The Kent News.

CHESTERTOWN ..... NOV. 6, 1880.

A Thousand Miles into Eternity.—One Thousand Miles into Eternity, a frightful and probable unprecedented accident occurred last Monday evening near Paris. A large crowd had gathered to witness the novel and perilous assay of gymnast called Auguste Navane, who had offered to perform a number of athletic feats on a trapeze suspended from the Montgolfier balloon, named the Vidouvillaire. Rejected the advice of the bystanders, Navane refused to allow himself to be tied to the trapeze. There was a rope attached to the balloon. At five minutes the Vidouvillaire was loosed from its moorings and rose in the air. Navane, hanging to the trapeze, appeared quite confident, and gracefully saluted the spectators.

Soon however, the balloon had reached a height of nearly one thousand yards, the crowd became terrified to see him suddenly let go the bar. The tragic descent was watched with breathless excitement. At last the body reached the ground, striking it with such force that it made a hole in the earth two feet deep, and rebounded four yards. It was crushed and mangled almost beyond recognition. Meanwhile the balloon, freed from its human ballast, shot up with frightening speed, and soon disappeared from view. Late in the evening it bursted and fell at a great amount, much to the consternation of the inhabitants of that Parisian suburb.

What Secretary Sherman Will Do.—A Washington dispatch to the Boston *Herald* says: "Secretary Sherman's determination to leave the Treasury Department at the end of the present administration, which is announced in the *Herald* correspondence to-day, is absolute, and is not likely to be changed. He wishes to leave Garfield absolutely untrammeled in making up his Cabinet, and believes that his remaining in the Cabinet might embarrass Garfield. He also believes that his own political future should be in the Senate rather than in the cabinet. As a Senator, after the 4th of March next, he will be restored to his old place as chairman of the committee of finance. The Secretary of the Treasury for the next four years will be compelled to continue the funding operations which he has begun, but this cannot be done until Congress passes the necessary law, which the democrats refused to do last winter. Mr. Sherman can render quite as valuable services in the Senate as in the Treasury Department."

A Wonderful Ride.—A miner had a wonderful ride in a tin pan in Colorado. Being at the top of a mountain, and desiring to get to the bottom of the valley, he knew that a tedious and circuitious walk of fifteen miles was necessary by the ordinary route, while the distance straight down the snow-covered incline was only three. He had such a pan as miners use in washing out gold. Squatting down in this, away he went, faster and faster, until the solder of the vehicle was melted by friction, and he was almost insensible from lack of breath. But the trip was quickly over, without any mishap, and the passenger now declares that he enjoyed it.

Death of a Noted Hunter.—Jonas Shaffer, a famous bear hunter, aged 70 years, died last Saturday in Pike county, Pa. His death was the result of injuries received by the attack of a vicious bull two weeks ago. Mr. Shaffer was walking through a lot where the bull was kept. The animal rushed upon him before he could get beyond its reach. The bull caught the hunter on its horns and tossed him over a stone wall. The animal jumped over the wall and tossed the old gentleman back again into the lot. He was found by one of his sons. Several ribs were broken, and his body was terribly torn by the bull's horns.

A Tribute to Gen. Hancock.—The New York *Herald* says: "Gov. Cornell's Thanksgiving proclamation is published, and Gen. Hancock is probably issued a private and personal thanksgiving order of his own. Among the men who have been prominently before the public in the past few months none have found the excitement more distasteful than he; on the other hand, no other candidate has been so magnificently impervious to malice and mud. To emerge from a heated campaign with a reputation as good as he started with, is greater glory than could have been gained by an election to the presidency."

Death at the Supper Table.—Jas. Connor, of Wilmington, Del., died very suddenly Saturday evening of heart disease. Mr. Connor was at the supper table, apparently in good health, when he fell back from his chair and said: "Good-by to all. The time has come. I go this time," and breathed his last. Deceased was engaged in the saddle and harness-making business. He was born in Kent county, Md., in 1813, and was a lineal descendant of the Philip Connor conspicuous in the colonial history of this state.

Barbe's Freaks.—Mary Pyatt rejected Jno. Arnold's offer of marriage for a long time, at Berly, Pa., but he was persistent, and at last she consented. There was a great wedding, and the couple went off on a wedding tour. In a week the bride returned to her home, during that she had no recollection of anything after her last refusal of Arnold and her awaking to find, to her great surprise and displeasure, that she was his wife. She insists that she was out of her mind during the interval, and declines to even see her husband.

Ulysses S. Grant, Jr., was married in New York Monday afternoon to Miss Fannie J. Chaffee, daughter of ex-Senator Chaffee. The ceremony, which was a quiet one, took place at the house of the bride's father, 26 West Fifty-eighth street. Rev. Dr. Newman officiated. The groom was reported some time ago as being engaged to a daughter of Mr. Flood one of the California bonanza kings, but after a visit to California, a couple of months ago, the announcement was made that the engagement was "off."

Col. James G. Fair, who is contesting the United States senatorship of Nevada with Senator Sharon, is of Irish birth, and is 49 years old. While a boy he lived in Illinois, and at 18 went to California, and in time became a superintendent of mines. In addition to his fortune made from the big Bonanza mines he owns nearly a hundred acres in various parts of San Francisco. He suffers from rheumatism. He is of medium height and heavy, with a large beard streaked with gray.

Henry Ward Beecher and Robert G. Ingersoll met upon the platform the other night. Beecher introduced Ingersoll to the audience as the most finished orator on earth, and Ingersoll opened his speech by saying that it took the world a thousand years to produce Henry Ward Beecher, and that it would not produce another such in another thousand years. The audience applauded greatly at the high compliments paid by the two great theologians to each other.

A dispatch from Fortress Monroe states that the Thimble Shoal Lighthouse, on the shoal off Horse Shoe bar, north side of the channel leading to Hampton Roads, Va., was destroyed fire about 8 o'clock on Saturday morning. The only things saved were two boats which the keepers took with them.

Baltimore Grain Market.—The Baltimore papers of Thursday quote:—Fultz Wheat at 1.07@$1,13 and longberry at $1.08@1.18. Corn—yellow 53@55; white 51@53. Oats 36@38.

WALTER S. HILL,

Produce Commiss'n Merchant

For the sale of

Peaches, Berries, Poultry, Eggs, Live Stock, Potatoes, &c.

DRIED FRUIT a Specialty.

324 North Del. Ave., Philadelphia.

☞Refer to Geo. W. T. Perkins, Esq., Hon. W. T. Hepbron, & others. o2-3m.

THE IMPROVED

"VICTOR" SHUTTLE SEWING MACHINE

(1878 Patents.)

IS THE CHEAPEST MACHINE IN THE WORLD.

IT IS EASY, SILENT, SELF-SETTING AND THREADING.

It has stop-motion, four wheel casters; its friction parts are of steel and compensating; its journals are coned.

I will sell you a machine with box top; extra leaf, two drawers, fancy paneled wood for **$25.**

If it don't suit return in one month, and I will refund the money, less freight. I refer to the editor of this paper. Now don't let any one lie you out of your common sense, but send for an illustrated descriptive circular. Why pay 60 or $70 for what you can buy for 25?

MARYLAND AGENCY "VICTOR" MACHINE CO., oc23-4m. 162 Light St., Baltimore.

Maryland Items.

Sabbath Desecration at Camp-Meetings.—The Quarterly Conference of Millington circuit, M. E. Church, Rev. W. J. O'Neill, pastor, at its last meeting with Rev. T. E. Martindale in the chair, passed the following resolution:

Resolved, That we will not hire our horses or carriages to be used on the holy Sabbath for gain, and that we will *not* permit hereafter any party or parties, person or persons whatever, to erect on our camp ground any tent, private or public, or any boarding tent, or any horse pound or any booth, stall, or any contrivance whatever for the purpose of huckstering, trafficking or trading by buying or selling anything whatever on the holy Sabbath, as all such huckstering or trafficking and trading is a violation of the laws of the State of Maryland, of the discipline of the M. E. Church and a violation of the laws of God.

Fruit Packing.—During the past season Mr. Charles Rhinehart canned at his canning-house at the Chestertown depot 140,000 three-pound cans of peaches, 150,000 three-pound cans of tomatoes, and about 100,000 cans of other fruits and vegetables, amounting altogether to nearly 400,000 cans. He gave employment during most of the time to about one hundred hands. The fruit and vegetable canning season is now over, and he has been packing oysters to a limited extent. He has not determined definitely whether he will keep his house running packing oysters this winter or not. Mr. Rhinehart expects, if there should be promise of a good crop of fruit next season, to very much increase the size of his present packing house.—*Transcript.*

Smallpox in Milford, Del.—The Milford *News* says: Laura, a ten-year-old daughter of George Abbott, residing in the extreme limit of South Milford, was taken with smallpox early this week. Yesterday the child was very ill. It is not known how the disease was contracted, but may have been brought by her father from Philadelphia, and the difficulty of diagnosing the case was due to its being an isolated one. The family are all restricted to the house, and only have communication with the town by third parties, hence there is no need of alarm or any danger of contracting the disease, especially in the business portion of the town, which is a fourth of a mile distant. Vaccine virus is in demand, and physicians have vaccinated about 200 persons, mostly children. No serious apprehension is felt of the spread of the disease.

Elkton and Middletown Railroad.—We learn from one of the corporators of the Elkton and Middletown Railroad that when thirty thousand (30,000) dollars, 600 shares of stock, are subscribed for in Delaware and the Eastern Shore counties of Maryland, additional subscriptions sufficient to build the road are offered elsewhere. This road, when built, will afford the farmers of Delaware and the Eastern Shore counties of Maryland a choice of markets, both winter and summer, for their produce, and easy access to those who visit Baltimore, Washington and Annapolis, especially during the winter season. If the farmers and others of the Eastern Shore look to their own interest they will surely not hesitate to subscribe this small amount at once.—*Elkton Whig.*

Great Sale.—The sale of the real and personal property of the late David Shriver began in this city on Wednesday, and was continued on Thursday and yesterday. The sale attracted large crowds. The bids were spirited and the sales amounted largely in excess of the appraisement. The Shriver residence was purchased by Dr. J. W. Hering for $5,000, and the recently remodeled house adjoining by George R. Gehr $2,510. Shares of the Union National Bank, par value $25, sold as high as $35.25; shares of the Farmers' and Mechanics' Bank, par value $10, sold at from $8.75 to $9.25. An old family clock sold at $60, and half a dozen plain silver table spoons at $54.—*Westminster Advocate.*

The annual meeting of the Association of Public School Commissioners of Maryland will be held at the State Normal School, Baltimore, on Tuesday, November 23, at 10 o'clock. All School Commissioners, (county and city,) City Superintendents, County Examiners and heads of State Colleges are entitled to membership. The sessions are open to the public, school trustees, the clergy, representatives of the press, and all who are interested in extending and improving the means of public education are cordially invited to attend.

Attacked by a Vicious Hog.—One day last week W. Clayton, while working at Reckord's Mills, was attacked by a vicious boar. The animal made several serious wounds upon Mr. Clayton's left leg with his long tusks, severely lacerating the limb, and would have killed his victim, but for the brave effort of Mr. Carvill Carter, who is in the employ of Mr. Reckord. He is attended by Dr. J. F. H. Gorsuch, who thinks him doing well, but not entirely out of danger, on account of the poisonous character of the wound.—*Harford Ægis and Intelligencer.*

Town Talk.—The splendid assortment of Men Boys' and Children's Clothing for fall and winter wear, now in stock at our stores, meet all possible wants and find unqualified approval. The order department pleases the most fastidious, and we invite the inspection of every one in want of first class garments to call on C. N. Ochm & Son, largest one-price Clothing House, 230 W. Pratt street, extending through to order department, 55 Hanover street, Baltimore.

The total receipts at the recent Harford county Fair amounted to $5,239.05. The receipts at the gate, the grand stand, &c., last year were $3,442.49, against $2,445.05 this year. The amount realized from the sale of privileges, entrance fees, &c., this year was $1,894, against $1,422.07 from the same sources last year. The total receipts last year were $4,364.56.

Two Dollars and Twenty-five Cents is the price of a small overcoat; $16 buys the best cassimere suit, worth $30. A reversible overcoat for $8 is immense. These are but a few of the very many bargains to be had at the original New York One Price, Cash Clothing House, 184 W. Balto. St., opposite Light.

Three colored men who were convicted of setting fire to a barn near Princess Anne, Md., were sentenced to the penitentiary for ten years and ten months.

Deceased.—Capt Wm. C. Bryan, for some time commander of the oyster police sloop Mary Compton, died at his residence on Kent Island on Thursday week.

The officers of the P. W. & B. railroad have inspected the Eastern Shore railroad, running from Delmar to Crisfield, with a view of buying.

Cambridge is to have a national bank, the required amount—fifty thousand dollars—having been subscribed.

SPECIAL OPENING

OF

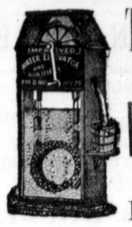
TAYLOR CORN SHELLERS for sale at original cost. Call and examine them at Oct. 23. Thos. L. Hines & Co.



The Improved WATER Elevator AND Purifier!

AS A WATER ELEVATOR it has these merits: 1st—It is the Simplest Structure for raising water, on the American market. 2, it is easily adjusted to any well or cistern. 3, it is very durable. 4, it works easily. 5, it will NEVER freeze. 6, it is always ready for use and always at its best. 7, it has none of the objections common to pumps. 8, it will make warm water cold.

All who examine this invention admit the above claims, but ask

How Does it Purify Water?

As the inverted cups pass around the Terra Cotta wheel suspended in the chain at the bottom of the Well or Cistern, they are constantly discharging air through the water from the bottom to the top.

This elevator will destroy *Wiggles, Water Bugs and Water Lice*, will make *foul or stagnant water pure*, and will remove all *color, bad taste and smell*. In short, *it will make bad water good, and good water better.*

The undersigned have secured the exclusive right to sell this really valuable Pump in Kent county and they earnestly ask for it a candid and fair examination, confident of its intrinsic merit. One can be seen on exhibition in Chestertown at any time. For circulars address

ROLPH & DeFORD, jy24-tf. *Sole Agents for Kent County*

GALENA MACHINE SHOPS!

WM. A. HYLAND & CO.,

Are prepared to meet the demand of Farmers for Implements, &c., for this season. Our stock of material is large and of the best character, while our workmen are excelled by none.

May 29, 1880. GEORGE E. LEARY & SON.

W. N. E. WICKES,

AGENT FOR THE SALE OF

LISTER'S STANDARD PHOSPHATE.

This Phosphate, so extensively used, is offered to the WHEAT GROWERS of Kent County at LOWER RATES than heretofore.

THE MERITS of "LISTER'S PHOSPHATE" are so well known and universally acknowledged, that the publication of certificates is deemed unnecessary. Any farmer who has used and tested it is referred to as to its qualities as an IMPROVER, a grain producer, and a great promoter of the growth of Clover, &c.

☞EARLY ORDERS are solicited.

☞In my absence, information can be obtained at WICKES & BROTHER'S, and orders left with them will receive prompt attention.

☞It is in good condition for Drilling. aug21-3m.

PHOSPHATES,

Always in Excellent condition for Drilling,

MANUFACTURED BY

KENNARD & CO.

Our IMPERIAL at $30 time and $28 Cash.

ACIDULATED at $27 time and $25 Cash.

THE ABOVE BRANDS are made to suit the requirements of all farmers; some desire a general mixture, while others prefer a thoroughly acidulated article, and our object being to accommodate all, we therefore prepare our two special brands, and in addition thereto carry a

FULL LINE OF CHEMICALS,

in order to meet any demand for special formulas. These we furnish at Balt. prices.

☞Our goods have been thoroughly tested, and everywhere have been proven to be equal to any and superior to many of the articles in the market.

We pay no commissions to agents and are satisfied with a small margin ourselves, and hence the low figure at which we sell.

A visit to our Factory will afford you an opportunity to judge of the quality of our goods, and the following persons can furnish any information as to their merit:

Edward B. Jones, Chestertown. D. Shriver " William Fprd " G. W. T. Perkins " Geo. S. Biddle " John N. Usilton " C. H. Wickes " Josias Ringgold, Jr. " John Gale Worton. W. C. Stephens " S. Amos Reed " J. R. Beck " Charles Stephens, Hanesville. Dr. Samuel Beck " G. H. Leaverton, Lankford. Edgar A. Strong " L. A. Kendall " Capt. John Hadaway " Comegys Brown, Bakerville. J. Polk DeCorse " Thos. Baker " Hon. T. A. Hulme " Daniel B. Neall, Lynch's. James W. Skirven " John A. Miller " Geo. T. Williams " D. C. Blackiston, Masseys. J. Scotten "

J. C. Roseberry, Still Pond. July 31, 1880.

OHIO CHILLED PLOW

For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convice as to the correctness thereof. All who purchased last Spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

The following parties can furnish any information:

W. W. Stephens, Thos. P. Dixon, T. Romie Strong, D. C. Blackiston, W. G. Skirven, T. J. Vickers, Isaac Matthews, Geo. S. Biddle, Samuel Brown, William Stewart, Jas. T. Dixon, James Gemmill,

BICKFORD & HUFFMAN'S

FARMERS' FAVORITE GRAIN DRILLS

THE PIONEER DRILL OF AMERICA!

These Drills are so well known and in such universal use that it is not necessary to advertise its many points of superior merit, and we simply insert this more as a notice of the change of agents than as an advertisement of the Drill.

Call and see us before purchasing.

PERRY SPRING-TOOTH HARROW.

Improvements in agricultural impliments have finally reached the Harrows we present to our friends and patrons, claiming for it the great advantage of being tooth a time and labor-saving implement. Our neighbors of other States and counties of this State inform us that they are fast taking the place of the old solid tooth and from their representation and our own judgment, we firmly believe that ere long they will have entirely displaced all the old ones ever amongst us. Try one and judge for yourselves.

All the above are for sale by KENNARD & CO., Aug. 14, 1880. CHESTERTOWN

To WHEAT GROWERS.

The undersigned, PIONEER in the manufacture of Fertilizers in this city, and ORIGINATOR in 1858 of the Formulas and processes of manufacture of

"EXCELSIOR" and Ammoniated Phosphate

So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these Fertilizers, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones, in fine, dry powder, prepared expressly for drilling.

For growing Wheat, it is the universal opinion of the Farmers of Maryland and Virginia, after over twenty years' experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other fertilizer or guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical condition and Price.

By strictly adhering to my Original Formulas, using only the most concentrated materials and superintending in person their manufacture, as for the past *twenty years*

UNIFORM QUALITY IS GUARANTEED.

☞Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE prepared according to my Original Formulas established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

J. Q. A. HOLLOWAY, Originator and Manufacturer,

107 McElderry's Wharf, Baltimore, Md.

Chestertown, August 7, 1880.

J. Q. A. Holloway, Esq.—Dear Sir: Your Ammoniated Super Phosphate has always been a success with me. I am satisfied that it is equal to any goods on this market for Wheat, and far better than many of them. JOSIAS RINGGOLD, JR.

Chestertown, Md., July 24, 1880.

Mr. J. Q. A. Holloway—Sir: I have been using your Ammoniated Super Phosphate for years, and can say that I regard it as the best goods on the market for wheat. H. C. LUSBY.

Fairlee, July 17, 1880.

Mr. John Q. A. Holloway—Dear Sir: I have been using your Ammoniated Super-Phosphate for several years. Have always been pleased with it. *It has never failed me.* I regard it as a first class article. T. L. BOWERS.

Hanesville, July 19, 1880.

Mr. John Q. A. Holloway—Dear Sir: I have been using your Ammoniated Super-Phosphate for several years, and am satisfied that it hasn't its superior on the market. W. T. ANDERSON.

COLIN F. STAM, fe21-tf. DRUGGIST.

RAMBO LIME.

I AM now the owner or lessee of ALL lime quarries on the lands of the late Nathan Rambo, in Montgomery co., Pa., except one quarry abandoned 35 years ago as worthless, and I am therefore the only person who can supply the

GENUINE RAMBO LIME.

My quarries have been worked for fifty years, and the RAMBO LIME taken therefrom has no equal. The public is cautioned against buying inferior Lime purporting to come from the same quarries. My product has always been known as the RAMBO LIME, and it can only be obtained through me or my authorised agents.

The Lime sold by me is "run of kiln;" no lumps are taken from it and sold for building Lime.

WM. B. RAMBO, Norristown, Montgomery co., Pa. Louis K. Stam, Agent, Chestertown. ma13-6m.
