Kent News.

SATURDAY MORNING.....JULY 14, 1883.

STATE TEACHERS' ASSOCIATION.

OCEAN CITY, July 10, 1883.

The seventeenth annual session of the Maryland State Teachers' Association convened at the Atlantic Hotel today at 3 P. M. The exercises were opened with prayer by Rev. W. C. Butler, of Prince George's county.

The address of welcome was delivered by Col. L. L. Dirickson, of Somerset, who eulogized very highly the State schools. Prof. C. G. Edwards, of Baltimore city, replied on behalf of the convention.

A paper by Miss Emma Atkinson, of Washington, D. C., advocating a higher standard of education for girls, was read by Prof. T. A. Soper.

Prof. Goodman, of Baltimore, deprecated the introduction of any higher branches into the public schools, but thought that the Johns Hopkins University should be opened to the female graduates of the high schools.

Prof. Soper, of Baltimore, having announced the death of Prof. P. M. Leakin, of Anne Arundel, F. A. Soper, C. G. Edwards and J. J. Whittington were appointed a committee to prepare resolutions relating to the same.

WEDNESDAY'S PROCEEDINGS.—After prayer by Rev. John Squier, of Cecil, the inaugural address was delivered by the president, G. S. Grape, in which he spoke of the nature and design of the association.

Messrs. Edwards, Hallowell, Holmes, Worthington and Bryan were appointed to nominate officers for the ensuing year.

The delegation from Allegheny presented a resolution looking to a reorganization of the association; under the rules it went over till tomorrow.

The committee appointed for the purpose submitted resolutions of respect to the memory of Prof. P. M. Leakin, which were adopted by a standing vote. Messrs. Soper, Edwards, Newell and Whittington spoke in feeling terms of the many sterling qualities of the deceased.

Messrs. Thompson, Goodman and Breerwood were appointed a committee to audit the accounts of the treasurer.

Prof. H. C. Hallowell, of Montgomery, read a paper entitled "Additional Thoughts on Education and Health."

At the afternoon session the chairman of the auditing committee reported the accounts of the treasurer correct, and a balance on hand of $150.58.

Papers on English were read by Prof. H. G. Wainer, of Cumberland, and Miss M. J. Glanding, of Kent Island. The following papers were also read: On the Metric System, by A. F. Wilkerson, of Baltimore; Natural Science, by W. H. Farquhar, of Montgomery; Celestial Photography, by H. N. Onderdank, of the college of St. James', Washington county; Mathematics, by Dr. J. L. Bryan, of Dorchester; Latin, by G. A. Harter, of Frederick county.

At the evening session J. P. Poe, Esq., City Counselor of Baltimore, delivered an address on Thomas Arnold, Head-Master at Rugby. The speaker briefly reviewed his life, analyzed his character, and exhorted the teachers to imitate his example.

Following the address was a selection entitled Arabel Lee, read by Miss Alice McMichael, of Cumberland.

The report on defence was then made by Prof. Newell, who stated some old objections to the public school system which have been exploded but are now revived. He quoted the statements of two prominent Baltimoreans; one charging that the public money is lavished on high schools and colleges, and the other directed against the underlying principles of the system itself. Mr. Newell demonstrated that the first is false in fact, and that the second was untenable.

LETTER FROM BETTERTON.

Messrs. Editors:—The excursion to Tolchester Beach on the 4th was, it is said, a very pleasant one. Quite a number of our friends and neighbors took advantage of the opportunity of spending a pleasant day on the water and at the Beach. No doubt they had a very nice time.—One of our young ladies, in describing the trip, said: "I enjoyed myself better than I ever did on an excursion before in my life;" she didn't go alone of course.

Mrs. J. Seney, of Crumpton, has been visiting her parents at this place.

We regret very much to announce that Mr. Jas. T. Brice, Jr., has moved with his family to Virginia, where he expects to make his future home. Mr. Brice is a very good, honest and industrious young man, always ready to do *anyone* a favor whenever it was in his power to do so; he was a kind friend and good neighbor. We truly hope that happiness and prosperity will attend him in his new home.

Perch and crabs have not yet put in their appearance in our waters, but there is one thing that is very plentiful, and that is *warm weather*.

Some of our farmers have commenced threshing. Peaches will soon be getting ripe. The Ericsson Steamboat Company, expect to put a peach boat on Sassafras river in about two weeks.

The Defiance base-ball club, of this place, is now in full blast. They have played several match games since the club has been organized and have thus far come off highly victorious every time. The following is a correct list of the players and their respective positions: Jos. S. Clark, p.; Jos. H. Crew, c.; John Brice, 1b., J. H. Crew, 2b.; W. A. Crew, 3b.; G. W. Owens, s. s. and captain; Gordon S. Taylor, lf.; John H. Cozzins, cf.; Romine T. Abrams, rf. They challenged the College nine for last Saturday which was declined for that day. TREBOR.

THE FOURTH AT MASSEYS.

Eds. Kent News:—Your correspondent in reporting the 4th of July celebration at Masseys made a mistake which I beg you to correct in your next issue. "My Country! 'tis of Thee," was sung by a company of ten or twelve with organ accompaniment by Mrs. Dr. Massey. The National air "Red, White and Blue," was played by "Sweet little Mary Hurtt" and sang by her father, assisted by three ladies. A READER.

BISHOP PINKNEY'S SUCCESSOR.—Speculation as to who will be the successor to Bishop Pinkney has already begun. To elect a successor it will require a two third vote of both clerical and lay orders. There is no annual convention until next May, but the impression seems to be that there will be a special convention called by the standing committee for September. The convention will probably be held as usual in Baltimore. It is said that none of the candidates named so far have a good chance of being elected. Rev. Dr. Myer, of Prince George's county, is said to be too old; Rev. Dr. Hodges, of Baltimore, too ritualistic; Rev. Dr. Paret, of Washington, too thoroughly identified with the ritualists; Rev. Dr. Hutton, of Brookville, too old; Rev. Dr. Campbell Fair and Rev. Dr. A. M. Randolph, too low church. It is said that Rev. Dr. George Leeds, of Baltimore, would be most likely of all named to be elected but for his delicate health. The man to be elected must be a conservative churchman, not identified with either extreme in order to get a two-third vote.

THE total number of manufacturing establishments in the United States is 253,852, with a capital of $5,770,272,605. These industries employ 2,738,865 hands, two millions of which are male adults. The wages paid is $874,953,795. The value of material used is $3,396,823,449, producing $5,369,579,181. This leaves a clear profit to capital, after wages and material are paid for, of $1,024,801,847, or 43 per cent. on capital invested.

What per cent. do the land-owners and land-renters of Maryland make upon *their* investments? We declare without fear of contradiction that, though working hard and living hard, more than one-half of this class is going behindhand every year, and this because they are taxed by the present tariff an average of 33 per cent. on nearly everything they eat and wear and use on their farms in the way of agricultural implements. No wonder the manufacturing monopolist is making money and the defenceless landworker is becoming bankrupt.—*St. Mary's Beacon.*

GOV. BUTLER ON JEFFERSONIAN DEMOCRACY.—Gov. Butler, of Massachusetts has written a letter accepting an honorary membership in the Jefferson Democratic Association of York, Pa., of which Lt.-Gov. Chauncey F. Black is president. Gov. Butler says his earliest political teachings were from an uncle who was a Jeffersonian democrat; that by him he was taught to revere the memory of the great patriot, and in his maturer years learned to appreciate the great philosopher and statesman, and imbibed the lesson of "equality of right and equality of burden for all before the law," which has been the Governor's guide in political action ever since, and to which he promises he will ever remain true. Gov. Butler concludes that a return to Jeffersonian principles is necessary to rescue the country from an impending despotic rule of monopolies.

SUNDAY NIGHT at St. Michaels a man drove his horse at full speed plump against a steam engine standing in front of Lewis & Richardson's shop. The horse was knocked down and stunned, and the carriage broken in several places. There was a lady in the carriage, and she and the driver were both thrown violently from the carriage when the collision occurred, but escaped with some bruises.

THE trustees of the ground have decided not to hold a camp-meeting at Camden this summer.

GOV. MONTGOMERY BLAIR is recovering his health and expects to be able to resume his practice the latter part of this month.

THE Postmaster General has rendered a decision adverse to the Louisiana Lottery Company.

A SON RESTORED TO HIS MOTHER.—The Johnstown (Pa.) *Tribune* states that sixteen years ago Francis M. Brown, residing in Baltimore county, eighteen miles from Baltimore city, eloped with a woman named Celia Reichenecke, taking with him his 4-year-old son, and leaving behind his wife and two younger children, one an infant.—Mrs. Brown removed to Johnstown, where she has since resided, supporting herself and children by the use of her needle. Last Wednesday morning a fine-looking young man called at her house and asked for Mrs. Susan Brown. Being informed that he was addressing Mrs. Brown, the young man embraced the lady and made himself known as her long lost son. He explained that his father was a prosperous miller at Union City, Tenn., worth at least $75,000, and that until a very recent date he had believed the woman who lived with the father was really his mother. The truth in the matter was made known to him by the brother-in-law of Brown whilst in an intoxicated condition, and, taking advantage of his father's temporary absence, he wrote in his day-book: "Father—I have learned that my mother lives; by the help of God I intend finding her." After a tedious journey the young man reached Baltimore last Tuesday, and, ascertaining his mother's whereabouts, proceeded to Johnstown. The *Tribune* adds: "Mrs. Brown says that she was married to Brown on the 2d of December, 1860, at Hereford, Md., where she was born and raised. Brown is a native of Baltimore." Mrs. Brown has retained counsel, and will at once begin proceedings against her husband for a legal settlement.

A MARYLAND STOCK FARM.—Mr. S. M. Shoemaker, a wealthy citizen of Baltimore, has the finest stock farm in the State, and upon it some of the most costly Jersey stock in the country.—The *Maryland Farmer* speaks of it as follows: Burnside Park is the name of the country-seat of Mr. Samuel M. Shoemaker, of Baltimore county, 14 miles from the city, comprising 500 acres of fertile land. It is chiefly a Jersey stock farm, and the statement is made that Mr. Shoemaker "can certainly show the highest priced and among the finest Jersey stock in the world, and a farm as well managed and as fertile as any such size farm in the State of Maryland."—Among the Jersey cows are Princess II, which cost $4,800; Khedive's Promise, $5,150; St. Clementine, $2,600. Mr. Shoemaker employs sixty hands on his place.

DENIS KEARNEY, the sand-lot orator, opened his great wage-raising campaign in Chicago Sunday afternoon. The field of operations in the new crusade is to cover every leading city in the United States, and in the words of Mr. Kearney, "the great agitation which resulted in barring out the lepers of Asia will be but a zephyr to the cyclone when compared with the campaign now begun." Kearney's audience numbered several thousand persons, mostly workingmen, and the meeting was quite decorous all through.

CABLES INSTEAD OF HORSES.—The system of propelling street cars by means of an endless cable, now in successful operation in Philadelphia, Chicago and San Francisco, is to be introduced in New York, the Third Avenue Railroad Company having determined to be the pioneer with the cable system in that city. The cars will be run through Tenth avenue, from 125th street to High Bridge. After the public have become accustomed to it the company will introduce the system on Third avenue.

CARE should be taken not to overheat horses by fast driving during the warm weather. A horse has little chance for his life if driven by a reckless driver when the mercury is among the nineties.

THE ministers should aim to preach short sermons during the warm weather. If they make them short and spicy the people will attend church and keep awake, too.

BALTIMORE MARKET.—The Baltimore papers of Friday quote as follows:

WHEAT—Longberry $1 12@1 18; Fultz $1 10@1 15 for fair to good. CORN—White, prime 59@62; yellow, 59@63. OATS, Maryland, 40.

DR. THAYER,
—THE—
Great Specialist,

Will be at the following places on these dates and remain one week at each visit that the afflicted may reap the benefit of his large experience:

CHESTERTOWN,

Arriving at ARMSTRONG'S HOTEL, Monday, May 28; remain until June 4
Return " June 25; " " July 2
" again " July 23; " " " 30
Last visit " Aug. 20; " " Aug. 27

A Physician who has had a most wonderful, uninterrupted and successful practice for a quarter of a century, and traveled a great portion of the Old World—England, Ireland, Scotland, France, Italy, Sicily, Switzerland, Turkey; also China and Japan, Central and South America, for study and information. A graduate of medicine, not only in America but also in France.

He is competent to Treat the most Obstinate Complaints that have baffled the Skill of the most Eminent Physicians of the day. He does not treat Symptoms that so many complain of, but goes to the Root and Causeof the Disease, and will tell you how you feel better than you know yourself.

Therefore it is obvious that a man that is capable of knowing the course must be more qualified to make a successful and speedy cure, without keeping the patient lingering along from month to month or year to year, until the sufferer has almost given up in despair of ever being cured or benefitted. He does not bleed you out of your money at one dollar and two dollars a visit, day after day and month after month, as the general practicing physician does, but gives you the benefit of his long practice and medicine at a fair and reasonable price and within the reach of all.

DR. THAYER

Treats successfully and guarantees a cure in any of the following complaints: Liver Complaint, Consumption, Malaria, Diarrhœa, nervous, sick and bilious Headache, Constipation or Costiveness, Neuralgia of the Heart, Heart Disease, Lumbago, Kidney Complaints in their worst forms, and Bright's Disease of the Kidneys, Dyspepsia, Jaundice, loss of Energy, loss of Appetite, Restlessness, loss of Sleep, Tiredness in the morning on rising, a general breaking down of the whole system, Catarrh of the Bladder, Blood and Urinary Complaints in their worst forms, Rheumatism and Diabetis, Asthma or Shortness of the breath, Goitre or Thick Neck, Lung and other complaints.

Female Complaints.

Those ladies that are afflicted so much with falling of the Womb or that feeling of Bearing Down, Leucorrhœa or Whites, should lose no time in giving Dr. Thayer a call, even if they have despaired of ever being benefitted, as he will give them a medicine that will cure them in a very short time.

Office hours from 9 a. m. to 8 p. m.

☞ Consultation free and strictly confidential.

Extract from Frederick Daily Times:

Dr. Thayer's success in treating and curing all chronic and complicated diseases has become known to us to be an accomplished fact, and it is certainly surprising and remarkable that a man—a perfect stranger—should come among us and treat all diseases with such almost superhuman results that have baffled the skill of the most noted physicians. The people of Centreville and its surroundings will now have the opportunity of calling on Dr. Thayer; the sick and afflicted and heretofore incurable can call and be treated and receive the benefit of this remarkable man's skill. It is certainly surprising that persons afflicted come to him and are told of all their complaints by him almost better than they know themselves, as in most cases they have hitherto been treated for symptoms and not the cause of the disease. Dr. Thayer strikes at the root of the complaint. We would advise all, no matter how afflicted, not to delay in giving him a call.

May 26—3m.

HINES & CLEMENTS,
MANUFACTURERS OF TINWARE.

Can supply families with pint, quart and half gallon Cups, Basins, Milk and Bread Pans, Coffee and Tea Pots, Saucepans, Oil Cans from 1 qt. to 3 gallons, Cream and Butter Buckets, Strainer Buckets, Water and Slop Buckets, Sprinkling Pots, &c., of their own manufacture. Facts! Facts!

I do not propose to be Outstripped in Business!

And OUR FRIENDS AND THE PUBLIC GENERALLY ARE REQUESTED

Not to Forget It!

I carry a FULL LINE OF GOODS generally, embracing—

Dry Goods, Groceries, Boots and Shoes, Hats, Caps, Notions,

Beautiful line of HAMBURGS, Queensware, Glassware, Woodenware, Oil Cloths from 2¼ down to 1 yard wide. CARPETS, &c., &c.

I buy goods closely, cautiously, and carefully. In this way, and by looking to my customers' interest—as I am by 14 years' experience in business taught that I *must* do—propose to make it to every-body's interest to come to

PARKS.'

It is a fact, and the people know it too, that I carry one of—if not *the* best—stock of goods in Kent county. The coming season further additions you may expect.

As to SHOES, BOOTS, Tobacco, Coffees, Sugars, Soaps, as well as Dry Goods and Notions, will say that those who undersell us *have got to get up early!*

I am selling a Tobacco for 50c. lb. that can't be beat; a Black Cashmere for 50 & 75c., ladies from the city say is cheap.

ANOTHER FACT—an effort to accommodate is our aim.

☞ All kinds trade taken in exchange for goods, and do not limit the *quantity*.

Very truly,
fe24. R. F. PARKS.

WROTH & ALDRIDGE.

WROTH & ALDRIDGE,
May 5, 1883. CHESTERTOWN.

HUDGINS'
BAKERY
IS IN FULL BLAST

For the Spring and Summer Trade!

We have now in stock the largest, finest and cheapest variety of goods ever offered to the citizens of Chestertown. We are up with the birds in the morning and never stop selling until the clock strikes 12. We have goods that no other store in town can afford to keep in stock such as——

Baby Carriages, Wagons, Wheelbarrows, Velocipedes, Drums, Guitars, Banjoes, Violins, Organetts, Mouth Organs, and Accordeons.

A beautiful line of all of these goods very cheap.

Our Vienna Rolls

are known all over the county. Call early; we never have any left over; always fresh.

PICKLES, CHOW-CHOW, SARDINES, LOBSTERS, JELLIES, PEACHES, APPLES, ORANGES, RAISINS, LEMONS, DATES, FIGS, CURRANTS, &c.

Always on hand in large stock, and *WE DEFY COMPETITION as to PRICES!*

☞ We are the Head Quarters for HOOPS and MARBLES, and no child in town will use any other but those supplied by HUDGINS, painted in colors, with bells, for only 10c.

Our Fruit, Nut and Candy Stock

is so large that we can supply every store in town with sufficient left to fill a wholesale order. Look at this! 40 bushels Peanuts which we roast daily; we have to do it; everybody eats Hudgins' peanuts, they are so fresh and cheap.

CAKES, BUNS, PIES, ROLLS, PUDDINGS, BISCUIT, always fresh.

☞ Camp-meeting and Picnic supplies so low that you will wonder how we do it; fact is we buy so largely and so often for cash that we can give you the benefit of our bargains. Come and see our outside display and imagine yourself before Darby's Building, Baltimore.

Right around the Corner from the new Post-office, HUDGINS' largest supply store in town.

May 12—1883.

CORN SHELLERS
And HORSE POWERS.

I have now ready for delivery a large supply of the Celebrated

Hyland Corn Shellers & Horse Powers

which we think are unsurpassed, and we are selling them low.

ROLLERS.—We have the best Roller on the market, and persons wanting anything in this line should send in their orders at once.

THE CELEBRATED HYLAND
FARM WAGON
And Iron Frame Cultivator

To Our Friends and the Public:

In introducing these Wagons on the Peninsula, we feel that we are doing something to benefit the public. It seems to be the unanimous verdict of Farmers that our Wagons track better and run lighter than any others made on the Peninsula. This was the decision of the Judges of the Worton Fair, held in September, 1881. Every piece is carefully selected, and nothing but the best material is used.

Our DEARBORNS and CARTS are *EXCELLED BY NONE.*

Please give these implements a trial and you will find it to your interest.

WM. A. HYLAND,
