## DEMOCRATIC MASS MEETING IN CHESTERTOWN!

A GRAND DEMOCRATIC MASS MEETING will be held in CHESTERTOWN on THURSDAY, Oct. 20, COMMENCING NIGHT, to which EVERY VOTER IN KENT COUNTY is invited. Come out and hear the living issues of the campaign fairly discussed. Come out and see our candidates, and hear what they have to say. A list of the speakers who will attend will be announced next week.

By order. SAMUEL BECK.
JOHN F. NICHOLSON
CLARENCE S. HURLOCK.
State Central Committee for Kent Co.

The socialists and anarchists of London are arranging to hold a mass-meeting to protest against the execution of the condemned anarchists in Chicago.

The President's inspecting speeches in his Western tour are ineffective and happy that the Republican newspapers are charging him with having carefully prepared them before he left Washington.

The Volunteer and Thistle sailed the waters of the races for the America's cup, on Saturday, and the Volunteer won a race. The race was twenty miles going and twenty miles back, a total of forty miles.

The merchants and business men of Baltimore have too much at stake southward to allow that city to be turned over to the republicans by a few jealous and disappointed lawyers and others whose business interests would not be affected by the result.

MRS. GRACE COLLADAY is the first woman in Baltimore to receive an appointment on the city postoffice under the civil-service rules. She was one of the forty-six persons who took the competitive examination for clerks, and was one of the first four who passed highest.

The colored waiter, Benj. Madden, who assaulted Mr. R. E. Harty, a commercial traveler, in the dining-room of the Eutaw House, Baltimore, on Monday Sept. 5, has been arrested in Harrisburg, Pa., by Detective Geo. Seibold and brought to Baltimore.

The train dispatching President Cleveland, Mrs. Cleveland and their fellow-travelers passed through Baltimore for the West on Friday morning of last week. Their stay of five minutes at the Mt. Clare gave the large number of persons gathered at the station ample opportunity to see the President and his wife through the car window. The President was looking his best, and was evidently gratified at the attentions and courteous deference with which his presence at the station was received.

THE New York *Herald*, which has on many occasions given proof of great journalistic enterprise, will hereafter be printed and published simultaneously on two continents, arrangements having been perfected for its publication in Paris every morning, where it will be sold for two cents a copy, in New York price. In making the announcement the *Herald* says "I will hereafter cross the ocean by chain lightning." The result of this new departure in journalism will be watched with interest.

DR. C. W. CRAMCHELLER, secretary of the National Union Bank of Maryland, received a letter from Dr. Malone, local health officer of Caroline county, in which he says the reports of epidemic "black tongue" are unfounded. There have been some bad cases of diphtheria in Sudlersville, but they were wholly confined to one family residing in a very dirty house. Fire of the five persons in the house died. The disease is now disappearing under sanitary measures, which have been promptly applied, and there is no longer any need for alarm.

THE corner-stone of the new Washington Street Methodist Protestant Church, southwest corner of Lombard and Chester streets, Baltimore, Rev. R. S. Rowe, pastor, was laid on the 29th ult. Rev. Dr. S. B. Southerland, who delivered the address at the corner-stone laying of the old church, corner of Lombard and Washington streets, in 1858, delivered the address on this occasion.

E. E. JACKSON made his fortune by hard toil and can and does sympathize with the poor. Jackson is the most prominent Walter Brooks, his opponent, colored his fortune and he is now at the head of a numerous corporation—the Canton Company. Workingmen will know their friend. They have to do with a Democrat, a representative of one of them, and not with a Brooks.

AN EXAMPLE.—All the democratic clerks in the office of the Secretary of the Commonwealth of Pennsylvania tendered their resignations in the new republican secretary. The resignations were based on the fact "that a public official is expected by his political party to fill the positions under him with men of his own political faith." It is needless to add that the proffered resignations were promptly accepted.

COMPTROLLER TEMPLE has made the quarterly distribution of the State school tax. Kent gets $1,867.64 for white and $993.34 for colored schools.

### THE TICKET NOMINATED.

In another column we give the proceedings of the Democratic County Convention last Tuesday and the vote for the various candidates at the Saturday primaries.

The ticket nominated by the expressed voice of the party, and is entitled to the vote of every Democrat in the county.

If it shall thus receive its just claim a handsome majority is assured in November.

Those who voted at the primaries on Saturday are of course expected to support this ticket, and *those Democrats who did not vote should feel an even stronger claim upon them* to support the ticket nominated because they failed to assist in making the nomination.

### WHO THEY ARE.

JAMES S. HARRIS, the nominee for State Senator, is a resident of Still Pond and one of the most extensive peach growers in the county. He is a gentleman of marked intelligence, and is the peer of any man in the county in all elements of character that constitute real worth. He has always been a decided party man, but has never held public office. He is liberal and broad in his views upon all public questions and can always be relied upon to do what he believes to be right. He will faithfully and honestly represent his county in the legislative halls.

JOHN BRICE, one of the nominees for the House of Delegates, has a large landed interest in the county and is one of our most industrious and successful agriculturists. He is among the best known Democrats in the county, yet he never held public office. He is noted for his devotion to his party and for his zeal under any and all circumstances for the success of its nominees.

LEWIS C. JUSTIS, Jr., the other nominee for the House of Delegates, served in the last Legislature and made a most efficient representative. He has been criticised by some for the repeal of the "Mechanics Lien Law," when the injustice of such criticism is readily apparent to any one who will take the trouble to inquire into the matter. The law is actually not repealed. Again he is criticised for certain changes in the fish and oyster laws. He will no doubt take occasion to explain himself before the voters prior to the election upon this question also.

GEORGE W. JACOBY, the nominee for Sheriff, has held several appointments under a tax collector he was faithful to every trust, and for two terms he served as constable in the first district—the last term against his own expressed wish and only to gratify the people of his district. Mr. Jacoby was a first-class constable and will make a good sheriff. He has for several years past served as registration officer for the first district, and we have yet to hear the first one complain of his conscientious discharge of duty.

JUDGE WILKINS is again at the head of the Orphans' Court ticket, and his pre-eminent qualifications for the position are acknowledged by friend and foe. Dr. Fisher, who takes the place of Mr. Stevens, who declined to serve longer, shows his great popularity by leading the whole ticket at the primaries. Mr. Moffett, an intelligent gentleman of the first district, takes the place of Mr. Hyland, who also refused a re-election.

Of the five gentlemen named for county commissioners, only two are new candidates. Messrs. Hepburn and Dickinson. All of them are gentlemen of high character, and the ticket is a good holding one. Inasmuch as the tax-payers of the county, may be expected to vote against one to faithfully discharge their duties.

### Queen Anne's Politics.

DR. S. C. Dudley, the present clerk of the Circuit Court for Queen Anne's county, announces himself through a card published in the *Observer* as an independent candidate for the clerkship.

### Republican Politics.

The Republicans of Kent are moving for their county ticket. Primary meetings are to be held in the several districts this Saturday afternoon at 3 o'clock for the purpose of selecting five delegates from each district to meet in county convention next Tuesday to nominate candidates for the various offices to be filled this fall.

There seems to be very little anxiety among the aspirants in the Republican fold to secure places on that ticket. Doubtless they count it as "labor lost" to make a contest this year.

It is said, however, that they are now receiving "aid and comfort" from the prohibitionists, and that a bargain has been made which will secure the prohibition vote the Republicans flatter themselves that they may beat the Democracy.

### Prohibition Politics.

Pursuant to call the Kent County Temperance Alliance met in Stam's Hall in Chestertown last Tuesday, Rev. Dr. Bates in the chair, and Mr. M. A. Toulson, secretary. Political subjects were barred out and a disposition was manifested by some to nominate a straight ticket and to compel. But this was opposed by Dr. Bates and others and defeated.

The Alliance then adjourned and a general temperance meeting was held with Rev. E. L. Mitchell in the chair and Mr. C. S. York secretary. After a free discussion of the political situation it was determined to issue a call for a meeting next Wednesday. This call—signed by three democrats and three republicans—will be found in another column.

It now remains to be seen whether the prohibition party in Kent county will discontinue the fight for principle, as they have heretofore so strenuously claimed they were doing, and "fall into line" with the republicans to aid them in the effort to gain political supremacy.

### The Negroes Moving.

The colored politicians in this district were never more active than during the present week. They succeeded in drawing together a large crowd of negroes on Tuesday in the registration in this district. The white people took less interest than usual for so important a meeting, and had to depend upon the certainty of Democratic victory. The struggle among the colored people of the Democrats is their danger, and if they succeed in defeating the opposition will not cut down. The colored people are preparing to mass themselves to this end and in a few days they will be in line and at the polls to a man in November, to vote for the man they are told to support by the Republican leaders.

It is certainly unfortunate for the colored people that they are thus so continuously massed politically, but it is no doubt all the better for the Democracy, for so long as they thus combine so long will the great number of our white citizens rally on the other side.

### The Knights of Labor in Politics.

The Republicans, despairing of success in the contest for the merits of their gubernatorial candidates, recently started the report that Senator Jackson had been bottled in the labor organization. The Knights of Labor Assembly of the Knights of Labor was deceived into passing a secret circular reflecting upon him. The infamous scheme was a failure. The hundreds of men in Senator Jackson's employ have united in a letter emphatically denying the whole story. It was a base piece of slander.

Mr. Jackson has always been the friend of the workingmen. He is a workingman himself and has gained his competence by hard saving. And this is one of the things that Republicans hate. Jackson is a Blacksteone crowd object to. They are the silk-stocking party, and it is sacrilege to elevate a son of the people into Jackson's high office. Put one of their own kids up, they say, and he will be a lobbyist ever so corrupt, they will support him.

But the people have taken hold of this matter. Democrats are working night and day bringing Jackson to the front—and the people will be heard from emphatically, we have no effect. "Jackson and victory," is the watchword and the right will prevail.

### A Lobbyist for Governor.

Mr. Paul Winchester, of Talbot county, who was a member of the last Legislature, publishes this statement to the world: "When the Influence bill to relieve the Canton Company of over $80,000 in taxes came up, Walter Brooks (the republican candidate for Governor) *was present and did the wire-pulling of a skilled lobbyist urging its passage.*" Yet, Brooks is put up to catch reform Democrats!

THE Cecil County Fair was held from Tuesday to Friday of the present week. The weather was fine and the attendance large. The exhibits in all the departments were creditable to the county, and the receipts were among the largest.

DEMOCRAT FATALITY.—Mr. James H. Pennington, an aged and highly-respected citizen of the first district, died on the 29th ult. at the home of his daughter, Mrs. Marian Whittington, near Massey, from the effects of a broken leg and internal injuries received in a runaway accident about three weeks ago. Mr. John F. Whittington, his son-in-law, was lying at the same place sick with typhoid fever, and Mr. Pennington had not long enough survived his injuries to learn of the death of his son-in-law, which occurred a few days before. Mr. Pennington was the son of John J. Pennington, M. D., and Samuel C. Pennington, doctor of dental surgery, both of Baltimore.

MASSEY & CARON.—This widely-known clothing firm, corner of Baltimore and Light streets, Baltimore, place in full advertisement in this issue. The firm of Massey and Caron' furnishings is immense, and in the styles they have adopted most reliable. It solicits a share of the patronage of Eastern Shore people. Its dealings are square and upright, and clothing purchased from them will be found as represented.

DEDICATION SERMONS.—The new M. P. Church, Centreville, will be dedicated to the worship of God on Sunday, October 24, by Rev. John J. Murray, D. D., who will preach the sermon in the morning and the Rev. Dr. Greenfield that of the evening. The church edifice is rapidly approaching completion and the congregation, widows, of which there are quite a number, will be able, we hope, and will, we believe, in a few days and be placed in possession. *Observer.*

A PROMISE FULFILLED.—The big cash clothing advertisement that Thomas S. Bordley is now scattering all over the country, will be fulfilled to the letter *for the SPOT CASH and for the cash only. This will enable him to sell cheaper than Clothing has ever been sold in Chestertown.*

If you have the money to buy a Salt or Overcoat this Fall or Winter

Come Direct to me

*and I will guarantee to give you better goods for the money than any Clothier in Maryland, and I will sell you low and why I can do it:*

BECAUSE *by selling strictly for cash I shall make half dollars profit, therefore will not be compelled to overcharge some to make up for the losses of others.*

Another reason is this: *I want the cash paying clothing customer, and I know he is willing to pay a fair profit for per cent. advance on cost price.*

*I know it will take some time to thoroughly convince the public that I am selling CLOTHING CHEAPER than it can be bought elsewhere, but I am determined that you shall know it.*

All I ask is a fair, honest, trial. *Come and examine my stock and get my prices, and if they are no lower than anywhere else,* I will make them lower if I have to sell for Cost!

I fully pledge myself to carry out this advertisement to the letter!

*Respectfully,*

THOMAS S. BORDLEY

### POLITICS IN KENT.

PUBLIC NUISANCES.

MESSRS. EDITORS:—While our health commissioner is very properly calling the attention of property-holders to the condition of their premises, and giving good advice for the better preservation of the health of our citizens, we would like to call his attention to the fact that there are some public nuisances existing in our town—made by authority of our corporate laws—which are far more dangerous and detrimental to the health of our citizens than any nuisances we have seen. Take for instance the pump in front of the store of Messrs. Thomas Cochran and Wm. George W. Smith's. That thing is a nuisance we do not think one will deny who has seen it during the last two months; that it was made such by authority of the town commissioners we do not hesitate to assert, and that if the commissioners have the power and law to impose fines upon property holders for allowing or keeping a nuisance on their premises, there is no law of property-holders to redress when a nuisance is made by authority of the town commissioners. Is it consistent with good sense to do such things? They may have a right to lay a stone or brick gutter to drain the town no one will question, but to call upon property-holders to do what the town has never been done in the history of our town; and impose some of us are called to do this we do think it a hardship that we should be compelled to do what public nuisance under our noses, especially when we are paying our taxes and living above Mr. Smith's corner.
