CHESTERTOWN - AUG. 4, 1888.

Rock Hall and Vicinity.

Visitors at the Chesapeake House—Boating—Fish—Steamboat Facilities—Fruit Drying—The Shipyard—A New Church Contemplated.

MESSRS. EDITORS: — The Chesapeake House has been as successful as could be expected for the first season and a number of pleasant and agreeable strangers have been guests this season during the past week. Mr. and Mrs. Aldreith and son, Miss Marshall, Mr. Britton and lady from Baltimore, and the two Misses Thomas and their brother from Toronto, Canada, have been guests and all spoke highly of Kent and the neat, clean village of Rock Hall. The Canada visitors, like the rest, seemed highly cultivated folks and their skill in managing a canoe before the wind, tacking or going about, both surprised and amused some of the canoe boys and indicated that they were no strangers to the water; indeed the whole thing was done in genuine nautical manner. In the evening our folks are highly entertained by fine music on the piano and singing. Our peach orchards with their thousands of trees was of much interest to them, as well as the fruit which is not seen around their home.

This season has been one of the poorest for many years for fishing. Our usual summer fish have been very scarce, and no sport with rod and line; as your "8" states the fishermen return with their bait untouched. Some think our new steamboat has driven them from our waters.

Of all the events of recent date none have given so much genuine satisfaction to citizens as the pleasure of reaching Baltimore in two hours. Only one objection has been heard to it; it don't give time for some to sober up. A few still need this recreation after a visit to the whisky shops of the city.

Another boat to move the peach crop is expected on in a few days and will run from Humphrey's Point (Swan Creek) and Rock Hall as a night boat, while the Gratitude will continue as a morning boat as usual.

Jos. Downey has rented his canning house as a fruit drying house and it is expected to be open very soon and several others are going up in the neighborhood. Mr. Shewell's, Walter Skirven's, Thomas Maslin's and others will be in motion very soon, so this will give a home market for much fruit that cannot be shipped.

The attractions this season at Tolchester have drawn many of our folks in that direction, but the new line to Baltimore has compelled an abandonment of the stage line that ran last summer to Tolchester from this point. To ruin the pleasant face of Capt. Eliason and his right bower, Jack, is no pleasant thing, but human progress often interferes with agreeable associates as the 19th century develops itself.

The ladies from Canada reached here in twenty-three hours. In former times one-fourth the time would be occupied from Baltimore.

The shipyard so far has had all the work they can do and vessels waiting for their turn. Mr. Dawsen expects to build a residence near the yard, which is only a few minutes walk from the Gratitude's wharf.

The German population here are increasing and they are talking of having a Lutheran Church built. The ground for the purpose has been offered them as a gift. Their preacher so far has held his meetings at private houses, but thinks he can raise sum funds in Baltimore to help them. Churches never do any harm and every community should encourage their building be they Jew or Gentile, Catholic or Protestant. OCCASIONAL.

A CURIOUS BET.—On the principle that the longest way round is the shortest way home, we have news from Long Branch, via Albany, of the details of a curious election bet between a New York stock broker and a wealthy contractor. By its terms in case of Cleveland's election the banker is to wear a straw hat with a red bandana band during the entire months of December and January. He is to have the privilege of purchasing a new hat as often as he sees fit, but he is to wear the hat during the transaction of his usual business. In the event of Harrison's election, the contractor, who is a democrat and a member of Tammany Hall, is to occupy one of the bathing-houses on the beach in front of Leland's Hotel during the months of February and March. He may furnish it with a folding cot, one chair, two kerosene lamps, a cooking stove, and is to cook his own meals. He can spend two hours each day at any place he chooses in Long Banch but not to go to New York except in case of his own sickness or that of some member of his family, which sickness must be certified to by a physician. He can have the daily papers and one novel each week. One thousand dollars is to be forfeited if either person refuses to live up to the conditions of his bet, and the money has already been deposited.

SHOOTING AFFRAY AT EASTON.—Last Thursday night an altercation occurred between Mr. M. M. Higgins and Mr. Thomas H. Trippe, during which Mr. Trippe struck Mr. Higgins in the face with his fist, and Mr. Higgins struck Mr. Trippe over the head with a walking cane. On Saturday afternoon, about 3 o'clock, Mr. Trippe approached Mr. Higgins with a remark to the effect that he would let him know how it felt to be pounded over the head with a cane. Mr. Higgins warned him not to touch him, and Mr. Trippe advancing and striking with his cane, Mr. Higgins shot Mr. Trippe with a pocket revolver. The ball entered the right side of Mr. Trippe's face near the chin and came out back of the jaw. Mr. Higgins immediately surrendered himself and went before Justice Hubbard, who, after the extent of Mr. Trippe's injuries had been ascertained, held him in $1,000 bail for a hearing. The required bond was at once furnished, and Mr. Higgins was released. Mr. Trippe's injury was only a flesh wound, and his medical attendants think he will soon be out again, unless some unexpected change should take place.—*Star of Tuesday.*

THE INCREASE OF IMMIGRATION.—The last report of the bureau of statistics contains some interesting figures on the subject of immigration. The total number of immigrants from all countries during the first six months of 1887 was 286,450, and for the same period in 1888 was 316,211. For the twelve months ended June 30, 1887, the number was 483,116, and for the month of June, 1887, the immigration reached a total of 65,384, and for the same month in 1888, 68,475. The immigrants from England and Wales during the first six months of 1888 numbered 39,146, while for the corresponding six months of 1887 there were 39,507. The Irish immigrants were 46,494 for six months of 1888, and 45,855 for a like period in 1887. The immigrants from Italy for six months of 1887 were 32,473, and for six months in 1888 were 35,369, showing a greater proportionate increase than from England or Ireland.

IT sounds oddly enough to hear the name of Owen G. Lovejoy as a Democratic candidate in Illinois, but the son of Owen Lovejoy, the great Republican Congressman of Illinois, is the Democratic candidate for Congressman in the Seventh Illinois district. Mr. Lovejoy has always been a Republican and took the stump for Blaine. He was greatly impressed by the President's message, and when the Republican platform was published he hesitated no longer as to his course. In his speech accepting the nomination Mr. Lovejoy quoted from a Supreme Court decision by Justice Miller and declared amid loud applause: "No government has the right to put its hand in my pocket, take out my money and give it to some one else."

THE United States inspectors of steam vessels for the port of Baltimore have completed their review of the testimony and given their decision in the case of the collition between the steam yacht Gleam and steamer Joppa, in the Patapsco, June 7, in which Mr. T. Harrison Garrett, the owner of the yacht, lost his life. Captain Frank Torrey, of the yacht, was adjudged guilty of unskillful navigation, and his license revoked. Capt. Torry will take an appeal from the inspectors, decision.

WHEN you visit Baltimore stop at the Maltby House, where will be found first-class accommodations and exceedingly low rates.

STILL POND, Aug. 1, 1888.

MESSRS. EDITORS:—Farmers, are you going to patronize the Exchange? Peach season is upon us and no time for argument now; not a moment to lose. This question has been discussed fully and impartially, and what we want now is action. Do we not realize that if this Exchange and its methods are permanently established and in active operation the whole year that our land in this county contiguous to our navigable waters will be enhanced in value at the lowest calculation $10 per acre? Inste ad of being compelled, as we are now, to depend on Baltimore alone for our market, we will have within easy reach three hundred towns at least accessible for our products, and strong competition in railroad freights between the two most powerful and far-reaching railroad companies in our country. Not so with those on this peninsula who are compelled to patronize the only one road accessible to them.

The privilege or advantage of this competition in connection with the Exchange cannot be overestimated. Well do I remember a few years ago in shipping my berries, I made two large shipments to Pittsburg, which sold there for more than double what they were worth in Baltimore and had it not been for the slow and uncertain transit at that time I would have netted more than fifty per cent. over and above Baltimore prices. This season while strawberries were selling for 5 and 6c. in Baltimore they commanded 16 and 18c. in Buffalo, N. Y. Two weeks ago while E. J. Carvest and red astrachans apples were selling in Baltimore for $1 to $1.50 per barrell they were bringing in Boston from two and a-half to three and a-half per barrell. But enough of this. The same is true with many other commodities with which our peninsula abounds.

The Exchange has opened up a trade at reduced rates of freight with the principal cities and towns within easy transit, and if we farmers fail to patronize an institution that offers so rich a boon, we deserve to fail, deserve the ridicule and disfavor of those in other callings who study well their interests and even make great sacrifices in maintaining them. I cannot comprehend how any farmer can think of adhering to the old methods and fail to patronize the Exchange. A few have said that if they could get 1 cent per basket more at the Exchange they would ship there, if not, they would not. Such people may have their uses in this world but certainly such an expression denotes a very selfish mind. The day is past for such sentiment. Intelligent farmers will rise above such practice. Let us all put our shoulders to the wheel and success is ours.

Never before was such an opportunity offered us. If we fail now it may be years before another opportunity is offered. EUSEBIUS

MESSRS. EDITORS.—Our town was stirred up a little on Sunday evening last during service in the M. E. Church. Some ladies from the neighborhood of Chesterville made more noise than is usual in a church. Some of the authorities spoke to Constable Miller about it, and he took them before the squire, but the persons who made the complaint failed to put in an appearance, so the squire had to let them go. Constable Miller marched a prisoner to Georgetown on Tuesday morning bound for the House of Correction. Imagine his surprise when he got to Georgetown the steamer had left! But he thought he would try it over again, so he marched back and put his prisoner in the lock-up (so you see we can boast of a place of terror to the unruly.) But our lively constable was in good time on Wednesday morning.

Miss Jennie Parr is visiting friends in Cambridge. She expects to spend some time at the camp-meeting at Hurlock's, Dorchester county. H.

GEN. SIMON CAMERON, the Nestor of Pennsylvania republicanism, is reported to have said recently of President Cleveland: "He has proved himself a bright man, let people say what they will. I like the way in which he brought his party to stand by his message, and his party showed their good sense in so doing. That's the way to win."

THOMPSON---Up Town.

TO THE PUBLIC GENERALLY:

Having been well patronized by the people of Chestertown and vicinity for the last seventeen years we tender our most sincere thanks for same and will in the future as in the past do our utmost to please all. We have and intend to keep in stock a full line of

Groceries, Provisions, Boots and Shoes, Notions, Domestic Dry Goods, Tinware, Queensware, &c., &c.,

all of which will be sold at close figures. We have now a Ladies Button or Lace Shoe at $1; a man's Solid (or no sale) Plow Shoe at $1 a pair; a man's Dress shoe at $1.25, $1.50, $2 and $2.50; and the best Glove Kid Top, kid front, worked buttonhole Shoe for Ladies and Misses at $1.75 that we ever saw—Having sold 600 pairs of them in two (2) years without one just complaint. We also have a Kid-top Shoe for Ladies at $1.25 a pair, but please bear in mind that when you buy a pair of $1.25 kid-top shoes of us you will not get our $1.75 shoe, as we only advertise what we can and will do and nothing more.

LIME, HAIR, WHITEWASH BRUSHES,

&c. We are selling the W. J. Lime, which is said by both carpenters and masons to slack at least one-fourth more than other lime, and having made a special contract for same would like builder as well as whitewasher to call and get prices.

We also have Wm. Lea & Sons, C. A. Gambrill's, and other brands of FLOUR, which we are selling by the Pound, Bag or Barrel as cheap as it can be bought in the city for the cash, as we sell Flour by the barrel for the CASH ONLY.

We aim to keep a little of everything and by buying our goods close for cash and discounting all our bills we are enabled to meet all and any competition. Again thanking you for past favors we ask a continuance of same. Respectfully,

W. C. A. THOMPSON.
