Auto Fees to Mend Roads.—Bergen county, N. J., has received $37,920 from the auto fees paid into the state fund, and to a well known construction company of Hackensack, N. J., were awarded four contracts amounting to that sum for work to be done on roads much traveled by New York autoists. The board of freeholders at a recent meeting voted to establish a road system that will cost about $600,000 and insure excellent roads in the district close to New York.

Burned.—Two large poultry buildings belonging to John W. Carey, at Sharptown, Md., were totally destroyed by fire Monday night, together with 200 laying hens and 300 young chickens. A lamp exploding in a brooder is supposed to have caused the fire. The family was aroused in time to save the barns and other outbuildings on the farm.

Seven hundred pigeons that had won prizes at various shows were cremated Monday night in a fire which destroyed the stable of Z. H. Lofland at Wilmington, Del. The loss is $2,000.

One of the fiercest fires ever known on the Eastern Shore is now raging near Eden. The fire has now been burning for two days and grows worse. At night farmers from all parts of the county are fighting the fire, which is about a mile wide and destroying thousands dollars' worth of valuable timber. Unless rain soon comes there is very little chance of conquering the flames until the woods are burned. This fire is in Delaware.

POLYS ARE WHITEWASHED.

Washington College Puts it All Over The Baltimoreans.

Washington College whitewashed Baltimore Polytechnic Institute 9 to 0. Jarman, a youngster, was put on the slab for the local collegians and for his first performance he did good work, allowing the visitors only three hits. Although Washington used the willow it could not hit safely and the hitting column does not show up as well as in previous games. More chances were taken on bases, and the locals showed some speed in getting around by quick fielding. The fielding of Washington showed a decided improvement. The score:

Washington	2	0	1	0	0	0	0	3	x	—9
Polytechnic	0	0	0	0	0	0	0	0	0	—0

Earned runs—Washington, 2. Struck out—By Kelly, 5; by Jarman, 6. Hit by pitcher—Knotts. Base on balls—Off Jarman, 1; off Kelly, 5. First base on errors—Washington, 3; Polytechnic, 3. Left on bases—Washington, 6; Polytechnic, 6. Umpire—Fitzgerald.

The little Chestertown Athletic Club journeyed to Church Hill Saturday and defeated their rivals by score of 9 to 7. Barber Bartley and Clarence Willis did the twirling while Allan Harris caught. They will play a return game today.

The Chestertown Stars were put out Saturday by the Worton station team by score of 14 to 6.

Rock Hill College defeated Washington College here Wednesday by score of 7 to 3. Metcalfe, pitcher, was struck by a ball in the head and put out of the game. It is thought the score would have been different but for this accident.

CHURCH NOTES.

In the absence of Dr. F. T. Little at Conference there was no preaching at Christ Church Sunday. An interesting session of the Sabbath school was held in the afternoon it being regular missionary day. The class of ten young men taught by Mr. J. Waters Russell won the banner with over $3, the total collection being over $11. A singular incident was the awarding also of the attendance banner to this class. At the election of the officers of the Juvenile Home Missionary Society the following were named: President, Hope Hudson; vice-president, Randolph Waddell; board of managers, Misses Rebecca McFeely, Josephine Wheatley, Ida Smith, Frazier Russell, Leon Hicks and Russell Wheatley.

Miss Bessie Wheatley lead the Song service in the evening. Among the features being a well prepared paper on "The Milk of Human Kindness" and a special reading besides a quartette rendered by Mrs. J. Hydie Thompson, Mr. and Mrs. Fred. G. Usilton and Mr. Thomas D. Bowers.

Dr. L. E. Barnett delighted his audiences Sunday with two practical and impressive sermons. Good music was rendered by the choir under Mrs. Merrick Clements' direction.

All members of the County and Local W. C. T. U. are urged to attend a meeting to be held at the home of the County Corresponding Secretary, Mrs. S. M. Usilton, Chestertown on Wednesday, April 20th, at 2 o'clock sharp. The National Convention of the W. C. T. U. will be held in Baltimore November 12th to 17th and the State Convention early in the fall. It is full time to be making arrangement for these meetings. Let every one interested come out April 20th.—L. M. Corey, County President.

Chestertown M. E. Church—Rev. L. E. Barrett, D. D., pastor—Services next Sunday April 17th as follows: 10.30 a. m., preaching by the pastor—subject: "Admission at the Door"; 2.15 p. m., Sabbath School and Pastor's Bible class; 7 p. m., Union meeting of Epworth League and Congregation of one hour—Song service followed by short sermon by the pastor—Junior League Friday evening at 6.30—all invited to these services, and made welcome—Prayer meeting Wednesday evening at 7.30.

CHESTERVILLE NOTES.

Emmanuel Sunday School at 9.30. Preaching at 10.30. League at 7.30. Wednesday night service at 8.

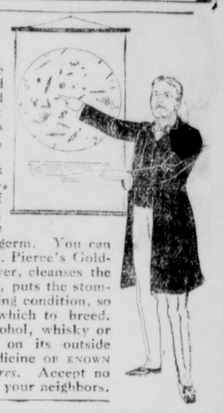
Trinity, Millington Sunday School at 2. Preaching at 3. League at 7.30, followed by address by pastor.

Thursday night service at 8.

Trinity and Emmanuel Leagues are to have a fine treat on April 21 and 22, when Rev. Chas. D. Bulla of Baltimore will describe the glory of the Yosimite as he saw it. For general convenience he will be in Trinity Millington, Thursday night April 21, and in Emmanuel Chesterville Friday night the 22. The public is invited to enjoy with the Leagues this superb treat.

Mr. M. S. Davis is in Baltimore undergoing treatment for his throat. It is unfortunate for Mr. Davis to be away from his work at this season of the year. Would it not be a good thing for the farmers about here to go to his farm for a day and help to straighten things out? This a good chance to do the right kind of missionary work. Let some one lead the way.

Afraid of Ghosts



Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine OF KNOWN COMPOSITION and with a record of *40 years of cures*. Accept no substitute—there is nothing "just as good." Ask your neighbors.

Picknel 35381

Record 2.15¼, Made in Third Heat of Winning Race.

Bred by C. W. Williams, Galesburg, Ill. Foaled 1901. A model in every way. His size, 15.2 hands, weight close to 1050 pounds, and color mahogany bay, are ideal. His disposition and manners are perfect. His breeding, the highest of fashion—a son of the greatest sire of his age, living or dead, Allerton 2.09¼, the sire of Picknell he has 202 in the list, world's champion trotting stallion to high wheels, from one of the greatest producing daughters of Baron Wilkes 2.18, the famous Futurity sire, which has 131 in the list. Jay Bird 2.01¼, the sire of Allerton has 131 in list. A race horse himself, never having worn hobbles nor other false rigging; started green in the late summer of 1906 in six races, winning two of them, and was well up into the money the other four, he has, (though prominent horsemen have pronounced him capable of a record of 2.05 or better) been retired to the stud, sound, clean, superbly handsome, with vigor and vitality unimpaired, saving for his offspring what a mere racing-machine wears out on the track.

PICKNELL will make the season of 1910 at my stable, Kent and Calvert Staeets, Chestertown, Kent Co., Md., at $15.00 the season, or $25.00 to insure approved mares.

Will not be responsible for accidents or escapes, but best care taken of mares sent to me. For extended pedigree that will interest any horseman or for fuller particulars call on or address
