TRAIN WRECKERS AT WORK—*Four Men Killed by the Wrecking of a Train on the Philadelphia, Wilmington and Baltimore Railroad.*—A successful attempt at train-wrecking occurred on the Philadelphia, Wilmington and Baltimore railroad, near Claymont station, eight miles east of Wilmington, Saturday night, by which the southern express, leaving Philadelphia at 9.30 P. M., and due in Baltimore at 12.40 A. M., was thrown from the track, killing the engineer and fireman, and two strangers who were taking a ride. The obstruction which threw the locomotive from the track consisted of two heavy cross ties securely fastened in a "cow guard" crossed in a slanting position, pointing in opposite directions, and were held secure between the cross-ties of the track. The train was running at the rate of thirty miles per hour. It was quite dark, and an obstruction of this kind could not be seen under the head light. The locomotive struck the obstruction, at once jumped the rails, got uncoupled, and crossing the track with great force, imbedded itself in an embankment of earth some fifteen feet high. The tender or tank-car followed, crashing up against the locomotive. The postal, express and baggage car were upset across the track and badly broken, while the passenger coaches and first sleeper were thrown from the track but not upset. The passengers escaped almost miraculously, receiving no injuries beyond a few bruises and the shock incident to such a disaster. A few belonged to Baltimore, but the majority were on their way to Washington, Richmond and the South. A man named Harley G. Brown, formerly employed on the road, has been arrested charged with causing the wreck.

Brown has since confessed before the coroner's jury that he wrecked the train, and has been committed to jail for trial.

CAROLINE.—The School Commissioners of Caroline county have fixed the salaries of the public school teachers, for next year at $70 per term, or $280 a year, or 77 cents a day. Poor Caroline! This is all she is able to pay. It is not parsimony that induces, but poverty that compels her to pay this miserable pittance to the men and women she asks to come and educate her children, and she deserves not our censure but our sympathy.

The School Commissioners of Caroline have made one mistake, however. They should close the schools. A school numbering from twenty to sixty pupils cannot be conducted a years for a less sum than is paid even in Caroline for training an ordinary road horse, and the school authorities will most likely find at the end of the year that they have not got value received for what they have paid.

We are disappointed in Caroline. With local option, which has prevailed there longer than in any other county in the State; from the manifest improvement in her farm lands; from the evidences of thrift that may be seen in some sections of the county; from the fact that her newspapers are so well sustained and encouraged that they are able to buy expensive power presses, and from many other indications of prosperity, we thought our neighboring county was growing richer; that prosperity had settled within her boundries; that she offered fine inducements to the immigrant; that her people were wiser and better, richer and happier. But this action of her School Commissioners set Caroline back. Her cheap schools will repel more strongly than her cheap land will attract. Her empty school houses will drive away more people than her empty jails will bring there. No man, whose circumstances compel him to have his children educated at the public schools can afford to live in a county where the teacher of his children receives seventy cents a day.—*St. Michaels Comet.*

JAMES VANCE AND EDWARD CAULK SENTENCED FOR COUNTERFEITING.—In the United States Court, recently held in Wilmington, Del., Jas. Vance, of Chesapeake City, was convicted of passing counterfeit $5 National Bank notes, and Edward Caulk, convicted of the same offence at the late term of the United States District Court, were brought in and sentenced. Vance was convicted on three indictments. The Court imposed a fine of $100 and costs and five years imprisonment in each case, the minimum penalty of the law, making $300 fine and fifteen years imprisonment in all. Vance is 63 years old. Caulk was convicted on one indictment and sentenced to pay a fine of $100 and costs and five years imprisonment. In imposing the sentence on Caulk, Judge Bradford said: "I have no hesitation in saying, here and publicly, that if I had the power I would greatly diminish the term of imprisonment." It appears from the evidence that he had been induced by Vance to pass the counterfeits while under the influence of liquor.

JAMES RUSSELL LOWELL, our minister to Spain, by way of introduction to his admirable "Fireside Travels," quotes:—"Traveling makes an old man sit still in his old age with satisfaction, and travel over the world again in his chair and bed by discourse and thought." This may all be very true, generally, but it certainly cannot be applied to those who travel for their health; for, while we are suffering, the chances and even the inclination for enjoyment are few and negative. Ask a man to enjoy the grandeur of the Colorado Canons, six thousand feet deep, (the most sublime scenery on the American Continent) while he actually feels forty-seven distinct Rheumatic pains from head to foot, and see if his "pleasure" and "satisfaction" won't be of a decidedly tame nature; but give him a bottle of Keller's Roman Liniment, and he will be relieved and cured as sure as the stars shine from above, and then not only enjoy traveling, but life in every way, it is the greatest pain banisher on earth.

A CONGRESSMAN NEARLY DROWNED.—The Richmond *State* publishes a letter from West Point, King William county, Va., which says: "As Hon. Beverly Douglas, member of Congress from this district, and several other gentlemen were crossing the Mattaponi river, Thursday night, on their way from Saluda, where Mr. Douglas had been to address a public meeting, the ferry-boat, from some unexplained cause, suddenly sunk. Where it went down the river is about a mile and a quarter in width. After the party had been in the river ten or fifteen minutes a boat from the West Point shore rescued them."

THE DELAWARE WHEAT CROP.—The wheat crop which has been harvested throughout Delaware, and which is now being thrashed and garnered, is the largest ever produced in the State. The yield in the State is estimated to be at least one million bushels.

LAST week, a young man of our town, was offered sixty cents to fall backwards into our river. He did it, and remarked, after reaching hard bottom that such a sum was not made so easy every day.—*Crisfield Leader.*

ABDUCTION OF CHILDREN.—The Hagerstown (Md.) *News* states that within the past few days two children have been abducted in that neighborhood, but fortunately escaped. One, a boy nine years of age, son of a Michael Tull, was forcibly carried off by a woman while he was picking berries, and was carried nearly to Williamsport, where he made his escape and reached home in an exhausted condition. The other, a boy nine years of age, son of John Weller, of Funkstown, was abducted on Sunday afternoon by a tramp. The boy reached Hagerstown late Sunday night, having escaped from a tramp camp, and was taken care of by the mayor.

EX-GOV. PACKARD testified before the sub-committee of the Potter committee in New Orleans on Saturday. About the only important matter extracted from him was that he was duly and properly elected Governor of Louisiana in 1876, and that his title to that office is as good as Hayes' title to the Presidency. Who ever doubted that?

GEN. THOMAS EWING, in reply to a New York interviewer, said: "There is but little doubt that Senator Thurman is one of the many democratic candidates for the presidency. From all that he has been enabled to see MR. Tilden's chances for renomination, so far as the West is concerned, are slim."

HON. ALEXANDER H. STEPHENS, of Ga., is making preparations for a vigorous canvass of his district. He has purchased a carriage and a pair of horses, and within the next ninety days proposes to visit every county in his district, some of which he has not visited for many years.

MRS. JENKS is round and stout, but Mr. J. is hollow-eyed, hollow-chested, and has the unwholesome look of a consumptive. It doesn't matter, however, for Jenks is only a second lieutenant in the family and in hourly danger of being reduced to the ranks.

THE remark of Mrs. Jenks that sometimes in Louisiana she did not know in the morning what would be her politics at night, induces the editor of the Philadelphia *Press* to say that if Agnes had entered journalism she would doubtless have edited an "independent" paper.

**By Universal Accord,** AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious and successful chemical investigations, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild but effectual cathartic is required.
FOR SALE BY ALL DEALERS. 4

**Oliver Cromwell,** one of England's most illustrious sons, died from Intermittent Fever, and this distressing disease was at that time the means by which some of the greatest persons perished.

Since the discovery of *Quinine* and its employment in the treatment of Fever and Ague the fatality has been reduced to a very low point.

Arsenic was also employed with some success, but these remedies are injurious to the constitution of the patient, so much so that scientific men have been for years endeavoring to discover a remedy that did NOT possess the *injurious* qualities of Quinine or Arsenic. Many remedies have been put forth claiming to possess no injurious materials, but have only proved to be impositions and frauds. This useful and humane discovery has at last been made in the form of BRITTON'S AGUE PILLS. These pills do not contain Quinine or Arsenic in any form, yet are capable of neutralizing the malarial poison in the system, and effect a cure without subjecting the patient to the unpleasant and hurtful effects of Quinine and Arsenic. BRITTON'S PILLS may be taken under any circumstance without the slightest danger to the patient. Where the directions are followed a cure is certain. Price 25c. For sale by all dealers. F. M. # VEGETINE
## FOR DROPSY!

*I never shall Forget the First Dose.*
PROVIDENCE.

MR. H. R. STEVENS,—Dear Sir: I have been a great sufferer from dropsy. I was confined to my house more than a year. Six months of the time I was entirely helpless. I was obliged to have two men help me in and out of bed. I was swollen 19 inches larger than my natural size around my waist. I suffered all a man could and live. I tried all remedies for Dropsy. I had three different doctors. My friends all expected I would die: many nights I was expected to die before morning. At last Vegetine was sent me by a friend. I never shall forget the first dose. I could realize its good effects from day to day; I was getting better. After I had taken some 5 or 6 bottels I could sleep quite well nights. I began to gain now quite fast. After taking some 10 bottles, I could walk from one part of my room to the other. My appetite was good; the dropsy had at this time disappeared. I kept taking the Vegetine until I regained my usual health. I heard of a great many cures by using Vegetine after I got out and was able to attend to my work. I am a carpenter and builder. I will also say it has cured an aunt of my wife's of Neuralgia, who had suffered for more than 20 years. She says she has not had any neuralgia for eight months. I have given it to one of my children for *Canker Humor*. I have no doubt in my mind it will cure any humor; it is a great cleanser of the blood; is safe to give a child. I will recommend it to the world. My father is 80 years old, and he says there is nothing like it to give strength and life to an aged person. I cannot be too thankful for the use of it. I am,
Very gratefully yours, JOHN S. NOTTAGE.

ALL DISEASES OF THE BLOOD.—If VEGETINE will relieve pain, cleanse, purify and cure such diseases restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the *Great Blood Purifier*. The great source of disease originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

## VEGETINE.

*I owe my Health to your Valuable Vegetine.*
Newport, Ky., Apr. 29, 1877.

MR. H. R. STEVENS—Dear Sir: Having suffered from a breaking out of *Cankerous Sores* for more than five years, caused by an accident of a fractured bone, which fracture ran into a running sore, and having used everything I could think of and nothing helped me, until I had taken 6 bottles of your valuable medicine which Mr. Miller the apothecary recommended very highly. The sixth bottle cured me, and all I can say is, that I owe my health to your valuable Vegetine.
Your most ob't serv't, ALBERT VON ROEDER.

"It is unnecessary for me to enumerate the diseases for which the VEGETINE should be used. I know of no disease which will not admit of its use with good results. Almost innumerable complaints are caused by poisonous secretions in the blood, which can be entirely expelled from the system by the use of the VEGETINE. When the blood is perfectly cleaned, the disease rapidly gives way; all pains cease; healthy action is promptly restored, and the patient is cured."

## VEGETINE
*Cured me when the Doctors failed.*

MR. H. R. STEVENS—Dear Sir: I was seriously troubled with *Kidney Complaint* for a long time. I have consulted the best doctors in this city. I have used your Vegetine for this disease, and it has cured me when the *doctors* failed to do so.

**Unparralelled Cures in Wilmington.**

Please read the following, which are but few of hundreds of remarkable cures, wrought by Drs. Stearns & Wilson in Wilmington, during the last few weeks:

WILMINGTON, DEL., May 3, 1878.
It was my good fortune to come under the treatment of Drs. Stearns & Wilson three weeks since. I had been afflicted with an abcess upon my left lung, extreme pain and soreness through the chest, a distressing cough, and Catarrh. Physicians had pronounced my case incurable. After hearing of the great success of Drs. Stearns & Wilson in curing several of my acquaintances in this city, I was induced to give them a trial. The results have been the most satisfactory. The cough, pain, and soreness through the chest and catarrh are cured. Have not felt as well as I now do in three years. Will also state that Mrs. E. Taggart, my mother, and others seeing the good work wrought upon me were led to procure treatment of these celebrated physicians, and they all claim to have received great benefit. EDWIN A. HARRISON.
Butcher stall, No. 17, 2nd street Market, House, No. 909 Poplar street.

WILMINGTON, DEL., May 3, 1878.
*To whom it may concern:*
I deem it a duty as well as a pleasure to testify to the wonderful effects of Drs. Stearns & Wilson's treatment. I had been afflicted for five years with fits and frequent choking spells, would have them nearly every day, sometimes 4 or 5 times a day. The fits were constantly increasing in number and severity, I placed myself under the treatment of these famous physicians nearly four weeks since.—The results have been the most wonderful. I have not had but one fit since then and that was a very light one which I had soon after commencing their remedies.
ALBERT COX,
House, 313 King street.

We hereby certify that having taken a deep interest in the case above specified, were thereby led to closely watch the results of the treatment. We therefore know the statement to be correct.
J. T. Stroud, 624 West Third street,
Geo. G. Gibson, No. 6 West Fourth street,
E. D. Morrison, 313 King street,
Wm. S. Miller, 300 King street,
And many others.

WILMINGTON, DEL., April 25, 1878.
I am happy to make a statement as follows: I have been afflicted for one year with dyspepsia, pain at the side, heart disease, lame back, disease of the kidneys and general debility of my whole system, and for five weeks previous to coming under treatment of Drs. Stearns and Wilson, was disqualified for business. I commenced to take their treatment four weeks ago. Their remedies gave me speedy relief. In one week after commencing the treatment I was able to resume my business, and have been able to pursue the same ever since. The dyspepsia, palpitation of the heart, pain at the side and kidney disease are cured, and I feel better in every respect, in fact I feel like a new man. I make this statement for the benefit of others who are afflicted with disease. OLIVER GROVES,
McCollough Iron Co.
House, 620 East 7th street.

WILMINGTON, DEL., May 4, 1878.
I procured treatment of Drs. Stearns & Wilson five weeks since, the results are that I have been most decidely benefited. I had been afflicted with one of the worst forms of kidney affections, pain, lameness and soreness through the back, rheumatism, dyspepsia and heart disease. Have expended hundreds of dollars in employing our most skillful physicians, all were unsuccessful in affording me any permanent relief. Drs. Stearns & Wilson's remedies are restoring me to perfect health. JOHN HEDRICKS,
House, No. 845 Church street.

WILMINGTON, DEL., May 3, 1878.
My daughter Anna has been taking medical treatment of Drs. Stearns & Wilson for the last six weeks. She had been afflicted with pulmonic affection, accompanied with a terrible cough, occasional hemorrhages, catarrh and pains through the chest and side. At the time of commencing the treatment she seemed to be in a rapid decline with consumption, all medical skill having failed to arrest the disease. I am happy to say under the treatment of these eminent physicians her cough, catarrh and lungs are cured, and she is now in the enjoyment of good health.
MRS. ELIZABETH FARRADY,
Residence No. 911 Orange street.

WILMINGTON, DEL., May 3, 1878.
Drs. Stearns & Wilson have cured me of enlargement of the liver, dyspepsia, pain at the side, and kidney disease, also erysipelas, during the last six weeks. Several of our most prominent physicians treated my case without success. HENRY GARRETSON,
Pickels and Co.,
House 925 Shipley street.

WILMINGTON, DEL., May 1, 1878.
I came under the treatment of Drs. Stearns & Wilson five weeks since; they have cured me of a terrible cough, dyspepsia, catarrh and general debility. I had been treated by other physicians for consumption without success, but kept constantly declining on their hands.
ROBERT RUDOLPH, Carpenter.
House 6th & Walnut.

WILMINGTON, DEL., May 5, 1878.
I have been cured of one of the most aggravating cases of Fistula and Piles by Drs. Stearns & Wilson in the last six weeks.
NEHEMIAH SINEX,
House, No. 3 West Jackson street.

WILMINGTON, DEL., April 29, 1878.
Drs. Stearns & Wilson have cured me in the last three weeks of a terrible erysipelas on my hands, and benefited me in many other respects. MRS. MARTHA BARNES,
No. 528 Fourth street.

WILMINGTON, DEL., May 5, 1878.
Drs. Stearns & Wilson have removed a scrofulous Tumor as large as a hen's egg from my son's neck, without the use of a knife or producing pain. Also his general health has improved under their treatment. He has been under treatment four weeks.
A. S. FEASTER,
House, No. 624 East 7th street.

BAD CANCER REMOVED.
WILMINGTON, DEL., April 4, 1878.
*To whom it may concern:*
This is to certify that Dr. Stearns, who is stopping at the Clayton House, removed a *bad cancer* from my face in *eight days* without the *knife or pain.* MRS. DAVID W. HALL,
No. 629 E. Seventh street.
Witness:—Mrs. Geo. Lambert.

They have removed 12 monster Tape worms in Wilmington, varying from 40 to 180 feet in length. They publish only 3 certificates as follows, which speak for themselves:

WILMINGTON, March 27th, 1878.
This is to certify that I have been afflicted with pain and distress at the stomach and side and other symptoms described in the circular of Drs. Stearns & Wilson. I called upon them at the Clayton House where they are now stopping. They described my case accurately without asking a question, and decided that the cause of all my ailments was a tape worm. I took their treatment and in a few hours I passed a monstrous Tape Worm, head and all. I make this statement for the benefit of others who are afflicted with diseases.
JAMES A. MCVEY,
DuPont's Powder Mills.

I hereby certify that I witnessed the above operation, and therefore have no hesitation in pronouncing the statement correct.
JOHN REED.

WILMINGTON, DEL., April 15th, 1878.
This is to certify that Dr. Stearns, who is stopping at the Clayton House, removed a monster tape worm from me in 3 hours, 46 minutes, about 162 feet long. Also he removed another monster, about 180 feet long, from my daughter, in 4 hours and 15 minutes.
JOHN ROBERTS,
Cor. 14th and Claymont streets.

WILMINGTON, DEL., April 24th, 1878.
I hereby certify that Drs. Stearns & Wilson, who are stopping at the Clayton House, removed from me this day a monster Tape Worm about 145 feet long, including the head, in four hours. I would also state that the treatment was very mild, not making me in the least sick. FRANK MANION,
Diamond State Iron Mills,
Residence, 517 Spruce St.

AS CONCLUSIVE PROOF THAT THEIR CURES ARE PERMANENT MAY BE SEEN BY THE FOLLOWING:

WILMINGTON, DEL., May 6, 1878.
Drs. Stearns & Wilson cured us in Cleveland, Ohio, thirteen years since, after other physicians had failed, and the cure was permanent, the diseases that they gave us treatment for have remained cured to the present time. We are personally acquainted with many of their patients, in that State, that were cured by them, at that time, of Epileptic fits, different forms of female weakness and other diseases. The cures were lasting, having remained to the present. At the time we came under their treatment we purchased one of their medical books, of which they were the authors, a book possessing rare value, which has enabled us to treat our own family with unerring success, thereby saving us hundreds of dollars in doctors' bills. That book we have kept as a valuable treasure, and could not be induced to sell it for any price.

*Gents' Furnishing Goods.*
We flatter ourselves to say that we have the finest and best selected stock of Gents' Furnishing Goods ever before offered to the public.
We are selling the celebrated CROWN SHIRT at $1.25.
# BOOTS and SHOES.
We have added to our stock of Clothing a fine stock of BOOTS AND SHOES for Spring and Summer wear.
☞ Don't fail to visit our establishment before purchasing, as an examination of our stock will convince that what we say is not to be doubted, as we are determined not to be undersold.
☞ No trouble to show goods.
Most respectfully,
J. FRANK CONNELLY,
Apr. 20, 1878. CHESTERTOWN.

# New Store and New Goods
JAMES A. SHAW
HAS fitted up the store room on Court Street, adjoining the shoe shop, and just returned from the city with a large stock of Goods. Among the numerous varieties we name:
FURNITURE, Shoe Findings
Groceries, Confectionery,
FLOUR by the lb. or bbl.; TOBACCO, CIGARS, &c., &c.
The upper story of the building will be used exclusively as
Furniture Ware-rooms
and my stock will include a general variety of everything in this line, which I can and will sell as cheap as the same kinds can be purchased in the city.
My purchases have been made for cash exclusively, and I am determined to sell goods as low as anybody else, as I expect thus to successfully compete with others and secure patronage.
☞ My friends and the public are solicited to call and see if we don't know how to keep a store! JAMES A. SHAW,
Dec. 15—y. Court Street

A FULL LINE OF Green, Black and Mixed Teas. at T. W. ELIASON, JR'S.
