SATURDAY - - - - JULY 21, 1877.

Letter from Lynch's.

Messrs. Editors:—In spite of potato bugs, croakers, grasshoppers, locusts and old probabilities, the land abounds in plenty and to spare, and it would seem natural to suppose that the minds of men would flow out and up in grateful recognition to the Fountain of all good, without so much preaching and church parade; but alas! for frail nature, it is ever inclined to grovel and forget imperishable things.

Farmers are a little disconsolate just now over the downward tendency of wheat. Phosphate men look happy Corn promises finely. We recently heard the remark that some people seem to go to meeting on Sunday to talk about their business. Will some of the preachers please tell us what is the difference between one that warks on Sunday and one that talks about work on Sunday.

Croquet playing is becoming quite popular in this neighborhood; some, however, say they had rather go to a cat fight than to a croquet play. That was an interesting and well played game that came off recently between W. E. P., M. J. W., E. T. and S. C., E. C. and G. R., resulting in favor of the first named.

Some of our bachelors show great fondness for flowers. Reckon they have discovered that there is a "tongue in every flower."

As we write a deep sense of loss pervades all clrsses of the community. John Kelley, about the oldest citizen among us, has passed away. He was a plain, good man, an excellent neighbor, a worthy citizen, and his loss will long be felt. "The fathers, where are they?" What a comfort to believe "we shall meet beyond the river bye and bye." SENTINEL.

Millington Items.

Messrs. Editors:—Bush and camp-meetings, excursions, festivals and picnics seem to be the cnief order of the times in this and other vicinities, and much pleasure is anticipated by very many hearts in the enjoyment of these delightful pastimes during the warm weather of July and August. A camp-meeting will be held in Seegar's woods, near Millington, commencing on the 10th and closing on the 21st of August, and a cordial invitation is extended by the preacher in charge, Rev. W. M. Warner, to preachers and people of adjoining charges to tent and worship with his flock. A meeting of the managers will be held in the woods on Monday afternoon, the 23d instant, at 2 o'clock, for the drawing of tents.

I had the pleasure of attending a bush-meeting at Anderson's Corner, on Sudlersville circuit, on Sunday morning last, in charge of Rev. Mr. Watts, of the M. E. Church South, who preached an interesting sermon from the text, "Let not your heart be troubled." The M. E. Sabbath School of Millington will have a picnic on Thursday next, on the camp ground in Seegar's woods, when they expect to have a pleasant time.

The ladies at Blackiston's Church are preparing for a festival at that place on Saturday next for the benefit of their school; and the ladies of the M. E. Church South will hold a festival at their church in Millington on the 2nd of August, for the benefit of the church, and we predict for both a pleasant time and remunerative success. They will spare no pains in supplying their tables with luxuries and a good supper. TRAVELER.

Letter from Masseys.

MASSEYS, MD., July 16, 1877.

Messrs. Editors:—I have not noticed any communication in your paper from this place for some time, and I thought if I could scare up a few items I would do so, but I assure you it will be a difficult task. One thing we want here, and that is a candidate. We have a pretty lively time when they make their appearance, but so far we have not seen or heard of any. Charlie had better come up and start the "ball." The boys say it is a *dry* old place without politics. One has to live *here* to appreciate life. Most of the inhabitants here are so poor that they cannot get away, and I am sure such is my case. Occasionally you come across a man who (says he) has been all over the world, and will relate some hair-breadth escapes and keep his listeners all attention for some time, until some one comes in who knows him and informs the crowd that he is from the Forest. He will then turn pale and remark, "Stranger, can't you say something?" The other day I was sitting in the Massey House, kept by the gentlemanly proprietor, R. J. Boulden, Esq., when the question of wheat came up. Speaking about the *crop* being such a fine one, one gentleman remarked that Samuel Merritt had two hundred bushels on less than one acre. Some one of course disputed it, and "Ben" explained by saying, "Oh, Sam had it stacked." George thought it must be his time, and said he knew a man once who, after cutting wheat, had to haul seven loads out of the field before he could shock it. That must have been a *shocking* harvest. I can't imagine how the reaper or men could have gotten in the field to cut it, but presume it is all right. I heard of a young man in Chestertown saying that Billy Ford's peaches were so large that a peck would make a half-bushel. Guess it must have been the same kind of land. I was afraid these gentlemen would commence on the peach crop, so I left.

The peach crop in this vicinity will be slim, but below on both roads they say will be much better. The enterprising firm of Bean & Ford have shipped a number of car loads of wheat already, and contemplate to ship every day. They always give the top market price for grain. On last Thursday Parson Watson succeeded in getting up a nice little party, and the Kent train took them to Bombay Hook, where they spent the day and enjoyed themselves hugely The Episcopal Church hold is festival here every Saturday night. Object—to obtain books for their Sunday School. We wish them even greater success than they anticipated. Strange to say, one young man goes over and buys boquets from a certain lady every Saturday night. Now, he does not buy them for their fragrance, as he always gives them to some little girl, and he actually gave them to a gentleman last Saturday night, after coming out of the room. HARRY.

DURING the prevalence of a heavy thunder storm last week, in Wicomico county, the wheat just harvested by Jno. Bounds, near Quantico, and stacked in the field, was struck by lightning and the entire crop destroyed. He is the fellow who circulated injurious reports against Rev. Walter Graham some time ago.

A BOX of Glenn's Sulphur Soap, which contains three cakes and costs only sixty cents, is sufficient to supply material for at least twenty Sulphur Baths which would eradicate a whole catalogue of rheumatic and cutaneous maladies. Sold by all druggists. Hill's Hair & Whisker Dye, black or brown, 50 cts. j 16-4t.

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies o approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WISHART'S PINE TREE TAR CORDIAL, and so avoid Consumption. Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs, are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Piles, Gravel, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The *Pine Tree Cordial* can always be relied on to do what is claimed for it. Sold by all Druggists. Principal Depot, 916 Filbert street, Philadelphia. mr24-3m.

GALENA MACHINE SHOPS!

Wm. A. Hyland & Co.

WE beg leave to call the attention of the Farmers of Kent and the adjoining counties to our new

COMPETITOR REAPER,

and the many IMPROVEMENTS we have made this year. Our Self-Oiling PITMAN BOX, which will run two hours without stopping to oil; also, case hardened Journals, which we think is a great advantage, preventing the wearing of the Journals, a trouble that all other machines have to contend with. We are now using a Guard with concaved centre, which will PREVENT CHOKING and always present a Sharp Cutting Edge, a thing that must present itself to the farmer at once. Also, a Knife with Steel Back, thereby adding Strength, Lightness and Elasticity; and our PATENT STEEL WIRE DROP, that overcomes all objections to a Dropper, working as well in light as heavy grain, a thing that has been long needed and found at last by us.

We make the Reapers of two sizes, for two and four horses. The four-horse Reaper cuts a Swath of six feet, and will cut from twenty-five to thirty acres of grain per day, and will not work the horses as hard as ordinary farm work. The five foot machine is intended for two horses, and is handled very easily. Farmers, call and see, or write to us and learn what we have for sale.

They are the proprietors of a Corn Sheller with Fan attachment, which with their one and two horse power, will shell and clean seventy-five bushels in one hour, of which fact good reference can be given.

REPAIRING

they do neatly, and all their work is done at reasonable prices, and say to all, encourage home manufacture, or at all events give them a trial.

THE CRAWFORD MOWER

so justly celebrated for its light draft, and good work done by it; they also keep for sale.

Also, the Celebrated Taylor Rake

☞ *WE GUARANTEE every Machine that leaves our Works.*

WM. A. HYLAND & CO.

We are also selling the Celebrated

Hubbard Self-Raking Reaper AND MOWER COMBINED.

☞ Farmers will please give us a call before purchasing elsewhere.

NOTICE

To Fruit Growers

☞ *SHIP nothing but your BEST, and dry your Callings.* ☜

I WOULD respectfully call the attention of Fruit Growers to my

Improved Fruit Evaporator.

My Evaporator has 2,000 square feet of drying surface, and will dry from 200 to 300 baskets of peaches per day, at a cost not exceeding 14 cents per pound for preparing and drying the fruit. Fruit dried by this process commands double the price of Sun dried fruit. I have samples of fruit dried by this dryer last year, which can be seen, with a model of the dryer, by calling on me. Wheat Seeding!

HIGH GRADE FERTILIZER

HUBBARD'S

STANDARD

Bone Super-Phosphate,

UNEXCELLED

FOR ALL CROPS!

We again offer to the public our *Standard* Phosphate this, our ninth season. It is sold on an increased demand, not only in this State but Delaware, Pennsylvania, N. Jersey and Virginia, and for the last two years it has been extensively used as a *test* side by side of various *higher priced* Phosphates sold in the market, upon Wheat, Corn, and other crops in Kent and Queen Anne's counties, by many of our best farmers, who pronounce it to be equal to any in result, and superior to many, while the price is much less. There are other advantages in favor of the use of our *Standard*, which will be proven on trial.

1st. It is sold at **$35** cash per Ton, at the Factory.

2d. It can be easily applied, with safety and profit, upon all crops.

3. It is always guaranteed to be in excellent order for drilling.

4. It is especially adapted to the growth of each and every crop.

5. The Base of the *Standard* is pure animal Bone, of which we invite inspection.

6. Animal Bone is a permanent improver of the soil.

7. Chemistry has enabled us to demonstrate with a degree of certainty that our soils lack principally *Nitrogen, Potash* and Phosphoric-acid, they being the three substances most essential for the profitable growing of crops and the Farmer to buy. Hence

☞ **We ask but ONE TRIAL**

to convince all of the valuable properties contained in our Phosphate as a CROP PRODUCER, and we pledge ourselves to keep it up to its well known HIGH STANDARD, believing that our success depends entirely upon the QUALITY of our Fertilizer. We refer below to the names of a few Farmers who used our Phosphate on their wheat last Fall, which yielded an abundant Harvest:

MANHOOD,

How LOST, How RESTORED.

JUST published, a new edition of **Dr. Culverwell's Celebrated Essay** of the *radical cure* (without medicine) on SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY and FITS, induced by self, indulgence or sexual extravagance, &c.

Price in a sealed envelope, only 6 cents.

The celebrated author in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post-paid*, on receipt of six cents or two postage stamps.
