EYE DON'TS

DON'T buy glasses as you would hats. They should be fitted by some one who understands the anatomy of the eye.

DON'T wear other people's glasses.

DON'T allow some cheap fakir to tamper with your eyes. In most cases they get the money—you get the experience.

DON'T use your eyes after you discover that you have to hold your book or sewing at a greater distance than usual. This is the first symptom of eye strain.

In buying drugs the really essential feature is

PURITY

It is impossible to get cheap Drugs and have them pure. The only advantage we get is buying in quantities. We buy the best and sell them close—the result is a lower cost to you, but we never slight the worth of the drugs we sell and we are exact on the PRESCRIPTIONS we fill.
