Can It Be Possible

that you are going to put in a Corn Crop this Spring without Fertilizing it? Don't you believe that Corn requires plant food as well as any other crop? And when you consider the price of Corn today at $1.35 a bushel and that you can fertilizer an acre for less than $2.00 it would pay you not only in the increased yield of Corn but in the Fodder alone it would be profitable. Think about this and consult us in regard to our Special Corn Fertilizer that is particularly adapted to this crop.

For Tomatoes

Well, you have heard of our Tomato Fertilizer. It is a wonder and we confidently believe that we sell more Tomato Fertilizer than any other manufacturer in this country. We do not mean that we sell more Fertilizer, but more Fertilizer for Tomatoes.

Our Fish Mixture is particularly adapted to the growth of tomatoes and in this goods we derive the Phosphoric Acid from the Fish Rock and Bone and the Ammonia from the Animal matter on the Animal bone, Nitrate of Soda and Fish.

In order to grow a profitable Tomato crop it is necessary after you transplant the Tomato vine that it should never stop but keep growing, because if it gets stunted, it is like a stunted pig, it does not make a good hog, therefore the combination in our Tomato Goods feeds all along the line and never lets the plant stop growing and if there ever was a time when you ought to grow all the Tomatoes possible per acre it is now. Please correspond with us in regards to your Tomato goods.

Yours very respectfully,

Dr. D. L. Greenfield Retires And Will Come to Chestertown to Live—Dr. J. S. Bowers, Dr. W. R. Graham, Dr. S. B. Treadway Retire Also—President Warner Makes Appointments.

The Methodist Protestant Conference did not adjourn until Wednesday at noon. There were about 50 changes of pastors. The pastors of Starr, Alnutt Memorial, Broadway, West Baltimore, South Baltimore, St. John's and North Baltimore were not disturbed. The new ministers coming to the local churches include: Rev. E. A. Sexsmith, from Mount Nebo to Eutaw Church, succeeding Rev. J. L. Nichols, who was sent to Seaford, Del.; Rev. E. L. Beauchamp, of Parksley, Va., succeeding Rev. L. B. Smith as pastor of Christ Church; Rev. G. A. Ogg comes to the East Baltimore Church, succeeding Rev. Dr. D. L. Greenfield, who was retired; Rev. G. M. Clayton, of the Park Road Church, Washington, goes to the Wilton Heights Church in place of Rev. Rolands Taylor, and Rev. Klein K. Hadaway going to Evergreen.

Much surprise was occasioned during the last moments of the morning session, when Rev. Dr. John S. Bowers, the retiring president, asked for the superannuated relation, which was given him. There were no changes in the Kent churches. Rev. G. Q. Bacchus goes to Park Road Church, Washington, D. C.

Superannuates—J. W. Gray, W. D. Litsinger, A. W. Mather, J. L. Mills, J. W. Norris, W. M. Strayer, J. L. Straughn, J. G. Sullivan, J. A. Wiegand, W. R. Graham, J. M. Holmes, S. B. Treadway, F. H. Mullineaux, D. L. Greenfield, E. O. Ewing, Dorsey Blake, F. T. Tagg, P. L. Rice, J. S. Bowers.

It was decided that hereafter each church shall pay for the entertainment of preacher and delegate to conference.

On account of a special jubilee meeting—a union of the Chestertown, Centreville, Millington and Still Pond Auxiliaries of the W. F. M. S. which will be held at the home of the President, Mrs. H. H. Klinefelter, the regular monthly meeting of the Chestertown Auxiliary is postponed to April 24th. Mrs. Ripple, general secretary, will be among the speakers.

President Wilson's Appeal

The President issued on Monday another one of his great State papers. The NEWS gives these paragraphs:

I take the liberty of addressing this word to the farmers of the country and to all who work on the farms: The supreme need of our own nation and of the nations with which we are co-operating is an abundance of supplies, and especially of foodstuffs. The importance of an adequate food supply, especially for the present year, is superlative. Without abundant food, alike for the armies and the peoples now at war, the whole great enterprise upon which we have embarked will break down and fail. The world's food reserves are low. Not only during the present emergency, but for some time after peace shall have come, both our own people and a large proportion of the people of Europe must rely upon the harvests in America. Upon the farmers of this country, therefore, in large measure, rest the fate of the war and the fate of the nations. May the nation not count upon them to omit no step that will increase the production of their land or that will bring about the most effectual co-operation in the sale and distribution of their products? The time is short. It is of the most imperative importance that everything possible be done and done immediately to make sure of large harvests. I call upon young men and old alike and upon the able-bodied boys of the land to accept and act upon this duty—to turn in hosts to the farms and make certain that no pains and no labor is lacking in this great matter.

I particularly appeal to the farmers of the South to plant abundant foodstuffs as well as cotton. They can show their patriotism in no better or more convincing way than by resisting the great temptation of the present price of cotton and helping upon a great scale to feed the nation and the peoples everywhere who are fighting for their liberties and for our own. The variety of their crops will be the visible measure of their comprehension of their national duty.
