CHAMP CLARK, of Missouri, gave a dinner to 19 of his colleagues Saturday night, all of whom failed of re-election to Congress except the host. It has been styled a dinner to "lame ducks."

A NEW game law has been presented in the Delaware Legislature and is likely to be passed. Its features are about the same as those in Maryland except there are game wardens in each county who are paid $75 a month and expenses.

SEVERAL railroad wrecks have occurred the past week and all because of the desire to make time. When the railroads learn to put the safety of passengers above that of running on time there will be fewer accidents.

BY a divided court voting four to three the New York Court of Appeals has sustained the judgement of the court below to the effect that George W. Perkins, as vice president of the New York Life Insurance Company, was not guilty of larceny in the use of funds of the company for contributions to the Republican campaign fund in 1904. It was a very narrow margin by which this august New York court justified the pillage of the Life Company's funds for the benefit of a political party. And even that narrow majority is on technical legal grounds. The moral gilt is acknowledged.

All Honor To Ex-Governor Brown.

Through the timely intervention of Ex-Governor Frank Brown the Democracy of Baltimore City is placed in a much more desirable position than for a long time. A number of candidates sometime since entered the political field for the mayoralty nomination, all of them apparently relying upon the usual factional war cries or mythical hobgoblins. The masses of the party clearly indicated unrest and dissatisfaction with the situation, but there was no relief and a condition of utter hopelessness began to settle down upon the grand old party. Then it was that Ex-Governor Brown appeared upon the scene. He waited long for others of high position in city and State to take hold of the awkward situation and bring order out of chaos. But none appeared. They were all too uncertain of results. The Ex-Governor seemed to be the only one with the "courage of his convictions" and at the same time with the wisdom essential for such a task. He boldly stepped to the front, and now we see the wonderful results. One of the strongest tickets ever presented to the voters of the city is before the people with a spirit of harmony seldom before witnessed. For mayor, J. Barry Mahool is named and the universal testimony is favorable to him in the highest degree. Messrs. Numson and Hooper, the other two candidates, are also recognized as men of exceptional ability and high character. So that the party in Baltimore is happy, and the Democracy throughout the State have caught the inspiration of certain victory in city and State. To Ex-Gov. Frank Brown is due this present happy condition. All honor to him!

THE Postmaster-General by an order dated February 16, has excluded from the mails all post cards the ornamentation of which was composed in any part of particles of mica, sand, glass or mineral matter. A large number of cards of this character has been passing through the Chestertown office, and under this order they will be stopped.

16 Break Jail.—Sixteen prisoners, all negroes but one, including three serving life sentences for murder and two on long terms for attempting murder, escaped from the Kent county jail, Dover, Friday afternoon. John Hartnett, the turnkey, was about to serve supper to the jail inmates and as he pushed open the large iron door at the end of the corridor Philip Shepherd, a negro, serving five years for murder, struck the turnkey a vicious blow in the face, sending Hartnett to the floor. With a yell Shepherd and 15 others dashed for the open door, threatening to kill the turnkey if he resisted. The fugitives quickly gained the street and disappeared in various directions. In all probability there would have been an almost complete jail delivery but for Eugene Harris, who is serving a ten-year-sentence, who rushed to the door, closed and bolted it and held the other prisoners at bay until the turnkey could summon help. All have been caught but one. One of the prisoners was found frozen to death, another gave himself up because of the cold, etc.

Sweepstake Race.—Mr. G. E. Noland is doing all in his power to arrange a sweepstake race at Tolchester for Kent and Queen Anne's horses, as follows: To West Morrill, Adelect, Edgar Bell, John B. and Marvel King, (if he may wish to enter), for a purse of two hundred dollars, to be raced for at the Kent and Queen Annes Fair on the first day, Aug. 27th, 1907, the winner to take all. All entries, with twenty five dollars forfeit to be in the hands of the Secretary on or before March 20th, 1907. The $25.00 forfeit, less the entry fee regularly charged by the National Trotting Association to be refunded to all horses starting in the first heat; otherwise, to become the property of this Association.

I. F. RASIN SICK.

Afflicted with Apoplexy but Mind Clear—Talks Politics—Born in Kent County

Mr. I. Freeman Rasin, the well-known politician, was afflicted with paralysis last Saturday while sitting in his library talking.

It is said that Mr. Rasin met his illness with a nerve that astonished his family, and that throughout he has exhibited courage that amazed even his physicians. His mind has run continually upon the Mayoralty situation, and he has daily insisted upon having the newspapers read to him in order that he might know what is going on.

Mr. Rasin, it is said, has never before had a serious illness, and hopes are held that his unusually vigorous constitution and vitality will pull him through this attack, although it is not disguised that at his age his chances are not what they would be if he were 10 or 15 years younger. He will be 74 years old March 11. Mr. Rasin and the late Senator A. P. Gorman had the same birthday, although Mr. Rasin was six years older than Mr. Gorman.

BORN IN KENT COUNTY.

Mr. Rasin is descended from some of the earliest and most prominent settlers in Maryland. His family is of French ancestry. His father, Robert Wilson Rasin, was in early life a farmer in Kent county, but moved to Baltimore, where he engaged in business as a real estate agent. The family is descended from William Rasin, who settled in Kent in 1669. Mr. Rasin's mother was Mary Rebecca Ringgold Rasin.

He was born in Kent county on March 11, 1833, and was educated at Washington College, Chestertown, Md. At an early age he moved with his parents to Baltimore and became a dry goods clerk. Later he engaged in business on his own account, and successfully conducted it until 1867, when he was elected Clerk of the Court of Common Pleas. He was re-elected in 1873 by a majority of 14,000 and re-elected for the third time in 1885, thus serving 18 consecutive years in this office.

Weak Hearts

Are caused by indigestion. If you eat a little too much, or if you subject to indigestion, you have, no doubt, had shortness of breath. Indigestion causes the stomach to expand and puff up against the heart. This crowds the heart and interferes with its action, then in the course of time the heart becomes diseased. It is necessary in these conditions to employ the use of digestive agents, which take the strain off the heart and gives strength and relief to every organ of the body. An eminent specialist has suggested the following formula: Kastor Compound, 1 oz., Fluid Extract Cascara Aromatic, 1 oz; Tr. Cinchona Compound, 2½ oz. These can be obtained from your local druggist at a small cost, and will afford a world of relief in any of the forms of indigestion, dyspepsia, sour stomach, inflamation of the mucuous membrane, lining of the stomach and digestic tract, nervous system and catarrh of the stomach.
