VIEWS OF EX-GOVERNOR WALKER—*Southern War Claims and the Next Presidency.*—Ex-Gov. Walker, of Virginia, who is now a member of the House of Representatives, said in New York on Tuesday:

I believe we shall have a Democrat for the next Presidential term. Grant cannot succeed in the South, and as for Key, whom I see named for the second place, why, he could count upon one vote. The war claims are made a great deal of just now. Why, the people of the South don't think of having any appropriation made for them, and they would vote against such a measure. They know full well they cannot be recognized under the Constitution. There are some that might be justly paid, but this should be done out of Congress. A separate tribunal should be empowered to decide upon these claims. Thurman is a strong man and no doubt the coming one. He will suit the South and West, and I think his recent speech will settle all difficulties between him and the people. He has changed his views certainly on some points, but in this country so far the National movement is not well in the field. The Independents are working slowly, but they have but little power, save where local government is concerned. They will, as a body, join the Democrats on the National question.

DR. WRIGHT'S VISIT TO WEST POINT.—In a letter to the Centreville *Observer*, Dr. Wright thus refers to his recent visit to the military acadamy at West Point, after an absence of sixty years:

"I landed at the Point at eleven o'cl'k on Thursday the fifteenth ulto., and for three long hours did I ramble through the grounds where West Point, as I knew it, stood, but not *one* solitary article or spot could I see that I had ever seen before, (I certainly was a cat in a strange garret). I was prepared to see a great change in the place, but could not have believed that time, or money, could have wrought such a change. Had my visit been to some dear friend and, on rapping at the door, to have been met by a stranger informing me that my old friend had been dead for many years past, I should have not felt more sad. In my rambles I met with a few of the officers, who treated me with the greatest respect. At three o'clock I embarked on the steamer for New York, bidding the spot where West Point once stood a final adieu with no desire ever to place my eyes or feet on it again."

A MOVEMENT is on foot to establish telephonic communication between St. Michaels and Easton. The *Comet* is not at liberty at present to give names and details, but can say that an enterprising business firm has taken hold of the matter and will push it to a successful termination. Data has been obtained showing the cost of the telephone. $600 will put up the wire, furnish instruments, etc., and leave a margin for contingencies. The beauty about the telephonic work, and the great difference between the telephone and the telegraph is that a skilled operator is not required to work the telephone, any one can do it, and thus the great item of expense in telegraphic communication is saved. The person desiring to send the message can himself operate the telephone.

THE UNITED STATES AT THE PARIS EXHIBITION.—Mr. Samuel W. Smalls, of the Atlanta *Constitution*, and Mr. F. B. Wilkie, managing editor of the Chicago *Times*, have arrived in New York from Paris. Mr. Smalls, who was secretary of the American commission, says this country stands fourth in the merit of its display, being excelled by England, Austria and Belgium. Mr. Wilkie says comprehensively: "The French department is the department of taste; the English department is the department of practical strength; the Russian, Norwegian, Sweedish and Danish departments are the departments of crudity; the American department is the department of ingenuity."

AT the last session of Congress $15,000 were appropriated for a preliminary survey for a ship canal across the peninsula between the Chesapeake and Delaware bays. The work of making the survey has been placed by Col. Craighill under the charge of Major N. H. Hutton, of Baltimore. Surveys will be made of all the proposed routes and estimates of the cost and availability of each, submitted to Col. Craighill. Parties will be put in the field next week. Major Hutton and Capt. Smith are now passing over the lower route for the purpose of reconnoitering.

A CARRIER PIGEON RACE from Tobyhanna, Pa., to New York city took place on Sunday for a sweepstakes of fifty cents an entry. Twenty-six birds were started from Tobyhanna at nine o'clock Sunday morning. Twenty-three of the birds arrived in New York in a flock at 10 minutes to 11 o'clock A. M., covering the 90 miles in 1 hour and 50 minutes. The remaining three birds arrived soon after.

WATER MELONS are looking up in the near future as an important American product. It is said that sugar is extracted from the melons at a cost of two cents per pound less than from sugar-cane. Besides this, oil is made from the seed, and alcohol from the rind.

Various Causes—

Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light and red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous.

Oliver Cromwell, one of England's most illustrious sons, died from Intermittent Fever, and this distressing disease was at that time the means by which some of the greatest persons perished.

Since the discovery of *Quinine* and its employment in the treatment of Fever and Ague the fatality has been reduced to a very low point.

Arsenic was also employed with some success, but these remedies are injurious to the constitution of the patient, so much so that scientific men have been for years endeavoring to discover a remedy that did NOT possess the *injurious* qualities of Quinine or Arsenic. Many remedies have been put forth claiming to possess no injurious materials, but have only proved to be impositions and frauds. This useful and humane discovery has at last been made in the form of BRITTON'S AGUE PILLS. These pills do not contain Quinine or Arsenic in any form, yet are capable of neutralizing the malarial poison in the system, and effect a cure without subjecting the patient to the unpleasant and hurtful effects of Quinine and Arsenic. BRITTON'S PILLS may be taken under any circumstances without the slightest danger to the patient. Where the directions are followed a cure is certain. Price 25c. For sale by all dealers. F. M. A LARGE tabernacle with a seating capacity of several hundred has been erected by the M. E. Church in St. Michaels. Both day and evening services are being held, and a deep religious interest has spread through the entire community. Forty have made a profession of conversion during the present week, and the altar continues crowded with earnest penitents. It is one of the most extensive and fruitful religious awakings ever witnessed in that neighborhood.—*Easton Gazette.*

GEN. GRANT'S brother Orvil in an interview at Boston says the General had written his friends that he would on no account accept a presidential nomination, but he (Orvil) thinks that he probably could be educated up to it as he was once before. If he could only be made to believe that he was the only man able to save the country or the party he would allow his name to be used even at the risk of defeat.

MR. W. W. CORCORAN, of Washington, who has displayed a noble generosity in making many liberal gifts to the University of Virginia, has just given $50,000 to endow a new chair of natural history in that institution. The chairs of the moral philosophy and history and literature have already been richly endowed by him.

HON. BAILIE PEYTON, of Tennessee, for many years a prominent whig politician, died at his residence in Gallatin, in that State, Sunday afternoon, of effusion of the brain. Mr. Peyton was a Representative in the lower house of Congress from 1833 to 1837, served on the staff of Gen. Zachary Taylor in the Mexican war, and was appointed minister to China by President Fillmore.

KEARNEY finds no Communism worth speaking of in the wild-cat State of Indiana. He may yet be compelled to rent a dray in some Eastern city and go to work.

THE commissioners of Talbot county have purchased Miles river bridge from the private stockholders, and intend to make it a free bridge. The price paid was $3,350.

THE Elkton Methodists claim to have the oldest Sunday school Superintendent in the work. He has held his office 44 consecutive years. They hope to keep him in the remainder of the half-century.

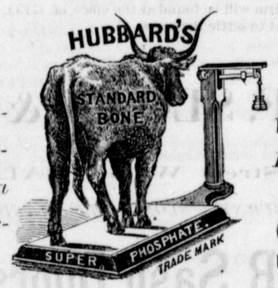
Notice to Farmers!

WHEAT SEEDING FOR 1878!

THE LEADING FERTILIZER OF THE DAY IS

Read the following Testimonials of only a few in our possession.



Showing the WONDERFUL RESULTS of our

STANDARD:

Near Chestertown, Md., June 25, 1878.

T. R. Hubbard & Son,—Gentlemen: Having used your very superior Phosphate for two years on wheat and corn, can say it has proven fully satisfactory. I used last Fall two other of the highest grade Fertilizers sold in the county, but they did not compare equal in result, and cost me $10 more per ton. Out of a company of Farmers at my house I appointed a committee of three to examine the wheat to see if they would agree with me. They all reported decidedly in favor of yours. I then told them it was your Standard. I will want more this Fall than ever before as I am satisfied it's as good as any in the market. JOSIAS RINGGOLD, JR.

Chestertown, July 1, 1878.

T. R. Hubbard & Son,—Gents; I take pleasure in saying that the use of your Bone Super-Phosphate for the last two years upon both wheat and corn has given me entire satisfaction. The result in yield of crops has been equal to the highest grades of Phosphate sold in this market, all applied the same, about two hundred pounds per acre. Respectfully, THOS. P. DIXON.

Near Galena, July 5, 1878.

Messrs. T. R. Hubbard & Son,—Gents: In answer to your inquiry regarding your Phosphate, I can say it has given entire satisfaction, as I have tried it two years on wheat, corn and potatoes, and believe it has paid me as well as any I have ever used. It yielded me this year 21½ bush. wheat to the acre. Ship me 6 tons to Lambson's for wheat. Respectfully, ED. B. WOODALL.

Locust Grove, July 8, 1878.

T. R. Hubbard & Son,—Gentlemen: As I promised to let you know the result of your Phosphate, will say the three tons I used last Fall did well on my wheat. I used also two other high grade fertilizers that cost me $7 more per ton, but they did not compare with yours in yield, all applied 225 lb. per acre. I think yours drilled the best of any I ever used. Respect'y, ROB'T COMLY.

Hanesville, Md., July 1, 1878.

Messrs. T. R. Hubbard & Son,—Gentlemen: In answer to your inquiry, will say that I have used your Standard Bone Super-Phosphate for the last two years on my wheat alongside of other high-grade Phosphates, and it has proven to be equal to any in result, all applied the same. I expect to use it again this Fall on my wheat. Respectfully, WM. W. STEPHENS.

Hanesville, Md., July 3, 1878.

T. R. Hubbard & Son,—Gents: As I promised to let you know the result of your Phosphate that I used last Fall on my wheat, will here state that I carefully applied it by the side of three other good Fertilizers, and I saw no difference in the yield, and yours cost the least money. Resp'y, J. REES BECK.

Locust Grove, Md., July 8, 1878.

Messrs. T. R. Hubbard & Son,—Gents: The 15 tons of your Standard used last Fall on wheat has given me entire satisfaction. I applied it alongside of other Phosphates which cost me more money, all the same—about 200 lbs. per acre. But I must say that yours gave me decidedly the best yield, and drilled elegantly. Respectfully, W. O. SHALLCROSS.

Near Chestertown, Md., July 1, 1878.

T. R. Hubbard & Son,—Gents: I used one ton of your Standard last Fall on my wheat to try its virtue, and I can see no difference in the yield of it and other Phosphates that cost me more money. Resp'y, BARTUS P. HATCHERSON.

Locust Grove, Md., July 10, 1878.

Messrs. T. R. Hubbard & Son,—Gents: Having used your Standard for the last two years applied to corn, wheat and potatoes, can say it has given me satisfaction, and I think it is as good an article for all crops as anything in the market. Respectfully, JAMES W. HURTT.

Locust Grove, Md., July 9, 1878.

Messrs. T. R. Hubbard & Son,—Gentlemen: I used your Standard last Fall on my wheat, both in Delaware and Kent, Md., alongside of other high grade Fertilizers that cost me more money, all applied the same per acre, and I see no difference in the yield, and for corn I think yours the best I ever used. Respectfully, SAMUEL J. HILL.

Near Chestertown, March 13, 1878.

Messrs. T. R. Hubbard & Son:—I used in the spring of '76 two tons of your Standard on corn; I also used one other kind that cost me more money; both applied the same; and I consider yours paid me, and did quite as well as the other article.—Five tons on my wheat last year was equally satisfactory. Yours, &c., J. M. J. BYRON.

East Neck, Kent county, Md., July 2, 1878.

T. R. Hubbard & Son,—Gents: As you desire to know the result of your Bone Superphosphate I used last Fall upon wheat, allow me to say that I carefully applied it along side of several other high grade Fertilizers, and I could see no difference whatever in the result of yield. I think it is a good article and will use it again this Fall. Respectfully, R. BENNETT WILSON.

Galena, Kent Co., Md., July 10, 1878.

Messrs. T. R. Hubbard & Son,—Gentlemen: Having used your Standard now for years on corn, and two on wheat, can cheerfully recommend it to any one wanting a good article, as it has paid me the best of any I have used during the time in same way and quantity per acre. Resp'y, GEO. W. CHRISFIELD.

Near Chestertown, Kent county, Md., July 5, 1878.

Messrs. T. R. Hubbard & Son,—Gentlemen: I have used for two years your Standard on wheat along side of other Fertilizers, all applied the same, and it has given me equal satisfaction tried as a test upon wheat in my lawn. My corn where used is doing finely. I think it a cheap Phosphate and will use it again this Fall. Respectfully, J. WRIGHT SPRY.

Near Cecilton, Cecil county, Md., July 8, 1878.

Messrs. T. R. Hubbard & Son,—Gentlemen: Your Standard Phosphate I used last Fall on my wheat has fully met my expectations; it has given me the best yield of any out of four kinds used, all in same manner; it was in excellent order for drilling; gave me no trouble whatever. Resp'y, ROB'T BLACKWAY.

Eldridge Farm, near Cecilton, Md., July 9, 1878.

Messrs. T. R. Hubbard & Son,—Gentlemen: The two tons of your Standard used last fall on my wheat gave me decidedly the best yield of any I had of three different kinds; the grain from its use is very fine. I expect to use it again this fall. Respectfully, JAS. W. CLARK.

Tax Collector's Notice.

FOURTH DISTRICT.

THE undersigned, duly appointed and qualified Collector for the Fourth District of Kent county, hereby gives notice to the tax-payers of said district that the Assessment Books and Levy List for said district are now in his hands. He is therefore ready to receive and receipt for taxes. Tax-payers will do well for themselves to pay at an early date, saving thereby five per cent. on State taxes if paid by the first of August; four per cent. if paid by the first of September; three per cent. if paid by the first of November. By a late decision of the Harford County Court it appears that taxes are due, with interest, from the day the assessment books are in the hands of the collector; he has, therefore, no discretion in the manner of collecting, but is obliged by the law and his oath under the law to collect the taxes according to law, if not paid voluntarily at an early date. The largest property holders, under that rule, will be the first to be made subject to a course of law. The undersigned can be found at the Court House in Chestertown or his residence on Queen St.

Chesterville every two weeks, on Monday afternoons;
Locust Grove every Wednesday afternoon
Still Pond every Thursday afternoon;
Kennedyville every Saturday afternoon.

☞ I shall deliver your bills in person at my earliest opportunity which *I intend to be my last call*, as you will know when and where to find me, and my advice to you all is to pay up your tax money at once as it will be scarce. They must be paid, and I shall collect them on the shortest possible notice, without fear or affection.

Residence at G. W. Davis';—Post Office Still Pond.

THE NATIONAL BANK of ELKTON
VERSUS
MOORE C. KENNEDY and WIFE, AND OTHERS.

In the Circuit Court for Kent County, in Equity, August 2, 1878.

THE OBJECT OF THIS SUIT is to procure a Decree for the sale of the real estate of John Kennedy, late of Port Kennedy, Upper Merion, county of Montgomery, State of Pennsylvania, deceased, or so much thereof as may be necessary for the payment of the debts of said deceased due the complainant and all other creditors of said deceased, who may come in and contribute to the expenses of this suit, on the ground of the insufficiency of the personal estate of said deceased for that purpose, and for an account of the personal estate of said deceased.

The bill states that said deceased was in his lifetime indebted to the complainant in the sum of $1,500, upon a promissory note, made by deceased to the order of E. R. Cochran, and by him endorsed to complainant, dated June 2nd, 1877, payable four months after date, at National Bank of Phenixville, together with interest and cost of protest; that being so indebted, and indebted to divers other persons, the said John Kennedy departed this life on or about the 4th day of September, 1877; that he left surviving a widow, Margaret L. Kennedy, and three children, viz: Moore C. Kennedy, who has a wife named —— Kennedy, Maggie Courtwright, wife of Nathan L. Courtwright, and Josephine Ellis, wife of Mordecai M. Ellis, as his next of kin and heirs at law; that he left a last will and testament, but that the same is inoperative and void as to real estate in Maryland; that he left real and personal estate of great value; that letters of administration c. t. a. on the personal estate of said deceased have been granted by the Orphans' Court of Kent county to Margaret L. Kennedy, Edwin Moore and Jacob Highley; that said administrators c. t. a. have refused to pay the claim of complainant or to account for said personal estate; and that said personal estate is insufficient to pay all the debts due and owing by said deceased at the time of his death; and that the said Moore C. Kennedy and —— Kennedy, his wife, Nathan L. Courtwright and Maggie Courtwright, his wife, Mordecai M. Ellis and Josephine Ellis, his wife, and Margaret L. Kennedy and Edwin Moore, two of said administrators c. t. a., reside out of the State of Maryland.

It is thereupon adjudged and ordered that the complainant, by causing a copy of this order to be inserted in some newspaper published in Kent county, once a week for one month before the tenth day of September next, give notice to the said absent defendants of the object and substance of this bill, and warn them to appear in this court in person or by solicitor on or before the tenth day of December next to answer the premises and show cause, if any they have, why a decree ought not to pass as prayed.

REGISTRATION NOTICE.

To the VOTERS of KENT COUNTY.

THE UNDERSIGNED, REGISTERS OF VOTERS for Kent County, hereby give notice, that for the purpose of discharging the duties devolving upon them as such under the Act of the General Assembly passed at January Session, 1876, chapter 249, they will sit for the CORRECTION of the lists of REGISTERED VOTERS, on

Monday, Tuesday, Wednesday, Thursday and Friday,

The 2d, 3d, 4th, 5th and 6th days of September, from 9 o'clock A. M., to 6 P. M., AT THE FOLLOWING NAMED PLACES:

For the FIRST Election District:
AT GALENA.

For the SECOND Election District:
AT KENNEDYVILLE.

For the THIRD Election District:
AT A. L. VANNORT'S STORE, AT HANESVILLE.

For the FOURTH Election District:
At E. T. WILLIS' JEWELRY STORE IN CHESTERTOWN.

For the FIFTH Election District:
AT S. BURGESS & BRO'S STORE, at EDESVILLE.

The attention of those interested is called to the following provisions of the Act of 1876:

The fifth section provides that the officers of Registration shall, before striking from said list of qualified voters and from said books of registration the name of any registered person, diligently inquire and accurately ascertain that said registered person does not possess, or before the election next ensuing will not possess, the requisite qualifications to entitle him to be registered as a qualified voter in such precinct or election district, or that such person is disqualified under the provisions of the second and third Sections of the first Article of the Constitution; and if it shall appear that said registered person does not possess or will not possess said qualifications, and that he is so disqualified, then said officer shall strike the name of such person from said list of qualified voters and said books of registration, but if it shall appear otherwise then such officer shall not strike the name of such person from said books of registration and from said list of qualified voters; and before registering as a qualified voter any person who has applied to said Officers of Registration to be registered as a qualified voter, said officer shall diligently inquire and accurately ascertain that such person possesses or will possess before the election next ensuing the requisite qualifications to entitle him to be registered as a qualified voter, and that he is not disqualified under the provisions of the second and third sections of the first Article of the Constitution; and if it shall appear that said person so applying possesses or will possess before said day of election said qualifications, and is not so disqualified, then said officers of registration shall register the name of such person as a qualified voter; but they shall not register the name of any person who does not or will not possess said qualifications or is so disqualified; and when any person applying, as aforesaid, for registration, shall have been previously registered within this State, the officer of registration to whom such application is made, before registering such person shall demand and receive from him a certificate of his previous legal registration, and such certificate of previous registration shall be cancelled by the officer who shall register such person anew.

The thirteenth section provides that no person shall be entitled to be or remain registered in any precinct or election district, unless he shall have been a resident of the State for one year, and of the city of Baltimore, or the county in which registration is claimed, for six months next preceding the next ensuing election, at which such registration would be evidence of the right of the person so registered to vote; and in case any county or city shall be so divided as to form portions of different electoral districts for the election of representatives in Congress, delegates or other officers, then to entitle a person to be or remain registered in any particular section or part of such county or city, he must
