FACTS FOR THE CRISIS.

The railroad firemen, brakemen, and other laborers with whom the extensive and terrible riots of the last few days began, says the New York *Sun*, had at the start legitimate and well-founded reasons for complaint; but by raising the standard of civil disorder and resistance to law, they make it impossible that these grounds should at present be considered. Seeking a remedy through violence, they postponed every real remedy, for the time being. It is out of the quesiton that a mob should be allowed to bear sway. A mob is chaos and the destruction of everything for which men associate in society. The first thing to be done is to re-establish, the supremacy of the law. Until that is accomplished, nothing else can be attempted or thought of.

What is it that the railway laborers complain of? Briefly, that their wages are insufficient to support life, and that they are now required to perform more work than is possible for them. On the other hand, the railway managers say that they are not making anything, and that it is impossible for them to pay living wages, because they do not receive from the business of their roads money enough for that purpose.

The complaint of the laborers is true, and the answer of the managers is true, Of the four great trunk lines—the New York Central, the Erie, the Pennsylvania, and the Baltimore and Ohio—there is not one that is now able to pay more than the starvation wages against which the workmen are so rebellious.

This extreme condition of these four corporations, while it is aggrevated by general causes, is directly produced by what for some years past has been known as the railroad war, in which they have all been engaged. In this so-called railroad war, each and all of them have worked to reduce the rates of freight and passage so low that none of the competitors could possibly pay its expenses. It has been literally a cut-throat business; and while, but for this insane competition, all of them might now be paying living wages to their men if not earning something in the shape of dividends for their stockholders, they are actually reduced to the starvation point. The riots, with their bloodshed and arson, are but a darker phase in this railroad war.

With occasional variations this sort of competition has been going on between these railroads for twenty-five years, though it has never before been so deadly as now. It is something entirely unnecessary. Nothing would be easier than to establish and maintain among them rational and remunerative rates of business. In fact, treaties and contracts have repeatedly been agreed upon to this end; but they have never been honestly observed. The first that we remember occurred as long ago as the year 1852, or thereabouts. Rates were then established which they all bound themselves to adhere to, and an umpire was appointed to impose a penalty for violations of the contract. The first violation which was brought to his notice he punished by decreeing a fine of $5,000, to be paid by the guilty party; and that was the end of the contract and of the arbitration. The fine was not paid, and the war was openly renewed. Since then it has gone on, with occasional hollow traces, until, with the general decline of business attending the inauguration of a Fraudulent President, they have cut into each other more recklessly than ever, with the result which we now see.

As soon as the riots are ended, the first thing to be done by the parties having these railroads in charge is to make a just, comprehensive, and permanent arrangement, establishing equitable rates among them, and making provisions which cannot be set aside for the enforcement and maintenance of the agreement. The railroad managers must be honest and just toward each other, and then they can be honest and just toward the public and toward their employees. Of the bitter fruits of dishonesty and cut-throat competition the country has had enough.

We would call the attention of our readers to the advertisement of Keller's Vegetable Life Drops, and recommend such as need a really good medicine to try this valuable remedy which always does more than it promises, and effects results unattainable by the use of any other medicine. It is peculiarly adapted to the treatment of so many diseases and their prevention when used in time, that it should be kept in every house. The Drops are for sale by all Druggists.

"How I wish that my Skin was white and soft as yours," said a lady the other day to a female friend. "You can easily make it so," said the lady addressed.—"How?" inquired the first speaker. Use Glenn's Sulphur Soap, sold by all Druggists. Hill's Hair & Whisker Dye, black or brown, 50 cts. jy27-4t.

There are 150 normal schools in the United States.

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies o approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. Wishart's Pine Tree Tar Cordial, and so avoid Consumption. Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs, are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Piles, Gravel, Nervous Debility, Torpidity of the Liver, Urinary Difficulties. Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The *Pine Tree Cordial* can always be relied on to do what is claimed for it. Sold by all Druggists. Principal Depot, 916 Filbert street, Philadelphia. mr24-3m.

Wheat Seeding!

HIGH GRADE FERTILIZER

HUBBARD'S
STANDARD
Bone Super-Phosphate,

UNEXCELLED

FOR ALL CROPS!

We again offer to the public our *Standard* Phosphate this, our ninth season. It is sold on an increased demand, not only in this State but Delaware, Pennsylvania, N. Jersey and Virginia, and for the last two years it has been extensively used as a *test* side by side of various *higher priced* Phosphates sold in the market, upon Wheat, Corn, and other crops in Kent and Queen Anne's counties, by many of our best farmers, who pronounce it to be equal to any in result, and superior to many, while the price is much less. There are other advantages in favor of the use of our *Standard*, which will be proven on trial.

1st. It is sold at $35 cash per Ton, at the Factory.

2d. It can be easily applied, with safety and profit, upon all crops.

3. It is always guaranteed to be in excellent order for drilling.

4. It is especially adapted to the growth of each and every crop.

5. The Base of the *Standard* is pure animal Bone, of which we invite inspection.

6. Animal Bone is a permanent improver of the soil.

7. Chemistry has enabled us to demonstrate with a degree of certainty that our soils lack principally *Nitrogen, Potash* and Phosphoric-acid, they being the three substances most essential for the profitable growing of crops and the Farmer to buy. Hence

We ask but ONE TRIAL

to convince all of the valuable properties contained in our Phosphate as a crop producer, and we pledge ourselves to keep it up to its well known high standard, believing that our success depends entirely upon the quality of our Fertilizer. We refer below to the names of a few Farmers who used our Phosphate on their wheat last Fall, which yielded an abundant Harvest:

GALENA MACHINE SHOPS!

Wm. A. Hyland & Co.

WE beg leave to call the attention of the Farmers of Kent and the adjoining counties to our new

COMPETITOR REAPER,

and the many IMPROVEMENTS we have made this year. Our Self-Oiling Pitman Box, which will run two hours without stopping to oil; also, case hardened Journals, which we think is a great advantage, preventing the wearing of the Journals, a trouble that all other machines have to contend with. We are now using a Guard with concaved centre, which will Prevent Choking and always present a Sharp Cutting Edge, a thing that must present itself to the farmer at once. Also, a Knife with Steel Back, thereby adding Strength, Lightness and Elasticity; and our Patent Steel Wire Drop, that overcomes all objections to a Dropper, working as well in light as heavy grain, a thing that has been long needed and found at last by us.

We make the Reapers of two sizes, for two and four horses. The four-horse Reaper cuts a Swath of six feet, and will cut from twenty-five to thirty acres of grain per day, and will not work the horses as hard as ordinary farm work. The five foot machine is intended for two horses, and is handled very easily. Farmers, call and see, or write to us and learn what we have for sale.

They are the proprietors of a Corn Sheller with Fan attachment, which with their one and two horse power, will shell and clean seventy-five bushels in one hour, of which fact good reference can be given.

REPAIRING

they do neatly, and all their work is done at reasonable prices, and say to all, encourage home manufacture, or at all events give them a trial.

THE CRAWFORD MOWER

so justly celebrated for its light draft, and good work done by it, they also keep for sale.

Also, the Celebrated Taylor Rake

☞ *WE GUARANTEE every Machine that leaves our Works.*

WM. A. HYLAND & CO.

We are also selling the Celebrated

Hubbard Self-Raking Reaper

AND MOWER COMBINED.

MANHOOD,

How LOST, How RESTORED.

JUST published, a new edition of **Dr. Culverwell's Celebrated Essay** of the *radical cure* (without medicine) on Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-Indulgence or sexual extravagance, &c.

The celebrated author in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
