DO YOU SEE THIS FELLOW?

LOOKS SURPRISED, DON'T HE?

Well, this is about the expression of those visiting our Regular Semi-Annual Reduction Sales.

We now propose to clear up all Summer goods at very much reduced prices.

Now we mean reductions from our already low quotations and every article of merchandise in our establishment is marked in plain figures. You can well see the significance and realize the difference in prices asked for similar qualities by city houses.

Come early while we have a fair assortment in Men's, Boys' and Children's Clothing, Straw Hats, Summer Underwear, Separate Trowsers and all Summer Merchandise will now be cleaned up.

Directly Opposite Court House, CHESTERTOWN, MD

BEDWORTH, Jr., SOLD.

The Fastest Horse in Maryland. Raised and owned in Kent and Brings $5,000.

Mr. Wm. A. Bell on last Saturday sold his fast pacer, Bedworth, Jr., to Charles H. Jarvis & son, of 930 C. St. Washington, D. C, for $5,000 and other considerations. Mr. Bell brought part of the money home with him but arrived too la e to deposit it in bank. He fastened the money in his pocket with safety pins and kept it near him night and day.

Messrs. Jarvis & Son ha: never saw the horse go until last week and bought him upon reputation. These gentlemen are oyster and fish packers and own several fast horses. They expect to enter Bedworth in the Grand Circuit where the purses net several thousand dollars.

Bedworth, Jr., is the fastest racehorse in Marvland. Not since the early days of Democracy has there been a horse that has been so generally admired. He is by Bedworth, dam and highly bred turf mare raised in the State of Virginia, and purchased about 10 years ago by Mr. Bell. The career of Bedworth, Jr., has been remarkably successful. He was raised and trained by his owner on Rose Hill Stock Farm, near Chestertown, and even as a three-year-old developed remarkable speed. His first race was on the Tolchester track and from that day to this he has been a winner.

Shortly after his early training he was placed in the care of Mr. William Biggs, of Delaware, and he and Dr. J. E. McCoy, of Kirkwood, Del., developed him into the great pacer that he is. Several years he was started in the first race on the grand circuit, and at Providence, R. I., in a remarkable race, driven by Mr. Biggs, he made his record of 2:06¼ and won his race. He was very successfnl on the Grand Circuit, winning a first race at the last meet on the Pimlico track. He was none the less successful on the half-mile track twice and besides having some great races in which good old Effie Powers, Hallie Green, Sam Rysdick, Indiana and others were his chief competitors, he ho ds the world's record for the three fastest heats paced by a stallion on a half-mile track. He holds the track record for nearly every half-mile track in the Maryland Circuit, as well as the third for Electric Park (2:8½) and the Gentlemen's Driving Park, Baltimore (2:8½). He is the sire of promising colts in all parts of the state and Mr. Bell is now developing two of his most promising youngsters.

Linwood, who as a four-year old has a trial record of 2:15, and Bonnie Lassie, has shown miles in 2:20 or better. He is entered in the free-for-all at Timonium next week and from there he will go into the possession of his new owner. He will possibly start in the free-for-all at the Gentlemen's Driving Park in October. The passing of Bedworth, Jr., from Kent is to be regretted but at the same time Mr. Bell is to be congratulated on his good sale.
