BY

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS

PREPARED BY
DR. C. M. JACKSON.
At the German Medicine Store, No, 120. Arch St., Philadelphia.

Their power over the above diseases is unexcelled if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and smaller glands, existing the most searching powers in weakness and affections of the digestive organ, they are withal, safe, certain and pleasant.

READ and be CONVINCED.

From the Boston Bee.

The editor said, Dec 22d—"Dr. Hooflands Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise their use."

Scott's Weekly, one of the best Literary papers published, said Aug. 25:

"Dr Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon the weak system."

MORE EVIDENCE.

The Philadelphia Saturday Sazette, the best family newspaper published in the United States, the editor says of

Dr. HOOFLAND'S GERMAN BITTERS

"It is seldom we recommend what are termed patent medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking o the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met he hearty approval of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strangest testimony in its favor is, that there is more of it used in the practice of the regular physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, and no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is perferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit, at any time

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary all medicine to attain to induce counterfeits to put forth a spurious article at the risk of the lives those who are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON on the wrapper, and the name blown on the bottle, without which they are spurious.

DR. J. S. HOUGHTON'S

PEPSIN!

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE!
A Great Dyspepsia Curer,

Prepared from Rennet, or the fourth stomach of the Ox, after directions of Baron Liebig the great Physiological Chemist. by J. S. Houghton, M. D., cor. of 9th and Filbert sts., Philadelphia, Pa.

This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice Liver Complaint, Constipation and Debility, curing after naturers own method, by nature's own agent, the gastric juice.

☞Half a teaspoonful of Pepsin, infused in water will digest or dissolve, five lbs. of roast beef in about two hours, out of the stomach.

DIGESTION.

Digestion is chiefly performed in the stomach by the aid of fluid which freelyexudes from the iner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the purifying, preserving, and Stimulating agent of the stomach and intestines. Without it there can be no digestion—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid painful and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

Pepsin and Rennet.

Pepsin is the chief element, or great Digestive Principle of the Gastric Juice. It will sweeten putrid meat more effectually than saleratus, and will retard putrefaction more powerfully than alcohol. It is also highly stimulating to the nervous system, and to the stomach and other digestive organs. It is found in great abundance in the solid parts of the human stomach, and in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that 'One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food.' Diseased stomachs produce no good Gastric Juicr, Rennet or Pepsin.

The Great Discovery!

The true Digestive Fluid, or Gastric auice, can be obtained from natures own source of supply—the healthy stomach! The pure digestive principle, Pepsin, may readily be extracted from the stomach of animals resembling man, thus forming an artificial digestive fluid, precisely like the natural gastric juice, in its chemical powers, and furnishing a complete and perfect substitute for it.

By the aid of Pepsin, or this artificial digestive fluid, the pains and evils of indigestion, dyspepsia and liver complaint are speedily removed, just as they would be by a healthy stomach; the food is properly converted into blood; the body is nourished, good health and vigor are rapidly imparted to the whole organization; and the digestive organs share with the rest in this happy result.

Scientific Evidence!

Baron Liebig, in his celebrated work on Animal Chemistry, says: An artificial digestive fluid, analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on 'Food and Diet,' published by Fowlers & Wells, New York page 35, states the same great fact and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York in his 'text book of chemistry,' page 386 says: 'It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be.'

The fact that an artificial digestive fluid or gastic juice, perfectly resembling the natural fluid may be readily prepared, does not admit of question. The only wonder is that it has not before been applied to the cure of Indigestion and dyspepsia—so naturallydoes such a use suggest itself to the mind.

As a Dyspepsia Curer,

Dr. Houghton's Preparation of Pepsin haroduced the most marvelous effects, curing cases of Debility, Emacation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of Dore than *Two Hundred Remarkably cures*, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great *Nervous Antidote*, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive organs after a long sickness. Also for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with intemperance.

Old Stomch Complaints.

There no form of old Stomach complaints which it does not to seem to reach aed remove at once. No matter how bad they may be, it gives instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated, for a short time, to make these good effects permanant. Purify of blood and vigor of Body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soarness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency. Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Price, ONE DOLLAR per bottle. One bottle will often effect a lasting cure.

☞Observe this!—Every bottle of the genuine *Pepsin* bears the written signature of J. S. HOUGHTON, M. D., Sole Proprietor, Philadelphia, Pa.

☞Sold by all Druggists and Dealers in Medicine.

☞For SALE by SIMON WICKES, Chestertown.

HOPKINS' ANTALGIC LINEMENT,

FOR THE CURE OF
Rheumatism, Lumbago, Sciatica, Neuralga, Face Ache, Tooth Ache, Head Ache, Sore Throat, Bruises, Sprains, &c.
PREPARED ONLY BY
S. B. HOPKINS & CO.,
EASTON, MD.

THE most painful and distressing maladies known to humanity may be embraced under the general term *Neurasgia*. Algic affections of the nerves are as common as they are intolerable, attacking all classes and ages in every possible variety and form.

Tooth-ache (bad as it is,) presents but a modification of that class of disorders whose most fearful developements may be traced in the insufferable agonies of *Tic Douloureux*: Rheumatism, too while it keeps on the rack, the tortured sensibilities of so many sufferers disqualifies a large portion of those means of locomotion so necessary to their maintenance and comfort. Crippled and care worn the victims of this universal malady appeal strongly to us for our sympathy and aid.

To assauge pain, and thus contribute to the duration and happiness of human life, is certainly an object worthy the exertions of the benevolent and philanthropic, and every contribution to so important and praiseworthy an object should be hailed by all as a blessing.

The design of HOPKINS' LINIMENT is to relieve the affections referred to, as well as all others of a kindred character; and it may be permitted us to add, that we promise nothing we are not competent to perform. It is no part of the proprietor's place to indulge the term of fulsome laudatiou with which so many of the popular medicines of the day have been trumpeted before the public. They desire only a candid and impartial test of the virtues of the Liniment, convinced that the result will amply vindicate its claims to public confidence. In all Neuralgic and Rheumatic affections, such as *Facial Neuralgia, Tic Douloureux, Lunt Bago, Sciatica*; as well as an external application in *Sore Throat Tooth-Ache, &c. &c.* this Liniment will prove indeed an invaluable boom to the afflicted.

In the vicinity of the Proprietors' own residence it enjoys the most exalted reputation, as might be demonstrated by certificates of the most judicious and reputable persons. The certificates appended will reccommend themselves by the clearness and directness of their statements, and the intelligent and highly reputable sources from whence they emanate.

CERTIFICATES.

Mr. S. B. Hopkins, Dear Sir:—I feel great satisfaction in certifying to the good effect your Liniment has produced in the several cases, (four in number) that has come under my supervision. My wife, who has suffered most accutely for years past from that appalling, and in her case hitherto incurable disease, *Neuralgia*, has found decided relief from the simple application of the Liniment to the part affected. The application was made upon the approach of the attack, and no decoration or other unpleasant effects are left on the skin.

Yours very truly,
JAS. N. GOLDSBOROUGH,
Woodstock, near Easton.
April 25th, 1850.

—

This is to certify that I have used Hopkins Liniment in my family with the most satisfactory success. My sister, Mrs. Harrison, was afflicted with a pain in the neck and shoulders so severely that she could not turn her head without great suffering but one bottle of the Liniment effected a complete cure. One of my servants was also afflicted with Rheumatism, and was cured effectually by using the Liniment. I give this certificate with great pleasure.

TOBACCO STICK, Dorchester Co., Md., May 28th, 1850,

Dear Sir:—This is to certify that my wife suffered severely for a long time with a violent pain in her left jaw, so intense that she was unable to chew upon it forfive or six weeks. I procured a bottle of your Liniment and before she had used one-half she was entirely cured.
REUBEN TALL.

—

Dear Sir:—I received a bottle of your Liniment from my son and its effects were beyond my most sanguanine expectations. I was troubled with the Rheumatism for about a year in both arms, so that I could scarcely dress myself or raise my hand to my head. It seemed to be in the bone, and by the time I had used the bottle all the soarness was removed and can use my arms as well as ever. Considering my age, 75 years next month, the effect was truly wonderful. Yours respectfully,
MARTHA MERVIN.

COLLEGE GREEN, Cecil Co., Md.

Mr. Hopkins, Dear Sir:—My mother, an elderly lady, sprained her knee joint badly, which caused her the most excruciating pain; the joint was also much swolsen. The only remedy at hand was the bottle of Liniment you presented me with was immediately applied and entirely relieved the pain and had great effect in reducing the swelling.

We have no doubt of the good effect of your Liniment in this case, and if you see proper to make this statement public, you can do so with pleasure. With much respect, your ob't serv't.

EASTON, 12th, January, 1850.

I hereby certify that after a trial of the medicine manufactured by Mr. Samuel B. Hopkins, for Reumatics, having purchased one bottle of him and tried it, I consider it the best remedy I have seen for that complaint.

Easton, March 16, 1850.

—

MR. S. B. HOPKINS—*Dear Sir*:—I made use of the Liniment obtained from you, and its effects were beyond my most sanguanine expectations. For years I have been a martyr to the Head ache—a large proportion of my time being passed in excrutinating pain. The first application of your remedy, greatly to my surprise and gratification relieved me immediately. My wife also has tried it and with the same success. Should it operate in other cases as it has in mine, no doubt it will be one of the most popular medicines ever offered to the public.
Your's Respectfully,
S. HARRINGTON.

DR. SWAYNE'S
Celebrated Family Medicines

DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY
The Original and Genuine Preparation!
THE MOST COMMON SAYING
Is that I would not give one bottle of Dr. Swayne's Compound Syrup of Wild Cherry, for half a dozen of any other preparations. I have tried all the popular ones, but this stands unrivalled for the cure of the following diseases: Influenza, Coughs, Colds, Consumption, Spitting of Blood, Palpitation of the Heart, Whooping Cough, Tickling or Rising Sensation in the Throat, Asthma, or a Weakness of the Nervous System, or impaired constitution from any cause, and to prevent persons from falling into a decline, this medicine has not its equal. And when too much calomel or euinine has been used, this medicine will prevent its evil effects on the system, and pepair the billiary functions.

TESTIMONIALS WILL NEVER CEAE
REMARKABLE CURE OF CONSUMPTION.

Abraham Hunsicker, 2 miles from Skippervilie, Pa., contracted a severe cold, which settled upon his Lungs attended with violent coughing, great difficulty of breathing, an abscess formed in his lungs, and made its way through the side, and discharge large quantities of pu externally. This mournful state of things continued for a long time, until making use of Dr Swayne's Compound Syrup of Wild Cherry, which performed a perfec cure.

Have you the Asthma, Liver Complaint or Bronchitis? If so give this medicine a trial. It seldom fails to cure.

VERY IMPORTANT CAUTION!

Be very particular to inquire for Dr. Swayne's Compound Syrup of Wild Cherry, as some unprincipaled individuals have stolen the name of Wild Cherry, thinking to borrow a reputation from the already established. Remember, the genuine is put in square bottles, covered with a beautiful wrapper, (steel engraving,) with the portrait of DR. SWAPNE thereon, also his signature; a others ara positively *ficticious and counterfeit*

SWAYNE'S CELEBRATED VERMIFUGE.

"*A safe and effectual remedy for Worms, Dyspepsia, Cholera Morbus, sickly or Adults, and the most useful Family Medicine ever offered to the public.*"

EXTRACT OF A LETTER TO DR SWAYNE,
Dated, Andersontown, Indiana.

A man purchased a bottle of your Vermifuge the other day for his child, and by its use discharged sixty-three of the largest worms he had ever seen. It is somewhat difficult to get the people to try it, as they have been so often gulled by nauseous and worthless worm medicines. Yours being so very pleasant to the taste, at the same time effectual, I shall be able to dispose of a large quantity. Respectfully, yours.
TOWNSEND SHARP, P. M.

BEWARE OF MISTAKES! Remember. Dr. Swayne's Vermifuge is now put up in square bottles, (having recently been changed) covered with a beautiful steel engraving wrapper, with the portrait of Dr. Swayne thereon. Bear this in mind, and be not deceived.

See that the name is spelt correctly.—SWAYNE

CLEANSE AND PURIFY.

DR. SWAYNE'S SUGAR COATED SARSAPARILLA AND EXTRACT OF TAR PILLS.

A mild and effective purgative great purifyer of the blood, they correct all the functions of the Liver, and as an alterative in Dropsical effections, they are very valuable. Giddiness of the head, dimness of sight, depression of spirits, headache, &c., are cured by these purifying Pills. No medicine can have a better effect for monthly irregularities, which occasionally happen to women, they are perfectly safe, and will in conjunction with Dr. Swayne's Compound Syrup of Wild Cherry, take all pain and disease from every part of the system.
