Kent News.

CHESTERTOWN:
SATURDAY MORNING.....SEPT. 16, 1882.

EDESVILLE and VICINITY.

Messrs. Editors Kent News:—Your valuable paper is read by almost every one in our community. Particularly are we interested in the many letters received by you from all sections of the county. We think it quite time that your readers should know something of the doings and pleasures in our midst. A goodly number of ladies from Baltimore and your own town have this season sought Edesville and vicinity as a place to *rusticate*. The ladies from over the bay stopped at "Walnut Cottage" as a resort; and after spending some time enjoying themselves and making merry those about them, returned to their homes with several additional pounds and increased ability to laugh loudly. So much for the expansion of the *lungs*.

"Walnut Cottage" at present is being enlivened by Miss M. F. and Miss K. W., two of your charming ladies. We certainly think our friend and neighbor has had a plentiful supply of merriment and laughter to prevent the *blues*; still, we enjoyed it because they did. Who doesn't like pleasure? We learn from the young gents that have recently called at this cottage that Chestertown ladies have the faculty to entertain and to make an evening pleasant. The Misses M. F. and K. W. are model housekeepers, we hear, their hostess having left them in charge of the cottage while she attends the Balto. Oriole.

Your town, Messrs. Editors, can boast of some charming ladies. We note three others rusticating in this vicinity at "White Cottage," namely: Miss F. R., Miss L. C. and Miss A. G. All are lively and full of fun. Miss F. R. thinks the country very nice to visit, and expressed herself as enjoying the delightful ride and walks thro' the *Piney wood*; but thinks she could not enjoy a country life. We will wager a goodly sum that not a *few* jiggers were seen, and that very many were *sought* after. The cottage stands some distance from the road, but her merry laugh can easily be heard and by us readily distinguished.

Miss L. C., another most charming lady, is also visiting "White Cottage." She is very much belliked by a number of our gents. Says she enjoys the country very much and would not object to country life; thinks farming an independent avocation. We would suggest that one of our young farmers try his hand in earnest.

Then comes another of your town ladies, Miss A. G., also visiting said cottage, and seemingly enjoys herself very much. We have not heard her opinion of a country life, but think she prefers town. There must be some attractions that we are not aware of.

Altogether, we never saw such merriment making and gathering of field daisies and other flowers. However, we begin to think that to continue this further you will weary of it, and the ladies and their friends, while loving fun, will think this PRESUMPTIVE.

THE SEPTEMBER CROP REPORT.—The September report of the Department of Agriculture on the condition of cotton shows improvements August 1st in Virginia, North Carolina, Tennessee, Arkansas and Texas, and some deterioration in South Carolina, Georgia and States of the Gulf coast. The general average of August was 94; of September 92, which is the same as in September of 1880, and higher than in any other season for ten years. The State average is as follows: Virginia, 90; North Carolina, 88; South Carolina, 95; Georgia, 89; Florida, 83; Alabama, 90; Mississippi, 88; Louisiana, 89; Texas, 101; Arkansas, 100; Tennessee 89. From every quarter comes the intimation of too much rain for heavy fruiting. The caterpillar has made its appearance in many counties of the Gulf Coast States. In some places the second generation is "webbing up." While the damage is inappreciable as yet in most cases, fears are expressed that third brood may do great injury. The boll-worm is reported at many points. The corn crop in all the region south of Pennsylvania and of the Ohio river is in high condition in every State except West Virginia, represented by 100 or higher figures. In many districts of the South the crop is reported the best in twenty years. In the New England States there has been a very sharp decline, except in Vermont. A decline of 8 points in New York and New Jersey and of four in Pennsylvania. The loss in all these States is due to the drought, which has been especially severe in New England. There has been abundant rain in all other States. In the corn-growing States of the Ohio valley the prospects average very nearly at the last report.

The oats crop when harvested was in unusually high condition, yielding heavily in the threshing. The general average is 100, very few States falling below that figure, among them New Jersey, Pennsylvania, Maryland and Virginia. The rye crop is also above average in nearly all the States, and was harvested in good condition. The general average for tobacco is 89; in Pennsylvania, 86; Maryland, 92; Virginia, 93; Kentucky, 91; Ohio, 65; Missouri, 93.

SHARP DECLINE IN CORN.—The grain markets were generally lower yesterday. The principal feature was a sharp decline in corn caused by the favorable weather in the West and advices of lower prices in all other markets. At the Baltimore Corn and Flour Exchange mixed Western corn for October delivery sold at 77½ cents, and closed in the afternoon at 72¾ cents. November delivery sold at 70¼ and closed at 57½, and November and December delivery sold at 61½ and closed at 60. At New York corn was 2 to 6 cts. lower for spot and 2 to 8 cents lower for futures. At Chicago corn for September delivery declined nearly 6 cents.—*Baltimore Sun, Tuesday.*

DEATH OF A WILD MAN.—Benj. Zechter, who was discovered over a year ago in a log cabin eight feet square, on the Blue Mountains, in Albany township, Berks county, Pa., naked and covered with filth, and his hair and beard several feet long, died at the county almshouse Monday. It is said he had been penned up twenty-seven years by his brother in the little building, that contained no light or place for ventilation excepting a small hole through which food was thrown in. He never spoke an intelligible word, and his appearance was that of a wild man.

THE Orphans' Court of Queen Anne's county has appointed Miss Mary Nickerson, daughter of Capt. J. E. Nickerson, to the vacant scholarship in the Baltimore Female College.

W. C. Lane, of Chesapeake City, lost two interesting little girls a few days since after a brief attack of bilious dysentery. They were buried in a single coffin.

ROBERT WILLIAMS was run over and killed at Kirkwood, on the Delaware railroad, Sunday morning.

MY WIFE SAID I WAS A FOOL when I brought home a bottle of Parker's Ginger Tonic. But when it broke up my cough, drove away her neuralgia and cured baby's dysentery, she thought I had made an excellent investment.

BALTIMORE MARKET.—The Baltimore papers of Friday quote as follows:

WHEAT—Longberry $1 11@1 14; Fultz $1 08@1 10 for fair to good. CORN—White, prime 78@80; yellow, 85@86. OATS, Maryland, 45.

For the Year 1883,
A Large and Comfortable *DWELLING HOUSE*, with a STABLE and CARRIAGE HOUSE, corner of Cannon and Mill Sts.
aug5-tf. J. M. VANDYKE.

A CARD.

IT having been rumored that I intend to discontinue the Coal business, I take this plan to inform my customers, and the public generally, that such a report is without any foundation whatever, but have secured the services of J. B. McIntyre, who will attend promptly to all my business connected with the coal trade. I will keep constantly on hand at my yard, at the Chester River Steamboat Wharf, Chestertown, a full supply of the best quality of White Ash Coal of various sizes; also, Soft Coal for Engines and Blacksmiths. Orders for Coal direct from the vessel a specialty, and respectfully solicited. Thankful for past favors we hope by prompt attention to business and by selling an article that is good, to continue a share of public patronage.
Respt'y, THOS. DeC. RUTH.
N. B.—J. B. McIntyre will receipt for all bills due for Coal. Parties owing me will please settle at once, I need the money. T. DeC. R.
Aug. 15-tf.

Notice to Tax-Payers
OF THE
SECOND ELECTION DISTRICT.

THE undersigned, Tax Collector, respectfully informs the Tax-payers of the Second District that for their accommodation he will be at Kennedyville on Saturday, August 19; Locust Grove on Wednesday, Aug. 23; Still Pond, Saturday, Aug. 26; Chesterville, Wednesday, Aug. 30, and at each of the above places every successive two weeks from the dates above named.
WM. F. ROEDER,
aug19-tf. Coll'r 2d District.

Notice to Tax-Payers
OF THE
THIRD ELECTION DISTRICT.

THE Books are in my hands for collection, and for the convenience of tax-payers I will be at Smithville every Saturday morning; at Worton Heights every Saturday evening, and in Chestertown every Tuesday. Please settle your taxes early.
S. AMOS REED,
aug19-tf. Coll'r 3d District.

Notice to Tax-Payers
OF THE
FOURTH ELECTION DISTRICT.

THE tax accounts are made out and ready to settlement. For the convenience of tax-payers I will be in Chestertown all day on Tuesday and every Saturday afternoon, until further notice. Prompt payment is respectfully solicited.
J. M. J. BYRON,
aug19-tf. Coll'r 4th District.

USE THE STANDARD PHOSPHATES.
Reliable Ammo. Super-Phosphate
OF LIME AND POTASH.
—AND—
CORSICA COMPOUND,
MANUFACTURED BY
THOMPSON & McFEELY, Centreville, Maryland.
We give below the opinions of a few of our customers:
SUDLERVILLE, MD., August 6, 1882.
Messrs. Thompson & McFeeley—With pleasure I here answer your request regarding the result of your Phosphate, which I used last fall on wheat, on stock grown and which gave me 30½ bushels to the acre; expect to use it again this fall. That we bought of you this spring for corn is acting like a charm; expect to get 65 or 70 bushels to the acre if it keeps seasonable.
Yours, Respectfully, R. J. GOODHAND.
CENTREVILLE, MD., July 31, 1882.
Messrs. Thompson & McFeeley—Dear Sirs: I used your Reliable Phosphate by the side of a goods that cost me more money, and by actual experiment I found that your goods gave me more wheat per acre than the other, notwithstanding I had less of yours on the acre than of the other. I am very much pleased with the results and shall use it again. Respectfully Yours,
WM. H. PRICE.
CENTREVILLE, MD., July 25, 1882.
Messrs. Thompson & McFeeley—Dear Sirs: I used your Corsica Compound by the side of two other Phosphates that cost me more money, and it gave me a better yield of Wheat than either of them. The clover where I used your goods is also much better than on the rest of my field. I am perfectly satisfied with its results. Respectfully, Yours, WM. DEVER.
CENTREVILLE, August 1, 1882.
Messrs. Thompson & McFeeley—Gentlemen: I am perfectly satisfied with your goods. I believe it to be as good as anything that I used. RICHARD T. EARLE.
CENTREVILLE, MD., August 1, 1882.
Messrs. Thompson & McFeeley—Dear Sirs: I used your Corsica Compound, costing me $30 per ton, by the side of a standard phosphate costing me $37, and got a much better yield from your goods than from the $37 goods. The grass is equally as good, if not better. I am especially pleased with its results and shall use largely of it this fall.
P. S.—It drills splendidly. Respectfully, Yours, WM. E. TEMPLE.
CENTREVILLE, MD., July 22, 1882.
Messrs. Thompson & McFeeley—Dear Sirs: I am very much pleased with both grades of your Phosphates; am more than satisfied with their results, and shall use them again this fall.
Very Respectfully, Yours, J. O. RASIN.
CENTREVILLE, MD., July 18, 1882.
Messrs. Thompson & McFeeley—Dear Sirs: In reply to your inquiry I can say that both your "Reliable" and "Corsica Compound" gave me entire satisfaction, giving me more wheat than any other goods I used—some of them costing more money. Your "Reliable" I am especially pleased with, and expect to use a considerable quantity of your goods this fall. J. B. THOMAS.
TEMPLEVILLE, July 23, 1882.
Messrs. Thompson & McFeeley—Sirs: I used your Phosphate (Corsica Compound) last fall on wheat and Rye; it acted well on both and I have an excellent stand of grass on land where it was used. *Shall use no other this fall.* Yours, &c., JOHN T. TEMPLE.
We refer you to the following gentlemen in Kent county who have used our Goods: Wm. E. Morris, Robt. Nicholson, J. F. Melvin, James T. Dixon, E. A. Cord, C. Lusby, Thomas S. Wilmer, Chapman & Lambert, J. B. Crowding, W. W. Stephens, Isaac Parsons, John W. Fowler.
WM. J. McFEELY, Agent, Chestertown.
Aug. 12, 1882.

WALTON, WHANN & CO.'S
Diamond Soluble Bone
THE EVIDENCE.
MR. RICHARD L. PRICE, MIDDLETOWN, DEL., says:—
Last fall I used Walton, Whann & Co.'s Diamond Soluble Bone on my Wheat crop just harvested, side by side with an ammoniated fertilizer which cost $6 more per ton than the Diamond Bone. The Diamond Bone beat the high price fertilizer badly; raised four bushels more wheat per acre.
The extra yield of wheat grown by the Diamond Soluble Bone, over that grown by the other fertilizer, more than paid for its application.
MR. GEO. DERRICKSON, MIDDLETOWN, DEL., says:—
I used on my wheat last fall Walton, Whann & Co.'s Diamond Soluble Bone, which cost me $25 per ton. I also used 5 tons of an ammoniated fertilizer made by another manufacture, which cost me $30 per ton. The Diamond Soluble Bone raised more wheat than the ammoniated fertilizer and cost 25 per cent. less.
MR. B. J. GREEN, WARWICK, MD., says:—
"I used on my wheat last fall five tons of Walton, Whann & Co.'s Diamond Soluble Bone, which cost me $25 per ton. I also used five tons of a popular brand made by another manufacturer, which cost $30 per ton. Where I used the Diamond Soluble Bone my yield was thirty (30) bushels of wheat to the acre. Where I used the other fertilizer I had but twenty (20) bushels per acre. Walton, Whann & Co.'s Diamond Soluble Bone cost twenty per cent. less than the other and raised fifty per cent. more wheat.
USED IN THIS COUNTY BY THE FOLLOWING:—
John Young, J. P. Vandyke, J. R. Stavely, W. F. Spry, N. T. Hynson, W. G. Rasin, E. B. Pennington, G. W. Price, W. P. Norris, Jno. A. Norris, Oliver Jervis, L. C. Justis, Jr., John McGugan, W. A. Stations marked thus (*) have no agents
Freight for Delaney and Bingham's must be prepaid.

The morning trains make connection at Clayton with the Delaware Railroad going North and South.

Passengers on morning train to and from Baltimore change cars at Wilmington or Delaware Junction.

Freight carried at low rates to all points and must be at Stations 30 minutes before starting time, in order to insure dispatch.

Trains run on Phila. time, which is 5 minutes faster than Balt. time.

Commencing July 12th and until further notice, on Wednesdays "only," the mail and passenger train will leave Chestertown at 6:00 A. M. instead of 8:00 A. M., other stations accordingly. No change from the regular schedule on other days.

FRED. GERKER,
Jan. 8, 1881—tf. Lessee.
