Kent News.

SATURDAY MORNING.....Aug. 11, 1883

MARYLAND LODGE G. U. O. O. F.

The Maryland District Lodge, G. U. O. O. F., convened at Chestertown on Tuesday morning at 9 A. M., August 7, at Janes' M. E. Church, at the call of the District Master, John F. Wagoner. Thirty-five delegates answered at the call of the roll. A committee on credentials was appointed; after correcting all informalities the convention selected C. H. Gaines, of Baltimore, chairman, and J. W. Jackson, of Frostburg, as vice. A hearty welcome was accorded the delegates by J. A. Jackson, chairman of committee of arrangements. The District Master's address was listened to with much interest and referred to a special committee.

At roll call on Wednesday forty delegates responded, and the reports were handed in and carefully adopted. The election of officers then being in order several members were nominated, and resulted in the following choice for the ensuing year: District Master, John F. Wagoner, of Hagerstown; Deputy District Master, J. Alex. Jackson, of Hanesville; District Secretary, Harry Wilson, of Baltimore; District Treasurer, J. F. Thompton, of Baltimore; District Grand Director, Samuel Wilson, of Baltimore. Annapolis was chosen as the next place of meeting the first Tuesday in September, 1884. After installation of officers the District Lodge meeting of 1883 adjourned *sine die*.

While in town the committee of managers made everything agreeable to the delegates.—Monday evening a fine banner was presented to Worton Lodge by the ladies of that section. On Tuesday evening a handsome Bible was presented to Lincoln University Lodge by their lady friends.

On Wednesday a parade in honor of the Maryland District Lodge. The various lodges of Kent county formed at Perkins' Hall and, escorted by the chairman, met the visiting lodges and members of the Household of Ruth as they came from the boat and escorted them to the Hall where they were entertained. Chief Marshal F. Nichols, Jr., assisted by his aids, Robert Peeker and Noah R. Reed, and Most Venerable Patriarch Harry Wilson, immediately formed, and the line of march was taken up. Headed by the Oriental Brass Band they paraded through the principal streets to the court-house green, when an oration was delivered by Most Worshipful Grand Master, J. S. Brown, after which the order escorted the visiting lodges to the boat, and thus passed a happy day for Odd Fellowship in Chestertown.

Before the meeting adjourned a resolution was presented and adopted thanking all the citizens of Chestertown for their acts of kindness, both public and silent.

A COLORED MAN'S STATEMENTS.

Why His People Should Vote for Democrats.

A dispatch from Charleston, S. C., says that Thomas Hamilton, of Beaufort, one of the most prominent negro politicians in that State, has written a letter to the *News and Courier* roundly denouncing the Republican party, and insisting that the negro has rights which must be respected. He says: All that the negroes get for their fealty to the Republican party is some minor appointments, such as boat hands, &c., which nobody else wants. The only good position which is held by a negro in South Carolina today is that held by Mr. Wilder, postmaster at Columbia, and he is kept there by Senator Hampton, who is a Democrat. All the other Republican office holders in the State, with the exception of the underlings already referred to, are white men. I hold that the negro owes Radicalism nothing. Admitting for the sake of argument that he did owe it something after the war, which I deny, he has given it twenty years of the most active service of his life, and during these twenty years the party has brought such disgrace on the negro name that it will take generations to wipe it out. When the Republicans controlled this State all that the teachers could get for their certificates was forty cents on the dollar. Now, when, the State is controlled by Democrats, they are worth one hundred cents on the dollar. Education is the one great need of the negro race, and the party which has given the most aid to education is the one which the negro should support. It is nonsense for the negro to cling to the Republican party. Stalwarts and half-breeds are all the same. Put either of them in power and they will give white men the choicest places, while the negro, to whom they owe everything, must content himself with the leavings. Can the Democrats do worse? It is high time for the negro to have done with the folly of being frightened at the word Democrat. He has but two questions to consider now: First, what is best for the negro; second, what is best for the country. Nobody objects to Northern white men coming South and identifying themselves with us, and if they happen to deserve office let them get it. But I do object, and never will lend my aid or influence in any way, to any class of men leaving Washington with their appointments in their pockets, and coming here to rule among native Carolinians. What are the plain facts? There are about 150 white Republicans in the State, and about 150 of them hold government appointments. Those who are not in office are in business and invariably vote the Democratic State ticket.

MARY ANNE ATKINSON, daughter of a bridgeman at Communipaw, N. J., saved the life of a small boy on Sunday, who had fallen from a boat in the basin south of Communipaw. This little Grace Darling, though only fourteen years old, can handle the oars, and is also a good swimmer. She was in her boat at the time, and by swift pulling reached the boy when he was going down for the last time. She landed the senseless boy in her boat, and rowing to the shore he was resuscitated.

THE Pocomoke *Record* says,—"Somerset county is making rapid strides in agriculture. The yield of wheat and corn to the acre is increasing every year and the farmers are generally adopting the new methods of culture and the most improved patterns of machinery. If this improvement continues, Somerset county will in the census of 1890 rank with Queen Anne's, Talbot, Kent and Frederick counties."

ACCORDING to the census mortuary returns now in the hands of the printer, more people die in New England of extreme old age than in any other part of the country. It is not unusual for persons to live to and beyond 100 years in that land of pure air and steady habits. There are more deaths from malarial diseases in mountain regions than along the rivers and gulf lines, strange as it may seem.

THOMAS H. KEMP, Esq., a prominent citizen of Kent Island, died at his residence recently, aged about 78 years. He was at one time judge of the orphans' court and later represented the county in the House of Delegates. He leaves two children, one of whom is the Rev. John D. Kemp, a minister of the M. E. church.

DURING the fiscal year just ended there has been a net increase of 1,639 postoffices established over the number established during the previous fiscal year.

THOMAS A. THOMPSON, a colored school teacher in Clarksburg district, Montgomery county, has announced himself as a candidate for the Legislature.

Some Reasons Why!

IN THE MILLING BUSINESS!

Why has **SPICER** been successful in the Milling business! We answer?

1st.

Because he is a jolly old fellow, and has a good word for everybody.

2d.

He is a millwright and keeps his mill in first-class order, without going to Baltimore for a millwright.

3d.

He is not only a millwright but enjoys the reputation of being a first-class miller.

4th.

In his mill you can always find flour meal, chops and all kinds of feed for sale at the very lowest prices that the market will allow it to be sold for.

5th.

He has but one price for the rich and poor. His prices are the same to all.

6th and Last,

Though not least, he is very careful how he uses the toll-dish, as all his customers will say.

To the ladies of Kent county who delight in good flour, we wish to say that we have at last succeeded in getting Radcliffe Mill, at Chestertown, in first-class order, and today we are making better flour than ever before. We keep the best millers that money can get. None but first-class millers handle our wheat mill. Gentlemen we will willingly take back and pay cash for any bad flour we may make from good wheat. We are very thankful for all past favors, and as we have the mill in first-class order and are making first-class flour and meal, with plenty of water that will run us day and night, we hope to secure a full share of public patronage.

SPICER & BACON.

June 16, 1883—3m.

LETTER FROM ROCK HALL.

Messrs. Editors:—We have been repairing our old church until it is as good, if not better, than new. It has been replastered and very finely frescoed, so that now it presents a very pleasing aspect in accordance with modern taste, which is rapidly discarding the sombre, gloomy, sleep inspiring embellishment of churches, and giving us something more in keeping with the wide awake age in which we live, and which healthy people imagine Heaven will be like. The church was reopened last Sunday by a very able discourse from Rev. Enoch Stubbs, of Philadelphia, from the words, "All things are possible to him that believeth;" after which came the usual program on such occasions, viz: raising money to pay the costs, which was nearly accomplished, so that we can now sit and worship in peace and snap our fingers at disturbing phantoms of angry creditors.

Apropos of churches, not long ago, near Fairlee, we noticed a man trimming a hedge with a sword, which brought to mind the prophecy, "They shall beat their swords into plow shares and their spears into pruning hooks." The prophet probably had a vision of the chilled plow, which by its vast superiority to the agricultural implements of his day, might easily cause the illusion that they were made from sword blades. However that may be, Kent co. gives unmistakable evidence of the rapid approach of the millenium, though we fear it will not be thoroughly established until after election, as some of our politicians have evidently lost their little hatchets and, until they find them, perfect peace and harmony cannot be expected.

We have at last got a road laid out from the Cross Roads to Rock Hall creek, and the only difference from the old road is the angle (which always has seemed the chief difficulty to overcome) has been moved about a hundred yards to eastward, where "Sharp's" three ditches meet with the same water terminus, which gives it about 3° less southerly inclination. The location was undoubtedly inspired by poetic fancy either of Burns' "Widow Leezie" who went where three "lairds" land met at a barn to dip her left "sark" sleeve in—or Moore's "vale in whose bosom the bright waters meet." There being no water in the ditches, only in a wet time, will commemorate the fact that the location was made immediately after a heavy rain; but we are glad it has come to "flat-footed fixing," and hope it will remain so till people can see a half mile in a straight line, when it will be relocated on a basis of practical utility instead of æsthetic fancy.

We have now got a letter-box attached to our postoffice door. Now, if we had a money order department, there seems nothing more we could ask for in the line of mail facilities. SCRUTATOR.

BALTIMORE MARKET.—The Baltimore papers of Friday quote as follows:

WHEAT—Longberry $1 18@1 21; Fultz $1 16@1 18 for fair to good. CORN—White, prime 62@63; yellow, 63@65. OATS, Maryland, 38.

150,000 PEACH BOXES

Having contracted for the above amount of PEACH BOXES would say to

PEACH GROWERS

that I am now prepared to take their orders for Boxes in SHOOKS delivered at any of the wharves on Chester river, Bay Shore, or at any of the stations on Kent R. R. at prices that defy competition, where a first-class box is desired.

I have the following sizes:

4-4 or Regular Peach Box.
3-4 or Pear Box.
1-2 bushel (a new size) for early or late fruit. Also,

Peach Baskets,

for orchard use or shipping. Those desiring any of the above, by ordering at once and taking them direct from car or vessel, will get them much lower. My Factory will be well stocked during the fruit season with all the different sizes of Boxes and Baskets. The Boxes can be had

IN SHOOKS or MADE UP.

Also, Extra Tops and Slats.

☞ This material is from the factory of the Messrs. Williams, of Salisbury, and guaranteed to be first class, seasoned and bright, just such as I sold 200,000 of last season *without a complaint*. For prices, &c., call on or address

R. S. EMORY,
CHESTERTOWN,

Or Mr. THOMAS, who will always be found at the Factory this season. je16-2m.

Feb. 24, 1883. T. W. ELIASON, JR.

T. W. ELIASON, JR'S,

STANDARD BRANDS OF FERTILIZERS.

No. 1 Ammo. Super Phosphate of Lime & Potash

CHESTER COMPOUND.

Prompt, Permanent and Reliable. Always in Fine Dry Condition.

These Fertilizers are pronounced by many of the best Farmers in the county as being the BEST ON THE MARKET, and increasing popularity is evidence of their SUPERIOR MERITS. They are offered on reasonable and accommodating terms. Delivered at any landing in Kent or Queen Anne's counties. Also for sale

Dissolved Bone Phosphate and Alkaline Salts,
Dissolved South Carolina and Kainit.
Dissolved South Carolina Plaster. DISSOLVED ANIMAL BONES.

Early orders solicited and promptly filled.

aug11-s. T. W. ELIASON, JR.

An Excellent Yield is Sure to Follow the Use

—OF—

"RELIANCE"

A PURE BONE PHOSPHATE,

MANUFACTURED BY

HARRISON & SPRY,

CRUMPTON, QUEEN ANNE'S CO., MD.

This phosphate is what it is claimed to be a PURE ANIMAL BONE PHOSPHATE, and has proved to be one of the best wheat and grass producing Phosphates ever used in this section. Its basis being composed of pure animal Bone, the farmer not only reaps the benefit of one crop, but the fertilizer is a permanent land improver. While we do not claim it to be superior to all others, we do say, as past experience proves, it is inferior to none.

A TRIAL WILL CONVINCE YOU.

The following well known Farmers have used the Reliance, to whom we refer: Sam'l Coppage, S. W. Aldridge, J. W. Jarman, J. F. Whittington, J. J. Hurlock, C. H. B. Spry, John McFee, J. E. Hurlock, B. E. Benton, B. F. Davis, W. E. Sanders, Noble Pennington, James Spry, Chas. England, L. T. Anderson, W. B. Ford, W. T. Miller,

Price per Ton $33—delivered on Kent Co. R. R., or at any wharf on Chester or Sassafras rivers. aug11-s.

NOW IS THE TIME

—TO—

Invest Your Money PROFITABLY.

A. FRIEDMAN,

UNDER "KENT NEWS" OFFICE,

Is Making SWEEPING REDUCTIONS.

The entire stock of Men's, Youth's, Boy's and Children's Clothing, Hats, Caps, and Furnishing Goods will be sold at a great reduction. We are determined to sell off

FOR THE NEXT THIRTY DAYS

our entire stock of Spring and Summer Clothing, in order to make room for Fall Stock. Prices as were never offered before, in order not to carry any Summer Goods over for next season. Persons in want of the above goods will never have an opportunity again to buy at such low prices, for Thirty Days only, as Goods must be sold in order to make room for Fall Stock. WE MEAN BUSINESS, AND GUARANTEE GRAND BARGAINS TO EVERY BUYER OR NO SALE.

We buy all our Goods for the cash and this enables us to undersell any one who is compelled to buy Clothing on long credit or commission. Call early and save 25 per cent on every thing you buy at the Reliable Star Clothing House, Chestertown, Maryland, under the "Kent News" office.

Aug. 4, 1883. Respectfully, A. FRIEDMAN.

BORDLEY BROS.'

Promised Clothing Advertisement.

☞ We are now selling off our ENTIRE CLOTHING STOCK FAR BELOW COST! ☜

PREPARATORY TO ENLARGING OUR STORE.

We most positively mean just what we say. We know how absurd it is to advertise a sale like this, unless you mean it. We do mean it, and will most positively prove it to every customer. We have on hand a balance of about $2,500 or $3,000 worth of Spring and Summer Clothing, and rather than carry it over until next season we have marked every garment down so remarkably low as will certainly make it go. There are plenty of people who still want Summer Clothing and now is certainly your chance. It is impossible to quote the price on one-tenth of our stock in the small space allotted us. You will have to examine them at the Store to find out how

Surprisingly Low we are Selling these Goods!

Below we quote the price of a few goods in order that you may form some idea of how we are selling them:

Indigo Blue Middlesex Flannel $10.00. These Suits sell everywhere at $14.00. We only have a few more of them left. A dozen different kinds of Solid Wool Suits for only $10.00, which formerly sold for $15.00. This is really below wholesale cost. We have a good wearing suit which cost $5.00 and retailed for $6.50 which we are now selling for only $3.00. Solid Wool Suits in a great many varieties for 6 and 7 dollars. We are selling our Finest, Light, Col'd, Solid, Wool Pants for only $4.00, some of the pants cost $5 and $6. We have also, Wool pants which we are selling as low down as $1.50. We are selling a fine Solid Wool Suit for Boy's (13 to 17 years old) for only $6.00 which cost $8.00 and we sold for $10.00. Single pants in endless variety from 37½ cts. to $4.00. These pants cost from 75 cts. to $6 and $7. Summer Coats at 25 cents, formerly retailed for 50 cts. We are selling the balance of our STRAW HATS at any thing you see proper to give for them.

We have the finest line of White and Fancy Colored Vests which we are selling for only 50 cents. We know full well that it is a very hard matter to believe this advertisement, but to prove it to you all we ask is an inspection of our Stock and you will certainly be convinced that every word advertised is strictly true. We have a few cheap Men's Suits, which in order to get rid of we are selling for only $2.50 (whole suits).

We have about 200 CHILDREN'S SUITS LEFT,

(knee pants) which we are closing at $1.00, $1.25 and $2.00. These suits cost just double the money. As soon as you have finished reading this, just make up your mind to come in the store and ask us to quote prices, if we don't surprise you with unheard of low Prices we will make you a present of the finest Suit we have in stock.

Respectfully, &c.,

BORDLEY BROS.

August 4, 1883.

PEACH SCHEDULE for 1883.

On and after Aug. 9th, the Steamer "GARNER," will leave Crumpton daily, at 3.30 p. m.; Spry's at 4; Deep Landing at 4.15; Travillas at 4.30; Double Creek Point at 4.45; Buckingham Landing at 5; Round Top, (Snitcher's wharf), at 6; Chestertown, (County wh'f,) 7; Wilkins' at 7.30; Quaker Neck at 8; arriving in Baltimore at 1 a. m.

Returning, leave Hughes' Quay, daily, at 7 a. m., making above stops. New wharves at Travillas, Double Creek Point and Buckingham Landing.

Great care has been taken in selecting the "Garner" she having a spacious and large freight room, (the fruit being kept from the steam and heat,) and a capability of 50,000 boxes.

Back freight received daily, carried at low rates and delivered promptly. Specialty—Careful handling of fruit and prompt delivery of empty boxes. For further particulars apply to

JOS. W. THOMPSON, Manager,
Aug. 8-tf. or Agents at the wharves.

PEACH TREES FOR SALE.

THOSE wishing to plant ORCHARDS the coming Fall or Spring of 1884, would do well to give their orders early as possible. My list contains all of the best canning and shipping varieties. I hope to please all in quality of trees, which shall be graded in the future. Will be pleased to show any one interested through the Nursery, which is about two miles from Chestertown.

Will be in town on Tuesday and Saturday of each week. List of varieties wanted and orders by mail promptly attended to.

ROBT G. NICHOLSON,
May 26—tf. Chestertown, Md.

SURVEYING.

THE undersigned hereby offers his services to the public.

Orders left with C. H. BAKER, Esq., (Att'y at Law, Chestertown, Md.,) will be promptly attended to. Can be seen in Chestertown on Saturday afternoons, or

Address COMEGYS BROWN,
a30-tf. CHESTERTOWN, MD.

CHAS. E. PUGH, Gen'l Manager,
J. R. WOOD, General Passenger Agent.

FARMERS,

USE

ORCHILLA GUANO

"The Best and Cheapest"

FOR ALL

CROPS.

The history of Agriculture for the last seventeen years, records no greater triumph than has been exhibited in the annual results of the use of

ORCHILLA GUANO

IN THE PROMOTION OF THE GROWTH OF

GRAIN AND GRASS

and in the improvement of the soils to which it has been applied. The large aggregate to which its sales now reach, proves at once, its popularity and its worth.

Its claim to favor arises from—

1st. **The Valuable Constituents of which it is Composed;** being just what growing plants require for perfect growth, and just what is needed to make poor land rich.

2d. **Its Perfect Chemical Combination;** which no human skill or mechanical contrivance can successfully imitate.

3d. **Its Perfect Purity;** there being **only 1½ per cent.** of dross, contained in it. In other words, it is *all* fertilizer.

4th. **And all this at a Low Price.**

The *most eminent Chemists* of our land have repeatedly analyzed and certified to these facts. But farmers have been so often imposed upon in buying fertilizers, that they have learned caution, and therefore, even so valuable an article as ORCHILLA, has to win its way,

BY ITS MERITS.

This it is doing; and as it makes friends, it keeps them. Those who have used it longest, use the most of it.

Our claim for the value of Orchilla Guano is a high one; but we have the testimony of thousands of farmers who use it, that it is not an extravagant one.

And now comes additional evidence so conclusive that all controversy is silenced:

THE DEPARTMENT OF AGRICULTURE OF VIRGINIA,

WAS ESTABLISHED PARTICULARLY FOR THE

protection of farmers in the detection and prevention of imposition in the preparation and sale of fertilizers, the purchase of which, in our days, constitutes so large, important and necessary a portion of a farmer's expenditures. DR. J. M. BLANTON, himself a successful farmer, and for a number of years past, the GRAND MASTER OF THE STATE GRANGE OF VA., was placed in charge of the Department last year, and immediately proceeded to take vigorous measures to carry out the intention of the law. Among other things he dispatched his "*samplers*" all over the State to obtain samples of any and all fertilizers offered or sold to the farmers of the State wherever they could find any, and forward them to his office at Richmond. There they were numbered and given for analysis to DR. W. J. GASCOYNE, the Chemist of the Department, who also calculated and certified to the *actual value* of each, according to the constituent parts he found in them. The result of his work for the fall season of 1882 is embodied in the official report, published. In this report, analyses of 76 fertilizers
