CASINO THEATRE
Betterton, Md.

"Murder In The Private Car" is scheduled as the featured attraction on the screen of the Casino Theatre, Betterton, Md., for Monday and Tuesday of this week. In this riotous film of mystery Charles Ruggles, Mary Carlisle and Una Merkle have the leading roles, and such a gathering of laugh-provokers are bound to provide an evening of pleasurable amusement.

The story of "Murder In The Private Car" has to do with a death by violence on a speeding train and all that happens in the course of the search for the murderer, with Charlie Ruggles as the jittering detective.

—o—

Next Friday and Saturday, Aug. 24 and 25, Wallace Beery comes to the screen of the Casino Theatre in his greatest characterization, a role which is recognized as the greatest piece of acting of the year," "Biva Villa." As the nortorious Mexican bandit, Beery reaches great heights and provides a portrayal which has been acclaimed everywhere. The story is one of poignant reality, moves swiftly through a series of events which have been taken from the life of this desperate character. Beery is supported by such stars as Fay Wray, Leo Carrilla and Donald Cook.

—o—

Comedies, newsreels and cartoons are offered each night at the Casino Theatre, in addition to the run of these popular M-G-M features.

NEW LYCEUM THEATRE
Chestertown, Md.

There will be no shows at the New Lyceum Theatre on Monday Tuesday, Wednesday and Thursday evenings of this week, the theatre being closed for an overhauling of sound apparatus.

However, on Friday and Saturday, the theatre will reopen with a double feature program of the new fall hits. "Roxy" Russell has been busy during the past week lining up his fall pictures and, from all accounts, you can expect splendid entertainment. Such stars as Will Rogers, W. C. Fields, Leslie Howard and Lionel Barrymore will be presented in their latest roles on the screen of this theatre.

STILL POND

Mr. and Mrs. Samuel Bratton and daughter, of Wilmington, spent last week-end with Mr. and Mrs. Wallace Ford.

Mrs. Carl Price, of Odessa, Del., Mrs. Layton Mahoney, of Wilmington, Misses Hannah and Elizabeth Scotten, and Will Irving, of Kennedyville, spent last Thursday with Mrs. Frank Meeks and Mrs. Carson.

AN APPEAL TO THE PUBLIC

The Board of control of the Kent County Ambulance wish to inform the Public of the following facts:

1. The Chestertown Volunteer Fire Company houses and operates the ambulance, but does not furnish any maintenance money.

2. The Board of Control of the Kent County Ambulance is a separate, distinct, body from the Chestertown Volunteer Fire Co., and is composed of representatives of the several civic organizations of the Community.

3. The operating unit, a chairman and four drivers, appointed by the Fire Co., volunteer their services at any and all times to transport patients whereever ordered to by the doctor calling the ambulance.

4. The original plan of maintenance was not a money making plan, a plan just asking the public who had used the Ambulance to contribute as liberally as they were able to do so.

5. The ambulance to date, has covered nearly 75,000 miles and we feel that the public who have used it, really do appreciate the service it has rendered but we do not feel that the public has been informed as to the plan of maintenance, and as a result the ambulance is not mechanically or financially in condition to render any service to the public at this time. Some who have used this ambulance have contributed liberally towards its support but the majority have not.

6. To make necessary repairs, new tires, take care of unpaid bills and put the Ambulance in condition to go into service, it is necessary for those who have used this machine, and the public at large, who have not contributed towards its support, to make contributions to this cause. The sooner you can arrange to do so the sooner we will be able to render further service. Make contributions to C. Lee Gill, Treasurer of Board of Control of Kent Cunty Ambulance.

7. The Board of Control of the Kent County Ambulance have decided that, due to the failure of the contribution maintenance plan, that a minimum charge will have to be made when the ambulance is again put into service.

Signed by:

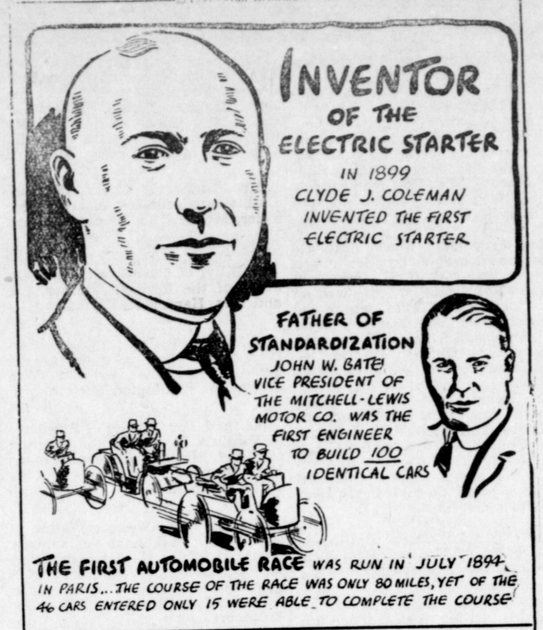
Board of Control of Kent County Ambulance.

Fifty-four 4-H Club members from sixteen Maryland counties were initiated into the "All-Stars," an honor organization, at consecration ceremonies held at College Park Monday night in connection with the sixteenth annual 4-H Club week in session at the University of Maryland.

Kent's "graduates" were Elizabeth Elliott, Laura Jane Magee and Robert Sutton.

Let us do something to show that we have lived.—Cicero.

AUTO ODDITIES



(1) In 1899 Clyde J. Coleman invented the first electric starter. It is generally admitted that this invention did more than any other single automotive invention to popularize the automobile. (2) John W. Bate, was the first automotive engineer to build 100 identical automobiles. Previous to this automobiles were built individually and constantly changed. (3) The first automobile race was run in 1894. Though the course was only 80 miles only 15 of the 46 entries were able to complete the course. Though many steamers were entered in the race, it was won by a gasoline driven automobile. (27)

R. O. WRIGHT GETS SERVICE AWARD, SURPRISE PARTY

R. O. Wright, local repair chief for the C. and P. Telephone Company, was tendered a surprise party last Friday evening at the Royal Swan Hotel, in Betterton, in honor of twenty-five years of service with this company. Employees of the company from all over the Eastern Shore Area attended, and Mr. Wright was awarded a ruby service medal as a token of appreciation from the company.

Those present, besides Mr. and Mrs. Wright, were: Mr. and Mrs. Harry Price, of Rock Hall, Mr. and Mrs. C. W. Schect, of Galena; Miss K. P. Smith, Chestertown; H. B. Towers, Centreville; Mr. and Mrs. H. B. Bowers, Mr. and Mrs. R. N. Kelly, Mr. and Mrs. E. G. B.Wright, Mr. and Mrs. W. H. Bull, Mr. and Mrs. S. J. White, Salisbury; Mr. and Mrs. R. Staylor, W. B. Hearn, W. Young, of Easton, and Mr. and Mrs. E. Ireland, Federalsburg.

Facts And Figures On Your Telephone

By EDWIN F. HILL

Edwin F. Hill

President Walter S. Gifford reports to the stockholders an improvement in the telephone industry for the six months ending June 30. During the first six months of this year the Bell System had a net gain of about 190,000 telephones. This gain exceeded that of any corresponding period since 1929 and compares with a net loss of 612,000 telephones in the first six months of last year.

The number of toll and long distance calls during the first six months was about 7 per cent greater than the number for the same period last year, but was about 10 per cent less than for the first six months of 1932.

Treating the system as a whole and including the Western Electric Company, preliminary data indicate earnings on American Telephone and Telegraph Company stock of about $3.00 per share for the first six months of this year, compared with $2.40 per share for the corresponding period of 1933.

The earnings of the American Telephone and Telegraph Company by itself do not reflect the current deficit of the Western Electric Company, and about 5 cents per share of the earnings for 1934 and 65 cents for 1933 are accounted for by dividends received that were not earned during the six-month period by the associated companies as a whole.

Oldest Telephone Subscriber Dies

Dr. Ernest LeRoy Thomson, the oldest survivor of the subscribers to the New Haven telephone directory, the first to be published in the world, died recently at the age of eighty-four. This directory was issued February 21, 1878. The central office serving New Haven, Conn., was established January 28 of that year.

When the directory was printed only three local physicians would allow a telephone to be installed in their offices or homes, believing that night calls would ruin their health. He was the youngest of the three. Just prior to his death he had received many complimentary calls and messages of congratulation for his constancy in maintaining his telephone connections.

"Show me a field I can't plow"

THIS expression, often heard from an owner of the new Case Model "L" Tractor, shows the absolute confidence he has in his tractor's ability.

The tractor backs him up on it, too. Light and compact, it weighs but a trifle more than three draft horses—no excess weight to be pulled around. More power is available for useful and profitable work.

Other advantages include a fast, irreversible steering gear which relieves the operator of shocks and jerks from the front wheels . . . hand operated clutch within reach from the ground or tractor seat . . . handy controls easily worked . . . swinging drawbar for easy steering and making short turns with full loads . . . practically automatic lubrication.

Come in—see and decide for yourself that the many advantages offered in this new tractor and in the smaller Model "C" as well as in many other Case farm machines are just what you need to make your farm work easier and more profitable.
