Ask the Sufferer

FROM

ASTHMA

what has relieved him in such a short time from his difficulty of breathing, Cough and suffocation? He will tell you it was "the Olosaonian, or All-Healing Balsam." Ask the Consumpuve what has allayed his Cough, removed the Pain in his Side and Chest, checked his night sweats and placed the rose of health upon his cheek? and he will tell you

SHERMAN'S OLOSAONIAN,
OR
All-Healing Balsam.

Ask your friends if they know of any thing that will so speedily cure a long and tedious Cough, Raising of Blood, Bronchitis, Dyspeptic Consumption, Hoarseness, Influenza, and diseases of the Throat, as the Olosaonian? and they will tell you—No. There never yet has been a remedy introduced to public notice which has been productive of so much good in so short a space of time. Read the following:

ASTONISHING CURES.

Wm. Bond, the celebrated Boston cracker baker, 98 Nassau street, Brooklyn, states that his wife has been afflicted with Asthma for 30 years, and could not find permanent relief from the best medical advice which New York and Brooklyn could produce, was induced to try this great remedy. She is now nearly well. His daughter, who was suffering from the same disease, tried it, and was also cured by it. Mrs. Bond is now so well that she is able to rise from her bed early in the morning and attend to her usual duties through the day without any annoyance from her distressing malady.

Henry Jackson, 13th street, near the Catholic Cemetry, came to the store for the purpose of obtaining a bottle of the Olosaonian, having been afflicted with the Asthma for more than 30 years, and was so exhausted on his arrival that he could not speak. He purchased a bottle and rode home. Four days afterward he walked from his residence to the office without fatigue, a distance of over two miles, to tell of the wonderful relief which he had experienced from using about one half of one bottle.

CONSUMPTION OF THE LUNGS.

Mr. Comfort, 35 White street, was so low the month of December last, that he was given up by his physician. His friends entertained no hope of his recovery. He was persuaded to try the Olosaonian, and to his surprise it has so far restored him to health that he is now able to walk about the streets.

Mrs. Attree, the wife of Wm. H. Attree, James Harman, Esq., and George W. Hays, Esq., can all bear testimony from their own experience of the leading properties of this Great Remedy in Consumption of the Lungs.

SPITTING BLOOD.

Mrs. Thoubourne, 352 Monroe street, who had been troubled for a great length of time by a severe cough, and raised quantities of blood, was relieved by one bottle of the Olosaonian, and declare it the greatest remedy in the world.

Dennis Kelly, 26 Water street, was also relieved from the same complaint, although he was very much reduced when he commenced taking it, having been under the care of his physician during the past winter. Although he coughed constantly and was very much troubled with night sweats, two bottles of the remedy enabled him to return to his daily work. He was entirely relieved.

David Henderson, 60 Laight street, G. W. Burnett, formerly of Newark, N. J., Henry Lisbon, 199 Rivington street, and numerous other persons have been speedily and permanently cured of the same complaint by this remedy.

THE ARRAY OF NAMES

which could be produced of persons who have used this great remedy would more than fill a column. Among the number we are permitted to refer to A. M. Basinger, 102 Barclay street; Mr. Wilson of Hoboken; Mrs. Bell of Morristown, N. J.; James B. Devoe, 101 Reade street, Mrs. McCallree, 50 Attorney street; F. Smith, 92 Third avenue; Mrs. Wm. H. Attree of this city, and Mrs. Archibald, 35 White street.

"SUGAR COATED" PILLS.

Beware! Caution!!

The increasing popularity of Dr. G. Benj. Smith's improved Indian Vegetable Sugar Coated Pills, has induced a number of persons to make something they call Pills and coat them with sugar, in order to sell them for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance to the original Dr. Smith's Pills. In short, they are an intended fraud upon the community.—A minister who at first had an interest in an imitation Sugar Coated Pill, manufactured in Albany N. Y., has given them up, as he says, on account of the miserable dishonest parties concerned in manufacturing them. The same party are now industriously circulating reports calculated to injure Dr. Smith and to affect the reputation of his valuable pills, but rather than notice them in public, Dr. Smith is about to institute legal proceeding against them for their slanders, as he has in another case against a similar party, which he recovered a large amount of damages. These miserable imitators have to resort to the most abominably means to palm off their counterfeit pills, as the public know that Dr. Smith's are the original and genuine. Several instances have come to public notice in which life has been endangered by the unfortunate use of the counterfeits. It is *Dr Smith's* Pills that are doing so much good in the country—as the following plainly show,

More Ministers

Use and Recommend Dr. Smith's Pills than all others.

This is to certify that I have used the Sugar Coated Pills, manufactured by G. Benjamin Smith, of New York, for some time, and believe them to be a good medicine; and also, from inquiry in that city, I am persuaded that he is the original inventor, and therefore is entitled to the benefit of the invention.

S. WILLIAMS,
Pastor 1st Baptist Church, Pittsburgh.

From the Blue Hen's Chicken. (Del.)

We call the attention of our readers to the certificate of Rev. S. Williams, Pastor of 1st Baptist Church, Pittsburgh, in relation to Dr. Smith's Pills. We can ourselves bear testimony to the excellence of these Pills, one of us having used them and experienced great relief from them.

The above is the best paper in the State of Delaware.

The "Improved Indian Vegetable Pills," (Sugar Coated,) are certainly doing much good in the whole country, and are highly esteemed, if one half is true that people write and say about them. They are so easy in their operation that all like them. The editor of the Northern State Journal, (one of the largest and best papers in the Stat of N. Y.,) writes as follows:

Watertown, May 31, 1846.

Dr G. Benj. Smith—

Dear Sir: I was laid up with a bad cold some time since my return from from N. Y., and during my my illness I made trial of your pills and I must say I found them excellent. They are the best medicine for the purposes they are intended, that I have yet seen. I seldom take pills, but I found yours entirely free from the objections to which other pills are liable. I hope they will continue to be a source of profit to you as I doubt not they will be a means of relief to be afflicted on a lage scale.

DR. C. W. APPLETON'S
CELEBRATED REMEDY
FOR DEAFNESS.

PAINS in and discharge of matter from the ear, together with all other unpleasant symptoms, which either accompany, or announce approaching deafness

This invaluable medicine is the result of a long and faithfully pursued course of experiments instituted with the sole view to discover (if possible) a certain, and at the same time a safe remedy for this dreadfully afflicting disorder, and being extensively used in the private practice of the subscriber during the last eight years, in very numerous cases with the most remarkable success, is now offered to the public, for the benefit of those, who from distance, or other circumstances,—cannot have the personal attention of the proprietor in the fullest confidence of its efficacy, and in ths firm belief that it will not disappoint the expectations of those who may have occasion for its use; in short that it is the most valuable article ever offered to the public for this disease.

SALEM WITCHCRAFT OUT DONE!—To Mr. J. T. Rowand—Dear Sir:—For four or five years I have suffered greatly from Rheumatism in my head, which, during the last year became worse and worse. For four or five weeks previous to the 15th instant, I had suffered without intermission, my general health was much impaired, my sight injured, and my head so sensitive that I could scarcely rest it upon the pillow. Two days since, a *single application* of your "MAGIC LOTION" *relieded me entirely in two or three minutes!* I have applied it occasionally since, and the soreness is nearly gone. So great and sudden was the change that I can scarcely realize that I am the *same man?*

I have also cured one of my children, and a female friend of headache in two or three minutes.

So great is my confidence in the "Magic Lotion" that I would not be without a bottle for "*fifty times its cost.*"

NATURE'S OWN REMEDY!

THE INVALIDS BEST FRIEND!

It is confidently asserted that there never was a medicine which has given such uniform and universal satisfaction, as

Wright's Indian Vegetable Pills.

They have stood the severest trials, by curing when all other remedy failed, and have established reputation in the face of the envious slanders which have been raised against them.

Let it be borne in mind that Wright's Indian Vegetable Pills are

No Catch penny Remedy,

the offspring of the hour destined to pass away with it, and be forgotten, but a medicine of sterling value.

For Fever and Ague,

That scourge of the west, Wright's Indian Vegetable Pills stand unrivalled. An instance has never come to our knowledge of these Pills having been taken, without effecting a complete cure. In chills and fever the liver and biliary functions are chiefly disordered, superinduced by great physical debility. When the symptoms first appear, no time should be lost before resorting to these Pills. A few doses will give such manifest relief that no persuasion will be necessary to continue the use of them.

For Dyspepsia.

Wright's Indian Vegetable Pills, will be found very superior. In this disease, the gastric juice is weak and deficient in quality. Consequently, the digestion is imperfect and the health impaired. These Pills remove the bile from the stomach, restore its tone, and improve the digestion.

Great Female Medicine!

It would be difficult precisely to tell to which of the two sexes Wright's Indian Vegetable Pills have been the two greatest blessings. But it is very certain that these pills have given health, and spirits, and a good complexion, to hundreds of females, who would without them, have been in their graves. A box of Wright's Indian Vegetable Pills, is an inestimable companion at certain periods.

Valuable Anti Bilious Medicine!

It is well known that the South and West suffer more from bilious diseases than from all others combined. This is partly owing to the climate, but chiefly to the nature of Southern and Western life. The sensations accompanying liver complaint are of the most wretched description. Habitual drunkenness is frequently brought on by liver complaint. A patient suffering from this disease, should not be mocked with pretended cures; yet there are very few medicines that are worth a straw in the removal of this complaint. Calomel has hitherto been the chief reliance, but the remedy has proved itself worse than the disease! What then shall be done? We say, give Wright's Indian Vegetable Pills a trial. If they do not exceed your expectations, we are willing to bear all the opprobrium of failure.

The following Agencies have been established for the sale of Wright's Indian Vegetable Pills in Kent county:

SICKLY SEASON.—There is not a man, woman, or child, but should take medicine at this season of the year, but more especially at this present time: for there probably were never so many causes existing at one period as there are now, so likely to produce a state of sickness. The repeated changes in the atmosphere, by acting as they do upon the constitution, and quality of the blood itself, give occasion for the most fatal and malignant disorders. The bile becomes (and often without any warning,) in a most acrimonious condition from these repeated changes, and if the stomach and bowels have been neglected previously, the first symptoms require immediate attention. Even those who have a healthy disposition of body, are subject to sickness under these circumstances.—Therefore to prevent any danger, we ought carefully to guard against a costive state of our bowels. Once or twice they should be evacuated in twenty-four hours. There are many causes which produce unhealthy blood: sometimes it may arise from grief, at others when the system is in a state of fullness it can take place from sudden joy; close application to a literary undertaking can produce it—in all cases where many persons have to be seen and spoken to, which producing nervous excitement, is a fertile source of unhealthy blood occasioning that slow nervous fever which has carried off soms of our best men, men martyrs to their reputation, but which a knowledge of the powers of Brandreth's Pills would have prevented. Those who desire to secure their health, under almost any adverse circumstances, can do so by having Brandreth's Pills on hand, and at once resorting to them when the first feelings of disorder take place in their bodies. As this advice is used so will the health be. The will yet be when a man that makes a good medicine shall be honored more than he who is an adept in the art of war.

IT NEVER FAILS.

DR. CULLEN'S

Indian Vegetable Panacea.

Persons affected with Scrofula, Kings' Evil, Cancer, Erysipelas, Old Sores, Ulcers Tetter, Mercurial Diseases, or any other complaints arising from impurities of the blood, are requested to read the following testimonials, in proof of the wonderful properties of the above named medicine.

Read! Read!! Read!!!

We, the undersigned having visited Mr. Isaac Brooks, Jr., at the office of Messrs. Rowand & Watson, 376 Market street, Philadelphia, consider his case the most remarkable one we have ever witnessed or heard of. His disease was *Scrofula*, and terrible must have been his twelve years' conflict with the destroyer. His palate, the entire roof of his mouth, nose, upper lip, the lower lid of the right eye, have all been destroyed, his face *nearly eaten up* and part of the Jaw Bone carried away.—And yet we can give no description of his case. Mr. B. informs us that in January last, the whole interior of his mouth, as well as most of his face, was a mass of deep and painful ulcers. On the 14th of January last, he commenced taking Dr. Cullen's Indian Vegetable Panacea, which checked the disease in a few days, and from that time the cure has progressed without intermission. New flesh has supplied the place of the deep ulcers, and though badly disfigured, his face is sound, and his general health is restored. We are assured that in the treatment of Mr. Brooks's case, no Mercurials, Ointments, or Caustic Applications have been used—in fact, the panacea alone, has wrought this wonderful change.

The above named gentleman, (constitution but a small portion of those who have visited Mr. Brooks, at our office in Philadelphia, and would certify to the same facts if necessary,) are well known, and their high standing in society, precludes the idea of their lending their names to carry on an imposition.

And here we say, without the fear of contradiction, that we have not found a case of Scrofula or other disease for which we recommend the panacea, which the medicine has not speedily arrested.

The veracious testimony attached to the Native Preparation of Capt. Brants Indian Remedies is a sufficient attestation to their merits. The soothing influence of the Pulmonary Balsam over the raging tortures of the CONSUMPTIVE'S COUGH, the cessation of their pains, the increase facility afforded to the expectoration, the absence of those debilitating night sweats altogether produce the consciousness of relief and permanent cure in the patient's mind. Dr. Martin's compound syrup of Wild Cherry.

This Compound is one of the best remedies ever offered the public in Coughs, whether arising from Colds or the Whooping Cough, or that dreadful malady, Consumption. Few remedies, in the short time it has been before the public, have effected as many cures. The proprietors are every day receiving orders for it at a distance, in which they have been highly gratified to learn its good effects. The Bishop of the Protestant Episcopal Church of Maryland, (the Right Rev'd. W. R. Whittingham) has authorised us to say he has used it in his own person with decided benefit; and our Medical friends do not scruple to recommend it as one of the best remedies in Consumption, Bronchitis, Asthma, &c., which they have ever met with. The following is from a highly respectable physician on Kent Island, whom we made acquainted with the preparation:

Kent Island, June 22, 1847.

Dr. Martin—Dear Sir: Since my return home, I prescribed your Syrup of Wild Cherry, in several cases; one in particular, a case of Asthma of long standing (about 12 years, a neighbor and patient of mine.—Her disease has never been benefitted by any Medicine which she has taken, and for the last year or two she has been confined entirely to the house. I do not know that she has had a good night rest for a long time, but since she commenced taking your medicine (and she has only taken one bottle,) she is enabled to go to bed and sleep well all night. I think the medicine will make a perfect cure. her husband, Mr. Earcikson, is a merchant here, and says if you will send him some of it, he will act as your agent.
