SATURDAY MORNING.....JULY 21, 1883

GEN. TOM THUMB, the noted liliputian, died very suddenly at Middleboro, Mass., last Sunday, aged 45 years.

LIGHTNING struck in the midst of a colored camp-meeting at Wayman's Grove, on the Baltimore and Ohio Railroad, last Sunday, and several people were prostrated.

IT is truly surprising that when so simple a thing as a cabbage leaf will effectually protect people from a stroke of the sun, that so many become victims to it every year. The hot season is now fairly upon us, and more than usual care is necessary on the part of those susceptible to the rays of the earth's illuminator. A damp handkerchief, a cabbage leaf, or any article possessed of the power of absorbing heat, will suffice if placed in the hat, to grant immunity to all. The precaution should not be neglected, because one stroke from the sun ever after makes the victim liable to a sudden death from another stroke at some subsequent period.

THE NEXT MOVE OF THE HAMILTON BOOMERS.—Governor Hamilton, Michael Bannon, Dr. Eli J. Henkle, James Hodges, Col. Harry McCoy and Gen. Bradley T. Johnson, held a council on Thursday evening of last week, at the residence of Mr. Hodges in Baltimore city, and compared notes as to the progress of the Hamilton movement and discussed the future plan of action. They agreed to issue a circular, have it signed "by at least five thousand Democratic voters;" hold a public meeting as soon as possible in Monument Square if necessary, and organize a distinct campaign on the issue of democracy, reform and Hamilton. The circular will be in the shape of an open letter to Governor Hamilton, to which he will respond naming a day for the holding of the meeting.

A BIG DAY FOR ST. MICHAELS.—The St. Michaels *Comet* says: Mr. G. R. Cooper, of Easton, is working up a *fete champetre* to come off in St. Michaels, about August 8. The attractions will be a grand tournament, in which a score of the best riders in the county will take part, and a regatta on the Miles river, of three classes, sloops, bug-eyes and canoes. The other attractions are an hour "go-as-you-please" walking or running match, a base ball match, in which the new Easton club, in their new uniforms, will take part, and a shooting match at clay pigeons and glass balls. Prizes will be offered to the winners in each match. At night the queen of love and beauty will be crowned at the town hall by the winning knight of the tournament.

THE Cecil *Democrat* thus comments on Mr. Henry R. Torbert's libel suit: "Henry R. Torbert claims that his private character has been damaged forty thousand dollars by the card of Albert Constable, published in the *Democrat* of two weeks ago. If he can find a purchaser willing to give forty thousand cents for all the character, public or private, he ever had, it must be the celebrated individual who 'from his money is soon parted.'"

DEATH FROM LIGHTNING — *One Person Killed, One Paralyzed and Three Others Stunned.*—During the storm of Sunday afternoon lightning struck the chimney of the dwelling on the Dr. John C. Earle farm, near Wye Mills, in the tenancy of Mr. Francis M. Willis, killing his thirteen-year-old daughter, paralyzing a smaller child, stunning Mr. Willis, a lady teacher—Miss Daisy Welby—and a physician who was spending the afternoon there. The bolt struck the chimney and passed down to the second floor, entering a closet, and coming out into the room divided into two parts. One bolt passed across the chimney, stunning Miss Welby, who was standing near by, and making a circuit of the room passed through the floor, making a hole similar in size and appearance to a bullet hole. The other bolt went on down through the closet on the second floor to the closet on the floor beneath, setting fire to a box of boy's tools, passing out the door into the hall where was Mr. Willis, his children and the physician, killing the thirteen-year-old daughter outright, paralyzing the small child and stunning Mr. Willis and the physician. The young child, about two years old, was burned very badly. The bolt that killed the young lady struck her on the left side of the neck, passing clear through the body and out at the bottom of her foot, making also a hole similar to a pistol-shot through shoe and all.—*Observer.*

THRESHING ACCIDENTS.—On Wednesday of last week, a man named Warner, 52 years old, from Chapel district, Talbot county, while threshing wheat at the Cedar Dale farm of Mr. Thomas W. Eliason, in the tenancy of Mr. Wm. Boyles, met with a terrible accident by being caught in the machine. He owned the thresher and had just got up steam, preparatory to threshing. He opened the throttle of the engine and started the thresher slowly, and to be sure that everything was right got upon the top of the thresher just over the cylinder and examined it. While doing so he lost his footing and slipped into the hopper, and had his leg terribly mangled. A doctor was sent for who amputated the leg just below the knee. He is not expected to live.

Henry Wilmer, colored, was injured on the threshing yard of Mr. Wm. Sennett in Queen Anne's last week. He was passing around the engine and stepped, at the crank shaft to dip some waste oil to rub on his apron, when the crank caught his hand, mashing the three last fingers on the right hand. Dr. Frank Hines, of Chestertown, amputated the fingers, and the patient is mending.

### DISREPUTABLE REVELATIONS.

Mr. Stephen W. Dorsey, one of the chief republican managers in the last Presidential campaign, has recently been making some revelations of a most infamous character. According to this budget, Mr. Dorsey made a canvass of Indiana before the October election, and found the republicans in a very decided minority. He placed the matter squarely before Mr. Garfield and the republican leaders, and informed them that nothing but money, and a great deal of it, would carry Indiana for the republicans at the October election. In response a special messenger arrived at Indianapolis from New York with $400,000, either in cash or convertible paper, raised principally by the efforts of Hon. Levi P. Morton, now minister to France. When the money reached the local committees "it was largely in crisp, new $2 bills;" it "was distributed through the State just as ballots were, in great bunches; by noon of election day they had fallen like snowflakes silently all over the State," and the result was the purchase of a republican triumph in Indiana. The budget declares that "Garfield, Arthur, MacVeagh and other republican leaders knew at the time what had been done, and all vied in doing Dorsey honor." More money, however, was required to consolidate the October victory in Indiana by a fresh distribution among venal voters in November, and it was at this point that Mr. Jay Hubbell, chairman of the republican congressional committee, called on the star-route contractors to subscribe at least $40,000 towards the corruption fund. Assistant-Postmaster Brady demanded of Hubbell something that he could "fall back on in case of trouble" before undertaking to raise the amount, and the result was the writing by Garfield of the famous "My Dear Hubbell" letter. The budget vouchsafes the further information that Mr. Jay Gould was approached for a $50,000 subscription, and that after some negotiations himself and another subscribed $150,000, on condition that in the nomination of a member of the Supreme Bench "a man should be appointed whose views were favorable to the railroad corporations represented by Mr. Gould." In accordance with this agreement "Garfield subsequently nominated the man to whom this agreement had reference, Stanley Matthews, to the Supreme Bench, and Gould telegraphed Senator Plumb urging him to secure Matthews' confirmation. Matthews was confirmed by one majority." The budget sums up the result of the financial operations as follows: "Thus, through Brady's help, large sums had been raised from the star-route contractors. By following the plans of Dorsey immense sums were secured in New York. More than two million dollars were raised in all for the campaign, and a canvass that had been characterized by constant bargain and sale between the factions of the party and between certain capitalists and the candidate was brought to a successful result by means of the advances obtained." This is a plain statement, and if uncontradicted in a more explicit and satisfactory manner will prove a heavy load for the republican party to carry in the next presidential election.

BIG THRESHING.—Mr. W. E. Cole, on Thursday last, did some big threshing on the Jacob's farm with his Russell thresher and traction engine. In the morning he threshed in three hours 525 bushels, an average of 175 bushels per hour. In the afternoon he threshed an average of 134½ bushels, and was delayed in getting wheat in from the field. The total average for the day—nine hours work—was 148 1-9 bushels per hour. The machine was timed twice, and it was found she was threshing three bushels per minute. Has this ever been beaten?—*Centreville Observer.*

### THE PEACH CROP.

*Messrs. Editors*:—The peach crop is always a very precarious crop. Its prospective is always clothed in uncertainties. But let the crop be ever so certain we always find the various estimates put upon its probable extent, quality and value, the most varied and uncertain of all.—There is something equal to almost utter abandonment in the wild manner in which some persons guess at the extent of the peach harvest.—The city papers predict and the country papers ridicule the predictions. The country papers bemoan the scarcity and perhaps assert the failure of the crop, and the city journals in turn esteem the whole thing a joke. The joke really bears the hardest on the rural journals of the peninsula, for annually in the Spring the cry goes forth from them, "No peach crop!" while the frequent "gluts" of peaches the succeeding Fall proves the cry a designing one, or that they are the poorest of prophets. The fact of the matter is that what appears as one-third of a crop in June proves a good crop in August, while "only a fair crop" in the earlier months results in a damaging glut in the peach harvest. Too little account is taken in the early estimates of the sizing up of the peach. Again nine-tenths of would-be prophets only judge by local appearances. For instance the crop is undoubtedly somewhat limited in Kent county, hence the cry goes up "small peach crop," and an attempt is made to "bull the market," after the style of the New York stock brokers. To judge of the extent of this year's crop of peaches we must not be influenced by local considerations entirely. Kent county does not, nor does the State of Maryland, enjoy the monopoly of the peach trade. There are other and very extensive peach-growing regions. From Milford, Del., Col. J. Y. Foulk, who is in an excellent position to judge, writes as follows:—"There seems to be but one opinion here and that is that the crop will equal that of last year.—Points that had the fewest last season will have plenty now." Mr. M. S. McCreedy, Grange lecturer for West Virginia, writes to the Grange Bulletin: "The peach crop, in the 300 miles over which I have traveled, is good, and the prospects are for a large yield." Dr. J. W. Hilliard, of Bordentown, New Jersey, says: "I am happy to inform you that the peach crop for New Jersey is likely to be a very large one. There are no large orchards in this immediate vicinity, but a great many small ones, and all appear to be very full." W. J. Irving, Esq., a prominent and thoroughly reliable gentleman residing at Newburgh, on the Hudson, writes as follows: "In reply to your letter would say that the peach crop in this State, and this section particularly, will be large, though not quite as good in quality as usual. The noted peach region of the Hudson occupies a belt some 40 or more miles long and fully 10 miles broad. The fruit raised generally brings fair prices."

Hence it is from these and other reliable sources that we may judge the general crop will equal if not exceed that of last season. The wide diffusion of peaches has had a tendency to deceive many. From the fact that the orchards are not over-bearing we may readily infer that the quality of the fruit will be excellent. OBSERVER.

THE Easton *Star* of last Tuesday failed to come to hand. What was the matter? The *Star* is one of our most valuable exchanges and our table is incomplete without it.

BETRAYED INTO A MOCK MARRIAGE.—About a year ago two brothers named Clayton attempted to ruin Miss Harrover, the beautiful daughter of a respectable farmer of Ritchie county, West Virginia. Failing in this, the younger brother succeeded in winning the young lady's affections, and she was prevailed upon to consent to a private marriage. One night the couple started for a carriage drive. At a certain point they met the elder Clayton disguised as a minister. The marriage ceremony was performed, and the young couple started to settle down in the mountains. Four weeks afterwards the young lady was informed that she had been deceived, and she returned home and told her story. The Claytons were arrested and tried in Ritchie county last week and found guilty. The younger one was sentenced to three years in the penitentiary at Moundsville, and the elder, who acted as the minister, was fined $500. They ought to have both been horsewhipped beside.

THE Easton *Ledger* gives the following wheat yields of the various Talbot county farmers: W. T. Reynolds, 1,000 bushels from 44 seeded; Jas. H. Covington, 1,600 from 112 seeded; William Myers, 2,500 on 100 acres; Alexander Stewart, 1,900 bushels from 100 acres; T. G. Reynolds, 510 bushels on 17 acres; Dr. J. Adams, 1,300 bushels, an average of 30 bushels per acre; Jno. J. McKenny, 38½ bushels per acre on fallow, and 33 bushels per acre on his whole farm; John W. Silmer, 2,540 bushels on corn ground from 140 bushels seeded; John Mason 170 bushels on a lot of six acres and 250½ bushels on one of seven acres; Frantz Scheppers, 3,300 bushels on 150 acres; Mrs. Susan H. Dawson, 2,060 bushels from 124 bushels seeded; Douglass H. Dawson, 1,856 from 89 bushels seeded, or over 30 bushels per acre; Dr. James Seth, 1,300 bushels from 66 seeded; J. H. Radcliffe, 475 bushels from 36 acres seeded; James Valiant, 1,300 bushels from 70 bushels seeded; E. W. Norris, 23 bushels per acre over his whole farm.

REV. V. S. COLLINS, a young man, highly recommended as a good preacher, has been appointed to the Cambridge M. E. Church, vice Rev. Mr. Matlack, deceased.

"TOM THUMB" weighed nine pounds at his birth, and his sister, who weighed nine and a half pounds, grew to weigh more than two hundred.

THE Foster farm, near Sudlersville, was recently purchased by Mr. A. J. Gadd for $12,000.

MR. J. O. RASIN, of Centreville, who was injured by a mower, is doing well.

BALTIMORE MARKET.—The Baltimore papers of Friday quote as follows:

WHEAT—Longberry $1 14@1 18; Fultz $1 13@1 16 for fair to good. CORN—White, prime 61@62; yellow, 55@66. OATS, Maryland, 45.

Last visit " Aug. 20; " " Aug. 27

A Physician who has had a most wonderful, uninterrupted and successful practice for a quarter of a century, and traveled a great portion of the Old World—England, Ireland, Scotland, France, Italy, Sicily, Switzerland, Turkey; also China and Japan, Central and South America, for study and information. A graduate of medicine, not only in America but also in France.

He is competent to Treat the most Obstinate Complaints that have baffled the Skill of the most Eminent Physicians of the day. He does not treat Symptoms that so many complain of, but goes to the Root and Causeof the Disease, and will tell you how you feel better than you know yourself.

Therefore it is obvious that a man that is capable of knowing the course must be more qualified to make a successful and speedy cure, without keeping the patient lingering along from month to month or year to year, until the sufferer has almost given up in despair of ever being cured or benefited. He does not bleed you out of your money at one dollar and two dollars a visit, day after day and month after month, as the general practicing physician does, but gives you the benefit of his long practice and medicine at a fair and reasonable price and within the reach of all.

**DR. THAYER**

Treats successfully and guarantees a cure in any of the following complaints: Liver Complaint, Consumption, Malaria, Diarrhœa, nervous, sick and bilious Headache, Constipation or Costiveness, Neuralgia of the Heart, Heart Disease, Lumbago, Kidney Complaints in their worst forms, and Bright's Disease of the Kidneys, Dyspepsia, Jaundice, loss of Energy, loss of Appetite, Restlessness, loss of Sleep, Tiredness in the morning on rising, a general breaking down of the whole system, Catarrh of the Bladder, Blood and Urinary Complaints in their worst forms, Rheumatism and Diabetis, Asthma or Shortness of the breath, Goitre or Thick Neck, Lung and other complaints.

**Female Complaints.**

Those ladies that are afflicted so much with falling of the Womb or that feeling of Bearing Down, Leucorrhœa or Whites, should lose no time in giving Dr. Thayer a call, even if they have despaired of ever being benefitted, as he will give them a medicine that will cure them in a very short time.

Office hours from 9 a. m. to 8 p. m.

☞ Consultation free and strictly confidential.

Extract from Frederick Daily Times:

Dr. Thayer's success in treating and curing all chronic and complicated diseases has become known to us to be an accomplished fact, and it is certainly surprising and remarkable that a man—a perfect stranger—should come among us and treat all diseases with such almost superhuman results that have baffled the skill of the most noted physicians. The people of Centreville and its surroundings will now have the opportunity of calling on Dr. Thayer; the sick and afflicted and heretofore incurable can call and be treated and receive the benefit of this remarkable man's skill. It is certainly surprising that persons afflicted come to him and are told of all their complaints by him almost better than they know themselves, as in most cases they have hitherto been treated for symptoms and not the cause of the disease. Dr. Thayer strikes at the root of the complaint. We would advise all, no matter how afflicted, not to delay in giving him a call.

## HUDGINS' BAKERY

*IS IN FULL BLAST*

**For the Spring and Summer Trade!**

We have now in stock the largest, finest and cheapest variety of goods ever offered to the citizens of Chestertown. We are up with the birds in the morning and never stop selling until the clock strikes 12. We have goods that no other store in town can afford to keep in stock

—such as—

Baby Carriages, Wagons, Wheelbarrows, Velocipedes, Drums, Guitars, Banjoes, Violins, Organettes, Mouth Organs, and Accordeons.

A beautiful line of all of these goods very cheap.

**Our Vienna Rolls**

are known all over the county. Call early; we never have any left over; always fresh.

PICKLES, CHOW-CHOW, SARDINES, LOBSTERS, JELLIES, PEACHES, APPLES, ORANGES, RAISINS, LEMONS, DATES, FIGS, CURRANTS, &c.

Always on hand in large stock, and *WE DEFY COMPETITION as to PRICES!*

☞ We are the Head Quarters for HOOPS and MARBLES, and no child in town will use any other but those supplied by HUDGINS, painted in colors, with bells, for only 10c.

**Our Fruit, Nut and Candy Stock**

is so large that we can supply every store in town with sufficient left to fill a wholesale order. Look at this! 40 bushels Peanuts which we roast daily; we have to do it; everybody eats Hudgins' peanuts, they are so fresh and cheap.

CAKES, BUNS, PIES, ROLLS, PUDDINGS, BISCUIT, always fresh.

☞ Camp-meeting and Picnic supplies so low that you will wonder how we do it; fact is we buy so largely and so often for cash that we can give you the benefit of our bargains. Come and see our outside display and imagine yourself before Darby's Building, Baltimore.

Right around the Corner from the new Postoffice, HUDGINS' largest supply store in town.

May 12—1883.

## Facts! Facts!

**I do not propose to be Outstripped in Business!**

*And OUR FRIENDS AND THE PUBLIC GENERALLY ARE REQUESTED*

**Not to Forget It!**

I carry a FULL LINE OF GOODS generally, embracing—

*Dry Goods, Groceries, Boots and Shoes, Hats, Caps, Notions,*

Beautiful line of HAMBURGS, Queensware, Glassware, Woodenware, Oil Cloths from 2½ down to 1 yard wide. CARPETS, &c., &c.

I buy goods closely, cautiously, and carefully. In this way, and by looking to my customers' interest—as I am by 14 years' experience in business taught that I *must* do—propose to make it to everybody's interest to come to

## PARKS.'

It is a fact, and the people know it too, that I carry one of—if not *the* best—stock of goods in Kent county. The coming season further additions you may expect.

As to SHOES, BOOTS, Tobacco, Coffees, Sugars, Soaps, as well as Dry Goods and Notions, will say that those who undersell us *have got to get up early!*

I am selling a Tobacco for 50c. lb. that can't be beat; a Black Cashmere for 50 & 75c., ladies from the city say is cheap.

*ANOTHER FACT*—an effort to accommodate is our aim.

☞ All kinds trade taken in exchange for goods, and do not limit the *quantity.*

Very truly, R. F. PARKS.

## CORN SHELLERS

**And HORSE POWERS.**

I have now ready for delivery a large supply of the Celebrated

**Hyland Corn Shellers & Horse Powers**

which we think are unsurpassed, and we are selling them low.

**ROLLERS.**—We have the best Roller on the market, and persons wanting anything in this line should send in their orders at once.

THE CELEBRATED HYLAND

**FARM WAGON**

**And Iron Frame Cultivator**

To Our Friends and the Public:

In introducing these Wagons on the Peninsula, we feel that we are doing something to benefit the public. It seems to be the unanimous verdict of Farmers that our Wagons track better and run lighter than any others made on the Peninsula. This was the decision of the Judges of the Worton Fair, held in September, 1881. Every piece is carefully selected, and nothing but the best material is used.

Our DEARBORNS and CARTS are *EXCELLED BY NONE.*

Please give these implements a trial and you will find it to your interest.
