Late from Mexico.

By Sloop Gen. Washington, Capt. Browne.

General Worth arrived at the city of Puebla on the 15th May. A detachment of Santa Anna's army sent out to intercept him had to retreat, with the loss of 3 killed and 7 wounded. Santa Anna has retreated towards the city of Mexico. The rumor is that the Americans are to be met on the road by 14,000 men.

Capt. Mason of the Rifles, who lost a leg at Cerro Gordo, has died of the wound.—Gen. Shields is thought to be recovering. A Mexican Privateer off Vera Cruz, carrying 1 gun and 53 men captured the American ship Camelita 190 tons laden with coffee. There is a rumor that Gen Herrera has been elected President and Santa Anna General in chief.

The steamer Hibernia has arrived in Boston in 11 days from Liverpool. Flour and grain had advanced in England. In New York, yellow corn has sold for $1.50 per bushel— white and mixed $1.24 and $1 28—oats 70 cts., wheat $2.25.

Hail Storm.

We were very sorry to learn that a Hail storm passed over a portion of our Upper District on Tuesday last. We have not been informed of the extent of the injury, but learn that the wheat fields of Messrs. Samuel E. Briscoe, Eben Welch, W. Moffett, Wm. A. Briscoe, Dr. Jno. Frazier and Wm. H. Blackiston, have been very materially injured. No doubt others have suffered, but we believe the above was a narrow one. We had a slight shower of rain on Thursday night, but the drought may be considered unbroken.

WHO wants to see the late Battles without the danger of being shot, call at Stam's and get one of the Pictures, only 12½ cts.

U. S. Arsenal, Fayettsville, N. C. March 2, 1847.

Dr. Fowle—Dear Sir;—Having used several bottles of Wistar's Balsam of Wild Cherry in my family, for the complaints for which it is recommended with decided beneficial effect, I cheerfully advise my friends, and all others who may need a medicine of that kind, to try it.

G. A. SCHWARZMAN.

N. B.—We do not ask the public to rely solely upon recommendation produced from States far distant, where the persons cannot be known; but, having testimony from every State in the Union, we refer all who have any doubts about the efficacy of this highly popular and useful medicine, to their own neighbors, who have used the article.

☞When the body is subject to many changes, it requires medicines.

Sudden changes from very hot, to chilly weather, are unfavorable to health; and it is a fact universally admitted, that heat and moisture are powerful agents in producing disease, and that constant dry and constant wet weather are both favorable to its generation; it does not signify what we call it; it may be ague; it may be bilious fever; it may be dysentery; it may be rheumatism; it may be bronchitis; it may be cholic; it may be constipation of the bowels; it may be inflammation of the bowels; it may be inflammation of the stomach; it may be a nervous affection; but still it is disease, and a disease curable by the Brandreth Pills, because they remove all impurities from the body, all that can in any manner feed the further progress of the malady; no matter how called; thus these pills are not only the most proper medicine, but generally the only medicine that need or ought to be used.
