more trees turned white early in the fall?

## WHAT DEBT CAN WE CARRY? How large a debt a nation can carry, has loomed

to the front as a burning question.

ten billion dollars less than the peak of war-time; we had paid off more than a third of the national debt in

the present rates of interest on government loans, it terest on 50 billions, and the tendency of interest Lorton Reformatory in rates is downward.

the 20 billions of state and municipal debts, the bur- mand note for \$147,440 dated den upon the entire people of the total load of 70 bil- cember 18, 1929, and bearing 1 debts by inflation, carries a load of only \$94 a head.

bonds outstanding in this country which run for more in than 100 years. If borrow we must, the idea of very long maturities for future federal borrowings would seem to be practicable.

be of as short a duration as is practicable.

is anticipated, will be proposed.

mism is prevalent

for the "salvation of the country" and is mouthed by all the political mountebanks and frauds as the indis-
