SATURDAY - - - - JUNE 16, 1877.

A Delightful Entertainment.

Messrs. Editors:—With your permission I will endeavor to relate how a large company of ladies and gentlemen spent an evening of very innocent and real enjoyment on Tuesday last. About a week ago we received an invitation that read in this wise:

"You are invited to attend a Picnic near the Trappe, to be held in the Grove at the residence of Mr. John Brice, on Tuesday evening, June 12th."

The gentlemen sending these invitations being all personal friends, I anticipated a good time and looked for Tuesday to come with no little impatience. Our ride from town to the residence of Mr. B. was a very pleasant one. To a man of sedentary habits it would be doubly so, the trees being in full leaf, while the wheat and corn are growing finely, giving the country a very rich and bright appearance. The clouds were lowering and everything else but assuring in the early part of the evening. A couplet of the old lines kept wandering through our head—

"'Twas ever thus from childhood's hour,
That chilling fate has on me fell;
There always comes a soaking shower
When I hain't got no umberill."

By 7 o'clock, the time that we arrived, the weather was more propitious. The scene that met us was one of unusual brilliancy. Our thoughts were soon diverted from serious weather broodings to the pleasurable emotions of feasting our eyes on the pretty and lovely things there to be seen. The grove was lit up with Chinese lanterns, giving a soft, mellow light. The arrangements were perfect, and the appearance was really grand. The dancing platform, we think, was not less than sixty feet long. It was filled to its utmost capacity with the lovely queens of Terpsichore, with their gallant beaux. Among the many friends we met was the newly married couple, Mr. and Mrs. S. Mrs. S. is just as witty and as fond of dancing as ever. We also had the pleasure of meeting the beautiful and accomplished Mrs. H., to whom we are indebted very much for some of our enjoyments during the evening. She is a lady of talent and experience. We were edified with her conversation. Her praises of the fine appearance and good taste of the ladies were all that could be wished; there was nothing superfluous, while her criticism was only just. She told me that but seldom had she ever met with such a party of beautiful young ladies. It was even difficult to tell who was really the belle. While it was conceded that Miss V. B. reigned supreme as a lady of style and courtly grace, Miss L. V. was pointed out as being the possessor of the sweetest and most innocent little face of all the young ladies present. "W. C.'s" Queen of May (in last week's issue) was pointed out to us. It would not be becoming to be more lavish in our praise of her than W. C. was; but surely we can agree with him that she is a very amiable looking and nice young lady. We congratulate W. C. on having in reality this little queen to worship. We do not doubt, sir, but you will find her ruling one of sweet severity at times. Tom Moore says:

"Still panting o'er a crowd to reign,
More joy it gives a woman's breast
To make ten frigid coxcombs vain,
Than one true, manly lover's heart."

The Misses W., of Eastern Neck, attracted attention. We had the pleasure of dancing with Miss J. W.; her dancing was simply perfect. There were in all about one hundred ladies present. We regret that we were not acquainted with more of them. We inquired and heard the names of several ladies that attracted attention, but our memory betrayed us. We particularly noticed a young miss with dark, flashing eyes, the loveliest mouth, and such exquisite little pearls for teeth. Her dress was pure white, relieved with blue at the neck. She was a perfect little queen in her way. We almost forgot our silver locks, but the reflection that once in the course of human events we were so unfortunate as to have fallen in love with just such a lovely creature—

"So I set me down in thought profound,
And this maxim wise I drew:
It's easier far to like a girl,
Than to make a girl like you."

[All young gentlemen affected with calico proclivities please copy.]

We congratulate Mr. B. in being able to furnish the surroundings, as well as his share of the arrrngements, for the entertainment of his many friends. We also congratulate the young gentlemen, who have the credit of bringing such a social company together and entertaining them so handsomely. Strawberries and cream, with cake and conserved fruits, were dispensed to about two hundred persons. Still there was some left, reminding one of the miracle of the loaves and fishes; yet I think, from the way that things disappeared, that we surely had more than seven loaves and seven fishes to start on. I almost forgot to give Mr. J. B. and Mr. W. S. credit for producing a fine orchestra of music from Baltimore. It was spoken of as being very nice. Hoping to meet such a pleasant company again among you soon, I sign myself

BANCO.

[Those gentlemen who did not participate in the dance very much regret the absence of the "Old Chief," who, if in the humor, would have made their cup of happiness, already full, *overrun* with real enjoyment.—EDS.]

Millington Items.

The ladies of the Episcopal Chapel at Millington held a festival in connection with their charades on the 31st of May and 1st of June, which resulted in the handsome return of $160 net. This was quite a success. The ladies of the Asbury M. E. Church held their festival last week, which was not so great a success as the Episcopal, as they had no entertainment and no raffles for hymn books, or anything of that kind. The net proceeds amounted to $100, which will nearly pay the rent of the parsonage. The room was handsomely decorated and the tables were beautifully set with boquets and other nice things, which made it very pleasant for all that were there.

The spirit of improvement is manifesting itself in our town in the way of building and repairing. Mrs. E. A. Hurtt is building a commodious dwelling on the lot purchased of Capt. R. M. Smyth, on Main Street, and S. W. Cole has raised his back building on a level with the front, and when completed will make a much greater appearance than before. A. Maxwell has improved his house on the corner, and G. B. Hackett has rented the store room for the balance of the year and the entire premises for the ensuing year. Alex. intends paving all around the front of his building, which will give a fine appearance to that corner. Capt. R. M. Smyth is painting and repairing his hotel property, and it looks much better than it used to do.

Edgar Britton has sold his drug store in Millington to Frank M. Gooding, formerly of Crumpton. TRAVELER.

JUDGING from the best information to be obtained, the apple crop will be a small one on the peninsula this season.

Chesterville and Vicinity.

Messrs. Editors:—Some improvements are being made in the community. Jno. G. Myers is erecting a new barn on the property now occupied by N. E. Penington. John Smith of Galena is the contractor. Albert Constable, Esq., is putting up a large granary on his farm, now occupied by John F. Hurlock. Moses Lambson now has in course of construction a three story house at the station bearing his name, to be occupied by the wheelwright and blacksmith who have recently commenced business there. Mr. Peacock, of Millington, is doing the work.

F. M. Gooding, of Crumpton, succeeds the popular young druggist, E. G. Britton, in that business, at Millington. Mr. B., having tired of making pills, is preparing himself to give them skillfully, and will, without a doubt, make a good physician. Mr. Gooding is a druggist of years' experience, is enlarging his stock, and will no doubt do a fair business, even in that healthful (?) locality.

The picnic recently given by the Chesterville school—Miss Ella R. Day, teacher—was a success. The attendance was large, the entertainment bountiful, the happiness of all complete—for the time.

The Hibernia school, under charge of Miss Sallie Slaughter, as teacher, will hold a picnic on Saturday, 16th inst.

Revs. E. G. Irwin and E. P. Aldred will exchange pulpits on Sunday, 30 inst. the former preaching at Johntown and Cecilton, and the latter at Galena and Chesterville. When on the circuit three years ago, Mr. Aldred was deservedly popular, and his many friends at these appointments will no doubt be glad to both see and hear him again.

The growing crops all seem to be doing well. It is thought wheat will be ready for the reaper by the 25th. At the present there is promise of a good yield of this cereal. Where there was not too much replanting, corn is doing nicely. The peach crop, in this neighborhood, bids fair to be an average one.

The potato bugs are out in grand array, and doing their utmost to prevent us from having any of this vegetable; and we are doing all we can to thwart them in their viscious design. Nothwithstanding the huge proportions and immense numbers of these wonderful "big bugs," it is quite likely that the lords of creation will come off victorious. For once we advocate a "war of extermination."

June 13th. WALTER.

THE TOWN ELECTION.

Messrs. Editors:—The *Conference Advocate*, in its *reply* to my article in regard to the manner of the election of Town Commissioners, makes no allusion whatever to that particular matter, which was the burden of my complaint. It is reasonable to conclude, therefore, that it accords with my views on that subject, and if the people of the town generally do so, the object of my writing has been accomplished.

That paper, however, indulges in a long tirade about a casual remark of mine concerning the publication of the Commissioners' report, in which it claims to represent as many of the corporation taxpayers of the town "as both the other papers put together!" Now this is all braggadocio. I venture to assert that it is not read by *one-half* as many of that class of persons as *one* of the papers referred to. No one will contend that the "*especial*" organ of two colored conferences can properly represent white republicans; and its assertion must necessarily fall to the ground, unless it can be proved that the colored people constitute a majority of the corporation taxpayers, which every one knows is not the case. If by the term "represent" is meant subscribers and readers, then it may be argued that *one* of the papers alluded to is subscribed for and read by not only the democratic, but by nearly every white republican taxpayer of the town, as well as some of the colored; and in this sense it may be said to represent nearly our entire population. The claim for the "county patronage, *also*," to which the "especial" organ of two colored conferences "is justly entitled," is predicated, I suppose, upon the same hypothesis; or, perhaps, upon the old stereotyped phrase that "every two years" the negroes are cheated out of the election. A CITIZEN.

Maryland Items.

OPPOSITION steamboats between Baltimore and Choptank river landings, triweekly, have cut the fares for passengers from $2 to 50 cents, and freights down to ten cents a barrel.

THE store of Simcoe & Son, of Northeast, Cecil county, was last week robbed of goods and money to the amount of $700. At the same time Whitaker's store, at Principio Furnace, in the same county, was robbed of a large quantity of goods.

MR. L. W. WILLIAMS, residing in Caroline county, sent to the Denton *Union* office on Tuesday last a few stalks of wheat, known as the Long Island variety, which measured 51 inches in height. The heads measured 7 inches in length and it has as high as eight grains to the bar, and one head counted contained 22 bars to the single head, or 176 grains to a single stalk.

JUDGE JAS. A. STEWART arrived home last Wednesday morning from his California trip. The Judge's California speculation turned out fortunately, and he has realized ten thousand clear on his investment. We are sincerely glad of it, because there is no one with means who would do more to give work to laboring men and increase business in our county than Judge Stewart.—*Cambridge News.*

ON Monday two excursions went from Baltimore to St. Michaels. The local option law is in force there, but liquor was sold to some of the citizens from the steamers, and a fight was kicked up between the latter and the excursionists. Nobody was seriously hurt, but it is stated that the town authorities will hereafter prevent the landing of excursions if liquor is sold on the steamer.

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies o approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WISHART'S PINE TREE TAR CORDIAL, and so avoid Consumption. Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs, are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Piles, Gravel, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The *Pine Tree Cordial* can always be relied on to do what is claimed for it. Sold by all Druggists. Principal Depot, 916 Filbert street, Philadelphia. mr24-3m.

GALENA MACHINE SHOPS!

Wm. A. Hyland & Co.

WE beg leave to call the attention of the Farmers of Kent and the adjoining counties to our new

COMPETITOR REAPER,

and the many IMPROVEMENTS we have made this year. Our Self-Oiling PITMAN BOX, which will run two hours without stopping to oil; also, case hardened Journals, which we think is a great advantage, preventing the wearing of the Journals, a trouble that all other machines have to contend with. We are now using a Guard with concaved centre, which will PREVENT CHOKING and always present a Sharp Cutting Edge, a thing that must present itself to the farmer at once. Also, a Knife with Steel Back, thereby adding Strength, Lightness and Elasticity; and our PATENT STEEL WIRE DROP, that overcomes all objections to a Dropper, working as well in light as heavy grain, a thing that has been long needed and found at last by us.

We make the Reapers of two sizes, for two and four horses. The four-horse Reaper cuts a Swath of six feet, and will cut from twenty-five to thirty acres of grain per day, and will not work the horses as hard as ordinary farm work. The five foot machine is intended for two horses, and is handled very easily. Farmers, call and see, or write to us and learn what we have for sale.

MANHOOD,

How LOST, How RESTORED.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay of the *radical cure* (without medicine) on SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY and FITS, induced by self. indulgence or sexual extravagance, &c.

Price in a sealed envelope, only 6 cents.

The celebrated author in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post-paid*, on receipt of six cents or two postage stamps.
