"Two bottles Cured My Rheumatism"

"I have been a sufferer from rheumatism for about two years, and have used many liniments and patent medicines which gave me no relief. A lady friend of mine told me she had used your Liniment and found relief at once. I got two bottles and they cured me. I think it is the best Liniment a person can have in the house. I shall always keep a bottle in my house as long as I can get it."—MRS. E. R. WALLACE, Morrisons, Va.

Another Letter.

MRS. JAMES MCGRAW, of 1216 Mandeville St., New Orleans, La., writes:—"I take pleasure in writing to you that I had a pain in my arm for five years, and I used

SLOAN'S LINIMENT

for one week and was completely cured. I recommend your Liniment very highly."

Sloan's Liniment instantly relieves stiffness of the Joints, Sore Throat, Hoarseness, Sprains, Neuralgia, Sciatica and Lumbago. Better and cheaper than porous plasters.

At All Druggists. Price 25c., 50c. and $1.00

BRING THIS ADV. WITH YOU | LOOK FOR THE BIG SIGNS

BIG YEAR AHEAD IN MARYLAND POLITICS

Municipal Election in May Will Be One Of Prominent Events.

Politics in Maryland this year will not know a single dull minute. Politics will be in the minds and on the lips of every Marylander from now to November.

Here are the important events scheduled to take place during the year in chronological order:

Direct primaries of both parties on April 4, for the nomination of candidates for Mayor, president of the Second Branch City Council, comptroller, for one-half the members of the Second Branch and for all the members of the First Branch City Council. The City Council will elect a city register. The mayor will have the "green bag" to fill.

Municipal election on May 2 for all the city offices above mentioned.

In August probably direct primaries for election of delegates to state convention which will nominate candidates for governor, for comptroller and for attorney general, and direct primaries for nomination of one-half the members of the Senate, for all the members of the House of Delegates, for several judges, clerks of courts, state's attorneys and other minor officials and for members of the state central committees of the two parties.

For the first time the direct primary system will be used in several counties in nominating local candidates, the exceptions being Howard, Washington, Wicomico, Somerset and Worcester, in all of which the voters will decide by a referendum whether they prefer the direct system of nominating their local candidates or whether they prefer the present delegate convention plan.

On November 7 will occur the general election.

The senators elected this year will take part in the election of a United States senator in 1914, while the General Assembly will be concerned in legislation of a more or less federal bearing. The counties which will elect new senators this year and in which the Wilson ballot law is in operation are Anne Arundel, Calvert, Kent, Queen Annes and Somerset.

The Municipal Election.

In addition to electing a mayor, president of the Second Branch City Council, comptroller, one-half of the members of the Second Branch, and all of the members of the First Branch City Council, the voters at the May election will be called upon to approve or reject three loans which will be submitted—one for $10,000,000 for completion of sewers, one for $2,500,000 for new paving in the Annex, and one for $1,000,000 for new police stations. These loans are additional to those approved at the November election.

The State Primaries.

The direct primaries, which will probably be held in August or September, and which will be followed by state convention of both parties, will arouse most intense interest because of the prospect of a multiplicity of candidates and because of probable struggles in both parties for personal and factional supremacy.

The optional advantage of party managers as to holding primaries, the number to be held and the questions to be determined thereby have been supplanted by legal regulations. The same judges and clerks who serve at the general election will conduct the primary election.

All candidates for public offices in Baltimore city and the counties are to be elected by direct vote, as shall also all delegates to county, legislative district, city or state conventions and members of political committees forming the organizations of the respective parties.

The candidates for governor, attorney general, comptroller and clerk of the Court of Appeals are to be nominated as now by state conventions.

The elections are to be held annually at such times as the two political organizations may agree upon, and if they cannot settle upon a date earlier than the first Monday in September, then they must be held on that day.

Official ballots are to be provided for by the Supervisors of Elections, who shall print the names of all the candidates in alphabetical order when properly certified. All such certificates must be filed 15 days before the date fixed for the primary. The names of candidates for delegates, executive or member of executive committees shall be published seven days before the election.

It will not be necessary to print sample ballots or cards of instructions, but the Baltimore city supervisors must print them when paid for by a candidate. Every candidate must pay $25 to have his name go on the ballot, unless when the salary is less than $500, when he need pay only $10. The candidate for governor, attorney general, comptroller and clerk of the Court of Appeals must pay $10 for each county or legislative district in Baltimore. This money must be paid over to the local authorities, who must bear the expenses of the election.

The supervisors must print and distribute five days before the election, to any candidate paying for the same, as many official ballots as he may desire.

In the counties the envelope system will be employed. In each envelope, whose color will correspond with the color of the ballot, each voter will place his ballot on which he has expressed his selection of candidates. He will be permitted to express "first," "second," "third" and other choices corresponding with the number of candidates.

All the rules, regulations and penalties applicable to the general election are applicable to the primary election.

Gubernatorial Candidates.

No man in either party has loomed up with sufficient prominence as a candidate for the nomination for governor that he can lay claim to favorable consideration at the hands of the leaders of the two organizations, for the organizations of the two parties will be as potent in making nominations under the direct system of voting as they were under the old delegate convention plan. Both Republican and Democratic leaders discourage all talk about gubernatorial candidates and will continue to discourage such talk until the municipal election is out of the way. The Republicans have not even gone as far as to suggest a candidate. The name of Mr. Phillips Lee Goldsborough is about the only one mentioned, and this mention has been without Mr. Goldsborough's consent.

The only name in Democratic circles thus far mentioned is that of Governor Crothers. He has not said recently that he will be a candidate.

Candidates for the state Senate will be nominated in the following counties and legislative districts of Baltimore:

Anne Arundel.
Baltimore city, First, Second and Third districts.
Baltimore county.
Calvert.
Carroll.
Frederick.
Howard.
Kent.
Queen Annes.
Somerset.
Washington.
Wicomico.

Offices to be Filled.

Members of the General Assembly, state's attorneys, sheriffs, surveyors and commissioners in part in all the counties.

In Baltimore city the following offices will be filled:

State's attorney.
Two members of the Supreme Bench.
Surveyor.
Sheriff.
Orphans' Court judges.
Clerk of the City Court.

Clerks will be elected in the following counties:

Garrett.
Queen Annes.

Judges will be elected in the following circuits:

First—Associate judge to succeed Judge E. Stanley Toadvin, appointed to succeed Judge Charles F. Holland, retired.

Sixth—Associate Judge to succeed Judge E. C. Peter, appointed to succeed Judge James B. Henderson, who was retired recently by the age limit.

The Digges Amendment.

The primary election will be followed by the state campaign, which promises to attract national attention, because the so-called Digges amendment to the constitution providing for disfranchisement of negroes will be the paramount issue, if the Democrats decide to urge it.

The amendment in full follows:

All state and municipal elections shall be conducted by the system commonly known as the Australian ballot system, and it shall be the duty of the General Assembly to provide by law for a form of ballot, uniform throughout the state, for use at all state elections in this state, and to provide that on said ballot, after the name of each candidate thereon who may have been duly nominated as the candidate of any political party or organization there shall be printed the legal name of said party or organization. Equal representation of the minority party among the judges and clerks of election, or other officers performing similiar functions, shall not be abolished by the General Assembly unless by a vote of four-fifths of all the members of each house. The General Assembly shall pass no law for the registration of negroes at any state or municipal election in this state; but the right to register and to vote shall forever be confined to white male citizens of this state; and if any class of persons other than white male citizens shall be or become legally entitled to be registered as a voter at state elections in this state, then this section shall be null and void, and the General Assembly shall possess the same powers as if this section had never been adopted, and the laws of this State, including the local laws applicable to certain counties thereof, relating to the form of ballot to be used at elections, in force on the first day of July in the year nineteen hundred and ten, shall revive or continue in force until altered by the General Assembly, notwithstanding any acts to the contrary which may have been passed while the terms of this section shall have been in force or while the General Assembly shall have believed or assumed the provisions of this section to be valid.

At the same time the Diggs amendment is submitted an amendment will be submitted providing for an increase in the city's representation in the General Assembly. This amendment, or rather a series, so as to conform to the constitution, aims to put Baltimore city upon the same basis as the counties. The Democratic platform provided for representation in the Senate for the city based upon the county having the largest population as a unit. This is done in the proposed amendments. This county is also adopted as the unit for the representation in the House.

After the campaign will come the election and after the election will come preparations for the next General Assembly.

Stone in Bladder Removed In Remarkable Way.

CAMP HILL, ALA., Aug. 16th, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as stone in the bladder and prescribed Lithia Water. I took Lithia Water and tablets for some time and received no relief from them. I stopped taking medicines for some time and having some of Dr. Kilmer's Swamp-Root in the house, I decided to try it and felt much relieved; while taking the second bottle commenced to pass gravel in urine until I had passed in all at least a half a dozen or more and have not suffered the slightest since and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours very truly,
H. W. SPINKS.

Personally appeared before me this 16th of August, 1909, H. W. Spinks, who subscribed the above statement and made oath that same is true in substance and in fact.

A. B. LEE,
Notary Public.

Prove What Swamp Root Will Do For You

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the KENT NEWS. Regular fifty-cent and one dollar size bottles for sale at all drug stores. j28 tf
