Corn King Manure Spreaders

Get one of these Spreaders and stop soil robbing and start soil building. See the many users of these machines, some of whom are your neighbors, and see the fine work they do, how much further the manure goes and gives the same results, and you will be convinced that you are losing money every day you do without one. A catalogue for the asking.

Superior Potato Planters

This machine has double drive, both wheels driving the machine which is a great advantage on hillsides. Vibrating Feed Hopper Bottom which insures an even and steady flow of seed. Will drop from 10 to 36 inces apart as desired. Will sow 97 to 2,444 pounds of fertilizer to the acre. In fact has been tried with other machines in the same field and more potatoes were grown per acre from land planted with this planter. We will be glad to show you how it will pay you to have one of these machines if you intend to plant many potatoes.

FEED FAIRFIELD'S BLOOD TONICS
A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

The working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed.

The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from same, would be more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

THE FAIRFIELD PREPARATIONS ARE SOLD UNDER WRITTEN GUARANTEE BY
