Better Service To You

We don't want you to think of the KENT COUNTY SAVINGS BANK just as a place to deposit your money, although of course we are glad to have you keep as large a balance with us as possible.

It is our desire to render our patrons every service and accommodation that can reasonably be expected of us.

The Burroughs Bookkeeping Machine, which we have just added to our equipment, makes it possible for us to give you better service than ever before in the handling of your account.

By the machine method, your account is kept in balance all the time. If, as sometimes happens, you want a statement of your balance in a hurry, we can give it to you, including today's checks and deposits, in less than ten minutes.

A neatly printed statement made out on the Burroughs goes to each depositor. The statement shows all checks and deposits and gives the balance of your account to date, taking the place of the tedious and unsatisfactory plan of calling in and balancing pass books.

The machine affords absolute protection against errors in figure handling. It can't make a mistake. You can always be sure that your machine-figured balance is correct.

The increased speed, accuracy and protection of this mechanical bookkeeping system, added to our thorough knowledge of good, consistent banking and business methods, make it possible for us to offer you an improved service that is equal to that furnished by the country's most progressive banks.

Notice To Teachers

The Public Schools of Kent County will be kept in session on SATURDAY, DECEMBER 21, 1918, instead of on Monday, December 23, 1918.

The Christmas Holidays will, therefore, begin on SATURDAY, DEC. 21, 1918, at 4 o'clock p. m., and the schools will re-open on THURSDAY, JAN. 2, 1919.

By order of
THE KENT COUNTY BOARD OF EDUCATION
Edward J. Clarke, Secretary. d14-tf.

Notice to Patrons

Owing to war conditions, the County Board of Education was disposed to be very lenient in the application of the Maryland school attendance law. It was recognized that labor requirements demanded the utilization of all the resources available, and, in the absence of adult help, school children were compelled to work as never before. While the cessation of the war has not entirely relieved the situation, still the same necessity for child labor does not exist, and the Board of Education must insist upon more general observance of the attendance law. It is felt that the liberty accorded to children for what were considered legitimate and pressing needs, has been somewhat abused and children are now allowed to remain away from school for various unlawful reasons. The Board would like also to remind parents that outside of educational and legal reasons for keeping their children in school, the financial aspect is worthy of consideration, since State aid is largely dependent upon the general average of attendance. The Board takes this method of calling attention to the existence of the law, impressing upon parents their obligations in the case, warning them against possible prosecution for violations of the statute, and appealing to them from the standpoint of their children's educational welfare.

Red Cross Christmas Roll Call.

Musicale.—A grand treat is in store for the people of Quaker Neck and vicinity at Bond Church on Tuesday evening, December 17. Miss Madeline Davis who has been on the Chautauqua platform in the West, is here and will be the principal performer. She will give character songs in costume, readings and pianologues.

The Baltimore Sun says: "The program at the Womans Club at Roland Park was given this afternoon by Miss Madeline Davis, of Philadelphia, who sang a series of charming songs delightfully."

Patriot, Putman, Conn.—Miss Davis has a full, rich melodious soprano voicewhich she uses with rare judgment and skill. Her dramatic expression, charming personality, and fetching costumes, combine to make her numbers gratifying. Her rendition of "Cadman's" From the Land of the Sky Blue Water" was perfection."

Powermaker

As simple as A B C—as strong as iron and the best grade steel can make it—more easily handled than any other piece of farm machinery — less wearing on your car and tires than an ordinary 25-mile-an-hour spin—and capable of more work per day than six good men—that is the

OWERMAKER

It weighs only 110 pounds and can be handled easily by one man.

Your car and a POWERMAKER give you a portable power plant for all kinds of farm work.

The cost is low. Think of it—with your Car and the Powermaker you have an outfit that will do any job up to 10-horse power.

The price of the POWER MAKER is only

$37.50

We sold one the day it was demonstrated to us. Our own opinion is that it is the most practical tool that has yet been devised to be used with a car to furnish power for other work.

Don t wait until the day you wish to use it, as our supply is limited and we expect the first lot to go quick.
