Concerning Your Telephone

—Willingness—

TELEPHONE employees have one characteristic in common—willingness to oblige.

Their courtesy and patience under trying circumstances promote friendly feeling and are essential to good telephone service.

Telephone employees, probably more than any other group of public-serving people, study their customers' needs and desires. The public is our paymaster and must be served.

THE PEOPLE'S BANK

CHESTERTOWN, MD.

IF you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.

Mr. Watson, like thousands of othre merchants, is saving moremoney by using a VIM. He writes in part as follows.

"Gentlemen:—I formerly employed a number of horses and wagons but I am now making my deliveries with one VIM Truck. I should say it will easily do the work of two horse and wagon outfits, and costs about the same as one horse and wagon."
THOMAS WATSON, 324 N. 13th Street.

Mr. Watson is covering more territory, making more sales, developing more new business because he has a VIM.

He has a graceful, "classy" car that is advertising his business.

ROCK HALL SCOUTS ACTIVE

The Rock Hall Scouts entertained Uncle Dick Schull, of Greensboro, who is the oldest Scoutmaster in the United States and twenty of his boys. The Rock Hall Boys had a very nice program with the help of Uncle Dick and his boys. Refreshments were served after the entertainment and a dance followed. On Saturday morning the boys went down to the log cabin and had a Captain Kidds treasure hunt. In the afternoon the Rock Hall boys played the Greensboro Boys a game of basketball. The Rock Hall boys won. This was followed by a baseball game. The boys left early Sunday morning after their fine trip.

The Rock Hall Scouts are carrying out the slogan, Every Scout feed a Soldier. They have planted an acre of corn and potatoes and have secured permission from Superintendent Smith to put in an acre of the School ground in beans.

THE FISHING SEASON

With the closing of the fishing season stock-taking is in order.

This has been the poorest season ever known at the head of the bay, the catch being very light for herring while shad were "few and far between."

One of the catchers of fish says that a pack of 8 000 barrels at the head of the bay would more than tell the story, and says probably 2 000 barrels have been packed between Havre de Grace and Betterton, when in 1911, only six years ago, it was officially known that over 60 000 barrels were packed; the tremendous falling off in the business becomes at once apparent.

Fresh herring sold there as high as $30 a thousand, a price unheard of a few years ago, and a barrell of roe herring are worth to-day $12.50 and cut $10 50 a barrell; and the plebian herring bids in a few years to be in the canvas-back duck and diamond back terrapin class.
