severe economy on the brain, and willing to approve of anything that will save expense, without counting what that saving will cost; though it may be he has got all he wants, and consequently is ready to shut down on further expenditure. Now there may be, and are, improvements needed in the county which, in their benefits to the community, will pay a very large interest on the expense of carrying them out. Such ought at least to have a careful and candid consideration, instead of being notified beforehand that such things are out of order for two years. I have known farmers, to save expense of seed and labor, fail to put crops into the ground. In every case it was found, on balancing the saving of expense against the curtailment of income, they had been "pennywise and pound foolish." I know farmers who could not be induced to go in debt for carriages or tasteful houses, who will not hesitate to strain their credit for seed, tools, fertilizer, or anything that will increase the productiveness of the soil, and such in almost every case succeed. As in private, so in public affairs, reducing taxation at the expense of necessary improvements, is an economy that will not wash. Though taxes are high, and that caused by improvements of which none will deny the importance, yet many parts of the county have not been benefitted thereby in the slightest degree. Is it not right that they should meet with consideration when they ask for a moiety of what is being paid to be turned to their benefit? ANOTHER TAX-PAYER.

A Daring Feat.

NEAR FAIRLEE, May 16, 1877.

Messrs. Editors:—My premises were entered last night by a thief or thieves, who stole the nine head of young cattle which I have had advertised for three weeks, and drove them off. The gates and bars were all found in perfect condition this morning. I got on their track and recaptured them this morning about 7 o'clock, at a place called Sandy Bottom, or the Devil's Wood-Yard. If this feat is attempted again the community may not be surprised to hear of a dead or wounded thief, as I shall be on the alert.
WM. BOWMAN.

THE PEACH PROSPECT.—A letter from Wilmington to the Baltimore *Sun* says:

The prospects of a large yield of peaches upon the peninsula, both in Maryland and Delaware, brighten daily. The latest estimate of the crop for this year is placed at 7,000,000 baskets, which is the largest yield ever known, the crop of 1875 only reaching 6,000,000, which was regarded at that time as the very highest that could ever be attained.

A WELL known citizen near Milford, Del., has recently got rid of forty feet of tape worm. The dose that brought it was one ounce of spirits of turpentine and two ounces of castor oil mixed and taken on an empty stomach. It proved a dead shot to the parasite and nearly so to the gentleman.

PACKARD'S VENOM.—On the evening of the celebration of Louisiana's deliverance ex-Gov. Packard sent the following dispatch to Senator Blaine:

"The overthrow of the lawful State government was appropriately celebrated to-day. Detachments of the army and navy of the United States participated with the white league of Alabama and Louisiana in this celebration of democratic success. Did poetic justice require that the honors of this achievement should be thus equally divided in the absence of commission? The gray was accorded the post of honor to the blue and asked no apology. The custom-house and postoffice are closed in admiration of the event. It is probable that the United States interference will not be required hereafter."

SUBLIME PORTE.—A correspondent asks "why the term 'Sublime Porte' is applied to Turkey?" The words mean a lofty gate, or magnificent entrance, and are French, which is a language generally used in diplomatic relations in the old world. The title "Sublime Porte" is officially given to the Ottoman government. It comes from the circumstance that Orkhan (1326-60) erected in his capital, Brusu, a palace with an imposing entrance, on which he bestowed the name of "Sublime Porte," which from that time to the present has been applied to the monarch and the government of the Ottomans. The use of the term, too, is partly owing to the oriental custom of transacting public business at the gate, or the antechamber of the palace.—*Balto. Sun.*

THE TWENTY-FIVE MILE RACE IN CALIFORNIA.—The twenty-five mile race at the Oakland Trotting Park near San Francisco, California, on the first instant, between Major Pico and J. P. Smith, was won by the former by nearly a mile and a-quarter. The conditions were that each should use five horses, and to change without assistance at the end of each mile. Some weeks ago the same men rode a race of fifty miles, which Smith won by having better mounts and his quickness in changing; but at twenty-five miles he was outhorsed from the start, and was never in the lead after the second mile. The winner rode the twenty-five miles in one hour and five minutes.

MR. JEFFERSON DAVIS is and has been for some time residing at "Beauvoir," Miss., the residence of Mrs. Sarah A. Dorsey, on the gulf coast, between Mobile and New Orleans, where he is engaged preparing, with the assistance of Major W. T. Walthall, his "Memoirs," soon to be published by the Appletons. He is in excellent health, and looks younger than he did a few years ago, the result probably of the salt air of the gulf and rest from several litigations, the end of which, however, left him, it is alleged, almost penniless.

FITZ GREEN HALLECK, the poet, whose bronze likeness was unveiled on Tuesday in the Central Park, New York, did his best work almost sixty years ago, although he was born only four years before William Cullen Bryant, who is still vigorous in body and mind. He is the author of the lyric called Marco Bozzaris, presented often as a model for declamation. The cost of the statue and pedestal will be about twelve thousand dollars, and its site is near the monument of Shakspeare, near the southern end of the mall.

MR. JOHN E. MARSHALL, who has been appointed by the trustees superintendent for building the Johns Hopkins Hospital on North Broadway, Baltimore, estimates that the buildings to be erected will require over 15,000,000 bricks, and will give employment to various mechanics for about seven years. Work this summer will be confined mainly to obtaining suitable drainage, laying the foundations, etc.

ME. BLAINE, in a private letter, says John Adams destroyed the old Federal party, and John Quincy Adams wrecked the old republican party. This may be true, but it is undoubtedly true that Hayes, the man for whom Mr. Blaine worked so hard, has destroyed the present republican party, or rather that party has committed suicide by taking the Presidency by fraud.

A LIONESS is very pleasant to look at in a strong cage, but a lioness running at large in a thinly-settled rural district is not so cheerful. But this is the case in Hanover county, Virginia. An escaped lioness is now at large in the Chickahominy swamps, where it will not be very easy to capture her.

THE Denton *Union* says: We are informed that Mr. J. E. Hignutt, by the use of boxes, which are located near the mouth of Watt's Creek, has succeeded in hatching out some 50,000 young shad, in addition to a considerable number of herring and white perch.

CHAPMAN'S POINT, a fishing shore in Charles county, on the Potomac, is named "Chapman's gold mine." The first haul there this spring netted 25,000 herring.

THE season fast approaches when the young man with finances to cover just two plates of ice cream awaits breathlessly the answer to, "Will you have some cake?"

A COMPLETE and new dwelling house has been carried on a schooner from Baltimore to Cambridge. Even the foundation stones and bricks were included.

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies o approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WISHART'S PINE TREE TAR CORDIAL, and so avoid Consumption. Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs, are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Piles, Gravel, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The *Pine Tree Cordial* can always be relied on to do what is claimed for it. Sold by all Druggists. Principal Depot, 916 Filbert street, Philadelphia. mr24-3m.

SHERIFF'S SALE.

BY virtue of two writs of fieri facias, issued out of the Circuit Court for Kent county, and to me directed, one at the suit of W. F. Massey, use of Anne P. Massey, use of Ernest Hoen, and one at the suit of Anne P. Massey, use of Ernest Horn, against the goods and chattels, lands and tenements of George Hudson, W. F. Massey and Sarah E. M. P. Massey, I have seized and taken in execution all the right, title, claim and interest of the said George Hudson, W. F. Massey and Sarah E. M. F. Massey, of, in and to the following property, to wit:

All that Lot of Land

situate, lying and being in Chestertown, Kent county, Md., being a part of all that Parcel of Land conveyed to Geo. Hudson by Eben F. Perkins and wife and Wilbur F. Massey and wife, by deed dated the 15th of June, 1872, which the said Eben F. Perkins purchased of George W. T. Perkins and Caroline C. Perkins, his wife, by deed dated the 22d of July, 1869, duly acknowledged and recorded among the Land Records for Kent county, being also

A Part of all that Town Lot commonly known as "HARRIS' GREEN,"

beginning on the northeast side of a Lot of Land heretofore laid off by the said E. F. Perkins as a public street and known as Riverside Terrace, at the end of the second line of the lands heretofore sold to said W. F. Massey, and running thence with Riverside Terrace northwest thirty feet to the lands of William J. Vannort, and thence with Vannort's lands to the lands of the heirs of the late Mr. Edward Ringgold as at present held by them, thence with said lands to the land of the said W. F. Massey and thence with said Masseys land to the beginning; together with all the Improvements, consisting of a

TWO-STORY

Frame Dwelling,

Nearly new, and Out-Buildings.

Also, all that Piece or Parcel of LAND

situated in Chestertown, being parts of Lots numbers 18 and 19 on the original plot of Chestertown, and which was conveyed to Wilbur F. Massey by E. F. Perkins and wife by deed of Aug. 7, 1869, and contained within the following metes and bounds:

Beginning in Chester river at the North Easternmost corner of lot No. 19, and running thence with Front st. 168 ft., thence at right angles with Front street, 140 ft.; thence parallel with Front street to the land belonging to Washington College, now leased to the Ringgold heirs, and thence to the beginning, being a part of all that Parcel of Land which was conveyed to the said Eben F. Perkins by G. W. T. Perkins and wife, by deed bearing date July 22, 1869, duly executed, acknowledged and recorded.

And I hereby give notice, that on

TUESDAY, June 5th, 1877,

AT ELEVEN O'CLOCK, A. M., at the Court House Door, in Chestertown, I will sell the said property so seized and taken in execution to the highest bidder for cash, to pay and satisfy said writs, interest and costs due and to become due thereon.

Order of Publication.

JEREMIAH PEACOCK,
versus
GEO. DAVIS, et. al.

In the Circuit Court for Kent County, in Equity, April Term, 1877.

THE object of the original and supplemental Bill filed in the above entitled case is to procure a Decree for the sale of certain Real Estate and its appurtenances, lying and situate in Kent county, Md., which are particularly described in said Bill.

The Bill states that a certain William Davis, late of Kent county, aforesaid, deceased, was in his lifetime indebted to one Jeremiah Peacock, in the sum of Thirty-one dollars current money, on a store bill or account for goods sold and delivered, with interest thereon from March 24th, 1874, which said account is marked "Exhibit A," and filed with the said bill.

The Bill further states that the said Davis being indebted as aforesaid, departed this life in the year 18—, leaving a last Will and Testament, which has been duly proved and recorded, whereby he nominated his wife, Rachel Jane Davis, his Executrix, and devised to his said wife all his real and personal property for and during her natural life, and after her death to be equally divided among his children, Rachel Jane Davis, Margaret Emma Davis and Geo. Davis, and to their heirs forever; and left a charge on said heirs that they pay to his son, Joseph Davis, the sum of fifty dollars, all of whom are adults above the age of twenty-one years, a copy of which said Will is marked "Exhibit B," and filed with the said Bill.

The Supplemental Bill states that the said Rachel Jane Davis has intermarried with a certain George Anderson, of New Jersey, and that the said Margaret E. Davis has intermarried with a certain Chas. Anderson, also of the State of New Jersey.

The Bill further states that the said Rachel Jane Davis has since departed this life, and that letters of administration on the personal estate of said Wm. Davis hath been granted by the Orphans' Court of Kent county aforesaid unto Harrison W. Vickers of said county, who has failed to possess himself of any personal estate, and that the want thereof ought to be supplied by a sale of the real estate of said Wm. Davis, and that the said Geo. Davis, George Anderson and Rachel J. Anderson, his wife, Charles Anderson and Margaret E. Anderson, his wife, are non-residents, living without the limits of the State of Maryland.

It is thereupon adjudged and ordered, that the complainant, by causing a copy of this order to be inserted in some newspaper printed in Kent county once in each of four successive weeks before the Fifth day of June next, give notice to the said absent defendants of the object and substance of this Bill and warn them to appear in this Court in person or by solicitor, on or before the Fifth day of September next, to answer the premises and show cause, if any they have, why a Decree ought not to pass as prayed.

NOTICE

To Fruit Growers

SHIP nothing but your BEST, and dry your Cullings.

I WOULD respectfully call the attention of Fruit Growers to my

Improved Fruit Evaporator.

My Evaporator has 2,000 square feet of drying surface, and will dry from 200 to 300 baskets of peaches per day, at a cost not exceeding 1½ cents per pound for preparing and drying the fruit. Fruit dried by this process commands double the price of Sun dried fruit. I have samples of fruit dried by this dryer last year, which can be seen, with a model of the dryer, by calling on me. Best PHOSPHATE for CORN.

DECEMBER 13th, 1876.

MESSRS. HINES & CO.—Dear Sir:

In reply to you in regard to your Eclipse Guano, I applied it a little less than two hundred pounds to the acre, and I am satisfied that it increased my corn crop fifteen bush. per acre.

I took up the corn myself with a basket and had two men to see it, and I am sure that I am not in error as to the increased amount per acre.

Yours, respectfully,
JOHN Z. CLARK.

Lister's Phosphate.

HINES & CO.—Gents:

In reply to your inquiries about Lister's Standard Phosphate, I applied it on my wheat at about 250 lbs. per acre, and got on corn ground twenty-eight bushels per acre. Respectfully,
dec18. JOHN Z. CLARK.

Corn Planting & Truck Growing!

HUBBARD'S

STANDARD

Bone Super-Phosphate,

Again before the Public at $35 Cash per Ton of 2000 lbs. at the Factory.

Farmers, Read

For yourselves and be CONVINCED that those who pay CASH for our Phosphate on delivery, or in 30 days from date of bill, will find that money is worth to them much more than legal interest, showing a decided advantage both to the

FARMER and MANUFACTURER

—the latter working upon a small margin above the actual cost per Ton.

The satisfactory results that have been so universally given to our customers can only be attributed to the large percentage of actual Fertilizer, essentially BONE, employed in its manufacture, of which

WE INVITE INSPECTION,

Making it UNDOUBTEDLY

The BEST MANURE for All Crops.

FARMERS will also derive great benefit from its use to PREVENT FRENCHING IN CORN, and the annoyance of INSECT, relative to which we refer you below to names of a few Farmers and others who used our goods last Spring upon Corn and other crops with PROFIT and satisfaction.
