WHEAT was quoted at 85 cents in Baltimore yesterday.

BIDS for macadam road in Queen Anne's was opened Tuesday and the lowest was $5,648.80 per mile. This is several thousand dollars less than the anti-good road people predicted.

IT is an imperative necessity that the Baltimore chamber of commerce urge and demand the placing of dryers and separators in elevators so that damp wheat may be dried and improved. In another column we publish the result of a trial in Washington. If Baltimore is to compete with other cities these new facilities must be added.

FIVE women and eight men, cashiers and managers of various shows at Woodland Beach, were arrested last Sunday and fined $9.43 each for breaking the Sabbath They spent two hours in the parlor of Sheriff Baker. The arrest caused quite a sensation.

Inspired by the fight which their Queen Anne's county brethern are making, independent Democrats in Caroline, Kent and Talbot counties are kicking over the traces on the amendment and coming out in increasingly large numbers against it.

The above is from the Baltimore Evening News, independent in most things but Republican in politics. If it is as far out of the way in regard to the other counties as it is in regard to Kent then the Suffrage Amendment will win by a big majority.

EVERY Democratic county convention so far held in Maryland has named strong delegations to the State convention in favor of the Suffrage Amendment, and nearly all passed resolutions of endorsement. There is no defection in the Democratic ranks in any of the counties. What it will amount to in the city yet remains to be determined. We regret to note the position of some of the members of one of the clubs there. Their policy seems to be to rule or ruin.

MILLINGTON CITIZENS are wisely moving in the matter of fire protection. Mr. Gilbert B. Taylor, of Millington, was in Smyrna Saturday gathering information as to the cost of installing water works and the equipping of a Hose Company. He spent some time at the Power Station and interviewed several members of the Town Council and Citizen's Hose Company and left well pleased with the result of his findings. The Millington Board of Town Commissioners contemplate installing some fire protection and along with the several methods suggested many want a system of water works introduced. One year ago, Wednesday, July 12, 1904, (Tuesday) the cry of fire was heard and it wasn't hushed until the business section and the whole of the eastern section of the town, including 80 buildings, was in ashes causing a loss of about one hundred thousand dollars with about one third insured. Although the people were dazed by such a heavy loss they faced the situation as only Americans do, and started again to regain at least, something of their loss within the year's time. Much work has been done, between 35 and 40 buildings completed, one nearly completed, and foundation laid for three more buildings. The new buildings are up-to-date in every way, the streets have been widened and out of the ashes has sprung a new and prettier town than before. The time is now at hand to provide against a repetition of what has occured.

FRUIT GROWERS TO MEET

Peninsula Horticultural Society to Hold Interesting Convention at Chestertown. Many Exhibits.

Judge James S. Harris, of Still Pond, Md., president; Prof. Wesley Webb, of Dover, secretary; Dr. A. T. Neale, of Newark; S. H. Derby, of Woodside; Senator Charles Wright, of Seaford and W. G. Dawson, of Cambridge, at a meeting in Dover Friday of the executive board of the Peninsula Horticultural Society, decided to have at the Chestertown meeting to be held next January one of the finest exhibitions of fruits and fruit-growing machinery ever seen on the peninsula.

It will be the society's annual three-day convention and will be the first convention to be held under the new acts of the Legislatures of Maryland and Delaware increasing the appropriation to this society. Fruits for all the fruit-growing states will be exhibited under the auspices of those states, while a complete exhibit from the Delaware peninsula will be shown in an effort to eclipse all the others.

The convention sittings will be held in Odd Fellows' Opera House, while another hall will be used for exhibiting purposes. Outside, on the Chestertown public square, exhibits and demonstrations of spraying machines and horticultural implements will be in progress the whole time of the convention.

Campers Off To Betterton—About 30 members and friends of the American Hunting and Fishing Club took a steamer of the Ericsson Line for Betterton, Kent county, where they will be in camp for about two weeks. The club is composed of a number of millionaire mill owners and business men of Pittsburg and Alleganey, Pa. The campers were amply provisioned, their camp equipment, including wines and other luxuries, amounting to several carloads.
