CHESTERTOWN:
SATURDAY MORNING.....Oct. 14. 1882.

Mass Meeting!

A MASS MEETING of the Democratic and Conservative Voters of Kent county will be held at the Court House in Chestertown, on TUESDAY, OCTOBER 24, at 2 o'clock, P. M.

The meeting will be addressed by the Hon. George W. Covington, our candidate for Congress, and other distinguished speakers.

The public are cordially invited to attend.

MARION DEK. SMITH,
DAVID JONES,
JOHN F. BEEKS,
State Central Committee for Kent Co.

THE majority for Hon. Alexander H. Stephens for Governor of Georgia is estimated at 60,000.

THE total registration in Baltimore city foots up 64,138; over 17,000 less than the police census taken in May last.

THE defeat of Judge Grason for Chief Judge of the third judicial circuit is to be regretted. He is an upright and able judge, and a clever, sociable gentleman.

THE Baltimore democratic city council primaries were held on Tuesday and the candidates of the regulars were successful in all the wards except the third, fifth and seventh.

MONEY and official patronage are the means confidently relied upon for the election of Folger in New York. Nothing but a persevering effort upon the part of the democracy will defeat him. It is said there are men of means in that State who will sell their votes for two dollars!

THE Easton *Star* hopes the next State Convention will adjudicate the right of the State Convention to fix the day for primaries, and that "the party throughout the State will recognize legal authority by conforming to its decrees after the law is defined."

A FULL judicial ticket has been placed in nomination against the regular Democratic nominees in Baltimore. It includes the names of Mr. Wm A. Stewart, Mr. Edward Duffy, Mr. Charles E. Phelps and Mr. Luther M. Reynolds. It does not consist exclusively of either Republicans or Democrats.

THE democracy throughout the country are rejoicing at the prospect of victory in New York and elsewhere, and now and then throw up their hats over the desertion of some prominent republican from the Folger standard. At the same time the Stalwart leaders are engaged in a still hunt with means that will yet prove effective if the democracy don't look out.

ELECTIONS in Ohio and West Virginia were held on Tuesday and the returns from the former show large democratic gains. Hamilton county gives a democratic majority exceeding 2,000 and elects a democratic Congressmen. The delegation in Congress will be divided about as follows: democrats 14; republicans 7. The democratic majority in the State is estimated at 20,000. The election for Congressman in the first West Virginia district is close, and the republicans claim that their candidate, General Goff, is elected by a small majority. The democratic candidates in the second and third districts are elected.

THE Republicans have nominated Thaddeus C. Blair, of Baltimore county, for Congress in the second Maryland district. In the sixth judicial circuit Hon. John A. Lynch, of Frederick, and Geo. Peter, of Montgomery, have been nominated for associate judges, and in the fourth circuit Hon. R. H. Alvey, of Washington county, was renominated for chief, and A. K. Syester, of the same county, for associate judge, and Hart B. Holton, of Baltimore county for Congress in the fifth district. The democratic convention at Towsontown on Monday elected delegates to the judiciary convention in favor of Judge Yellott for chief and Mr. David Fowler associate judge. The democratic convention of the fifth judicial circuit renominated Hon. Oliver Miller for chief judge and nominated David N. Henning and I. Thomas Jones for associates.

THE Maryland Penitentiary Directors recently felt called upon to do something "out of the usual order of things." So they investigated the doings of their predecessors in office. The result was charges against ex-Warden Wilkinson, *through the press*, for extravagant management, costly dinners, &c., &c. It is now shown that at very recent meetings of the "reform" board nearly a hundred dollars was spent for whiskey and cigars and a half dozen chairs ordered at $12 each! Warden Wilkinson's management speaks for itself in the profits derived by the State, and the attempt now to break him down and oust him from his position in the city government may gratify the spleen of his political enemies, but will not be endorsed by the people. Let the new warden and board of directors do as well as the old and we may have more charity for this one of Gov. Hamilton's blunders.

COVINGTON RENOMINATED.—The Democratic Congressional Convention to nominate a candidate for Congress from the First district met at Easton on Thursday of last week. Dr. W. H. DeCoursey, of Queen Anne's, was president, and Geo. W. Bishop, of Worcester, and Daniel Field, of Caroline, vice-presidents. Thos. K. Robson, of Talbot, in a very stirring speech, moved that Hon. Geo. W Covington be nominated by acclamation. It was seconded by Eph. G. Polk, of Somerset, and Lemuel Malone, of Worcester, both speaking in highly eulogistic terms of Mr. Covington. The convention, amid much good feeling, declared Mr. Covington the nominee. J. S. Sudler, C. C. Lloyd and Colonel Lemuel Malone were appointed a committee to acquaint Mr. Covington with his nomination. After the convention adjourned the delegates repaired to the residence of Mr. J. Frank Turner, where they were handsomely entertained.

AN IMPORTANT DECISION.—Judge Ford, of the seventh Maryland circuit, in the case of Captain Smoot, of Virginia, charged with violating the act of 1882 by oystering without license in the Potomac river within the boundary line of Maryland, decided recently that the act is in contravention of the rights and privileges guaranteed to the two States by the old compact of 1785, and hence null and void and not binding on the citizens of Virginia, (the parties being from Westmoreland county,) and Virginia never having by legislative enactment recognized or assented to this act of 1882; that the act of the Virginia Legislature and the concurring act of Maryland, submitting the boundary line to arbitration, expressly excepted and reserved all the rights and privileges belonging to the two States under this compact; that the award of Black and Jenkins, giving to Maryland the right of eminent domain in the Potomac river as far as low-water mark on the Virginia shore, also expressly excepted and reserved all the rights existing under this compact, and that the said act of 1882, purporting to be based upon this award and clearly contravening their old compact rights, was inoperative and void.

THE COLOR LINE has been abolished in a practical manner by the democracy of Memphis, the nominating convention of that party having last week nominated three white and two colored men to represent Shelby county in the lower house of the Tennessee Legislature. The colored men thus recognized are said to be men of intelligence, and will receive the united support of the democrats of Memphis.

JUDGE BLACK ON THE MORMONS.—Judge Jere S. Black has been interviewed in regard to affairs in Utah. He concedes the constitutionality of the Edmunds law in striking at polygamy, but declares that the commissioners under the Edmunds law have, of their own motion, without authority of any law, and in the teeth of the constitution, established an inquisition into the life of every man and every woman for twenty years back, and devised a test oath to try them; and all who decline to swear that they have not married or cohabited with more than one woman at any time in the course of the last twenty years are pronounced guilty of polygamy and forthwith punished for the crime by disfranchisement. Judge Black further charges that the Governor and other territorial officials of Utah are engaged in a scheme which, if successful, "will make the whole territorial government the prey of the spoiler." He says: "Utah cannot stand what South Carolina did. No ten years of good stealing can be found there."

HUBBELL THE AUTHOR OF THE HANDWRITING ON THE WALL.—A mathematician skilled in the calculus of probabilities would find it difficult to decide which Mr. Hubbell hates most, free trade, slavery, secession or civil-service reform; since in his campaign text-book he vituperates them all with about equal vigor. The civil-service reformers will be pained to know that Mr. Hubbell brands them as "noodles." What will most surprise the readers of the book, who know that it is printed at the expense of the republican office-holders, is the fact that Mr. Hubbell compliments the "Confederate brigadiers" by ascribing the passage of the act forbidding assessments to be a "conspiracy" by them concocted. If it be true as some suppose, that the "grand old party" is now reading its fate in a "handwriting on the wall," the historian of its demise will doubtless pronounce Hubbell in no small measure the author of that writing.

WOMEN ADMITTED TO COURT.—On the whole the sphere of activity for women is appreciably widening. The Supreme Court of Connecticut has admitted women to the bar in that State, justifying its action somewhat by the fact that though the laws of the United States provide only for postmasters, women are nevertheless appointed to take charge of postoffices. Objection to their admission to an active role in court is no longer based on their power of fascinating judges, juries and witnesses, since it is found that those who actually take up the study and practice of law are not blooming, rosy cheeked maidens, capable, like Phryne, of blasting the most settled judgment, but mature spinsters, whose intellect is their principal charm.

THE REV. THOMAS GUARD, pastor of Mount Vernon M. E. Church, yesterday underwent a painful operation for the extraction of stone from the bladder. The operation was performed at his residence, No. 150 Park avenue, by Prof. Allen P. Smith, assisted by Dr. Henry M. Wilson, Dr. N. R. Gortor and other physicians. It was very successful, and last night Mr. Guard was doing as well as could be expected under the circumstances. His numerous friends will be pleased to learn of his favorable condition.—*Sun, Wednesday.*

BUSINESS IN NEW YORK.—The results of diligent inquiry by the Tribune reporters indicate a favorable condition of business in that city. The hotels have been crowded this fall with buyers from all parts of the country as they have not often been in years past. Among manufacturers and wholesale dealers the assurance is given that trade has seldom or never been more vigorous. Sales are 10 or 25 per cent. heavier than they were last autumn. The demand comes from all parts of the Union, is not speculative, and very nearly equals the supply.

SEVERE.—The New York Sun earnestly advocates ex-Vice-President Wm. A. Wheeler as the republican candidate for Congressman at large from New York, giving as its reason that "then the ticket would be headed by historic fraud."—The Sun refers to the counting in process of 1876.

THE VIRGINIA TOBACCO CROP.—Advices from the leading tobacco counties of Virginia are to the effect that up to the middle of last week over one-half of the best crop every known is cut and housed. The crop generally is heavy and fully ripened.

WHILE the rite of immersion was being administered near Canton, Ga., on Sunday an overloaded bridge gave way, throwing some two hundred spectators into the water. No lives were lost but a number of persons had legs and arms broken.

IN 1859 eleven cars managed to ship all the peach crop of Delaware that was sent out of the State by rail. This year it took sixteen engines, four hundred cars and ninety-six men.

AN IMPORTANT MOMENT.—It is puzzling to decide between the rival clothiers where a man should buy his Clothing, if he seeks enlightenment by reading the advertisements, for he will find each claim to sell cheaper than the other, &c. We say to you, buy from a house of known reputation for square dealing, where goods are sold by the manufacturers themselves, upon precise statements as to kind and quality, and at a strictly uniform low price, and where you can go back for your money if, after reaching home, you should think you had purchased unwisely. Such a house is C. N. Oehm & Son, 230 West Pratt Street, through to 55 Hanover Street.

ALL LADIES know their faces are more attractive when free from pimples. Parkers Ginger Tonic is popular among them, because it banishes impurities from blood and skin and makes the face glow and the eye sparkle with health.

BALTIMORE MARKET.—The Baltimore papers of Thursday quote as follows:

WHEAT—Longberry $1 08@1 14; Fultz $1 05@1 10 for fair to good. CORN—White, prime 78@78; yellow, 80@80. OATS, Maryland, 46.
