THE CHESTERTOWN BANK OF MARYLAND

CHESTERTOWN · And GALENA, MD.

A BANK is usually what the men back of it make it. Its strength depends largely upon their experience, judgment and responsibility; its growth upon the time, thought and effort they devote to its interest.

The Directors of this bank are deeply interested in the stability and progress of the institution, and keep in constant touch with every detail of its affairs.

There is no better proof of the splendid results of such able management than our steady development.

The sworn statement recently published shows we have SURPLUS AND UNDIVIDED PROFITS OF **$44,791.44**, which is more than any bank in the county can show, and is the most convincing evidence of sound and conservative management.

We have been selected as one of the depositories for the State Treasurer, and now have on deposit money belonging to the State of Maryland.

We extend a most cordial invitation to you to give us your business.

Be it large or small it will receive the same attention.

Short Crop of Cow Peas

PRICES GOING UP

The enormous demand for Cow Peas last year carried the price very high, and as the crop is very short and the acreage is rapidly extending there are many indications which point to much higher prices as the sowing season approaches.

Whip-Poor-Will Cow Peas.

The Whip-Poor-Wills are generally prepared in the Central and Southern States. They are bush form, early maturing and especially desirable for Peas.

New Era Cow Peas.

New Era's are a little earlier and make more vine than the Whip-Poor Wills.

Wonderfuls, Clay and Mixed Cow Peas.

For hay. The Wonderfuls or the Mixed Cow Peas are more productive, they should always be planted with an occasional grain of corn, sorgum Seed, Kaffir Corn, etc., which will prevent the vines from getting damaged by coming in contact with the ground.

Black Cow Peas

Black Cow Peas are a little later in maturing than Clays, they make a good growth of vine, are exceptionally good for medium or poor land and will stand almost any amount of wet weather without injury. We can supply Shinny Peas, Red Rippers, Blackeye Peas and Soja Beans.

Remember Bolgiano's Cow Peas are best—If your local merchant will not supply you with Bolgiano's Cow Peas—Write us direct and we will tell you where you can get them.

FREE—Send us 5c in stamps to pay postage, and mention the name of this paper, and we will send you free a 25c package of "My Maryland Tomato Seed, also our 1911 Catalogue of Seeds and our 1911 Poultry Supply Catalogue.

THE COUNTY LEVY

As Predicted in the News Last Year The Rate is Greatly Reduced—Everybody Happy.

The County Commissioners were in special session last Monday and struck the levy for 1911. The rate this year is placed at $1.22 on the $100, which is 63 cents less than last year.

The NEWS predicted when the levy was struck last year and raised to the exorbitant figure of $1.85 that it would be very much lower this year *and such is the case. Every reason given at that time has been verified.*

A great many of the taxpayers will be surprised to learn that about $80,000 of the money levied goes to items over which the commissioners have but little control, and are bound to levy the amount necessary to meet the requirements of each case.

The clerk to the commissioners Mr. Samuel Hicks, by means of additional help, has been enabled to place in our hands the completed levy for publication which levy will appear in a few weeks. The cash levy last year was 80,296.83, and this year it is $82,467.23, an increase of $2,000. It is the purpose of the Board to increase this levy gradually until the county is on a cash basis.
