The Kent News.

SATURDAY . . . . . SEPT. 29, 1877.

SENATOR THURMAN, of Ohio, made a speech at Marion, in that State, on Saturday, in which he claimed that Mr. Tilden was fairly elected President; that the count by the Louisiana and Florida returning boards was fraudulent, and that the action of the electoral commission in refusing to hear evidence of want of jurisdiction in the returns of those States was clearly wrong. He also claimed that the policy of President Hayes was precisely what the democratic party had contended for during the past ten years. As an evidence of the necessity for reform in the national administration he instanced the case of Secretary of the Treasury Sherman, a useless array of whose relatives had fed upon the treasury for years, drawing pay for no service whatever to the amount of nearly $2,000,000 in a portion of the customs service and Treasury Department. In regard to the finances Mr. Thurman said to force resumption was neither just nor politic, and favored the remonetizing of the "dollar of the fathers" as an act of simple justice as well as good policy.

RUSSIA AND TURKEY.—The recent and several defeats of the Russian troops by the Turks are quite notable in view of the supposed superiority in Russian resources of all kinds. There is quite an anomaly between the boasts and the achievements of the Muscovites, while the Turks, without any boasts have accomplished pronounced successes and are for the present masters of the situation. It is true that the Turks have great advantage in a geographical view, while the Russians are at reciprocal disadvantage; but even this status does not satisfactorily account for the preponderance of success to Turkish arms. While the Turks, with inferior resources of all kinds, have been using the best modern appliances of arms and officers, the Russians are notably deficient in both these important matters. Their generals are comparatively ignorant, their army organization is singularly imperfect, their arms, artillery and means of transportation of supplies are crude and inferior, and in the matter of command of troops there is utter recklessness in the rule that mere rank shall have the ascendency over military ability. Perhaps this latter fact has had very much to do with the recent disasters to the Russians.

THE "FORD GUARDS,"—This company, under command of Capt. Wm. C. Spencer, received last week from the State their arms and equipments, including uniforms, except pants, which will be furnished the men at $1.50 apiece. The State authorities have furnished sixty muskets, eight swords and two hundred rounds of ammunition. The uniforms are gray trimmed with black and gold, with hats ornamented with pompoons. The State has also authorized the company to rent an armory at not over $100 a year. We think we can safely say that this company will be found ready and faithful whenever called upon by the State for assistance. It is composed of fine material. Adjutant General Bond last week presented to Capt. Spencer a new sword, which has never been drawn, as a testimonial of his appreciation of the Captain as a military officer.—*Centreville Observer.*

ON Friday night of last week a fire commenced in a butcher's shop at Keyport, New Jersey, and there being no fire apparatus, spread without hindrance, until forty buildings were entirely destroyed. Keyport is situated on Raritan Bay, in Monmouth county, twenty five miles from New York, and embraces within its limit numerous hotels well patronized during the summer. All the hotels, including the Mansion House and Atlantic, were swept away, the only hotel left standing being the Pavilion. The Episcopal church was also demolished, and nothing was spared of the business portion of this formerly flourishing town.

DRYING OYSTERS.—Mr. Edw. Wiley, Jr., who has one of the new patent fruit dryers, has been experimenting with oysters, which he places in the evaporator and subjects to a sufficient degree of heat to extract the moisture. His theory is that oysters can be thus dried, packed away in salt and kept any length of time, and that when put in hot water their original plumpness will be restored. The idea is a new one, and Mr. Wiley proposes to work on it until he proves either the feasibility or impracticability of preserving oysters in this way.—*St. Michael's Comet.*

MANYA grand opportunity has been lost and many an effort which would have been a great achievement for the world's progress, has fallen worse than useless because of Indigestion. At times of such suffering, words have been uttered and actions done by those in awfully responsible positions, that have changed the current of history, for aught we know. Health, without which one should not attempt more than average effort, is not found with Indigestion, but can be possessed by all who judiciously use Keller's Vegetable Life Drops, the greatest remedy for Indigestion yet discovered.

A REVOLVING cannon that fires eighty-four shells a minute, each of which bursts into twenty-four fragments, has been adopted by the French government. It requires but two men to work it, and can be prepared for action with great rapidity.

A great many counterfeiters are now travelling over the country with spurious silver coin in their possession. Look out for them.

GOVERNORS TILDEN and Hendricks are expected to return from Europe in October, and a reception in every way equal Conkling's is awaiting them.

THE Commissioners of Talbot County have offered a reward of $500 for the apprehension and conviction of the murderer or murderers of the Fitzjarrell family.

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies o approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WISHART'S PINE TREE TAR CORDIAL, and so avoid Consumption. Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs, are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Piles, Gravel, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The *Pine Tree Cordial* can always be relied on to do what is claimed for it. Sold by all Druggists. Principal Depot, 916 Filbert street, Philadelphia. m r24.

THE Louisiana Returning Board members approach their trial without any appearance of interference by the Administration. The persistently reiterated story that such interference would certainly be made in their behalf, appears to be without any warrant of action or word from the President, and in view of the fact that Mr. Hayes has shown no disposition to forget the promises of his inaugural, it is not too much to say that their trial will certainly be proceeded with undisturbed by any efforts of his in their behalf.

THE iron steamship City of Savannah was successfully launched on Saturday from Roach's ship yard, Chester, Pa. She is a sister ship to the steamer City of Macon, and was built for Garrison's line, to ply between New York and Savannah. Her length is 272 feet, 39 feet beam and 27 feet depth of hold. This vessel is the one hundred and seventy-fourth built at Roach's ship yard.

A DOG AUCTION.—The town of Seaford, in Sussex county, Del., taxes its dogs and a number of the owners have refused to pay the tax assessed upon their curs, so last Saturday several dogs were sold at auction to pay this tax. The sum of $2.04 was realized upon the sale of these animals. A correspondent of *Every Evening* says that a protest was entered when one dog was sold, the owner claiming that the Town Commissioners had no right to sell it. The sale went on, however, and a lawsuit will follow.

JOHN W. KEMP, of Bay Hundred, Talbot county, killed 33 snipe at one shot with a single barrel one day last week. The shore appeared literally covered with birds after the shot, and such a flopping never was seen. Mr. Kemp once before killed 32 snipe at one shot, but then he discharged both barrels at the flock.

HON. GEO. R. DENNIS, United States Senator for Maryland, has recovered from his recent severe illness.

We have the best Imitation Gold Watch in the Market for Trading Purposes. The metal is a composition of other metals, so closely resembling gold that the best judges find it difficult to detect the difference, except by a chemical test, and it has the virtues required to make it the best substitute for gold known. GENUINE AMERICAN MOVEMENT, EXPANSION BALANCE, BEAUTIFULLY ENGRAVED OR ENGINE TURNED HUNTING CASES, and equal in appearance to a **GOLD WATCH THAT COSTS from $150 to $200.** We have not, and never can, sell them regularly, for from $60 to $100, and if you wish a watch for your own use or to make money on, try this. Owing to our large sales, we are enabled to reduce the price of them to **$12 each with an elegant Chain attached.** They are used on Railroads, Steamboats, and in Manufactories, and other places where accurate time is required, and gives general satisfaction. We send them by Mail or Express, on receipt of $12, to any part of the Country, or it will be sent C.O.D. when the customer desires and remits $2 on account. These Elegant CHAINS weigh about fifty Pennyweights, and the same pattern in pure gold would cost $100. We sell these Chains at $2 each. But we sell the Watch and Chain for $12, sent by Mail in a Neglected Package, postpaid, to any Post Office in the United States.

WE SELL THE WATCH WITHOUT THE CHAIN FOR $10.

GALENA MACHINE SHOPS!

Wm. A. Hyland & Co.

WE beg leave to call the attention of the Farmers of Kent and the adjoining counties to our new

COMPETITOR REAPER,

and the many IMPROVEMENTS we have made this year. Our Self-Oiling PITMAN BOX, which will run two hours without stopping to oil; also, case hardened Journals, which we think is a great advantage, preventing the wearing of the Journals, a trouble that all other machines have to contend with. We are now using a Guard with concaved centre, which will PREVENT CHOKING and always present a Sharp Cutting Edge, a thing that must present itself to the farmer at once. Also, a Knife with Steel Back, thereby adding Strength, Lightness and Elasticity; and our PATENT STEEL WIRE DROP, that overcomes all objections to a Dropper, working as well in light as heavy grain, a thing that has been long needed and found at last by us.

We make the Reapers of two sizes, for two and four horses. The four-horse Reaper cuts a Swath of six feet, and will cut from twenty-five to thirty acres of grain per day, and will not work the horses as hard as ordinary farm work. The five foot machine is intended for two horses, and is handled very easily. Farmers, call and see, or write to us and learn what we have for sale.

They are the proprietors of a Corn Sheller with Fan attachment, which with their one and two horse power, will shell and clean seventy-five bushels in one hour, of which fact good reference can be given.

REPAIRING

they do neatly, and all their work is done at reasonable prices, and say to all, encourage home manufacture, or at all events give them a trial.

THE CRAWFORD MOWER

so justly celebrated for its light draft, and good work done by it, they also keep for sale.

Also, the Celebrated Taylor Rake

☞ *WE GUARANTEE every Machine that leaves our Works.*

WM. A. HYLAND & CO.

We are also selling the Celebrated

Hubbard Self-Raking Reaper

AND MOWER COMBINED.

☞ Farmers will please give us a call before purchasing elsewhere.
